- **7. State Contribution to Group Insurance for General State Employees.** Funds identified above for group insurance are intended to fund:
  - a. the total cost of the basic life and health coverage for all active and retired employees;
  - b. fifty percent of the total cost of health coverage for the spouses and dependent children of all active and retired employees who enroll in coverage categories which include a spouse and/or dependent children; and
  - c. the incentive program to waive participation in the Group Benefits Plan (Opt-Out).

In no event shall the total amount of state contributions allocated to fund coverage in an optional health plan exceed the actuarially determined total amount of state contributions that would be required to fund basic health coverage for those active employees and retirees who have elected to participate in that optional health plan.

During each fiscal year, the state's monthly contribution shall be determined by multiplying (1) the per capita monthly contribution as certified herein by (2) the total number of full-time active and retired employees, subject to any adjustment required by statute, enrolled for coverage during that month.

(Continued)

For each employee or retiree that waives participation in the Group Benefit Program and enrolls in allowable optional coverage, the Employees Retirement System shall receive \$60 per month in lieu of the "employee-only" state contribution amount, and such amounts are included above in Strategy B.1.1, Group Benefits Program. The waived participant may apply up to \$60 per month towards the cost of the optional coverage.

Each year, upon adoption of group insurance rates by the Board of Trustees, the Employees Retirement System must notify the Comptroller, the Legislative Budget Board, and the Governor of the per capita monthly contribution required in accordance with this rider for each full-time active and retired employee enrolled for coverage during the fiscal year.

It is the intent of the Legislature that the Employees Retirement System control the cost of the group insurance program by not providing rate increases to health care providers participating in HealthSelect during the 2018-19 biennium.

- **8.** Excess Benefit Arrangement Account. There is hereby appropriated to the Employees Retirement System all funds transferred or deposited into the Excess Benefit Arrangement Account established in the General Revenue-Dedicated Account No. 5039, for the purpose of paying benefits as authorized by Government Code, §815.5072.
- **9. Transfer of Retirement Contributions and Group Insurance.** Appropriations made in this and other articles of this Act for Retirement and Group Insurance contributions shall be transferred by each agency from the Employees Retirement System to the agency based on estimated amounts by funding source for each fiscal year. Transfers should be made no later than September 15 of the year in which the payments are to be made. Adjustments and return of excess appropriation authority to the Employees Retirement System shall be completed by October 30 of the subsequent fiscal year.
- 10. Federal Funds for Medicare Part D Prescription Drug Program. The Employees Retirement System (ERS) is hereby authorized to receive employer reimbursements of all federal funds applicable to Medicare Part D prescription drug reimbursement relating to benefits administered by ERS. Any federal funds received by ERS shall be deposited to the Employees Life, Accident and Health Insurance and Benefits Fund No. 973, or to such fund as established by the Legislature or the State Comptroller of Public Accounts to pay health claims for retired employees.
- 11. Appropriations for the Deferred Compensation Trust Fund and the TexaSaver Trust Fund. All money deposited into the Deferred Compensation Trust Fund, Employees Retirement System No. 0945 and the TexaSaver Trust Fund No. 0946 pursuant to Government Code, §609.512 are hereby appropriated to the system for the 2018-19 biennium for the purposes authorized by law.
- **12. Tobacco User Monthly Premium Fee.** The Employees Retirement System, pursuant to the provisions of Insurance Code, §1551.3075, shall automatically apply a \$30 monthly tobacco user fee to any individual aged 18 or older covered under the state health plan unless the individual, during the individual's enrollment period, certifies that the individual does not use tobacco. The Comptroller of Public Accounts shall deposit revenue from the fee (estimated to be \$14,250,764 in each year of the 2018-19 biennium) into the Employees Life, Accident, Health Insurance and Benefits Trust Account.
- 13. Notification of Contracts Greater than \$10 Million. It is the intent of the Legislature that the agency shall submit notice to the Legislative Budget Board at least ten business days prior to issuing a request for proposals for a contract, as defined in Article IX, Section 7.04 of this Act, with a value reasonably expected to exceed \$10 million. The notice shall be provided consistent with the agency's fiduciary duties. The notice shall be provided on a form prescribed by the Legislative Budget Board. The notice shall include:
  - a. an explanation of the agency's evaluation process as well as all documentation relating to this process including scoring tools;
  - b. guidelines for evaluators;
  - c. methodology for evaluating additional factors not anticipated during planning; and
  - d. methods for verifying the mathematical accuracy of the evaluation.

(Continued)

Additionally, not later than the tenth business day after the date the agency enters into such a contract, the agency shall provide notice to the Legislative Budget Board, on a form prescribed by the Legislative Budget Board, which includes:

- a. information regarding the nature, term, amount, and the vendor(s) awarded the contract, including an explanation of the contract term if the contract automatically renews or has an open-ended term;
- b. (1) a certification signed by the executive director of the agency stating that the process used to award the contract complied with or was consistent with the following:
  - (A) State of Texas Contract Management Guide;
  - (B) State of Texas Procurement Manual;
  - (C) all applicable statutes, rules, policies and procedures related to the procurement and contracting of goods and services, including compliance with conflict of interest disclosure requirements; and
  - (D) the agency's evaluation process; or
  - (2) if the process to award the contract did not comply with the requirements of Subsection (1)(A), (B), (C), and (D), the agency shall provide an explanation for the alternative process utilized, legal justification for the alternative process, and identify the individual(s) directing the use of an alternative process;
- c. certification by the executive director of the agency that the agency has a process for:
  - (1) verification of vendor performance and deliverables;
  - (2) payment for goods and services only within the scope of the contract or procurement order:
  - (3) calculation and collection of any liquidated damages associated with vendor performance, including specified eligibility criteria, processes, documentation for evaluating and approving any reductions to vendor performance penalties; and
  - (4) when, why, or how to apply corrective action plans for continuing poor vendor performance; and
- d. any other information requested by the Legislative Budget Board before or after the Legislative Budget Board receives such notice.

The agency shall provide the two types of notice without regard to source of funds or method of finance associated with the expenditure, including a contract for which only non-appropriated funds will be expended.

- 14. Consumer Directed HealthSelect Data Analysis. Out of funds appropriated above and elsewhere in this Act for the Group Benefits Program, the Employees Retirement System shall collect, track, and analyze Consumer Directed HealthSelect health plan participants' healthcare costs and utilization data. ERS shall compare the data and results from this analysis to similar data available from other health plans, including traditional HealthSelect, Medicare Advantage, and HMO plans, in order to determine participants' healthcare costs and utilization differences across health plans. Where applicable ERS shall develop recommendations for the Legislature and implement best practices based upon the results of this analysis.
- 15. Freestanding Emergency Rooms. It is the intent of the Legislature that the Employees Retirement System, within the Group Benefits Program appropriations above and elsewhere in this Act, implement measures to reduce participants' use of out-of-network independent freestanding emergency medical care facilities as defined by Health and Safety Code, Section 254.001(5), in order to save \$26,100,000 in General Revenue and \$42,200,000 in All Funds in the biennium. Measures may include increasing the copayment amount for each use by a participant of an out-of-network freestanding emergency medical care facility beginning on September 1, 2017.

(Continued)

Out of funds appropriated above and elsewhere in this act, the Employees Retirement System shall notify participants of the measures to be implemented regarding freestanding emergency medical care facilities, particularly the definition of and copayment associated with in-network and out-of-network freestanding emergency medical care facilities, in writing no later than August 15, 2017.

16. High Deductible Health Plan. Out of funds appropriated above and elsewhere in this Act, the Employees Retirement System shall research and develop options for a health plan that is similar to, but with a higher deductible and higher Health Savings Account contributions than, the existing Consumer Directed HealthSelect plan implemented through Insurance Code §1551.451, Subchapter J, State Consumer-Directed Health Plan. The Employees Retirement System may consider reducing or waiving members' monthly premiums, increasing the state's Health Savings Account contributions, or raising the plan's deductible. Plan options shall remain cost-neutral and comply with existing state and federal law.

The Employees Retirement System shall report to the Legislature on the additional options for high deductible health plans by August 31, 2018.

- 17. Health Clinic at a State Agency or Institution of Higher Education. Out of appropriations made in this and other articles of this Act for the Group Benefits Program, the board of trustees may operate or contract with a person to operate an onsite, or near-site, health clinic at a state agency or institution of higher education. The board may only operate or contract for a clinic if the board determines that:
  - a. the clinic can be operated on a cost-neutral or cost-positive basis to the health plan;
  - b. there is sufficient health plan participation in the area where the proposed clinic will operate; and
  - c. no funds will be spent by the board for the cost of acquiring or building the clinic, capital expenses, or acquiring equipment.
- 18. Health Related Institutions Savings. It is the intent of the legislature that the HealthSelect of Texas network administered under the Employees Retirement System of Texas Group Benefits Program shall save \$35,000,000 in All Funds and \$21,875,000 in General Revenue-Related Funds in the biennium in its contractual provider relationships with Health Related Institutions receiving appropriations under this Act. In order to obtain the specified savings, the Employees Retirement System shall reduce contracted provider rates and may initiate innovative value-based plan design models with Health Related Institutions.

37. Newborn Screening Payment. Out of funds appropriated above in Strategy A.4.1, Laboratory Services, the Department of State Health Services (DSHS) shall study the most effective way to bill private insurers for newborn screening kits. The study should include the feasibility of requiring the division of DSHS with primary responsibility over performing newborn screening kits to bill private insurers for the cost of newborn screening kits that will be administered and of requiring private insurers to automatically update their payment rates for the cost of newborn screening kits based on panel charges.

DSHS shall submit a report including findings and recommendations to the Legislative Budget Board and the permanent standing committees of the Senate and House with primary jurisdiction over appropriations and health and human services no later than September 1, 2018.

- **38.** Evaluation of Immunization Programs. Out of funds appropriated above in Strategy A.2.1, Immunize Children and Adults in Texas, the Department of State Health Services (DSHS) shall study and assess the Vaccines for Children and the Adult Safety Net programs in order to identify methods to:
  - 1) Improve the cost effectiveness and quality of the programs;
  - 2) Simplify the administration of the programs for the Department and participating providers, including seeking administrative and regulatory flexibility from the Centers for Disease Control and Prevention;
  - 3) Expand the number and types of providers participating in the program;
  - 4) Expand access to services for individuals eligible for the program;
  - 5) Include stakeholder input and feedback; and
  - 6) Ensure accountability throughout the program.

(Continued)

DSHS shall submit a report outlining any identified efficiencies and program improvements to the Legislative Budget Board and the permanent standing committees of the Senate and House with primary jurisdiction over health and human services by September 1, 2018.

- **39.** Accuracy of Death Certificate of Pregnant Person or Person Recently Pregnant. It is the intent of the Legislature that, out of funds appropriated above and designated for the Vital Records Project (TxEver) in Rider 2, Capital Budget, in Subsection c(1), the Department of State Health Services use \$100,000 for the purpose of developing and implementing an electronic process for determining whether a person was pregnant at the time of death or was pregnant at any time in the year preceding the person's death to ensure the accuracy of that person's death certificate.
- 40. Report on Compounding Outsourcing Facilities.
  - (a) The Department of State Health Services, using funds appropriated by this Act, shall review the department's rules, regulations, and licensing procedures for compounding outsourcing facilities registered under Section 503B of the Federal Food Drug, and Cosmetic Act (21 U.S.C. Section 353b).
  - (b) The department shall examine how to:
    - (1) achieve better alignment between state and federal regulations;
    - (2) achieve better compliance with the Drug Quality and Security Act (Pub. L. No. 113-54, Section 102(a)); and
    - (3) minimize regulatory overlap.
  - (c) The department shall report findings and recommendations regarding rules, regulations, and licensing procedures for compounding outsourcing facilities to the legislature not later than January 1, 2019.
  - (d) If the study contemplates the ability of an outsourcing facility to dispense directly to a patient, the report under Subsection (c) of this provision shall include proposed recommended outsourcing facility licensing requirements that comply with rules adopted by the Texas State Board of Pharmacy.
- **41. State Health Care Facility Provisions.** Out of funds appropriated above in Strategy A.2.5, TX Center for Infectious Disease, the Texas Center for Infectious Disease shall provide utilities and inpatient treatment and care services to the San Antonio State Hospital and the San Antonio State School without reimbursement. Third party collections (appropriated receipts) collected by the Texas Center for Infectious Disease are appropriated to Strategy A.2.5, TX Center for Infectious Disease, for the provision of services.
- **42. Texas Center for Infectious Disease Services and Billing.** The Department of State Health Services (DSHS) shall pursue reimbursement, in cases where funding is available, from county governments for tuberculosis services provided to new county indigent patients served at the Texas Center for Infectious Disease (TCID). In addition to amounts appropriated above in Strategy A.2.5, TX Center for Infectious Disease, DSHS is appropriated any appropriated receipts collected from county governments for tuberculosis services for the purpose of providing services at TCID.
- 43. Continuity of Public Health Services. The Department of State Health Services (DSHS) shall ensure continuity of public health services provided in all strategies in Goal A, Preparedness and Prevention Services, Goal B, Community Health Services, and Goal C, Consumer Protection Services. Should the agency determine costs associated with ensuring continuity of public health services would exceed appropriations, DSHS shall utilize Rider 19, Limitation: Transfer Authority, to transfer funds within the agency or coordinate with the Executive Commissioner of the Health and Human Services Commission to utilize Special Provisions Section 6, Limitations on Transfer Authority, to transfer funds from health and human services agencies listed in Article II of this Act.

#### **MEDICAID**

- 3. Pediatric Care in Nursing Facilities. When using funds appropriated in Strategies A.2.4, Nursing Facility Payments, and A.2.5, Medicare Skilled Nursing Facility, and in addition to consideration of expense in determining the appropriate placement for children who currently receive care in nursing facilities, the Health and Human Services Commission shall, within the requirements of state and federal law, consider the requests of parents concerning either a continued stay in a nursing facility providing skilled pediatric care or an alternate placement. (Former DADS Rider 9)
- 4. Nursing Facility Beds for Medicaid Eligible Veterans. Contingent upon a request from the Texas General Land Office Veterans Land Board, it is the intent of the Legislature that the Health and Human Services Commission (HHSC) maintain a program for Medicaid-eligible veterans that will enable individuals to be placed in State Veterans Homes if they so choose. It is further the intent of the Legislature that HHSC ensure the creation of sufficient certified beds to accommodate the requirements of such a program. (Former DADS Rider 15)
- 5. Cost Comparison Report. Out of funds appropriated above in Strategy L.1.1, HHS System Supports, the Health and Human Services Commission (HHSC) shall develop a report for the Legislature analyzing state and federally funded residential and nonresidential services in Home and Community-based Services (HCS), Texas Home Living, and Intermediate Care Facilities for Individuals with Intellectual Disabilities and Related Conditions (ICF-IID/RC).
  - a. The report shall include the following:
    - (1) the monthly average cost to the state per person for individuals residing in stateoperated and non-state operated ICF-IID/RC, HCS waiver program, and Texas Home Living waiver program by Level of Need (LON), and facility size (private ICF-IID only);
    - (2) a comparison of severity across settings; and,
    - (3) the total number of persons, by LON, who transitioned from state-operated ICF-IID/RC to the HCS residential waiver program for the previous biennium, and their average monthly cost of service in the HCS waiver program.
  - b. With respect to the cost to the state per person residing in a state operated ICF-IID/RC facility, the department shall include all costs, such as Statewide Indirect Cost Allocation Plan (SWICAP), Departmental Indirect Cost Allocation Plan (DICAP), maintenance and construction costs, employee benefit costs and other federally allowable administrative,

(Continued)

medical and overhead costs. With respect to the cost to the state per person in state-operated ICF-IID/RC facilities, non-state operated ICF-IID/RC facilities, and the HCS and Texas Home Living waivers, HHSC shall include all Medicaid costs including acute care costs that are not included in the waiver rate for those programs and all costs to administer and license those programs. For state-operated ICF-IID/RC facilities, the average monthly administrative and overhead costs shall be reported separately from the average monthly client care costs. HHSC shall identify the types of costs included in each category.

c. Cost for waiver recipients will cover the time a person enrolled in the waiver through the time they are terminated from waiver services. The cost for ICF-IID services will cover the time a person is admitted to the facility to the time of discharge unless the person is admitted to an ICF-IID or waiver within 60 days of discharge. In that case the Medicaid costs incurred during discharge will be counted toward the ICF-IID costs.

The report shall be submitted to the Legislature, Governor, Legislative Budget Board, and the public no later than August 31, 2018. (Former DADS Rider 21)

- 6. Nursing Home Program Provisions.
  - a. **Tending Home Income Eligibility Cap**. It is the intent of the Legislature that the income eligibility cap for nursing home care shall be maintained at the federal maximum level of 300 percent of Supplemental Security Income (SSI).
  - b. **Nursing Home Bed Capacity Planning**. It is the intent of the Legislature that the Health and Human Services Commission shall control the number of Medicaid beds, and decertify unused Medicaid beds, and reallocate some or all of the decertified Medicaid beds, taking into account a facility's occupancy rate. (Former DADS Rider 37)
- 7. Cash Basis Expenditures Authorization. Notwithstanding any other provision of this Act, the Health and Human Services Commission may expend Medicaid appropriations in all Strategies in Goal A, Medicaid Client Services, and in Strategy D.1.3, ECI Services, in each fiscal year of the 2018-19 biennium without regard to date of service. The authorization herein is limited to expenditures in all Strategies in Goal A, Medicaid Client Services, and in Strategy D.1.3, ECI Services, for claims payments, premiums, cost settlements and other related expenses for Medicaid client services.
- **8.** Additional Funding Sources, Medicaid. Notwithstanding any other provisions of this Act, if the appropriations provided for a Medicaid program are not sufficient to provide for expenditures mandated by either state or federal law, after accounting for any appropriations made to the agency operating the Medicaid program, and available for transfer to the Medicaid program, the Legislative Budget Board and the Governor may provide for and are authorized to direct the transfer of sufficient amounts of funds to the Health and Human Services Commission from appropriations made elsewhere in this Act.
- Medicare Part D Drug Categories. It is the intent of the Legislature that from funds appropriated above in Strategy A.1.6, Medicaid Prescription Drugs, the Health and Human Services Commission shall continue to provide Medicaid coverage for dual eligible clients. The Health and Human Services Commission shall recoup funds for these expenditures from Part D drug plans that are determined to be responsible for the dual eligible clients' drug costs. It is also the intent of the Legislature that from funds appropriated above in Strategy A.1.6, Medicaid Prescription Drugs, the Health and Human Services Commission shall continue to provide Medicaid coverage for certain categories of drugs not covered under the federal Medicare Part D program, under Section 1935(d)(2) of the Social Security Act, for full dual eligible clients. This coverage is limited to only those categories of excluded Medicare Part D drugs that continue to be eligible for federal Medicaid matching funds and that are currently covered under the Medicaid Vendor Drug Program (e.g., certain prescribed over-the-counter medications, smoking cessation medications and vitamins).
- 10. Hospital Uncompensated Care. No funds appropriated under this Article for medical assistance payments may be paid to a hospital if the Health and Human Services Commission (HHSC) determines that the hospital has not complied with the commission's reporting requirements. HHSC shall ensure that the reporting of uncompensated care (defined to include bad debt, charity care and unreimbursed care) by Texas hospitals is consistent for all hospitals and subjected to a standard set of adjustments that account for payments to hospitals that are intended to reimburse

(Continued)

uncompensated care. These adjustments are to be made in such a way that a reliable determination of the actual cost of uncompensated care in Texas is produced.

The commission shall conduct an appropriate number of audits to assure the accurate reporting of uncompensated hospital care costs.

HHSC shall submit a biennial report on uncompensated care costs to the Governor and Legislative Budget Board no later than December 1, 2018, which details the impact of patient specific and lump sum funding as offsets to uncompensated costs, impact of health care reform efforts on the funding streams that reimburse uncompensated care, and assess the need for those funding streams in future biennia. HHSC may report by hospital type.

- 11. Hospital Reimbursement. Contingent upon federal approval, and to the extent allowed by law, no funds appropriated under this Article for the payment of inpatient hospital fees and charges under the medical assistance program may be expended, except under a prospective payment methodology for all Medicaid inpatient claims, excluding state-owned teaching hospital Medicaid inpatient claims, that employs sound cost reimbursement principles and:
  - a. enhances the Health and Human Services Commission's ability to be a prudent purchaser of health care;
  - b. reflects costs that are allowable, reasonable and medically necessary to deliver health care services to the state's Medicaid population;
  - c. reduces the variability in the Medicaid reimbursement rates paid to hospitals for treating patients with the same diagnoses;
  - d. promotes and rewards increased efficiency in the operation of hospitals;
  - e. emphasizes and rewards quality of outcomes and improves the treatment of Medicaid patients through pay-for-performance principles;
  - f. recognizes, through add-on payments or other methods, the unique needs of individual hospitals, including rural hospitals.
- 12. Graduate Medical Education. The Health and Human Services Commission may expend Appropriated Receipts Match for Medicaid No. 8062 and matching Medicaid Federal Funds out of Strategy A.4.1, Non-Full Benefit Payments, for Graduate Medical Education payments to state-owned teaching hospitals, contingent upon receipt of allowable funds from state-owned teaching hospitals to be used as the non-federal share for Medicaid Graduate Medical Education. Appropriated Receipts Match for Medicaid No. 8062 shall be the only source of funds used for the non-federal share for Medicaid Graduate Medical Education, and the Health and Human Services Commission shall develop a payment methodology for Medicaid Graduate Medical Education payments to state-owned teaching hospitals.
- 13. Local Reporting on DSH, Uncompensated Care, Delivery System Reform Incentive Payment, and Indigent Care Expenditures. Out of funds appropriated above in all Strategies in Goal A, Medicaid Client Services, and as the state Medicaid operating agency, the Health and Human Services Commission shall develop a report that non-state public hospitals, private hospitals, hospital districts, physicians and private administrators shall use to describe any expenditures they make through the Disproportionate Share Hospital (DSH) program, the Uncompensated Care (UC) Pool, the Delivery System Reform Incentive Payment (DSRIP) Pool, and the Indigent Care program. The commission shall determine the format of the report, which must include expenditures by method of finance per year. In addition, the commission annually shall require contracted hospital providers to report payments to entities who provide consultative services regarding revenue maximization under the medical assistance program and any other governmentally funded program, including UC, DSRIP, and DSH. Information included in the reports of payments to entities providing consultative services from contracted hospitals shall include:
  - a. the total amount of aggregated payments to all such entities by county;
  - b. the purpose of the payment(s);

- c. the source of the payment(s);
- d. the program for which consultative services were provided; and
- e. any other information the commission believes pertinent.
- **14.** Use of PARIS Data and Appropriation of Savings to the Texas Veterans Commission Realized from the Use of PARIS Data. Out of funds appropriated above in all Strategies in Goal A, Medicaid Client Services, the Health and Human Service Commission (HHSC) shall:
  - a. Submit information quarterly to the U.S. Health and Human Services Department's Administration for Children and Families for participation in the federal Public Assistance Reporting Information System's (PARIS) Veterans and Federal Files information exchange. The Health and Human Services Commission, Office of the Inspector General, shall submit the necessary state data from all state health and human services programs that may serve veterans to receive results from the federal PARIS system and shall forward the necessary information received from the PARIS system to the appropriate state agencies for follow up and further investigation.
  - b. Ten percent of the General Revenue savings during fiscal year 2018 that was the result of pursuing information from the Public Assistance Reporting Information System (PARIS) as calculated by the Health and Human Services Commission (HHSC) according to procedures or rules for making the calculations adopted by HHSC shall be credited by the Comptroller to the Fund for Veterans' Assistance Account No. 0368 from which expenditures were originally made and such funds are appropriated to the Texas Veterans Commission in fiscal year 2019.
- 15. Supplemental Payments. It is the intent of the Legislature that when the Health and Human Services Commission calculates supplemental payments, data be collected to provide transparency regarding claims associated with the supplemental payment program. An independent audit of the program, including a review of regional affiliations, uncompensated care claims for both uninsured and insured individuals, and contractual agreements, and a report with findings should be completed and distributed annually on June 30 to the Governor, the Lieutenant Governor, the Speaker of the House of Representatives, the Senate Finance Committee members, the House Appropriations Committee members, and the Legislative Budget Board.
- 16. Dental and Orthodontia Providers in the Texas Medicaid Program. It is the intent of the Legislature that the Health and Human Services Commission (HHSC) use funds appropriated above in Strategy K.1.1, Client and Provider Accountability, to strengthen the capacity of the HHSC Office of Inspector General to detect, investigate, and prosecute abuse by dentists and orthodontists who participate in the Texas Medicaid program. Further, it is the intent of the Legislature that HHSC conduct more extensive reviews of medical necessity for orthodontia services in the Medicaid program.
- 17. Medicaid In-Office Diagnostic Ancillary Services. Out of funds appropriated above in all Strategies in Goal B, Medicaid & CHIP Support, the Health and Human Services Commission shall collect data necessary to allow the agency to quantify the amount of in-office diagnostic ancillary services provided to clients in the Texas Medicaid fee-for-service and managed care programs and routinely analyze this data. The agency shall review methodologies used by the federal government and national researchers to estimate the amount of in-office diagnostic ancillary services provided to Medicare clients and adopt a similar methodology for quantifying the amount of these services provided to Texas Medicaid clients. The agency shall submit a report on in-office diagnostic ancillary service use in the Texas Medicaid program, including strategies implemented by the agency to reduce unnecessary diagnostic ancillary services, to the Legislative Budget Board and the Governor by December 1, 2018.
- **18.** Receipt of Transfers for Participation in the Healthcare Transformation and Quality Improvement Program. The Health and Human Services Commission may receive in Strategy A.4.3, Transformation Payments, intergovernmental transfers of funds from institutions of higher education as the non-federal share of uncompensated care or delivery system reform incentive payments or monitoring costs under the Healthcare Transformation and Quality Improvement Program 1115 Waiver.
- **19. Network Access Improvement Program Report.** The Health and Human Services Commission (HHSC) shall submit a report each time a new round of Network Access Improvement Program

(Continued)

(NAIP) proposals are approved. The report shall include a list of participating public health related institutions (HRI), public hospitals, and managed care organization (MCO) partnerships, the anticipated amount paid to each MCO by HHSC and the anticipated amount paid to each HRI and public hospital by an MCO, and a summary of each partnership (including program methodology, targeted goals and performance metrics, and the payment structure). Each report shall be submitted to the Governor and the Legislative Budget Board 45 days prior to contract effective date.

- **20. Federal Funding for Health Related Institutions.** It is the intent of the Legislature that the Health and Human Services Commission maximize federal funding for Health Related Institutions should they transfer 2018-19 funds to the commission for such purposes.
- 21. Report on Pay for Quality Measures. Out of funds appropriated above in Strategy L.1.1, HHS System Supports, the Health and Human Services Commission shall evaluate how Texas Medicaid providers and managed care organizations use existing pay for quality measures to improve health care delivery and whether these initiatives result in a higher quality of care and improved health outcomes. The Commission shall report its initial findings to the Governor, the Legislative Budget Board, and the appropriate standing committees of the Legislature by October 1, 2018 and include in the report recommendations to improve current pay for quality measures, areas requiring additional study, and how it could potentially use those findings if it expands the use of pay for quality measures into outpatient settings.
- **22.** Cochlear Implants and Other Assistance for the Hearing Impaired. Out of funds appropriated above in Strategy L.1.1, HHS System Supports, the Health and Human Services Commission shall review Medicaid reimbursement rates for cochlear implants and other assistance for the hearing impaired at a minimum of once a biennium in order to ensure reasonable access to services for the hearing impaired.
- 23. 1115 Medicaid Transformation Waiver Distribution Public Reporting. Out of the funds appropriated above in Strategy L.1.1, HHS System Supports, the Health and Human Services Commission (HHSC) shall report the recipients of all funds distributed by the commission for Uncompensated Care (UC) and Delivery System Reform Incentive Payments (DSRIP) under the 1115 Medicaid Transformation Waiver. HHSC shall submit the report to the Legislature, Governor, Legislative Budget Board, and the public within 45 days of distributing any funds or otherwise making payments under the 1115 Medicaid Transformation Waiver. The report shall include (1) the recipients of funds for UC and DSRIP, (2) the amount distributed to each recipient, (3) the amount of Intergovernmental Transfer (IGT) funds provided by each transferring entity within the region, and (4) the date such payments were made.
- **24. Report on the Vendor Drug Program.** Out of funds appropriated above in Strategy L.1.1, HHS System Supports, the Health and Human Services Commission (HHSC) shall evaluate new delivery models for cost-effectiveness, increased competition, and improved health outcomes. HHSC shall report findings to the Governor, the Legislative Budget Board, and the appropriate standing committees of the Legislature by December 1, 2018 and include in the report a summary of previously submitted related reports and efforts undertaken to make the current models more effective.
- **25. Texas Medicaid and Texas Diabetes Council.** It is the intent of the Legislature that out of funds appropriated above in Strategy L.1.1, HHS System Supports, the Health and Human Services Commission shall consider advisory information from the Texas Diabetes Council when implementing a new program or initiative that could impact Medicaid patients diagnosed with diabetes or their access to care.
- 26. Texas Medicaid and Texas Diabetes Council Coordination and Report. Out of funds appropriated above in Strategy L.1.1, HHS System Supports, the Health and Human Services Commission (HHSC) should identify efficiencies across agencies to integrate systems of care and work jointly with the Texas Diabetes Council (TDC) to: 1) improve screening rates for Medicaid patients at risk for diabetes; and 2) increase enrollment in diabetes self-management education (DSME) programs for those Medicaid patients diagnosed with diabetes. The results, including a summary of previously submitted related reports, limitations, improvements made, and recommendations on these two issues, will be included in a report by HHSC in consultation with TDC. The report is due to the Legislature and Governor by August 31, 2018.
- **27. Evaluation of Medicaid Data.** Out of funds appropriated above, the Health and Human Services Commission shall annually evaluate data submitted by managed care organizations to determine

(Continued)

whether the data continues to be useful or if additional data, such as measurements of recipient services, is needed to oversee contracts or evaluate the effectiveness of Medicaid.

- 28. NAIP, MPAP, and QIPP Payments Reporting. In the event the Centers for Medicare and Medicaid Services (CMS) complete their review of the Network Access Improvement Program (NAIP), Nursing Facility Minimum Payment Amounts Program (MPAP), and Quality Incentive Payment Program (QIPP), and provide approval for the programs, the Health and Human Services Commission, out of funds appropriated above in L.1.1, HHS System Supports, shall report to the Legislative Budget Board and Governor an estimate of the funds that will be available and an estimate of the non-state funds used as intergovernmental transfers available. The report shall be submitted not later than 90 days after approval has been received from CMS.
- **29. Medicaid Substance Abuse Treatment.** Out of funds appropriated above in all Strategies in Goal A, Medicaid Client Services, the Health and Human Services Commission (HHSC) shall evaluate the impact on overall Medicaid spending and client outcomes of substance use disorder treatment services provided under Medicaid to persons who are at least 21 years of age. HHSC shall develop a methodology for the evaluation of those treatment services, improve and analyze data necessary to complete the evaluation, and submit a report on the evaluation findings to the Legislative Budget Board and the Office of the Governor by December 1, 2017.
- **30. b. Enhanced Match Assumptions and Reporting. Health and human services agencies listed in Article II of this Act shall submit to the Legislative Budget Board and the Governor the monthly number of clients receiving services eligible for any enhanced federal match as well as the amount of eligible expenditures subject to an enhanced match, by strategy. The data shall be submitted on a monthly basis in a format specified by the Legislative Budget Board. For purposes of this section, enhanced federal matches are defined as an increase to the usual matching rate (regardless of what the usual match is) that are, or become, available under Medicaid or another federally-matched program. Enhanced federal matches include, but are not limited to, those made available through the Money Follows the Person demonstration and the Community First Choice Program. Whether or not a match meets the definition of enhanced federal match for purposes of this section will be at the discretion of the Legislative Budget Board.

Appropriations to the Health and Human Services Commission in Article II of this Act have been adjusted to reflect \$165,427,345 increased Federal Funds and reduced General Revenue Funds due to enhanced matches under the Money Follows the Person demonstration and the Community First Choice program.

Any other Article II agency is still subject to the requirements of subsections (b) and (c) of this provision if any agency expenditures receive an enhanced federal match.

c. Limitations on Use of Available General Revenue Funds. In the event the actual FMAP and EFMAP should be greater than shown in subsection (a), or the amount of increased Federal Funds and reduced General Revenue Funds due to the enhanced matches should be greater than shown in subsection (b), or if any other matching rate becomes more favorable than the rate assumed in the General Appropriations Act, the health and human services agencies in Article II of this Act are authorized to expend the General Revenue Funds thereby made available only upon authorization from the Legislative Budget Board and Governor.

To request authorization to expend available General Revenue Funds, an agency shall submit a written request to the Legislative Budget Board and the Governor. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts. The request shall include the following information, by fiscal year:

- (1) a detailed explanation of the proposed use(s) of the available General Revenue Funds and whether the expenditure(s) will be one-time or ongoing;
- (2) the amount available by strategy;
- (3) the strategy(ies) in which the funds will be expended and the associated amounts, including any matching Federal Funds;
- (4) an estimate of performance levels and, where relevant, a comparison to targets included in this Act; and
- (5) the capital budget and/or full-time equivalent impact.

Additional information requested by the Legislative Budget Board or the Governor should be provided in a timely manner. The request and information provided subsequently shall be prepared in a format specified by the Legislative Budget Board.

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issue a written disapproval within 30 business days of the date on which the staff of the Legislative Budget Board concludes its review of the proposal to expend the funds and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor. Any requests for additional information made by the Legislative Budget Board shall interrupt the counting of the 30 business days.

(Continued)

The Comptroller of Public Accounts shall not allow the expenditure of General Revenue Funds made available if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

**Sec. 5. Attorney General Representation.** The Attorney General and the respective head of the Health and Human Services Commission or a health and human services agency listed in Chapter 531, Government Code, are hereby authorized to use the funds appropriated above to jointly select one or more Assistant Attorneys General to be assigned to the respective agency.

Sec. 6. Limitations on Transfer Authority. Notwithstanding Article IX, Section 14.01, Appropriation Transfers and Section 14.03, Limitation on Expenditures - Capital Budget of this Act, the Executive Commissioner of the Health and Human Services Commission is authorized to make transfers of funding, full-time equivalents (FTEs), and capital budget authority within and between health and human services agencies listed in Article II of this Act, subject to the following requirements. Transfers that exceed \$1,000,000 in General Revenue, capital authority in excess of \$100,000 or FTE adjustments of more than 10 FTEs are subject to the prior written approval of the Legislative Budget Board and the Governor. Transfers below these thresholds require written notification to the Legislative Budget Board and Governor within 30 days of the transfer and a report on transfers of all amounts should be submitted to the Legislative Budget Board quarterly. No single transfer, or the total of all transfers from a strategy, may exceed 20.0 percent of the originating strategy's appropriation for funding or FTEs for the fiscal year without the prior written approval of the Legislative Budget Board and the Governor.

To request a transfer, the Executive Commissioner of the Health and Human Services Commission shall submit a written request to the Legislative Budget Board and the Governor. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts. The request shall include the following information:

- a. a detailed explanation of the purpose(s) of the transfer, including the following:
  - (1) a description of each initiative with funding and FTE information by fiscal year; and
  - (2) an indication of whether the expenditure will be one-time or ongoing;
- b. the names of the originating and receiving agencies and/or strategies and the method of financing and FTEs for each strategy by fiscal year;
- c. an estimate of performance levels and, where relevant, a comparison to targets included in this Act for both the originating and the receiving agencies and/or strategies; and
- d. the capital budget impact.

Additional information requested by the Legislative Budget Board or the Governor should be provided in a timely manner. The request and information provided subsequently shall be prepared in a format specified by the Legislative Budget Board.

The Comptroller of Public Accounts shall not allow the transfer of funds if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

In the case of disaster or other emergency, this provision is superseded by the emergency-related transfer authority in Article IX of this Act.

This evaluation may include client demographics, employee usage and travel status, facility costs, facility location, facility condition, Texas Accessibility Standards, and safety.
- b. Provide written notification to the Texas Facility Commission at least 270 days prior to the date of the lease cancellation. At the same time, HHSC shall provide notification to the Legislative Budget Board and the Governor's office of the intent to terminate a lease and the anticipated savings to be realized from consolidation and efficiencies.

**Sec. 17. Rate Limitations and Reporting Requirements.** Notwithstanding other provisions of this Act, the use of appropriated funds for a rate paid by a health and human services agency in Article II of this Act shall be governed by the specific limitations included in this provision.

For purposes of this provision, "rate" is defined to include all provider reimbursements (regardless of methodology), including for oral medications, that account for significant expenditures made by a health and human services agency in Article II of this Act. "Fiscal impact" is defined as an increase in expenditures due to either a rate change or establishment of a new rate, including the impact on all affected programs. Additionally, estimates of fiscal impacts should be based on the most current caseload forecast submitted by the Health and Human Services Commission (HHSC) pursuant to other provisions in this Act and should specify General Revenue-related Funds, TANF Federal Funds, and All Funds. Fiscal estimates that impact multiple risk groups may be reported at an aggregate level and acute care services may be reported by rate category.

#### a. Notification of Change to Managed Care Rates.

- (1) Within seven calendar days of the establishment of preliminary premium rates for managed care organizations (MCOs) contracting with HHSC, the Executive Commissioner of the HHSC shall submit the following information in writing to the Legislative Budget Board, the Governor, and the State Auditor:
  - (i) a schedule showing the previous fiscal year's rate and the proposed rate, which should include information on the rate basis for the MCO reimbursements to providers;
  - (ii) a schedule and description of the rate-setting process for all rates listed for subsection (1), which should include:
    - (a) a thorough explanation of all formulas and rounding methodologies used in the rate-setting process;
    - (b) reasoning and basis for all trends used in the rate-setting process;
    - (c) all analyses conducted by the Data Analysis Unit (established pursuant to Government Code §531.0082) that are pertinent to the rate-setting process; and
    - (d) all documentation submitted to the Centers for Medicare and Medicaid Services (CMS) pursuant to 42 C.F.R. §438.7.
  - (iii) an estimate of the fiscal impact, by agency and by fiscal year, including the amount of General Revenue Funds, TANF Federal Funds, and All Funds for each rate change listed for subsection (1).
- (2) The Executive Commissioner of HHSC shall submit all available information identified in subsection (1) if the preliminary rates are changed and shall also submit the reason for these changes. The Executive Commissioner of HHSC shall submit the final proposed rates along with the information listed in subsection (1) no later than 45 calendar days prior to implementation.
- (3) Within seven days of the submission requirements listed above in subsections (i) through (iii), the Executive Commissioner of the HHSC shall submit a schedule identifying an estimate of the amount of General Revenue Funds, TANF Federal Funds, and All Funds by which expenditures at such rate levels would exceed appropriated funding.
- b. **Orphan Drug Notification.** HHSC shall provide notification of a new or increased rate for an orphan drug within 60 calendar days following expenditures for this purpose. An orphan drug must meet criteria specified in the federal Orphan Drug Act and regulations at 21 C.F.R. §316, and be required to be covered by the Medicaid program under federal law.

AS02-Conf-2-B II-122 May 23, 2017

(Continued)

With the notification, HHSC shall provide the fiscal impact including the amount of General Revenue Funds, and All Funds, by fiscal year; the amount of drug rebates projected; and an estimate of the population to be served.

- c. **Quarterly Notification.** With the exception of statutorily required pricing updates on oral medications, and on a quarterly basis, HHSC shall provide notice of changed rates for:
  - (1) new procedure codes required to conform to Federal Healthcare Common Procedure Coding System (HCPCS) updates;
  - (2) revised rates occurring as a result of a biennial calendar fee review;
  - (3) any rate change estimated to have an annual fiscal impact of less than \$500,000 in General Revenue-related Funds or TANF Federal Funds; and
  - (4) Any rate change for which approval is obtained under section (d).
- d. **Limitation on Rates that Exceed Appropriated Funding.** With the exception of those rates specified in section (b), Prior Notification, and in subsections (1) (3) of section (c), Quarterly Notification, no health and human services agency in Article II of this Act, may pay a rate that would result in expenditures that exceed, in any fiscal year, the amounts appropriated by this Act to a strategy for the services to which the rate applies without the prior written approval of the Legislative Budget Board and the Governor.

To request authorization for such a rate, the Executive Commissioner of the HHSC shall submit a written request to the Legislative Budget Board and the Governor. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts. The request shall include the following information:

- (1) a list of each new rate and/or the existing rate and the proposed changed rate;
- (2) an estimate of the fiscal impacts of the new rate and/or rate change, by agency and by fiscal year; and
- (3) the amount of General Revenue Funds, TANF Federal Funds, and All Funds, by fiscal year, by which each rate would exceed appropriated funding for each fiscal year.

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 15 business days of the date on which the staff of the Legislative Budget Board concludes its review of the request for authorization for the rate and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor. Any requests for additional information made by the Legislative Budget Board shall interrupt the counting of the 15 business days.

- e. Additional information requested by the Legislative Budget Board or the Governor should be provided in a timely manner. Notifications, requests and information provided subsequently shall be prepared in a format specified by the Legislative Budget Board.
- f. The Office of the State Auditor may review the fiscal impact information provided under sections (a) through (d) along with supporting documentation, supporting records, and justification for the rate increase provided by the Health and Human Services Commission and report back to the Legislative Budget Board and the Governor before the rate is implemented by the Health and Human Services Commission or operating agency.
- g. The Comptroller of Public Accounts shall not allow the expenditure of funds for a new or increased rate if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

**Sec. 18. Early Elective Deliveries.** Out of funds appropriated elsewhere in this Act, the Health and Human Services Commission, and the Department of State Health Services shall take steps to improve data and oversight to reduce the rate of early elective deliveries in Texas, including:

(Continued)

- b. The Texas Health and Human Services Commission shall regularly audit claims submitted in the Texas Medicaid fee-for-service and managed care programs for obstetric delivery procedures that include a modifier indicating that the delivery was medically necessary and prior to 39 weeks of gestation.
- c. - **Sec. 19. Locality Pay.** Out of funds appropriated above, the health and human services agencies listed in Chapter 531, Government Code are authorized to pay a salary supplement, not to exceed \$1,200 per month, to agency-determined employees whose duty station is located in an area of the state in which the high cost of living is causing excessive employee turnover, as determined by the agency. This salary supplement shall be in addition to the maximum salary rate authorized for that position elsewhere in this Act. In the event that an employee so assigned works on a less than full-time basis, the maximum salary supplement shall be set on a basis proportionate to the number of hours paid.
- Sec. 20. Health Insurance Providers Fee. Included in amounts appropriated elsewhere in this Act for fiscal year 2019 is \$179,540,106 in General Revenue Funds (\$435,594,869 in All Funds) to reimburse managed care organizations for payment of the Health Insurance Providers Fee pursuant to Section 9010 of the Affordable Care Act and associated federal income tax. Contingent upon a judgment of the Supreme Court of the United States declaring Section 9010 unconstitutional, enactment of federal law repealing Section 9010, or judgment of the Supreme Court of the United States or enactment of federal law amending Section 9010 to make reimbursement of the fee optional for states, the Health and Human Services Commission shall cease any reimbursements to managed care organizations for payment of the fee and tax. Unless the Commission obtains prior written approval from the Legislative Budget Board and the Governor to use these funds for an alternate purpose, any amounts identified in this section that remain unexpended shall lapse to the treasury at the end of the fiscal year.

### Sec. 21. Limitation: Expenditure and Transfer of Public Health Medicaid Reimbursements.

- a. **Appropriations**. Included in the amounts appropriated above for the Department of State Health Services (DSHS) and the Health and Human Services Commission (HHSC) are the following amounts of Public Health Medicaid Reimbursements (Account No. 709):

    - I. Strategy A.2.1, Immunize Children and Adults in Texas: \$341,686 in each fiscal year;

- III. Strategy G.2.2, Mental Health Community Hospitals: \$10,120,700 in each fiscal year.

#### b. Limitation on Use of Public Health Medicaid Reimbursements (Account 709).

- (1) In the event that Public Health Medicaid Reimbursement revenues exceed the amounts noted above, the DSHS or HHSC may expend the Public Health Medicaid Reimbursement funds thereby made available only upon prior written approval from the Legislative Budget Board and the Governor. Notwithstanding Article IX, Section 14.01, Appropriation Transfers, and Special Provisions Relating to All Health and Human Services Agencies, Section 6, Limitations on Transfer Authority, transfers of Public Health Medicaid Reimbursement revenues may be made only upon prior written approval from the Legislative Budget Board and the Governor. A request to expend additional Public Health Medicaid Reimbursement funds or transfer Public Health Medicaid Reimbursement funds or transfer Public Health Medicaid
  - the reason for and the amount of Public Health Medicaid Reimbursement revenue that exceeds the amounts in section (a) above, and whether this additional revenue will continue in future years;
  - II. the reason for and the amount of any transfer of Public Health Medicaid Reimbursement revenue;
  - III. a detailed explanation of the purpose(s) of the expenditure and whether the expenditure will be one-time or ongoing;
  - IV. the name of the strategy or strategies affected by the expenditure and the FTEs for each strategy by fiscal year;
  - V. the impact of the expenditure on performance levels, and, where relevant, a comparison to targets included in this Act for the affected strategy or strategies; and
  - VI. the impact of the expenditure on the capital budget.

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 30 business days after the date the Legislative Budget Board staff concludes its review of the proposal to expend the funds and forwards the review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor. Any requests for additional information made by the Legislative Budget Board shall interrupt the counting of the 30 business days.

- (2) In the event that Public Health Medicaid Reimbursement revenues and balances are insufficient to support the appropriations amounts identified in subsection (a), a reduction shall be made in HHSC Strategy A.4.1, Non-Full Benefit Payments. (Former DSHS Rider 43)
- **Sec. 22. Use of Trauma Fund Receipts.** In an effort to maximize the availability of Federal Funds under Medicaid for the purposes of providing reimbursement for uncompensated trauma care at designated facilities and providing increases in Medicaid inpatient provider rates, the Department of State Health Services (DSHS) and the Health and Human Services Commission (HHSC) shall enter into an interagency contract to allow for the transfer of funds from General Revenue-Dedicated Designated Trauma Facility and EMS Account No. 5111, from DSHS to HHSC for this purpose. This interagency contract would allow for the transfer of the Account No. 5111 funds to the extent that the use of these funds in this manner would not reduce reimbursements that otherwise would have been provided for uncompensated trauma care to designated facilities.

AS02-Conf-2-B II-125 May 23, 2017

(Continued)

Appropriations include \$116,212,000 in fiscal year 2018 and \$116,212,001 in fiscal year 2019 out of the General Revenue-Dedicated Designated Trauma Facility and EMS Account No. 5111 to the Department of State Health Services, Strategy B.2.1, EMS & Trauma Care Systems. If funds are not available in the amount appropriated from General Revenue-Dedicated Designated Trauma Facility and EMS Account No. 5111 in this Act, the amounts identified for transfer through interagency contract to HHSC shall be reduced by the amount that funds are less than appropriations and an equal amount of General Revenue Funds is appropriated to HHSC.

- **Sec. 23.** Waiver Program Cost Limits. a. Individual Cost Limits for Waiver Programs. It is the intent of the Legislature that the Health and Human Services Commission comply with the cost-effectiveness requirements of the Centers for Medicare and Medicaid Services and set the individual cost limit for each waiver program as follows:
- (1) Medically Dependent Children Program: 50 percent of the reimbursement rate that would have been paid for that same individual to receive services in a nursing facility on August 31, 2010;
- (2) Community Living Assistance and Support Services Program: The fixed amount of \$114,736.07 based on historical annualized per capita cost of providing services in an ICF/IID to an individual qualifying for an ICF/IID Level of Care VIII;
- (3) Deaf-Blind with Multiple Disabilities Program: The fixed amount of \$114,736.07 based on historical annualized per capita cost of providing services in an ICF/IID to an individual qualifying for an ICF/IID Level of Care VIII;
- (4) Home and Community-based Services Program: 200 percent of the reimbursement rate that would have been paid for that same individual to receive services in an ICF/IID on August 31, 2010; and
- (5) STAR+PLUS Community-Based Alternatives: 202 percent of the reimbursement rate that would have been paid for that same individual to receive services in a nursing facility.

#### b. Use of General Revenue Funds for Services.

- (1) Out of funds appropriated for the waiver programs identified above, and subject to the terms of subsection (3) below, the commission is authorized to use General Revenue Funds to pay for services if:
  - (i) the cost of such services exceeds the individual cost limit specified in a medical assistance waiver program listed above;
    - (ii) federal financial participation is not available to pay for such services; and
    - (iii) the commission determines that:
    - (a) the person's health and safety cannot be protected by the services provided within the individual cost limit established for the program; and
    - (b) there is no other available living arrangement in which the person's health and safety can be protected at that time, as evidenced by:
      - (i) an assessment conducted by clinical staff of the commission; and
      - (ii) supporting documentation, including the person's medical and service records.

(Continued)

- (2) Out of funds appropriated under this Article for the waiver programs identified above, and subject to the terms of subsection (3) below, the commission is authorized to use General Revenue Funds to continue to provide services to a person who was receiving medical assistance waiver program services on September 1, 2005, at a cost that exceeded the individual cost limit specified in the medical assistance waiver program if:
  - (i) federal financial participation is not available to pay for such services; and
  - (ii) continuation of those services is necessary for the person to live in the most integrated setting appropriate to the needs of the person.
- (3) Authority provided in b(1) and b(2) above is contingent upon the agency submitting a report in writing to the Legislative Budget Board and Governor on October 1 of each year of the biennium. The report shall include the number of clients by program which exceeds cost limits and the unmatched General Revenue associated with each by fiscal year.
- c. HHSC shall evaluate the possible incorporation of the limitations described in section a. above into the Texas Administrative Code.
- **Sec. 24. Nurse Home Visiting Programs.** In an effort to leverage federal matching funds to support nurse home visiting services, including Nurse Family Partnership services, the Department of Family and Protective Services (DFPS) and the Health and Human Services Commission (HHSC) may explore the feasibility and cost-effectiveness of securing federal funds for nurse home visiting services. HHSC may consider all potential options, including existing coverage categories and delivery system models.
- Sec. 25. Review and Report: Health and Human Services System and Managed Care. Out of funds appropriated elsewhere in Article II of the Act in Strategy L.1.1, HHS System Support, in the Health and Human Services Commission (HHSC) bill pattern, HHSC shall conduct a review of health and human services in the state to evaluate opportunities to streamline case management services. The review shall be done in collaboration with the Department of Family and Protective Services (DFPS), the Department of State Health Services (DSHS), and Medicaid and Children's Health Insurance Program (CHIP) Managed Care Organizations (MCOs) and shall:
  - a. Evaluate whether reductions to capitation rates are necessary for Medicaid members receiving case management services independent of care coordination provided by managed care staff, such as the provision of targeted case management services by local providers;
  - b. Evaluate administrative efficiencies and potential reductions in duplication from streamlining related benefits such as MCO home health services and MCO provided care coordination:
  - c. Identify opportunities to clarify the division of responsibilities for case management services provided to children in STAR Health MCOs, DFPS contracted entities, and other providers of case management services; and
  - d. If feasible, identify opportunities for ensuring that a single entity is designated as the primary case manager for Medicaid clients.

HHSC shall submit a report to the Legislative Budget Board and the Governor by May 1, 2018, detailing its findings concerning the costs associated with duplicative effort, inefficiencies, and ineffective care in health and human services in the state.

**Sec. 26.** Administrative Savings in the Health and Human Services System. Out of funds appropriated elsewhere in Article II of the Act in Strategy L.1.1, HHS System Support, in the Health and Human Services Commission (HHSC) bill pattern, HHSC shall collaborate with the Department of Family and Protective Services (DFPS) and the Department of State Health Services (DSHS) to conduct a review of the administrative functions of the health and human services agencies listed in Article II of this Act. The review shall include the identification of potential General Revenue savings related to increased administrative efficiencies and the elimination of duplicative administrative functions. The review shall also consider the effectiveness of staffing levels dedicated to administrative functions.

(Continued)

HHSC, DFPS, and DSHS shall develop a plan to achieve the potential General Revenue savings identified above and submit a report to the Transition Legislative Oversight Committee, established pursuant Government Code, §531.0203, Legislative Budget Board and the Governor no later than September 1, 2018. The report shall include information regarding the consolidation of administrative functions pursuant to Senate Bill 200, Eighty-fourth Legislature, 2015, and the savings identified above by strategy, fiscal year, full-time equivalents, and method of finance.

HHSC, DFPS, and DSHS may submit the above information in an individual report prepared in a format specified by the Legislative Budget Board or include the information in the report required pursuant to Government Code, §531.02031.

- **Sec. 27. Medicaid and Medicare Collections.** The Health and Human Services Commission and the Department of State Health Services shall use the funds appropriated by this Act to maximize reimbursement of Medicare and Medicaid funding for all eligible individuals and for all expenditures at the state hospitals, state supported living centers, and state centers.
- Sec. 28. Performance Reporting for Texas Center for Infectious Disease and Rio Grande State Center. The Health and Human Services Commission and the Department of State Health Services shall submit to the Legislative Budget Board and the Governor not later than December 1 of each fiscal year the following information regarding performance of the Texas Center for Infectious Disease and the Rio Grande State Center: revenue collections at the hospital, by payor mix; direct and non-direct patient care expenditures; number of inpatient patients served on a monthly basis by type of service provided; and number of outpatient patients served on a monthly basis by type of service provided. (Former DSHS Rider 25)
- **Sec. 29.** Prohibition on Use of Appropriations for the Private Operation of a State Hospital. No funds appropriated above shall be used to solicit bids for the private operation of a state hospital or for the private operation of a state hospital, without approval from the Legislative Budget Board. (Former DSHS Rider 76)
- **Sec. 30. Charges to Employees and Guests.** Collections for services rendered to employees and guests shall be made by a deduction from the recipient's salary or by cash payment in advance. Such deductions and other receipts for these services from employees and guests are appropriated to the facility. Refunds of excess collections shall be made from the appropriation to which the collection was deposited.

As compensation for services rendered and notwithstanding any other provision in this Act, any facility under the jurisdiction of the Health and Human Services Commission or the Department of State Health Services may provide free meals for food service personnel and volunteer workers, and may furnish housing facilities, meals, and laundry service in exchange for services rendered by interns, chaplains in training, and student nurses.

- **Sec. 31. New or Additional Facilities.** No funds appropriated may be spent for constructing new or additional facilities or for the purchase of sites without specific authorization of the Legislature. All facilities shall be kept where they are located by the Legislature, and all new buildings to be constructed shall be on these sites unless otherwise specifically authorized by the Legislature. For the purpose of this subsection, specific authorization may be granted either by basic statute or special authorization in this Act.
- **Sec. 32. Revolving Petty Cash Funds.** Each facility under the jurisdiction of the Health and Human Services Commission or the Department of State Health Services may establish a petty cash fund to be maintained in cash or at a local bank. The petty cash fund, not to exceed \$25,000 shall be used only for making emergency payments and small purchases which will increase the efficiency of the operation; for payments to client workers on a regular payday basis; for use as change funds in specific locations where financial activities of the agency require a change fund; and for supplies and equipment purchases for sheltered workshops.
- **Sec. 33. Surplus Property.** Notwithstanding Article IX, Section 8.03 of this Act, in order to conserve funds appropriated, surplus personal property may be transferred from one state hospital or state supported living center to another with or without reimbursement. The Health and Human Services Commission or the Department of State Health Services may transfer surplus personal property from a state hospital or state supported living center to a community center, as defined in the Texas Health and

Safety Code Sec. 534.001(b), with or without reimbursement. Surplus personal property belonging to any state hospital or state supported living center may be sold; provided, however, that such transfers or sales shall be made under the same procedure as provided by Government Code, Chapter 2175.

- **Sec. 34. Patient or Client Assistance.** Subject to the approval of rules and regulations of the Health and Human Services Commission or the Department of State Health Services, patients or clients in any state hospital or state supported living center who are assisting in the operation of the facility as part of their therapy, may receive compensation out of any funds available to the respective facilities.
- **Sec. 35. Barber and Cosmetology Services.** The Health and Human Services Commission (HHSC) or the Department of State Health Services (DSHS) may be reimbursed for barber and cosmetology services in state hospitals and state supported living centers provided the reimbursement is consistent with an individual's ability to pay. These reimbursements are appropriated above to the agencies to offset the cost of providing barber and cosmetology services. The agencies may also use patient benefit funds to offset the cost of these services for indigent clients.
- **Sec. 36. State-Owned Housing.** The Superintendent, Medical Director, Assistant Superintendent for Programs, and Director of Plant Maintenance at each state hospital and the Director, Medical Director, Assistant Director for Programs, and Director of Plant Maintenance at each state supported living center are authorized to live in state-owned housing at a rate determined by the Health and Human Services Commission (HHSC) or the Department of State Health Services (DSHS). Other HHSC or DSHS employees may live in state-owned housing as set forth in Article IX, Section 11.02, Reporting Related to State Owned Housing, of this Act. Fees for employee housing are appropriated above to be used for maintaining employee housing.
- Sec. 37. Donations from Individuals, Community Groups and Volunteer Services Councils. It is expressly provided that the Department of State Health Services and the Health and Human Services Commission, in accordance with §533.001 of the Health and Safety Code and to the extent permitted by law, may accept donations for permanent improvements at the state hospitals and the state supported living centers from individuals, community groups and local Volunteer Services Councils. Such funds are not subject to limitations on capital budget expenditures as contained in Article IX or any other similar provisions in this Act. Permanent improvements are defined as an improvement to a state facility that involves construction, building system(s), and/or landscaping.
- **Sec. 38. Transfers of Appropriation State Owned Hospitals.** The Health and Human Services Commission (HHSC) and the Department of State Health Services (DSHS) shall transfer from non-Medicaid state appropriated funds the following amounts from HHSC Strategy G.2.1, Mental Health State Hospitals and DSHS Strategy A.2.5, TX Center of Infectious Disease to HHSC Goal B, Medicaid & CHIP Support, for the Disproportionate Share Hospital Reimbursement Program:

	2018	2019

The timing and form of such transfers shall be determined by the Comptroller of Public Accounts in consultation with HHSC. The Legislative Budget Board may adjust the amounts of such transfers as necessary to match available federal funds. HHSC and DSHS shall also transfer non-Medicaid state appropriated funds as necessary for other qualifying state-funded community hospitals including mental health community hospitals. HHSC and DSHS shall monitor Medicaid utilization rates at these state-owned hospitals to ensure their qualification for the Disproportionate Share Hospital Reimbursement Program. (Former DSHS Rider 5)

**Sec. 39. Payment for Compensatory Time.** The Health and Human Services Commission and the Department of State Health Services, to the extent permitted by law, may pay FLSA non-exempt employees of state hospitals and state supported living centers on a straight-time basis for work on a holiday or for regular compensatory time hours when the taking of regular compensatory time off would be disruptive to normal business functions. Authority granted by this provision to transfer FTEs is contingent upon a written notification from HHSC to the Legislative Budget Board, the State Auditor's Office, the Comptroller of Public Accounts, and the Governor 30 days prior to the transfer. The written notification shall include the following information:

- a. A detailed explanation of the purpose(s) of the transfer;

The total appropriation may not exceed the sum-certain amount. This appropriation includes allocations under Chapters 41, 42 and 46 of the Texas Education Code.

Formula Funding: The Commissioner shall make allocations to local school districts under Chapters 41, 42 and 46 based on the March 2017 estimates of average daily attendance and local district tax rates as determined by the Legislative Budget Board and the final tax year 2016 property values. Notwithstanding any other provision of this Act, the Texas Education Agency may make transfers as appropriate between Strategy A.1.1, FSP - Equalized Operations, and Strategy A.1.2, FSP - Equalized Facilities. The TEA shall notify the Legislative Budget Board and the Governor of any such transfers at least 15 days prior to the transfer.

To the extent necessary to avoid reductions in state aid as authorized by Texas Education Code §42.253(h), the Commissioner of Education is authorized to transfer Foundation School Program funds from fiscal year 2019 to 2018 only upon the approval of the Legislative Budget Board and the Governor's Office. The request to transfer Foundation School Program funds from fiscal year 2019 to 2018 shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 30 business days after the date on which the staff of the Legislative Budget Board concludes its review of the request to transfer appropriations and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor. Any requests for additional information made by the Legislative Budget Board shall suspend the counting of the 30 business days.

The Texas Education Agency shall submit reports on the prior month's expenditures on programs described by this rider no later than the 20th day of each month to the Legislative Budget Board and the Governor's Office in a format determined by the Legislative Budget Board in cooperation with the agency.

Contingent on the Commissioner of Education identifying a budget surplus of Foundation School Program funds appropriated above in either fiscal year of the 2018-19 biennium, the Commissioner shall notify the Legislative Budget Board and the Office of the Governor in writing no later than 30 calendar days before taking any action pursuant to the Education Code §§7.062, 42.2517, 42.2521, 42.2522, 42.2523, 42.2524, or 42.2528.

To achieve these goals, younger offenders with the lowest educational levels and the earliest projected release or parole eligibility dates should receive high priority. This policy shall not preclude the Windham School District from serving other populations according to needs and resources. For students who successfully complete the district's program during the 2016-17 biennium, the Windham School District shall report to the Eighty-sixth Legislature on the following: recidivism rates, employment rates, and attainment of GEDs, high school diplomas, professional certifications, and adult education literacy levels.

7. Appropriation of Audit Adjustments, Settle-Up Funds and Attendance Credit Revenues. When reviews and audits of allocations to school districts reveal the allocations previously made were greater or less than the amounts found to be due, the Texas Education Agency is authorized to recover or pay the sums necessary to adjust to the correct amounts. All such amounts recovered shall become a part of the Foundation School Fund or General Revenue Fund, and the amounts necessary to make such additional payments to the school districts are hereby appropriated from the Foundation School Fund or General Revenue Fund.

Penalties assessed by the State Board of Education shall be deposited to the credit of the Instructional Materials Fund.

In accordance with Texas Education Code §31.0211 and §31.0214, the Commissioner shall allocate the funds available in the Instructional Materials Fund to school districts and charter

It is the intent of the Legislature that the State Board of Education consider the cost of all instructional materials and technology requirements when determining the disbursement of money to the available school fund and the amount of that disbursement that will be used, in accordance with Section 43.001(d), Education Code, to fund the instructional materials allotment under Section 31.0211, Education Code.

From funds appropriated from the Instructional Materials Fund, the Commissioner may set aside an amount not to exceed \$2,500,000 for the 2018-19 biennium for the continued support and delivery of online college readiness materials in English language arts and reading, mathematics, science, and social studies.

The cost of the instructional materials shall be funded with Instructional Materials Funds appropriated to the agency for the 2018-19 biennium.

Revenue from fees collected under the authority of Texas Education Code §31.0221 pertaining to the midcycle review and adoption of textbooks are hereby appropriated to the Texas Education Agency for the purpose of administering the midcycle review and adoption process.

The Commissioner shall use the Federal Funds appropriated above in Strategy B.1.1, Assessment and Accountability System, to cover the cost of developing, administering, and scoring assessment instruments in the student testing program. Any remaining costs associated with developing, administering, or scoring the assessment instruments required under Texas Education Code, Chapter 39, Subchapter B shall be paid from amounts appropriated above from General Revenue in Strategy B.1.1, Assessment and Accountability System.

(Continued)

The State Auditor may consider an audit of enrollment data at Texas State Technical College, subject to analysis and risk assessment.

The Texas State Technical College shall offer only such courses as are economically justified in the considered judgment of the Board of Regents. The Board of Regents shall adopt policies specifying the conditions under which classes of less than 10 students by headcount are to be considered necessary and justifiable. The Board of Regents shall direct the chancellor or other officials to review enrollment data prior to the designated Coordinating Board census date and take all necessary actions to ensure that the small classes offered on each campus are only those that conform with established policies on small classes.

- **4. Certification of Compliance.** Expenditure of the funds appropriated herein above is contingent upon annual certification by the chancellor of the Texas State Technical College to the Comptroller of Public Accounts that the Texas State Technical College is in compliance with these provisions regarding budgets, accounting procedures and enrollment.

- **6. Temporary Special Courses.** Out of funds appropriated herein above to the Texas State Technical College in pre-apprenticeship, related training for apprentices and specialized training for journeymen and compensatory training for pre-apprenticeship and apprenticeship enrollees, and plant expansion and new plant start-up training program no more than \$50,000 per year may be spent wherever the need exists within the state in conjunction with curriculum approval by the Texas Higher Education Coordinating Board. Such expenditure of funds for these special courses are temporary in nature and outside the provision of Education Code §135.04.
- 7. Aircraft Pilot Training Programs. Funds may be used for the operation, maintenance or lease of aircraft for use in the Aircraft Pilot Training programs subject to the requirement that excess costs of flight instruction be recovered by an assessment of charge to student pilots. This income shall be separately accounted for and credited as a reduction in expenditure in the Aircraft Pilot Training Program.
- 8. Approval of Plans by Foundations. Any use of the Texas State Technical College's assets or facilities including, but not limited to, buildings, equipment or employees by existing foundations or for the promotion of foundations shall require prior approval of the Board of Regents. Approval is contingent upon receipt by the Board of Regents of a satisfactory annual plan of operation. At a minimum, this plan must specify the proposed use of any Texas State Technical College facilities, equipment, and personnel; payments made directly to Texas State Technical College personnel for services provided or expenses incurred; and donations of funds to the Texas State Technical College for designated purposes. All funds donated by foundations to the Texas State Technical College shall be received and accounted for in the same manner as all other Texas State Technical College funds. - 11. Returned Value Funding Model for Texas State Technical Colleges. Funding is recommended for and allocated among Texas State Technical Colleges (TSTCs) based on the additional direct and indirect state tax revenues generated as a result of the education provided to students by the TSTCs. The funding methodology is based on the following components:
  - a. The model includes the cohort of TSTC graduates (earning an associate's degrees or certificate), transfers, and leavers (students who were not found in Texas higher education for two years following the last time they were enrolled in the TSTC) with a minimum completion of nine semester credit hours from 2010 and 2011.
  - b. The cohorts were matched with Unemployment Insurance wage records for employment and wage information for five years after the students graduated from or left the TSTC to establish annual wages for each student. Direct value-added was defined as the incremental state tax revenue attributable to former TSTC students' jobs, based on the difference between former TSTC students' annual wages and a base wage representing a full-time employee earning minimum wage (7 percent of the wage delta). Indirect value-added was defined as the direct value-added multiplied by 1.5, an economic multiplier derived from a U.S. Bureau of Economic Analysis study. Total direct and indirect values-added were summed for each group of students by campus across five years.
  - c. Values-added were reduced by a certain percentage, based on the assumption that the benefits would accrue both to the state and TSTCs but with only a portion of the added value included in the formula calculations.
  - d. Values-added by campus were divided into the total TSTC value added to define each institution's proportional share of overall formula funding.

The Texas State Technical College System shall continue to work with the Texas Higher Education Coordinating Board, the Legislative Budget Board and other relevant agencies to refine the new Returned Value Funding Formula for the TSTCs. It is the intent of the Legislature that recommended adjustments to the formula shall be ready for implementation in the 2020-21 biennium and shall further the goal of rewarding job placement and graduate earnings projections, not time in training or contact hours.

12. **Dual Credit.** It is the intent of the Legislature that the Texas Higher Education Coordinating Board work with Texas State Technical College to develop and recommend to the Eighty-sixth Legislature a new Strategy, separate from Returned-Value Formula Funding, to fund dual credit programs based upon the number of semester credit hours offered in dual credit by Texas State Technical College.

- 2. **President Salaries.** Out of the educational and general funds appropriated to the general academic institutions, community colleges, health centers, health science centers, and medical education programs, an amount not to exceed \$65,945 in fiscal year 2018 and \$65,945 in fiscal year 2019 may be expended for the salary of a president. All presidents may receive in addition to the above amounts a house, utilities, and/or supplement from institutional funds. If a house owned

by the institution, center, or program is not available, an amount not to exceed \$7,200 per year from the appropriation to the institution, center, or program, and additional amounts from institutional funds where required, may be provided in lieu of house and utilities.

- 3. **Chancellor Salaries.** Out of the funds appropriated, transferred, or contracted to the system offices and community colleges, an amount not to exceed \$70,231 in fiscal year 2018 and \$70,231 in fiscal year 2019 may be expended for the salary for a chancellor. All chancellors may receive in addition to the above amounts a house, utilities, and/or supplement from institutional funds. If a system owned house is not available, an amount not to exceed \$7,200 per year from the system office appropriation and additional amounts from private and institutional funds where required may be provided in lieu of house and utilities.
- 4. **Merit Authorization.** It is expressly provided that institutional administrators may grant merit salary increases to employees whose job performance and productivity is consistently above that normally expected or required.
- 5. Merit Requirement for Faculty and Faculty Equivalent Employees of Institutions and Agencies of Higher Education. Notwithstanding any other provisions of this Act, salary increases for faculty or faculty equivalent employees of institutions of higher education shall be awarded on the basis of merit and performance in accepted activities. This shall not be interpreted so as to preclude salary adjustment designed to avoid salary inequities.
- 6. **Group Insurance Premiums.** For the biennium ending August 31, 2019, there is hereby appropriated such amounts, from local funds or educational and general income available to institutions of higher education, as may be necessary to pay the proportional share of the State's contributions for Staff Group Health Insurance Premiums. Funds appropriated by this subsection may be transferred by those institutions not retaining separate insurance programs to the Employees Retirement System at appropriate intervals to pay the proportional share of the group insurance premiums.

#### 7. Administrative Accountability

- a. In each state fiscal year of the biennium, an institution of higher education, including a system office, may not spend funds appropriated to the institution by this Act unless, not later than December 1, the institution submits to the Legislative Budget Board, the chair of the House Appropriations Committee, and the chair of the Senate Finance Committee a report that includes the total number of persons holding high-ranking administrative positions at the institution.
- b. For purposes of subsection (a), "high-ranking administrative position" includes the following positions:
  - (1) chancellor;
  - (2) vice chancellor;
  - (3) associate chancellor;
  - (4) assistant chancellor;
  - (5) president;
  - (6) vice president;
  - (7) associate vice president;
  - (8) assistant vice president;
  - (9) dean;
  - (10) associate dean;
  - (11) assistant dean; and
  - (12) any other administrative position having similar responsibilities to the other positions listed in this subsection.
- c. A report submitted under subsection (a) must:
  - (1) be in a form prescribed by the Legislative Budget Board;
  - (2) include the name, salary, and total value of nonsalary benefits for each person holding a high administrative position at the institution; and

(Continued)

(3) include the percentage salary increase for each person holding a high-ranking administrative position at the institution who occupies the same position during the current fiscal year as during the preceding fiscal year.

**Sec. 6. Expenditure Provisions.** The expenditure of the appropriations made in this Article or authorized in law for institutions of higher education, except bequests and gifts specifically designated to be in some manner handled otherwise, shall be subject to the provisions of this section which follow and with exceptions only as specifically noted:

- 1. Annual Operating Budgets Required. It is expressly provided that the governing board of each of the institutions of higher education named herein shall approve on or before September 1, 2017 and 2018, an itemized budget covering the operation of the ensuing fiscal year, which budget shall be prepared within the limits of the revenue available. Each institution's operating budget shall contain a section(s) which provides budget amounts and the method of finance for each listed informational item of appropriated funds contained in this Act. A copy of each budget, and any subsequent amendments thereto, shall be filed with the Legislative Reference Library and the institution's general library to be available for public inspection. Copies of each budget shall also be filed with the Legislative Budget Board, the Governor, and the Texas Higher Education Coordinating Board by December 1 of each fiscal year.
- 2. **Clearing Accounts.** At their option, the institutions may use their local depository bank account in lieu of the special clearing account, authorized by Education Code, §51.008(b), provided that the general requirements set out in therein, for deposits and transfers to the state treasury, are complied with.

#### 3. **Revolving Funds.**

- a. Each institution affected by this section, at its option, is hereby authorized to maintain a revolving fund to facilitate the payment of nominal expenses and to pay bills within cash discount periods. The institutions may use the revolving fund for regular monthly payrolls as well as for weekly and special payrolls. Disbursements from the revolving funds are to be reimbursed from respective items of educational and general appropriation made herein, the Comptroller of Public Accounts being hereby authorized to make such reimbursements on claims filed with her by the institutions under her regularly prescribed procedures except that one voucher and one warrant may cover any number of claims for this purpose. These reimbursement claims shall meet the same requirements as other claims against state appropriations, and each institution shall prepare such a reimbursement claim as at the close of business on the last day of each month and as many times during the month as may be expedient in order to make unnecessary the maintaining of an unreasonably large revolving fund.
- b. The respective governing board shall determine the amounts of the revolving funds to be set up for each institution, and may increase or decrease the amounts if necessary. Such governing board shall designate a depository bank for each revolving fund, and shall specify the officers and/or employees to sign checks drawn on each such fund. The depository bank for each revolving fund shall be required to secure the deposit as provided by law.
- c. Appropriations to all institutions of higher education and systems, except funds identified exclusively for salaries, may be used to reimburse any revolving fund operated for the benefit of one or more parts or component units of an institution or system, such as a motor pool for managing automotive vehicles authorized by this Act, a feed supply center, an office supply or laboratory supply center, a computer center, or any other operations of a similar nature established by authority of the governing board of said institution or system.
- 4. **Local Depositories.** The governing boards of the respective institutions for which appropriations are made in this Article are hereby authorized to select depository banks for the safekeeping of funds which are authorized, by statute, to be maintained outside the state treasury. The boards shall require depository banks to furnish adequate surety bonds or securities to be posted for the assurance of safety of such deposits. The depository bank or banks so selected are hereby authorized to pledge their securities for assurance of safety for such funds. All such local funds shall be deposited in these depositories within seven (7) days from date of collection. The governing boards may require the depository so designated and selected to pay interest on deposits at a rate to be agreed upon by said depositories and said boards.

(Continued)

#### 5. **Investment Reports.**

- a. The governing board of each of the educational institutions named in this Article shall file with the State Auditor, Comptroller of Public Accounts, Legislative Budget Board, and the Governor an annual report of all investment transactions involving endowment funds, short-term and long-term investment funds, and all other securities transactions, in a method prescribed by the State Auditor's Office. Copies of such reports shall be available for public inspection. In addition to the annual report, each institution shall publish and maintain on its website for at least two years quarterly investment reports in any format it deems appropriate.
- b. The governing boards of each educational institution named in this Article must adopt formal investment policies. Each governing board shall submit to the Legislative Budget Board and State Auditor's Office a copy of their investment policy by December 31 of each year.

#### 6. Central Services Accounts.

- Out of funds appropriated in this Article, the governing boards of the university systems and their component units, and institutions of higher education may employ persons to serve two or more parts or component units of the system or institution and may pay their salaries in whole or in part from the informational items of appropriation made herein to any component unit. The governing boards are authorized to establish accounts from which salaries and expenses for the administration and supervision of the units of the system or institution may be paid and to require the units, including any other agency the administration of which it may be charged with by law, to pay into this account from any general revenue, local, or institutional funds their proportionate share as determined by the board for the expense of such administration and supervision. The Comptroller of Public Accounts is authorized to set up an account for each of the systems or institutions and to deposit in the account funds to the amount authorized by the governing boards and executive heads of the respective units, from funds appropriated by the Legislature to the units for noninstructional salaries and general operating expenses. The Comptroller is authorized to draw warrants against such accounts based on vouchers submitted by the systems or institutions in payment of salaries, maintenance, equipment, or travel incidental to the administration and supervision of the respective units.
- b. The systems and institutions whose governing boards and component units are subject to the above are authorized to establish the following accounts:

Texas A&M University System Central Services Account The University of Texas System Central Services Account University of Houston System Central Services Account Texas Tech University System Central Services Account University of North Texas System Central Services Account Texas State University System Central Services Account

- c. Travel expense incurred by a person employed by one unit of an above system or institution in connection with service to the other units may be reimbursed by the unit for which such services are performed or proportionately if more than one such unit is involved.
- 7. **Utility Revolving Funds.** The governing boards of Texas Woman's University, West Texas A&M University, all components of the University of Houston System, Texas State University System, Texas Tech University System, University of North Texas System, and The University of Texas System are authorized to use appropriated funds, except funds expressly identified for salaries, to make payments of debt service and other payments in connection with utility plant revenue bonds and utility plant operation and maintenance expenses, and/or to reimburse any revolving fund now or hereafter established in connection with providing utility services to any building or facility of the college or university, in accordance with the general principles established in Education Code, §55.11, and the creation and maintenance of any such revolving fund is hereby authorized.

#### 8. Appropriation Expenditure Authorization.

- a. The educational and general appropriations made in this Act to the general academic teaching institutions, health related institutions, and Texas State Technical College may be expended for the following purposes, including, but not limited to: Instruction; Research; Public Service; Academic Support; Student Services; Institutional Support; Operation and Maintenance of Plant; Scholarships; Staff Benefits; Organized Activities; and Patient Care. Major repairs and rehabilitation of buildings and facilities may be purchased from appropriated funds, but may not be purchased from general revenue funds that are not expressly identified or allocated for such purposes.
- b. No educational and general funds appropriated to any institution or agency named in this article may be expended on auxiliary enterprises, unless specifically authorized in this Act.
- 9. **Tuition Revenue Bonds and Revenue Bonds.** Funds clearly identified in separate informational strategies to the general academic teaching institutions and health sciences centers for revenue or tuition revenue bond retirement may be expended only to reimburse institutions or centers for debt retirement authorized by Education Code §55.17 through §55.17721 and §55.19 and any additional authorization enacted by the Eighty-fourth Legislature. Any funds in excess of the amount expended for regularly scheduled principal and interest for debt service reimbursements due each year shall be lapsed to the General Revenue Fund at the end of each fiscal year. Funds may be used for bond and commercial paper debt service payments, which can include principal, interest and fees.
- **Sec. 7. Recruitment of Students.** No funds appropriated by this Act may be expended for travel expenses incurred outside the boundaries of the State of Texas for the purpose of direct recruitment of students.
- **Sec. 8. Television Stations Prohibited.** None of the educational and general funds appropriated in this Article may be expended for the acquisition, construction, or operation of television transmitter stations; provided, however, this prohibition shall not be construed so as to prevent the institutions of higher education named in this Article from using closed-circuit television for purely instructional purposes, or to prevent institutions with existing public broadcasting or transmitter stations to use them for educational purposes, or to prevent the continuance of operating arrangements with existing transmitter stations for purely educational purposes; or to prevent cooperative arrangements with public broadcast stations.
- **Sec. 9. Intercollegiate Athletics.** The special and general provisions of Articles III and IX of this Act shall not apply to intercollegiate athletics. The governing boards of the respective institutions of higher education shall use the appropriations in this Act to make such necessary rules and adjustments as may be deemed advisable for the management and operation of such activities; however, no funds under control of intercollegiate athletics may be used to purchase alcoholic beverages; no educational and general funds appropriated may be used for the operation of intercollegiate athletics; such rules and adjustments shall be designed to complement the rules applicable to other departments of the respective institution; and finally, such rules and adjustments shall specifically prohibit violation of National Collegiate Athletic Association (NCAA) or other governing body rules with respect to recruitment of athletes.
- Sec. 10. Prohibition Against Additional Museums. None of the educational and general funds appropriated in this Article shall be used for establishing additional museums or for the maintenance and operation of museums unless the language of this Act or of other acts and resolutions of the Legislature specifically authorizes such use of educational and general funds. As an exception to this provision, in order to encourage and promote gifts, grants, or donations to institutions of higher education, it is specifically provided that an institution which receives such gifts, grants, or donations for the construction or establishment of a museum, which is added to an institution's building inventory after September 1, 1997, may use educational and general funds appropriated by this Article for the maintenance and operation of such a museum. This exception applies only to the authority to spend appropriated funds for these purposes; such museum space shall not be included in formula calculations for purposes of determining the amounts of appropriations due for maintenance or operations of institutional facilities.

### Sec. 11. Method of Financing Scholarships.

- 1. Out of the funds identified by this Article in the informational items described as "Other Educational and General Income," the respective governing boards of the general academic teaching institutions and of the health centers, health science centers, or technical colleges may allocate and expend the actual receipts in such informational item for student scholarships pursuant to the provisions of Education Code §56.031 to §56.039, cited as the Texas Public Educational Grants Program.
- 2. Copies of such approved allocations together with copies of rules and regulations adopted by the respective governing boards concerning the award of such scholarships shall be filed with the Coordinating Board and with the Comptroller prior to the disbursement of any moneys for scholarships. Copies of any subsequent changes in such allocations or rules shall be similarly filed with the Coordinating Board and with the Comptroller.
- 3. No educational and general funds appropriated in this Act for scholarships to institutions of higher education may be used to provide athletic scholarships.
- 4. Out of the additional funds appropriated for the 2018-19 biennium for the informational strategy described as "Scholarships," the respective governing boards shall allocate and expend such funds for need-based student scholarships regardless of the race, sex, color, or ethnicity of the student recipient.

**Sec. 12.** Use of Educational and General Funds for Alumni Activities Prohibited. None of the educational and general funds appropriated by this Article may be expended by institutions of higher education for the support or maintenance of alumni organizations or activities.

### Sec. 13. Limitation of Nonresident Enrollment in Certain State-supported Professional Schools.

- None of the funds appropriated by this Act may be expended for the establishment, operation, or maintenance, or for the payment of any salaries to the employees in, any wholly or partially statesupported medical, dental, or law school which: (a) imposes a limitation on the number of students that it admits, (b) in an academic semester denies admission to one or more Texas residents who apply for admission and who reasonably demonstrate that they are probably capable of doing the quality of work that is necessary to obtain the usual degree awarded by such school, and (c) in the same academic semester admits, as either class, nonresidents of the State of Texas in a number greater than 10 percent of the class of which such nonresidents are a part. Limitation of nonresident enrollment at The University of Texas Law School, Texas Tech University School of Law, and the University of Houston Law Center may be increased to 35 percent of the class of which nonresidents are a part provided that the admission of such nonresident students is on the basis of academic merit alone. By the provisions of this paragraph it is intended to withhold funds appropriated by this Act from state-supported medical, dental, and law schools which limit their enrollments and which fill more than 10 percent of their classes with non-resident students in the case of medical and dental schools, and 35 percent in the case of The University of Texas Law School, Texas Tech University Law School, and the University of Houston Law Center, when the result of admitting a nonresident denies admission to a qualified Texas applicant. This provision shall not apply to the funds appropriated to the Coordinating Board for the funding of Baylor College of Medicine or to funds appropriated for tuition equalization grants for students attending private colleges.
- 2. In addition, The University of Texas Southwestern Medical Center may admit up to 25 competitively recruited medical students in each entering class for a specialized six-year program of clinical and research training designed to lead to the MD and PhD degrees irrespective of whether those students are Texas residents.
- 3. Texas medical schools may enroll up to 6 competitively recruited medical students, who already possess the DDS degree, in each second year medical school class for a specialized six-year program in oral and maxillofacial surgery comprised of the last three years of medical school and a three year residency program irrespective of whether those students are Texas residents.
- 4. The University of Texas Health Science Center at Houston may admit up to 25 competitively recruited medical students in each entering class for a specialized program of clinical and research training designed to lead to the MD and PhD degrees irrespective of whether those students are Texas residents.

**Sec. 14. Off-campus Instruction.** General academic institutions may use the funds appropriated in this Act to teach courses off campus with the following restrictions:

- 1. At the conclusion of each fiscal year, the Coordinating Board shall file a report with the Governor and the Legislative Budget Board on all general academic institutions concerning off-campus semester credit hours for that fiscal year.
- 2. Semester credit hours generated at upper level centers authorized by the Legislature or by the Coordinating Board, as well as at Prairie View A&M University's Houston nursing program and Texas Woman's University nursing programs in Dallas and Houston, are not considered to be off-campus.
- 3. All courses taught off campus must be taught by a regular faculty member or administrator who is employed at least half-time on the main campus of the institution. The Commissioner of Higher Education may waive this requirement in special cases where institutions can justify the use of a uniquely qualified individual. Allied health and vocational instructors are exempted from this requirement.
- Sec. 15. Tuition and Other Educational and General Local Fee Collection. No institution of higher education shall receive appropriations through formula funding in this Act unless it collects from each student whose semester credit hours are to be included in formula funding calculations all tuition and all fees in accordance with the installment tuition and fee payment plan provided for by the Education Code, (Chapter 54, as amended) on or before the end of the 20th class day for each regular semester and the 15th class day for each summer session. Valid contracts with the United States Government for instruction of eligible military personnel and valid contracts with private business and public service-type organizations or institutions such as hospitals may be considered as collections thereunder but subject to adjustments after final payment thereof. Financial aid awards processed by the financial aid office but not yet issued to the student may be considered as collections thereunder but subject to adjustments after final payment thereof.
- Sec. 16. Formula Variable and Educational and General Income Audits. The Texas Higher Education Coordinating Board in consultation with the State Auditor's Office and the Legislative Budget Board shall clearly define all variables used by the Eighty-fifth Legislature in arriving at formula appropriations for fiscal years 2018 and 2019. According to an audit plan developed in consultation with the Coordinating Board and Legislative Budget Board, all variables of selected formulas used in making fiscal years 2018 and 2019 formula appropriations are subject to audit by the State Auditor. The State Auditor shall report any differences from data submitted by the institutions to the Coordinating Board, the Legislative Budget Board, and the Governor. The Coordinating Board shall then calculate a new appropriations amount for each institution that reported data in conflict with that verified by the Auditor. These calculations shall then be reported to the Legislative Budget Board, Governor, and the Comptroller of Public Accounts and may be used to revise appropriation authority accordingly. The calculation of revised appropriation amounts shall allow each institution an error rate of up to 2 percent of the biennial appropriations related to the variables audited at that institution.

In addition, components of educational and general income reported in the institutional requests for legislative appropriations for fiscal years 2018 and 2019 are subject to audit by the State Auditor.

The State Auditor may request the assistance of an institution's internal auditor in performing the audits described in this section.

**Sec. 17. System Offices Funding Authorized.** Educational and general funds appropriated to components of The University of Texas, Texas A&M University, University of Houston, Texas Tech University, University of North Texas, Texas State University System, and Texas State Technical College Systems may be transferred or contracted to system offices to provide support for coordination, administration, and other related services.

**Sec. 18. Annual Reports of Health Related Institutions Practice Plans.** As a limitation and restriction upon appropriations made by this Act, all agencies that have a public health related institution covered under Article III shall not expend funds after a period of 120 days following the close of the fiscal year, unless there has been filed with the Governor, the State Auditor, the Legislative Budget Board, the Legislative Reference Library, and the Comptroller of Public Accounts an annual

(Continued)

report as of August 31 of the preceding fiscal year showing the use of practice plan funds. The annual report shall conform to a uniform reporting system developed by the State Auditor's Office for all financial data concerning the health related institutions practice plans.

**Sec. 19. Self-insurance Funds.** Any funds of an institution of higher education used for or allocated to a self-insurance fund authorized by Government Code §2259.001 for a risk otherwise insurable by the institution of higher education shall be treated by the Comptroller of Public Accounts as an expenditure of the respective funds. The self-insurance funds so created shall be considered designated funds as that term is used in §51.008(b) of the Education Code. Any self-insurance fund reserves so created shall not exceed in amount the maximum value determined to be actuarially sound for each such self-insurance program.

**Sec. 20. Uncompensated Care Reporting Requirement.** The public health-related institutions shall use the appropriations in this Act to include in their biennial legislative appropriations request information including the actual amount of uncompensated care provided through each institution's respective physician practice plan, and if applicable, hospital or clinic using the uncompensated care reporting requirement established by the Health and Human Services Commission.

Uncompensated care includes the unreimbursed costs for the uninsured (those with no source of third party insurance) and the underinsured (those with insurance who after contractual adjustment and third party payments have a responsibility to pay for an amount they are unable to pay). Uncompensated care also includes the unreimbursed cost from governmental sponsored health programs. To calculate uncompensated care, charges will be converted to costs by application of a standard, auditable ratio of cost to charge and providers will recognize appropriate patient specific funding and lump sum funding available to offset costs. Any amounts received by the Physician Practice Plan from Upper Payment Limit shall be counted as payments received for uncompensated care.

### Sec. 21. County Indigent Care Contracts.

- 1. **Contracts Required.** It is the intent of the Legislature that all institutions of higher education providing indigent health care contract with relevant counties in their service area to recover the costs associated with treating those counties' indigent patients.
- 2. County Indigent Care Contracts Reporting. The University of Texas Medical Branch at Galveston, The University of Texas M.D. Anderson Cancer Center, and The University of Texas Health Science Center at Tyler shall submit to the Legislative Budget Board and the Governor at the end of each fiscal year a list of counties whose indigent residents have been served by each institution; the total amount of reimbursement received by each institution from each county pursuant to the Indigent Health Care and Treatment Act; and the total cost, by county, of services provided by each institution for which counties are liable pursuant to the Indigent Health Care and Treatment Act. In addition, each institution shall report annually (no later than December 1st) to the Legislative Budget Board and Governor on the status of contract agreements or negotiations with each county whose indigent residents have been served by the institution.

#### Sec. 22. Ethics Policy.

- 1. None of the funds appropriated by this Act may be expended by an institution of higher education until its governing board has filed with the Texas Higher Education Coordinating Board an ethics policy which has been adopted by the board of regents. The ethics policy shall apply to the board of regents and its staff, the administration, staff, and faculty of the institutions under the board's governance.
- 2. The ethics policy adopted by each board of regents shall include specific provisions regarding sexual harassment.

**Sec. 23. Driscoll Children's Hospital.** No funds appropriated to a health-related institution of higher education shall be used to replace or duplicate the Driscoll Children's Hospital in caring for children with special health-care needs, including pediatric cardiovascular diseases, or in assuming the direct care of those children. This rider language shall not restrict the traditional referral patterns utilized by physicians to refer patients to health related institutions.

AS03-Conf-3-D III-261 May 23, 2017

**Sec. 24. Participation in Drug Development Research Projects.** A public university may not expend funds appropriated by this Act, including appropriations of grants or gifts, to conduct a drug development research protocol involving a person who is receiving mental health services under a protective custody order, pursuant to Chapter 574, Health and Safety Code. This rider is not intended to limit or prohibit provisions for treatment established under §576.022, Health and Safety Code.

**Sec. 25. Post Tenure Review.** None of the funds appropriated by this Act may be expended by an institution of higher education until its governing board has filed with the Texas Higher Education Coordinating Board policies and procedures regarding post tenure review which have been adopted by the board of regents. Post tenure policies shall include review procedures to determine that a tenured faculty member is performing consistently at an acceptable, professional level and a mechanism whereby a faculty member is informed of any deficiencies and provided opportunities to effectively improve his or her performance.

**Sec. 26. General Academic Funding.** Appropriations made in this Act for formula funding for general academic institutions will consist of four formulas and supplemental items.

1. **Instruction and Operation Formula.** The Instruction and Operations Formula shall provide funding for faculty salaries, including nursing, departmental operating expense, library, instructional administration, research enhancement, student services, and institutional support. These funds are distributed on a weighted semester credit hour basis. The rate per weighted semester credit hour for the 2018-19 biennium is \$55.82 in fiscal year 2018 and fiscal year 2019.

Weighting is determined by the following matrix:

	Lower Div.	Upper Div.	Masters	Doctoral	Special
					Professional
Liberal Arts	1.00	1.73	4.01	10.90	
Science	1.64	2.81	7.04	20.70

- 2. **Teaching Experience Supplement.** For the 2018-19 biennium, an additional weight of 10 percent is added to lower division and upper division semester credit hours taught by tenured and tenure-track faculty. Furthermore, it is the intent of the Legislature that the weight shall increase by 10 percent per biennium, up to 50 percent.
- 3. **Infrastructure Support.** Funding associated with plant-related formulas and utilities shall be distributed by the infrastructure support formula which is driven by the predicted square feet for universities' educational and general activities produced by the Space Projection Model developed by the Coordinating Board. The portion of the formula related to utilities is adjusted to reflect

(Continued)

differences in unit costs for purchased utilities, including electricity, natural gas, water and wastewater, and thermal energy. The average rate per square foot is \$5.41 in fiscal year 2018 and fiscal year 2019.

- 4. Supplemental Non-formula Items. Institutions shall receive a direct reimbursement as applicable for staff group insurance (other educational and general income portion), workers' compensation insurance, unemployment compensation insurance, public education grants, organized activities, scholarships, tuition revenue bond payments, and facility lease charges. Institutions may receive an appropriation for non-formula support items. Revenue derived from board authorized tuition would still be appropriated to the institutions levying the additional charges.
- 5. The General Academic Instruction and Operations and Infrastructure formulas shall incorporate the Higher Education Coordinating Board's October 2006 recommendations for mission-specific formula funding for Texas A&M University at Galveston.

These formulas and supplemental items shall be reviewed and updated by study committees appointed by the Higher Education Coordinating Board and recommended changes forwarded to the Legislature, Legislative Budget Board, and Governor by June 1, 2018.

**Sec. 27. Health Related Institutions Funding.** Appropriations made in this Act for formula funding for health related institutions shall consist of four formulas plus supplemental non-formula items.

1. **Instruction and Operations Support Formula.** The Instruction and Operations Support Formula shall provide funding on a per student or full time equivalent basis. Funding for each instructional program is based on the following funding weights per student, with a base value per weighted student of \$9,431 in fiscal year 2018 and fiscal year 2019:

<u>Program</u>	Weight Per Student			
Allied Health	1.000			
Biomedical Science	1.018			
Nursing	1.138			
Pharmacy	1.670			
Public Health	1.721			
Dental	4.601			
Medical	4.753			

Instructional programs at remote locations and the main campus at The University of Texas Health Science Center at Tyler with enrollments of less than 200 students at individual campuses shall receive additional funding to compensate for the diseconomies of scale. The minimum formula shall generate additional funding per student, on a sliding scale, with programs with small enrollments receiving more additional funding per student.

2. **Infrastructure Support Formula.** Funding to the health related institutions for plant support and utilities shall be distributed by the infrastructure support formula which is driven by the predicted square feet for the health related institutions produced by the Space Projection Model developed by the Texas Higher Education Coordinating Board. The rate per square foot is \$6.11 in fiscal year 2018 and fiscal year 2019 for all health related institutions.

Because the Space Projection Model does not account for hospital space, separate infrastructure funding for hospital space at The University of Texas Medical Branch at Galveston, The University of Texas M.D. Anderson Cancer Center, and The University of Texas Health Science Center at Tyler shall be included in the total funding for hospital and center operations.

- 3. **Research Funding.** The health related institutions shall retain 100 percent of indirect research costs recovered on grants. Each institution also receives research enhancement funding of \$1,412,500 plus 1.16 percent in fiscal year 2018 and fiscal year 2019 of its research expenditures as reported to the Texas Higher Education Coordinating Board.
- 4. **Research at Clinical Partners.** Research conducted by faculty of a health related institution under a contract with a clinical partner shall be considered in the formula calculations for the Research Enhancement and E&G Space Support strategies as defined under Article III, Special Provisions

AS03-Conf-3-D III-263 May 23, 2017

(Continued)

Relating Only To State Agencies of Higher Education, Section 27, subsection (2) Infrastructure Support Formula and Sec. 27, subsection (3) Research Funding.

- 5. **Graduate Medical Education Formula.** The Graduate Medical Education Formulas shall provide funding on a per medical resident basis. - **6. Further, the appellate courts should continuously find ways to operate efficiently without sacrificing the quality of justice while remaining true to the rule of law. Finally, from funds appropriated, the Office of Court Administration should continue to study whether the statistical data currently reported for appellate court performance measures is presented in a clear, understandable format and what, if any, additional data should be collected.
- 7. Interagency Contract for Assigned Judges for Child Protection Courts. Out of funds appropriated above in Strategy B.1.2, Child Protection Courts Program, the Office of Court Administration may enter into a contract with the Office of the Comptroller for fiscal years 2018 and 2019, for the purpose of reimbursing the Comptroller for amounts expended for judges assigned under Chapter 74, Government Code to hear cases of the Child Protection Courts established pursuant to Subchapter C, Chapter 201, Family Code. Of this amount, \$2,566,528 in fiscal year 2018 and \$2,474,370 in fiscal year 2019 shall be distributed to counties that implement cost containment initiatives designed to limit local indigent defense cost increases. No portion of the appropriation made by this section shall be used to offset the Office of Court Administration's administrative support provided to the TIDC except by mutual agreement of the TIDC and the Office of Court Administration.

Director or designee during construction or repair of buildings or installation of fixed equipment in such buildings. The State Auditor's Office may recommend job titles and rates of pay for such salaried positions.

- 4. Temporary Loan of Construction Resources. The Texas Department of Criminal Justice (TDCJ) may temporarily utilize materials and equipment acquired and personnel paid from one project appropriated for construction, repairs, and renovation, including construction of additional capacity and building maintenance, to construct any other similar project for which funds have been appropriated. The receiving project must reimburse the providing project within twelve months with funds and/or a like amount of materials, equipment, equipment usage, or personnel of equivalent value. Reimbursement with funds may be accomplished by transfer in a manner which records appropriate expenditures to the borrowing project and negative expenditures to the lending project. These transfers may be summary amounts in a manner approved by the Comptroller of Public Accounts. However, the TDCJ must maintain adequate detailed records to support such summary transfer amounts.
- 5. Architectural Fees. Notwithstanding other provisions of this Act, in those instances where inmate labor is used on construction projects, the Department of Criminal Justice is authorized to pay architectural fees based on the estimated total cost of a project as if it were to be done by a private contractor. The department shall employ an independent firm, separate from the architect, to estimate the total cost of a project. Architectural fees based on the estimated cost shall be governed by other provisions of this Act.
- **6. Construction Encumbrances.** Any funds legally encumbered for construction contracts for projects which are in effect as of August 31, 2017, are considered encumbered and may be carried forward to fiscal year 2018.

- **8. Review of Construction Change Orders.** From funds appropriated above, the Texas Department of Criminal Justice (TDCJ), upon the review of any change order, shall develop a procedure whereby cause of such change order shall be determined and documented in the project file. If it is determined that the change was necessitated by the error or omission of any contracted party, the TDCJ shall hold such party financially responsible.
- 9. Salary Adjustment Authorized. Notwithstanding other provisions of this Act, the Texas Department of Criminal Justice is authorized to adjust salaries of the following position series to rates within the designated salary group for the purpose of recruiting, employing, and retaining career correctional personnel:
  - a. Correctional Officer;
  - b. Sergeant, Lieutenant, Captain, and Major of Correctional Officers;
  - c. Food Service Manager;

  - e. Parole Officer.

Merit raises are prohibited for all employees who are receiving or are eligible to receive step adjustments in the career ladder system. No compression raise may be granted as a result of the salary adjustment authorized in this article.

10. Appropriation: Meals Authorized. The department may charge an amount necessary to recover the cost of a meal provided to an employee as described herein. Department employees assigned to work inside correctional facilities or on travel status may receive up to two free meals per shift and employees residing in employee dormitories may receive three free meals per day. None of the funds appropriated above shall be utilized to provide meals to other employees for a charge of less than \$1.00 per meal or to grow, purchase, prepare, or provide food products for employees to use at their homes. All meal fees received are appropriated above in Strategy C.1.5, Institutional Goods. Any fees collected in excess of \$3,030 in fiscal year 2018 and \$3,031 in fiscal year 2019 are hereby appropriated to the department for the same purpose.

- 11. Benefit Policy Required. The Board of Criminal Justice shall maintain a written policy relating to benefits provided in Riders 10 and 13 specifying the criteria used to award these benefits to employees, and shall maintain a system to account for all costs related to these benefits and all revenues from collection of fees.
- 12. Appropriation: State-owned Housing Authorized.
  - a. The department's Regional Directors, Chief Wardens, Assistant Wardens, Majors of Correctional Officers, Captain of Correctional Officers, Lieutenant of Correctional Officers, Kennel Sergeants, Maintenance Supervisors, and Fire/Safety Managers at each facility are authorized to live in state-owned housing at rental rates determined by the department.
  - b. Other department employees may live in available state-owned housing as set forth in Article IX, §11.02, Reporting Related to State Owned Housing, of this Act.
  - c. All fees received for employee housing are appropriated above in Strategy C.1.7, Institutional Operations and Maintenance, to be used for maintaining employee housing. Any fees collected in excess of \$1,947,961 in fiscal year 2018 and \$1,947,961 in fiscal year 2019 are hereby appropriated to the department for the same purpose.
  - d. The state-owned housing, excluding Bachelor's Officers Quarters, at the Department of Criminal Justice shall be a cost recovery program. The total fees charged to employees shall at least cover the cost of maintenance and utilities.
- 13. Appropriation: Laundry Service. The department may charge an amount necessary to recover the cost for the provision of laundry services as described herein. The department may launder or dry clean the uniforms of correctional officers at no charge. None of the funds appropriated above may be used to launder or dry clean other employee clothing or to provide other services unless fees are charged to recover the cost of providing the services. For informational purposes, total amounts identified for strategies in this subsection total \$19,787,816 in fiscal year 2018 and \$20,077,172 in fiscal year 2019 for direct costs and indirect administration and \$5,458,758 in fiscal year 2018 and \$5,753,037 in fiscal year 2019 for "other direct and indirect costs".

These appropriations are contingent upon the Department of Agriculture (TDA) assessing fees sufficient to generate revenue to cover the General Revenue appropriations for each strategy as well as the related "other direct and indirect costs". In the event that actual and/or projected revenue collections in strategies above are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided above to the affected strategy to be within the amount of revenue expected to be available.

## **DEPARTMENT OF AGRICULTURE**

(Continued)

- b. TDA shall provide a report to the Comptroller of Public Accounts and the Legislative Budget Board no later than the end of the second business week in March and June (for the second and third quarters) and no later than three business days after the end of the fourth quarter detailing the following information at both the strategy level and individual program activity level:
  - 1) The amount of fee generated revenues collected for each of the cost recovery programs no later than the end of the second business week in March and June (for the second and third quarters) and no later than three business days after the end of the fourth quarter. This information shall be provided in both strategy level detail and individual program detail;
  - 2) A projection of the revenues for each cost recovery program TDA estimates it will collect by the end of the respective fiscal year. This information shall be provided in both strategy level detail and individual program detail;
  - 3) A detailed explanation of the causes and effects of the current and anticipated fluctuations in revenue collections
  - 4) The amount of expenditures for each of the cost recovery programs; and
  - 5) Any fee changes made during the fiscal year and the anticipated revenue impacts of those changes.

In the event that reported expenditures exceed revenues collected for any cost recovery program, the Legislative Budget Board may direct the Comptroller of Public Accounts to reduce the appropriation authority provided above to the affected strategy by an amount specified by the Legislative Budget Board.

- c. Also, contingent on the generation of such revenue required above to fund TDA's cost recovery programs and related "other direct and indirect costs" TDA's "Number of Full-Time Equivalents" includes 231.9 FTEs in fiscal year 2018 and 242.9 FTEs in fiscal year 2019. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may reduce the FTE cap provided by this Act to reflect the number of FTEs funded by the amount of revenue expected to be available.
- 25. Texans Feeding Texans (Home Delivered Meals Grant Program). Amounts appropriated above out of the General Revenue Fund in Strategy C.1.2, Nutrition Assistance for at-Risk Children and Adults, include \$9,175,856 each fiscal year to fund the Texans Feeding Texans (Home Delivered Meals Grant Program) to defray the costs of providing home-delivered meals to homebound elderly and disabled Texans. The Department of Agriculture may award grants to organizations providing this service that have also received matching funds from the county where meals are served.
- **26. Appropriation Restriction on Feral Hog Abatement Using Toxic Substances.** None of the funds appropriated to the Department of Agriculture in this Act may be used for the implementation of warfarin on feral hogs.

- 3. Laboratory Testing. It is the intent of the Legislature that laboratory testing for animal diseases be performed at the Texas Veterinary Medical Diagnostic Laboratory (TVMDL) to the extent of its capabilities, unless the Texas Animal Health Commission (TAHC) State-Federal Laboratory can perform the testing for TAHC programs more cost effectively. Furthermore, the TAHC will use funds appropriated by this Act to enter into an interagency memorandum of understanding to work with TVMDL to reduce duplication and ensure that all testing is performed in Texas to the extent possible.
- **4. Unexpended Balances Within the Biennium.** The unobligated and unexpended appropriation balances of the Texas Animal Health Commission for the fiscal year ending August 31, 2018, are appropriated to the Texas Animal Health Commission for the same purposes for the fiscal year beginning September 1, 2018.
- **5. Testing and Immunization of Employees.** Funds appropriated above may be expended for any immunization or testing, which is required of employees at risk in the performance of their duties.
- **Contingency to Increase the Full-Time-Equivalents (FTE) Cap for Federally Funded Programs.** Contingent upon the receipt of federal funds above those appropriated in this Act for programs related to animal identification or surveillance, control, or eradication of animal health pests or diseases, the Texas Animal Health Commission is hereby authorized to increase its number of FTEs to the extent that federal funds are allocated for salary costs. These FTEs shall not be counted against the agency's "Number of Full-Time-Equivalents (FTE)" cap.

The Texas Animal Health Commission shall report all additional FTEs authorized by this provision to the Comptroller of Public Accounts, the Legislative Budget Board, and the Governor prior to filling a position described by this rider.

- **7. Allowance for Personally-Owned Horses.** Funds appropriated above may be expended to provide an allowance not to exceed seventy-five dollars (\$75) per employee per day for each Commission employee whose duties require the use of a personally-owned horse.
- 8. Contingency Appropriation: Cost Recovery for Animal Health Programs.
  - a. Amounts appropriated above out of the General Revenue Fund in Strategy A.1.1, Field Operations, include \$520,000 in each fiscal year of the 2018-19 biennium from revenues collected and deposited to the credit of the General Revenue Fund from the assessment of fees pursuant to Agriculture Code §§161.0411, 161.060, and 161.0601. These appropriations are contingent upon the Animal Health Commission assessing fees during the 2018-19 biennium sufficient to generate revenue (Object Code 3420) necessary to cover the General Revenue appropriations made above in Strategy A.1.1, Field Operations, identified in this rider. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified in this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided above to be within the amount of revenue expected to be available.
  - b. In addition to the amounts identified in this rider and appropriated above in Strategy A.1.1, Field Operations, any revenues received during the 2018-19 biennium from fees deposited to the credit of the General Revenue Fund pursuant to Agriculture Code §\$161.0411, 161.060, and 161.0601 (Object Code 3420) in excess of the amount of \$520,000 each fiscal year included in the Comptroller's Biennial Revenue Estimate for 2018-19 are appropriated for the same purposes.

- **4. Local Air Pollution Grants Allocation.** Out of the amounts appropriated above, no less than \$2,658,228 in each fiscal year out of the Clean Air Account No. 151 in Strategy A.1.1, Air Quality Assessment and Planning, shall be utilized to fund grants or cooperative agreements with eligible local air pollution programs under Health and Safety Code, §382.0622. The combined federal and state share of the funding for any such local air pollution programs shall not exceed 67 percent of the total allocation to the programs, with the local share being based on the local dollars allocated pursuant to maintenance-of-effort requirements for federal air pollution grants.
- **5. Fee Revenue: Pollution Control Equipment Exemptions.** Amounts appropriated above include \$229,424 each fiscal year from fee revenue collected pursuant to Tax Code, §11.31, beginning with the effective date of this Act out of the General Revenue Fund in Strategy C.1.3, Pollution Prevention, Recycling, and Innovative Programs, for the purpose of determining whether pollution control equipment is exempt from taxation.

In addition to amounts appropriated above, any amounts collected by the Texas Commission on Environmental Quality pursuant to Tax Code, §11.31 on or after September 1, 2017, in excess of \$229,424 in each fiscal year of the biennium are appropriated to the agency.

The Texas Commission on Environmental Quality (TCEQ) is authorized to make transfers from any appropriation made to TCEQ into a single account in the General Revenue Fund known as the "Texas Commission on Environmental Quality Operating Fund" for the purpose of making expenditures for which appropriations were made in this Act. After the expenditures have been made from the fund and as soon as the proper strategies have been identified, TCEQ shall process adjustments to the Comptroller in summary accounts to facilitate accurate cost allocations; provided, however, that each special account and fund shall be used for the purposes in current law and nothing shall be done to jeopardize or divert the special accounts and funds or any portion thereof including federal aid.

TCEQ shall consider the risks associated with all sites requiring remediation and monitoring, as well as the availability of funds. In selecting contractors to perform remediation services at these transferred sites, the Executive Director of the TCEQ may make direct awards to existing contractors who are otherwise eligible for award to ensure that the continued remediation of these sites progresses in the most efficient and cost-effective manner which presents the least risk of disrupting ongoing remediation and monitoring activities.

26. Unexpended Balances from Cost Recovery for Site Remediation and Cleanups. In addition to amounts appropriated above, any unobligated and unexpended balances as of August 31, 2017 (estimated to be \$0), remaining in the Hazardous and Solid Waste Remediation Fee Account No. 550 which were received from responsible parties as cost recovery payments for site remediations and cleanups undertaken by the Commission on Environmental Quality (TCEQ) are appropriated to the TCEQ for the biennium beginning September 1, 2017. The funds shall be used to pay the cost of site cleanups and remediations during the biennium.

#### 27. Litigation Expenses for the Rio Grande Compact Commission.

- a) In addition to amounts appropriated above, any unobligated and unexpended balances remaining from appropriations in Strategy E.1.4, Rio Grande River Compact as of August 31, 2017, are appropriated for the fiscal year beginning on September 1, 2017 in the same strategy for the purpose of covering expenses incurred by the Rio Grande Compact Commission relating to investigations and legal expenses resulting from litigation between the State of Texas and the State of New Mexico over the equitable distribution of water according to the Rio Grande Compact.
- b) Excluding \$199,996 each fiscal year for administrative costs and \$500,000 in fiscal year 2018 for initial litigation expenses, amounts referenced above, including any unobligated and unexpended balances, in subsection (a) may not be expended without the prior written approval of the Legislative Budget Board. The Texas Commission on Environmental Quality (TCEQ) may request to expend the funds in incremental funding amounts of \$1,000,000. The commission shall request the funds in a format prescribed by the Legislative Budget Board that provides information regarding the purposes and the projected impact of expenditures. A request submitted under this provision shall be considered to be approved unless the Legislative Budget Board issues a written disapproval within 30 business days after the date on which the staff of the Legislative Budget Board concludes its review of the request. Additional information requested by the Legislative Budget Board regarding a request submitted by the commission pursuant to this rider shall be provided in a timely manner. Notwithstanding any provision to the contrary, the Legislative Budget Board may suspend the approval of a request at any time pending the receipt of additional information requested of TCEQ.
- c) It is the intent of the legislature, to the extent permitted by federal and state law, that funds appropriated above in Strategy E.1.4, Rio Grande River Compact, be utilized to ensure that all costs related to the litigation between the State of Texas and the State of New Mexico over the equitable distribution of water according to the Rio Grande Compact, estimated to be \$16,500,000, be recovered and deposited to the credit of the General Revenue Fund.
- 28. Barnett Shale Permit By Rule Study. The Texas Commission on Environmental Quality (TCEQ) is not authorized to expend any funds appropriated in this Act to implement a rule that would extend 30 Texas Administrative Code, §106.352, Oil and Gas Handling Production Facilities, Rule Project No. 2010-018-106-PR ("Barnett Shale permit by rule") to oil and gas sources located outside the 23-county area of the Barnett Shale identified in subsection (a)(1) of the Barnett Shale permit by rule region ("Barnett Shale Region") until after August 31, 2017 and until after the agency conducts a study and files a report with the Legislature on the economic impact of extending the provisions of the Barnett Shale permit by rule to other areas of the state. Such a study may be funded through (1) grants, awards, or other gifts made to the TCEQ for that purpose; (2) funds directed to this study through supplemental environmental projects; or (3) by the use of the Texas Emissions Reduction Plan funds, as available. The study shall:
  - (a) Be based on data collected during the 18-month period following initial implementation of the Barnett Shale permit by rule in the Barnett Shale Region;

(Continued)

- (b) Assess the technical feasibility and economic reasonableness of the implementation of the Barnett Shale permit by rule in geographic areas outside of the Barnett Shale Region, including an assessment of the economic impacts on the oil and gas industry and the Texas economy; and
- (c) Assess any other factors the TCEQ deems relevant.

Nothing in this rider shall be construed to limit the TCEQ's authority to develop a permit by rule or other authorization for planned maintenance, startup, and shutdown emissions from oil and gas sources located outside the Barnett Shale Region.

29. Expedited Processing of Permit Applications. Included in amounts appropriated above out of the Clean Air Account No. 151 in Strategy A.2.1, Air Quality Permitting, is \$1,000,000 for the biennium for contract labor, overtime and compensatory pay, or other costs incurred to support the expedited processing of permit applications. The Commission on Environmental Quality (TCEQ) is authorized to compensate employees who perform expedited air permits twice the hourly rate for time worked in excess of their regularly scheduled work hours. For the purposes of the expedited permit process, the TCEQ is exempt from provisions of Article IX relating to the inclusion of temporary or contract workers in the calculation of the number of Full-Time Equivalent (FTE) positions.

In addition to the amounts appropriated above out of the Clean Air Account No. 151 in Strategy A.2.1, Air Quality Permitting, the TCEQ is appropriated an amount not to exceed \$250,000 for the biennium from fee revenues collected and deposited to the account from expedited permit review surcharges assessed in accordance with Health and Safety Code, §382.05155 (estimated to be \$0) in excess of the Comptroller's Biennial Revenue Estimate. These funds are provided for costs incurred to support the expedited permitting process.

Any unexpended balances remaining in these appropriations on August 31, 2018 in this appropriation are appropriated for the same purposes for the fiscal year beginning on September 1, 2018.

- **30. Authorization: Transfer of Fund Balance.** Contingent on enactment of Senate Bill 1105, or similar legislation, relating to the transfer of existing balances and revenues from the General Revenue-Dedicated Used Oil Recycling Fund No. 146 to the General Revenue-Dedicated Water Resource Management Account No. 153 and the abolishment of the General Revenue-Dedicated Used Oil Recycling Fund No. 146, by the Eighty-Fifth Legislature, Regular Session, 2017, the entire fund balance and revenues of the General Revenue-Dedicated Used Oil Recycling Fund No. 146 are transferred to the General Revenue-Dedicated Water Resource Management Account No. 153.

Any interagency contract funded by appropriated funds may not exceed reasonable attorney fees for similar legal services in the private sector, shall not jeopardize the ability of the Department of Transportation to carry out its legislative mandates, and shall not affect the budget for the Department of Transportation such that employees must be terminated in order to pay the amount of the interagency contract.
- 39. Performance Reporting for the Voluntary Turnback Program. Out of funds appropriated above, the Texas Department of Transportation (TxDOT) shall report on a biennial basis the following information to the Legislative Budget Board and the Office of the Governor no later than December 1, 2018: (1) the number of communities participating in the voluntary road turnback program; (2) a list of roads transferred to local governments; (3) the number of lane miles transferred to local governments; (4) information on the amount of maintenance funds made available associated with the transferred roads; (5) a list of maintenance projects on which the newly available funds are being spent; and (6) a list of the state's most eligible roads with potential for transfer. ## 42. Proposition 7 Appropriations.

a. Contingent upon the Comptroller transferring the fiscal year 2018 Proposition 7, 2015, amount (estimated to be \$2,205,400,000) to the State Highway Fund pursuant to Article VIII, Sec. 7-c (a) of the Texas Constitution by September 3, 2018, and the Comptroller transferring a portion of the fiscal year 2019 Proposition 7, 2015, amount (estimated to be \$700,000,000) to the State Highway Fund by August 31, 2019, the following amounts are allocated to the strategies above for the following purposes, in accordance with Article VIII, Sec. 7-c, subsection (c), of the Texas Constitution:

(Continued)

- (1) \$2,527,698,000 in fiscal year 2019 in Strategy A.1.7, Proposition 7, 2015, for the construction, maintenance, or acquisition of rights-of-way for public roadways other than toll roads; and
- (2) \$377,702,000 in fiscal year 2019 in Strategy F.1.1, General Obligation Bonds, for the repayment of principal and interest on general obligation bonds issued as authorized by Article III, Sec. 49-p, of the Texas Constitution.

Pursuant to Texas Constitution, Article VIII, Sec. 7-c (a), the full amount of sales tax proceeds for fiscal year 2018 and an estimated \$700,000,000 for fiscal year 2019 shall be transferred to the State Highway Fund during the biennium. The sales tax proceeds shall be allocated as described in subsection (1) and (2) of this rider. It is the intent of the Legislature that the remaining sales tax proceeds for fiscal year 2019 will transfer to the State Highway Fund in the following year.

- b. In the event that revenue deposited to the State Highway Fund pursuant to Article VIII, Sec. 7-c, of the Texas Constitution is insufficient and/or unavailable at the time when payments of principal or interest are due on general obligation bonds issued as authorized by Article III, Sec. 49-p, of the Texas Constitution, the Department of Transportation may temporarily expend General Revenue Funds for the repayment of principal and interest on those general obligation bonds in accordance with the provisions of Rider 17, Bond Programs, subsection (e), in the Department of Transportation bill pattern. Any expenditure of General Revenue for the repayment of principal and interest on these general obligation bonds during the 2018-19 biennium shall be repaid to the General Revenue Fund using amounts appropriated above from State Highway Fund No. 006 Proposition 7, 2015, by the end of the fiscal year in which the General Revenue Funds were expended or as soon as is practicable during the 2018-19 biennium under procedures and standards established by the Comptroller of Public Accounts.
- c. The Department of Transportation is authorized to transfer State Highway Fund No. 006 Proposition 7, 2015, appropriations from Strategy A.1.7, Proposition 7, 2015, into Strategy F.1.1, General Obligation Bonds, in any amount necessary to repay principal and interest on general obligation bonds. The Department of Transportation may transfer unexpended balances of State Highway Fund No. 006 Proposition 7, 2015, appropriations remaining in Strategy F.1.1, General Obligation Bonds, to Strategy A.1.7, Proposition 7, 2015, after expenditures of such funds have been made for payments due on general obligation bonds during each fiscal year.
- **43. Sunset Contingency.** Funds appropriated above for fiscal year 2019 for the Department of Transportation are made contingent on the continuation of the Department of Transportation by the Eighty-fifth Legislature, Regular Session, 2017. In the event that the agency is not continued, the funds appropriated above for fiscal year 2018, or as much thereof as may be necessary, are to be used to provide for the phase out of the agency operations.
- 44. Capital Budget Authority: Austin Campus Consolidation. Out of amounts appropriated above to the Department of Transportation in Strategy E.1.1, Central Administration, \$30,000,000 in State Highway Funds in fiscal year 2018 shall be used for acquisition of land and other real property, site preparation, architectural services, and other preconstruction development activities in preparation for the construction of buildings and facilities for the consolidation of the agency's Riverside and Camp Hubbard Campuses in Austin. Out of the amounts authorized for capital budget expenditures in Rider 2, Capital Budget, for Austin Campus Consolidation for the 2018-19 biennium, the Department of Transportation is authorized to use appropriations identified in this provision for capital expenditures categorized as "Acquisition of Land and Other Real Property" or "Construction of Buildings and Facilities" as needed for the acquisition and development of the Austin Campus Consolidation project.
- **45. transactions provisions to provide incentives to encourage accurate assessing and billing of tolls, which may include compensated tolls per billing error to each recipient of improperly sent notices or bills.

## 47. Limitation on Expenditures for High-speed Rail.

- a. None of the funds appropriated above to the Department of Transportation from state funds may be used for the purposes of subsidizing or assisting in the planning, facility construction or maintenance, security for, or operation of high-speed rail operated by a private entity. If the Department of Transportation acts as a joint-lead agency with a federal agency under 40 C.F.R. Sec. 1506.2, this section does not prevent the Department of Transportation from using state funds to exercise its authority for oversight and coordination of federal processes and programs. For the purposes of this section, high-speed rail means intercity passenger rail service that is reasonably expected to reach speeds of at least 110 miles per hour.
- b. The Department of Transportation shall prepare a report every six months summarizing the number of Full-Time-Equivalent (FTE) hours and expenses related to private high-speed rail work. The report shall be distributed to members of the Legislature whose districts include the potential high-speed rail projects and the chairs of relevant policy committees in each chamber.
- c. Nothing in this provision is intended to preclude or limit the Department of Transportation from executing its responsibilities under state or federal law including regulatory responsibilities, oversight of transportation projects, environmental review, policy development, and communication with public officials, or from coordinating with high-speed rail in the same manner as it treats other entities that work with the Department in the planning and coordination of their projects.

#### 48. Aviation Fleet Replacement.

- a. Notwithstanding Article IX, §12.01, Aircraft, of this Act, and Rider 2, Capital Budget, of the Texas Department of Transportation bill pattern, from the non-dedicated portion of State Highway Fund No. 006 appropriated above to the Department of Transportation, an amount not to exceed \$10 million may be used by the department during the 2018-19 biennium for the purpose of purchasing replacement aircraft for the Texas Aviation Fleet.
- b. Notwithstanding Article IX, §8.03, Surplus Property, of this Act, and Rider 26, Sale of Surplus Property, of the Texas Department of Transportation bill pattern, in addition to the amounts in subsection (a), all amounts received during the 2018-19 biennium from the sale of state aircraft controlled and operated by the Department of Transportation pursuant to Chapter 2175, Government Code, or the sale of real property are appropriated to the Department of Transportation for the purpose of purchasing replacement aircraft for the Texas Aviation Fleet. If the amounts of proceeds received from the sale of state aircraft controlled and operated by the Department of Transportation and/or the sale of real property that are available for appropriation and expenditure under this subsection exceed \$10 million, then the amount allocated under subsection (a) shall be reduced so that the total amount allocated during the 2018-19 biennium for the purpose described by this rider may not exceed \$20 million.
- c. A finding under Article IX, §12.01(d), Aircraft, of this Act, is not required for expenditures made in accordance with this rider.
- **49. Appropriation: Lease/Purchase of Intelligent Transportation System.** In accordance with Government Code Chapter 1232, the Texas Public Finance Authority shall, on behalf of the Texas Department of Transportation, finance through the issuance of lease revenue obligations in an aggregate amount not to exceed \$32,000,000 to finance an Intelligent Transportation System. The net proceeds of obligations issued under this provision are appropriated to the Department of Transportation in the 2018-19 biennium for the construction, acquisition, and installation of an Intelligent Transportation System at the International Ports of Entry at the Bridge of the Americas and the Zaragoza Bridge in El Paso to increase security measures and expedite trade.

The study should compare exempt positions from different agencies and take into account the size of an agency's annual appropriations, the number of full-time equivalent employees (FTEs) of the agency, market average compensation for similar executive positions, the exempt position salary as compared to classified positions within the agency, and other objective criteria the Auditor's Office deems appropriate. The study shall be submitted to all members of the Legislature and the director of the Legislative Budget Board no later than September 1, 2018.

Transportation Expenses.** For a state employee's use of a personally owned or leased motor vehicle, the mileage reimbursement rate for travel equals the maximum fixed mileage allowance specified in the revenue rulings issued by the Internal Revenue Service under the federal income tax regulations as announced by the Comptroller.
- **Sec. 5.04. Transportation in Personally Owned or Leased Aircraft.** The rate of reimbursement to be paid to a state employee, key official, member of a board, commission, or a member of the Legislature for travel in the person's personally owned or leased aircraft, either within or without the boundaries of this state, is the maximum fixed mileage allowance specified in the revenue rulings issued by the Internal Revenue Service under the federal income tax regulations or alternatively as determined by the Comptroller the rates adopted by the United States Administrator of General Services as announced by the Comptroller.

#### Sec. 5.05. Travel Meals and Lodging Expenses.

- (a) (1) A state employee who travels within the continental United States shall be reimbursed for the actual cost of lodging and meals. However, the reimbursements may not exceed the maximum meals and lodging rates based on the federal travel regulations issued by the United States General Services Administration.
  - (2) Notwithstanding the limit established by Subsection (a)(1), the chief administrator of a state agency or designee of the chief administrator of a state agency may determine that local conditions necessitate a change in the lodging rate for a particular location and establish a higher rate.
- (b) At the discretion of each chief administrator of a state agency, a state employee whose duties require the employee to travel outside the employee's designated headquarters without an overnight stay away from the employee's headquarters may be reimbursed for the actual cost of the employee's meals not to exceed \$36.

#### TRAVEL REGULATIONS

(Continued)

- (c) A state employee may receive reimbursements for the employee's actual expenses for meals and lodging when traveling outside the continental United States.
- (d) A state agency or institution may reimburse a state employee for a meal expense the employee incurs while traveling outside the employee's designated headquarters for less than six consecutive hours if the reimbursement:
  - (1) receives the written approval by the chief administrator of the state agency or institution;
  - (2) meets the rules adopted by the Comptroller regarding reimbursement for traveling outside the employee's designated headquarters for less than six consecutive hours; and
  - (3) complies with §660.206, Government Code.

**Sec. 5.06. Special Provisions Regarding Travel Expenses.** Reimbursement for meals and lodging as authorized by Subchapter H, Chapter 660, Government Code, on an "actual expenses" or "actual amount of" basis may not exceed twice the maximum rates specified in §5.05 of this Article.

#### Sec. 5.07. Travel and Per Diem of Board or Commission Members.

- (a) As authorized by §659.032, Government Code, the per diem of state board and commission members consists of:
  - (1) compensatory per diem, if specifically authorized by law, at \$30 per day; and
  - (2) at the rates provided by this Act for state employees, expense per diem, which includes:
    - (A) reimbursement of actual expenses for meals, at the rates provided by this Act for state employees;
    - (B) lodging at the rates provided by this Act for state employees;
    - (C) transportation at the rates provided by this Act for state employees; and
    - (D) incidental expenses.
- (b) If a law enacted after former Article 6813f, VTCS, (September 1, 1983), authorizes per diem for members of a particular state board or commission, but does not specify the amount of the per diem, then the amount of the per diem is the amount provided by Subsection (a).
- (c) A full-time employee paid from funds appropriated by this Act may not be paid both a salary and compensatory per diem for concurrent service as a state employee and as a board or commission member.

#### Sec. 5.08. Travel of Advisory Committee Members.

- (a) For the purpose of this section, the term "advisory committee" has the meaning assigned by §2110.001, Government Code.
- (b) In addition to the limits placed on reimbursement of advisory committee member expenses by this section and to the extent not otherwise limited by this Act or other law, a member of a state agency advisory committee may be reimbursed, at the rates specified in this Act for a state employee, for actual expenses for meals, lodging, transportation, and incidental expenses.
- (c) The funds appropriated by this Act may not be expended to reimburse a member of a state agency advisory committee for expenses associated with conducting committee business, including travel expenses, unless the expenditures for an advisory committee are within the limits provided by this section and other law and are:
  - (1) specifically authorized by this Act; or
  - (2) approved by the Governor and the Legislative Budget Board subsequent to the effective date of this Act.

#### TRAVEL REGULATIONS

(Continued)

- (d) The limitations provided by this section do not apply to an advisory committee established by the governing board of a retirement system trust fund.
- (e) The limitations provided by this section apply only to an advisory committee that is subject to Chapter 2110, Government Code.

#### PART 6. GENERAL LIMITATIONS ON EXPENDITURES

#### Sec. 6.01. Unexpended Balance.

- (a) In this Act "unexpended balance" or the abbreviation "UB" means the unobligated balance remaining in an appropriation, i.e., only that part of an appropriation, if any, that has not been set apart by the incurring of an obligation, commitment, or indebtedness by the state agency authorized to spend the appropriation. A reference in this Act to "unexpended balance" or "UB" is a reference to the unobligated balance of an amount appropriated by this Act for the fiscal year ending August 31, 2018, unless another meaning is clearly indicated.
- (b) For any estimated UB appropriated by this Act, should the actual amount of the UB be different than the estimate identified in this Act, the appropriation is adjusted to equal the actual UB, subject to any other restrictions to that appropriation made elsewhere in this Act.

**Sec. 6.02. Interpretation of Estimates.** In the event the amounts of federal funds, local funds, or funds other than appropriations from the General Revenue Fund, have been estimated in this Act in sums greater than are actually received by the respective agencies of the state, this Act may not be construed as appropriating additional funds from General Revenue to make up such differences. Wherever the language of this Act appropriates all receipts or balances from a specified source but uses an estimated amount to inform the Legislature and the public, the estimated figure is not to be construed as a limitation on the amount appropriated.

#### Sec. 6.03. Excess Obligations Prohibited.

- (a) An agency specified in this Act may not incur an obligation in excess of the amounts appropriated to it for the respective objects or purposes named.
- (b) As a specific exception to Subsection (a) the Comptroller of Public Accounts may determine that a proposed installment purchase arrangement is cost effective and certify this finding in response to an agency request.
- (c) A determination made by the Comptroller of Public Accounts under Subsection (b) may be made for obligations incurred for the purchase or lease of automated information system equipment only if the agency has on file with the Legislative Budget Board a Biennial Operating Plan, including any amendments to the Biennial Operating Plan, and the plan has been approved by the Legislative Budget Board.
- (d) If this section is violated, the State Auditor shall certify the fact of the violation and the amount of over-obligation to the Comptroller, and the Comptroller shall deduct an amount equivalent to the over-obligation from the salary or other compensation due the responsible disbursing or requisitioning officer or employee, and apply the amount to the payment of the obligation.
- (e) This provision is specified pursuant to §10, Article XVI, Texas Constitution.

**Sec. 6.04. Interpretation of Legislative Intent.** Funds appropriated by this Act shall be expended, as nearly as practicable, for the purposes for which appropriated. In the event an agency cannot determine legislative purpose from the pattern of appropriations, the agency shall seek to determine that purpose from the proceedings of the legislative committees responsible for proposing appropriations for this state.

**Sec. 6.05. Comptroller's Duty to Pay.** The Comptroller may not refuse to pass for payment a legal claim, factually justified, for which a valid appropriation has been made.

#### **GENERAL LIMITATIONS ON EXPENDITURES**

(Continued)

#### Sec. 6.06. Last Quarter Expenditures.

- (a) A state agency or other governmental unit using funds appropriated by this Act may not expend during the last quarter of a fiscal year more than one-third of the funds appropriated for that fiscal year.
- (b) Specifically exempted from Subsection (a) are:
  - (1) expenditures contracted for in previous quarters;
  - (2) funds required by statute, rule or regulation to be expended on a different time frame;
  - (3) seasonal employment of personnel;
  - (4) construction contracts;
  - (5) contracts dealing with purchases of food, medicines, or drugs;
  - (6) expenditures related to the Children with Special Health Care Needs program operated by the Department of State Health Services; and
  - (7) expenditures occasioned by disaster or other Act of God.
- (c) The funds exempted, under Subsection (b) may not be considered in the computation of the total funds appropriated in a fiscal year for the purpose of applying Subsection (a).

#### Sec. 6.07. Employee Benefit and Debt Service Items.

- (a) Funds appropriated in the various Articles of this Act for "Employees Retirement System," "Social Security State Match," "Benefit Replacement Pay," "Texas Public Finance Authority-G.O. Bond Debt Service Payments," and "Lease-Payments to the Texas Public Finance Authority" may be transferred between Articles to a like appropriation item without limitation as to the amount of such transfer.
- (b) An agency to which an appropriation listed under Subsection (a) is made may pool such appropriations, made in the various Articles for a common purpose, into a single cost pool for the purpose of administering the appropriation.

### Sec. 6.08. Benefits Paid Proportional by Method of Finance.

- (a) Unless otherwise provided, in order to maximize balances in the General Revenue Fund, payment for benefits paid from appropriated funds, including "local funds" and "education and general funds" as defined in §51.009 (a) and (c), Education Code, shall be proportional to the method of finance except for public and community junior colleges. Any funds subject to restrictions that prevent their expenditure on salaries and wages, as directed by legislative intent or established in rules by the Comptroller governing the calculation of benefits proportionality by fund, shall not be subject to this proportional requirement.
- (b) Funds not subject to this proportionality requirement may include, but are not limited to certain: appropriations for capital purposes, appropriations with salary restrictions, deficiency grant appropriations, emergency appropriations, or statutorily restricted funds that restrict or limit the use of funds to certain programs. The Comptroller shall make the final determination on the exclusion of funds from this proportionality requirement in conjunction with the rules developed under subsection (f) of this section.
- (c) For institutions of higher education, in determining the proportional allocation between the General Revenue Fund and other appropriated funds, an adjustment for local funds benefits shall be made to equitably distribute costs between General Revenue and other appropriated funds.
- (d) If the Comptroller determines that achieving employee benefits proportionality at the time the benefits payment is made would be impractical or inefficient, then the General Revenue Fund shall be reimbursed for any such payment made out of the General Revenue Fund.

(Continued)

- (e) For purposes of this Act, a public community or junior college may expend funds appropriated for employee benefit costs for any employee if the employee is: (1) otherwise eligible to participate in the group benefits program; and (2) an instructional or administrative employee whose salary may be fully paid from funds appropriated under the General Appropriations Act, regardless of whether the salary is actually paid from appropriated funds.
- (f) The Comptroller, after consulting with the Legislative Budget Board and the State Auditor's Office, shall develop and maintain rules to provide for the administration of this section.
- (g) Each agency or institution of higher education (excluding a community or junior college) having General Revenue Fund appropriations and other sources of financing shall file with the Comptroller and the State Auditor a report demonstrating proportionality. The report shall be filed before November 20th following the close of the fiscal year for the salaries, wages, and benefits of the preceding year ended August 31. The report shall be in a format prescribed by the Comptroller in collaboration with the Legislative Budget Board and the State Auditor's Office.
- (h) State Auditor shall at least biennially review agency and institution compliance with the requirements of this section if the agency or institution (excluding a community or junior college) receives funds appropriated under this Act. Subject to a risk assessment, the State Auditor shall audit the expenditure transfers and payments for benefits by an agency or institution. The State Auditor shall send the audit report to the Comptroller and the Legislative Budget Board upon completion of the audit, along with any recommendations for changes or refunds. The Comptroller, on receipt of notification from the State Auditor of amounts disproportionally paid from General Revenue Fund appropriations, shall reduce current year General Revenue Fund appropriations of the agency or institution until such time as such amounts are repaid from sources other than the General Revenue Fund.
- (i) Should cash balances in appropriated funds prohibit an account or fund from absorbing additional expense related to proportionality requirements, an agency or institution may be allowed to adjust benefit expenses accordingly. An agency or institution must notify the Comptroller and Legislative Budget Board of any requested adjustment. The Comptroller shall make the final determination on the allowance of any benefit expense adjustment but shall ensure General Revenue is reimbursed to the maximum extent possible.
- (j) For institutions of higher education, excluding public community or junior colleges, funds appropriated by this Act may not be expended for employee benefit costs, or other indirect costs, associated with the payment of salaries or wages, if the salaries and wages are paid from funds not appropriated by this Act.

**Sec. 6.09. Appropriations from Special Funds.** Notwithstanding other provisions of this Act, appropriation amounts from special funds or special or dedicated accounts in the General Revenue Fund (as those terms are defined by §403.001, Government Code) are specifically limited to amounts not to exceed the actual balances and revenues available to each such fund or account.

# Sec. 6.10. Limitation on State Employment Levels.

- (a) (1) A state agency or institution of higher education may not use funds appropriated by this Act to pay all or part of the salaries or benefits of a number of employees which would cause the number of full-time equivalent employees (FTEs) paid from funds appropriated by this Act by the state agency or institution of higher education for a fiscal quarter to exceed the figure indicated by this Act for that state agency or institution without reporting that use of funds to the Governor and the Legislative Budget Board at a time not later than the last day of the first month following each quarter of the fiscal year.
  - (2) In addition to the reporting requirement of Subsection (a)(1) of this section, without the written approval of the Governor and the Legislative Budget Board a state agency or institution of higher education may not use funds appropriated by this Act to pay all or part of the salaries or benefits of a number of employees which would cause the number of full-time equivalent employees (FTEs) paid from funds appropriated by this Act by the state agency or institution of higher education for a fiscal quarter to exceed the lesser of either:

(Continued)

- (A) one hundred and ten percent (110%) of the FTE figure indicated by this Act for that state agency or institution; or
- (B) one hundred percent (100%) of the figure indicated by this Act for that state agency or institution plus fifty (50) FTEs.
- (b) (1) A report by a state agency or institution of higher education of exceeding the FTE limitations established by this section must be submitted by the governing board of the state agency or institution of higher education (if the agency has a governing board) or by the chief administrative officer (if the agency does not have a governing board or the governing board has not met) and must include at a minimum:
  - (A) the date on which the board (if the agency has a governing board) or by the chief administrative officer (if the agency does not have a governing board or the governing board has not met) approved the report;
  - (B) a statement justifying the need to exceed or reduce the limitation;
  - (C) the source of funds to be used to pay any additional salaries; and
  - (D) an explanation as to why the functions of any proposed additional FTEs cannot be performed within current staffing levels.
  - (2) A request by a state agency or institution of higher education to exceed the FTE limitations established by this section must be submitted by the governing board of the state agency or institution of higher education (if the agency has a governing board) or by the chief administrative officer (if the agency does not have a governing board) and must include at a minimum:
    - (A) the date on which the board (if the agency has a governing board) or the chief administrative officer (if the agency does not have a governing board) approved the request;
    - (B) a statement justifying the need to exceed the limitation;
    - (C) the source of funds to be used to pay any additional salaries: and
    - (D) an explanation as to why the functions of any proposed additional FTEs cannot be performed within current staffing levels.
- (c) An agency or institution may make a preliminary report to the Governor and the Legislative Budget Board without meeting the requirements of Subsection (b)(1)(A) if the governing board of the agency or institution has not met within the reporting time.
- (d) For the purpose of Subsections (a) and (b), the number of FTEs employed by a state agency (not including the Texas Historical Commission, an institution of higher education or an affiliated entity, the State Preservation Board, Parks and Wildlife Department, Texas School for the Blind and Visually Impaired, Texas School for the Deaf, and Texas Commission on Environmental Quality) for a fiscal quarter:
  - (1) shall be determined in accordance with the report filed pursuant to § 2052.103, Government Code;
  - (2) shall include only employees paid with funds appropriated through this Act;
  - (3) shall not include overtime hours; and
  - (4) shall include a position filled by temporary or contract workers for more than half of the work days of the year preceding the final day of the reporting period. Temporary or contract workers shall include workers employed under contract to fill specific positions customarily filled by state employees. The State Auditor is authorized to provide interpretations of this provision.
- (e) For the purpose of Subsections (a) and (b), the number of FTEs employed by the Texas Historical Commission, State Preservation Board, Texas Commission on Environmental Quality, the Parks and Wildlife Department, the Texas School for the Blind and Visually Impaired, the Texas School for the Deaf, or an institution of higher education or an affiliated entity, for a fiscal year:

(Continued)

- (1) shall be determined in accordance with the reports filed pursuant to §2052.103, Government Code;
- (2) shall be an average of the four reports filed for that fiscal year;
- (3) shall include only employees paid with funds appropriated through this Act;
- (4) shall not include overtime hours; and
- (5) shall include a position filled by temporary or contract workers for more than half of the work days of the year preceding the final day of the reporting period. Temporary or contract workers shall include workers employed under contract to fill specific positions customarily filled by state employees. The State Auditor is authorized to provide interpretations of this provision.
- (f) This section shall not apply to appropriations made by this Act to the:
  - (1) Office of the Governor; or
  - (2) Comptroller.
- (g) The limitations on FTEs under this section do not apply to a state agency or institution in instances of employment, including employment of temporary or contract workers, directly associated with events declared disasters by the Governor. Each state agency or institution shall annually notify the State Auditor, Comptroller, Legislative Budget Board, and Governor of FTEs exempted under this section.
- (h) (1) The limitations on FTEs under this section do not apply to a state agency or institution in an instance of employment for a project, including employment of a temporary or contract worker, if the FTEs associated with that project are not included in the number of FTEs allowed in the agency's bill pattern and the employees are associated with:
  - (A) implementation of a new, unanticipated project that is 100 percent federally funded; or
  - (B) the unanticipated expansion of an existing project that is 100 percent federally funded.
  - (2) With regard to the exemption from the FTE limitations provided by this Subsection (h), a state agency or institution is exempt from the FTE limitations only for the duration of the federal funding for the employment related to the project and all salaries, benefits, and other expenses incurred related to employment must be paid from federal funds.
  - (3) This Subsection (h) does not exempt any employees associated with existing projects that are 100 percent federally funded and included in the number of FTEs allowed in the agency's bill pattern.
  - (4) Each state agency or institution shall notify the State Auditor, Comptroller, Legislative Budget Board, and Governor of FTEs exempted under this Subsection (h).
- (i) If a program is transferred from a state agency or institution of higher education, then at any time during the biennium, the Legislative Budget Board and the Governor may agree to reduce the number of FTEs paid from funds appropriated by this Act by the state agency or institution of higher education for one or more fiscal quarters to a figure below that indicated by this Act for that agency or institution.
- (j) The limitations on FTEs under this section do not apply to a state agency or institution of higher education in an instance of employment, including employment of a temporary or contract worker, if the employee is paid from appropriations of gifts and grants under Section 8.01 of this Article.
- (k) The requirements of requesting and reporting under this section do not apply to a state agency or an institution of higher education with fewer than 50 FTEs allowed in the agency's or institution's bill pattern.

## Sec. 6.11. Purchases of Postage.

- (a) If the expenditures for postage by an agency, other than the Legislature or an institution of higher education, exceed \$4,000 for a fiscal year, the agency shall purchase postage only in accordance with \$2113.103(c), Government Code.
- (b) The amount received by an agency as a refund of postage used by the agency shall be deposited in the fund to the credit of the appropriation from which postage for the agency is paid and is appropriated to the agency for postage use.

# Sec. 6.12. Expenditures for State-Federal Relations.

- (a) Funds appropriated by this Act may not be spent by a state agency to carry on functions for which funds have been appropriated to the Office of State-Federal Relations to perform except when an interagency contract has been executed between the Office of State-Federal Relations and the state agency.
- (b) Prior to travel to the Washington, D.C. area, including any trip with a destination to the Reagan-National, Dulles, or Baltimore Washington International airports, state agency personnel shall inform the Office of State-Federal Relations regarding:
  - (1) the timing of the trip;
  - (2) the purpose of the trip; and
  - (3) the name of a contact person for additional information.
- (c) Under Subsection (b) the term "travel" is limited to only activities:
  - (1) involving obtaining or spending federal funds; or
  - (2) impacting federal policies.

# Sec. 6.13. Performance Rewards and Penalties.

- (a) It is the intent of the Legislature that appropriations made by this Act be utilized in the most efficient and effective manner possible to achieve the intended mission of each state agency and institution. In order to achieve the objectives and service standards established by this Act, agencies and institutions shall make every effort to attain the designated key performance target levels associated with each item of appropriation.
- (b) To support and encourage the achievement and maintenance of these appropriated annual performance levels, continued expenditure of any appropriations in this Act shall be contingent upon compliance with the following provisions:
  - (1) Agencies and institutions, in coordination with the Legislative Budget Board, shall establish performance milestones for achieving targets within each annual budget and performance period; time frames for these milestones and the related performance reporting schedule shall be under guidelines developed and maintained by the Legislative Budget Board.
  - (2) Agencies and institutions shall provide testimony as to the reasons for any performance variances to the Senate Finance Committee and the House Appropriations Committee, as determined to be necessary by those committees; assessments of agency and institution performance shall be provided to the committees under guidelines and procedures developed and maintained by the Legislative Budget Board.
- (c) Upon a finding that an agency or institution has successfully met or exceeded performance expectations, or has failed to achieve expected performance levels, the Legislative Budget Board, and the Governor, may adopt a budget execution order, which may include but is not limited to, one or more of the following:

(Continued)

- (1) Positive Incentives/Rewards Increased funding, exemption from reporting requirements, increased funding transferability, formalized recognition or accolade, awards or bonuses, expanded responsibility, or expanded contracting authority; or
- (2) Negative Incentives/Redirection Evaluation of outcome variances for remedial plan, reduction of funding, elimination of funding, restriction of funding, withholding of funding, reduction of funding transferability, transfer of functional responsibility to other entity, recommendation for placement in conservatorship, direction that a management audit be conducted or direction that other remedial or corrective actions be implemented.
- (3) The Legislative Budget Board may develop and maintain rules and procedures for the implementation of the above provisions.
- (4) The Legislative Budget Board may request comments from the State Auditor's Office regarding performance penalties and rewards.

**Sec. 6.14. Bookkeeping Entries.** Should clerical or bookkeeping errors result in any monies being expended, transferred, or deposited into incorrect funds in or with the state treasury or any monies being cleared from a trust and suspense fund to other than the proper fund, such erroneously expended, transferred, deposited, or cleared monies may be transferred to the correct funds or accounts or trust and suspense account within the state treasury on request of the administering department with the concurrence of the Comptroller, and so much as is necessary for said transfer is appropriated.

# Sec. 6.15. Accounting for State Expenditures.

- (a) Notwithstanding the various patterns of appropriation established in this Act, the Comptroller shall account for the expenditure of funds appropriated by this Act in a manner that allows for the reporting of expenditures attributable to each strategy in each agency's respective Strategic Planning and Budget Structure as approved by the Governor and the Legislative Budget Board. The information shall be recorded and maintained systematically in the state accounting system in a manner that provides for the integration of the state's budget data and the state's accounting data and to facilitate the state's budget development process.
- (b) This section does not require the deposit into and subsequent disbursement of funds from the state treasury that relate to Texas Public Education Grants, or "local funds" defined in §51.009, Education Code, except for tuition and lab fees.
- **Sec. 6.16. Fee Increase Notification.** None of the funds appropriated by this Act may be expended by an agency which increases the rate of a fee assessed by that agency unless the agency provides a notice to the payer of the fee that the fee rate was set by the agency or its governing board and not mandated by the Legislature.
- **Sec. 6.17. Consolidated Funds.** Contingent on the enactment of legislation relating to the dedication of funds, the Comptroller, on approval of the Legislative Budget Board, may change an applicable agency's method of financing source name as provided in this Act to reflect changes made by the other legislation that affects the status of the funding source. No change in the amount of the appropriation would be affected by this change.
- **Sec. 6.18. Demographic and Statistical Studies.** Before expending funds appropriated by the Act for the purpose of contracting for a consultant or other private assistance in performing a study required by the Legislature that includes statistical or demographic analysis of data, the agency conducting the study shall determine if the resources of the Texas Legislative Council or the Office of the State Demographer and the Texas Demographic Center (previously known as the Texas State Data Center) located at The University of Texas at San Antonio are available to assist the agency in designing or conducting that component of the study.
- **Sec. 6.19. Cost Allocations.** For the purpose of more effective and efficient identification and allocation of costs, and to effect timely payments to employees and vendors, agencies may temporarily charge salary and/or operating costs to appropriations most applicable for the expense being incurred. Upon receipt of more specific information such as personnel-time allocation information for payrolls, or allocation of office supplies or other goods and services, agencies may reimburse the original paying appropriations by transfer from the appropriation to which the expenditure should have been charged. Such transfers must be accomplished within twelve months in a manner which records appropriate expenditures to the borrowing appropriation and negative expenditures to the lending appropriation.

(Continued)

These transfers may be in summary amounts in a manner approved by the Comptroller. Each agency must maintain adequate detailed records to support summary transfer amounts.

#### Sec. 6.20. Use of Appropriations to Contract for Audits.

- (a) Notwithstanding any other law, or other sections of this Act, none of the funds appropriated in this Act shall be used by the agencies or institutions of higher education to enter into a contract with an independent audit entity for audit services, except as specified by this section.
- (b) An agency or institution appropriated funds in this Act may use funds appropriated in this Act to:
  - (1) enter into an interagency contract with the State Auditor's Office (SAO) for the SAO to provide audit services to the agency or institution. At the discretion of the State Auditor and the Legislative Audit Committee, the SAO may conduct the audit or the SAO may enter into a contract with an independent audit entity to conduct the audit; or
  - (2) enter into a contract with an independent audit entity for the provision of audit services pursuant to §321.020, Government Code, if:
    - (A) the SAO has reviewed the scope of the proposed audit and has issued a written approval for the scope of the proposed audit, and
    - (B) the SAO has delegated the authority to enter into the proposed audit to the agency or institution, in the event the agency or institution does not have a specific statutory delegation of authority to enter into a contract for audit services.
- **Sec. 6.21. Limitations on Use of Appropriated Funds.** Funds appropriated by this Act, other than those appropriated to an institution of higher education, may be expended only for items set out in the expenditure classifications of the Comptroller's Manual of Accounts insofar that an agency expending the appropriated funds has existing statutory authority for making the expenditures and the expenditures are not otherwise limited or prohibited in this Act.
- **Sec. 6.22. Informational Items.** Object of expense (OOE) listings contained in this Act, and other informational listings are not appropriations, and are merely informational listings that are intended to qualify or direct the use of funds appropriated in agency strategies, or are incidental to the appropriation made in the agency strategies.
- **Sec. 6.23. Appropriations from State Tax Revenue.** The appropriations from state tax revenue not dedicated by the Constitution for the 2018-19 biennium shall not exceed the Texas Constitution's Article VIII, §22 limit of \$99,897,875,652 established by the Legislative Budget Board pursuant to §316.002, Government Code. The limit on appropriations that can be made for the 2018-19 biennium is subject to adjustments resulting from revenue forecast revisions or subsequent appropriations certified by the Comptroller to the 2016-17 biennial appropriations from state tax revenue not dedicated by the Constitution. The Comptroller may adjust the composition of fund and account balances without any net change in balances or change in appropriations so as to ensure compliance with the limit set forth in Article VIII, §22 of the Texas Constitution.

# Sec. 6.24. Notification Requirement for Certain RESTORE Act Funds.

- (a) Any agency that intends to expend at least \$1 million for a project or program using funds related to the RESTORE Act Direct Component shall notify the Legislative Budget Board in a timely manner prior to making any such expenditure. The notification shall include information describing the project or program and its cost.
- (b) Funds related to the National Fish and Wildlife Foundation or Natural Resource Damage Assessment are not subject to this rider.
- **Sec. 6.25. Limitation on Abortion Funding.** To the extent allowed by federal and state law, money appropriated by this act may not be distributed to any individual or entity that, during the period for which funds under this Act are appropriated:
  - 1) Performs an abortion procedure that is not reimbursable under the State's Medicaid program;
  - 2) Is commonly owned, managed, or controlled by an entity that performs an abortion procedure that is not reimbursable under the State's Medicaid program; or
  - 3) Is a franchise or affiliate of an entity that performs an abortion procedure that is not reimbursable under the State's Medicaid program.

This provision does not apply to a hospital licensed under Chapter 241, Health & Safety Code, a State hospital, a State-owned teaching hospital, a teaching hospital, a residency program accredited for medical education, or an office exempt under Section 254.004(2), Health and Safety Code.

(Continued)

**Sec. 6.26. Policies for Certain Hospital Stays.** Out of funds appropriated above in Strategy B.1.1., Medicaid Contracts and Administration, and to the extent allowed by state and federal law, the Health and Human Services Commission shall ensure there are policies, including for managed care services, that specify criteria that do not permit classification of hospital services, including those related to behavioral health, as either inpatient or outpatient for purposes of reimbursement based solely on the duration of the stay.

#### PART 7. REPORTING REQUIREMENTS

#### Sec. 7.01. Budgeting and Reporting.

- (a) As a limitation and restriction upon appropriations made by this Act, agencies and institutions of higher education appropriated funds by this Act may expend funds only if there is compliance with the following provisions:
  - (1) On or before December 1 of each fiscal year, an itemized budget covering the operation of that fiscal year shall be filed with the Governor, the Legislative Budget Board, and the Legislative Reference Library in the format prescribed jointly by the Legislative Budget Board and the Governor.
  - (2) All subsequent amendments to the original budget shall be filed with the Governor and the Legislative Budget Board within 30 days of approval of such amendments unless such reporting requirement is waived.
  - (3) Under guidelines developed by the Legislative Budget Board, each agency shall file a report with the Legislative Budget Board, the Governor, the Legislative Reference Library, the state publications clearinghouse of the Texas State Library, State Auditor's Office, and the appropriate substantive committees of the House and Senate. The report shall analyze the agency's performance relative to the attainment of stated outcome, output and efficiency targets of each funded goal and strategy. The report shall be submitted at such intervals required by the Legislative Budget Board. The report shall contain a comparison of actual performance for the reporting period with targeted performance based on the level of funding appropriated. In developing guidelines for the submission of agency performance reports, the Legislative Budget Board (in consultation with the Governor) shall:

(b) Statewide Behavioral Health Coordinating Council. Each agency identified in subsection (a) of this provision, shall designate an individual to serve as a member of the statewide behavioral health coordinating council, established by Article IX Section 10.04(b), 2016-17 General Appropriations Act (GAA), Eighty-fourth Legislature, 2015, and may use funds appropriated by this Act to support that council. In addition to the agencies identified in subsection (a) of this provision, the Texas Department of Housing and Community Affairs, the Texas Workforce Commission, and the Texas Education Agency shall each designate an individual to serve as a representative on the council. Any other state agency or institution that receives funding in this Act and provides specific behavioral health services may participate in the meetings and discussions of the coordinating council. The Mental Health Statewide Coordinator at HHSC shall serve as chair of this council. The coordinating council shall meet at least once quarterly during fiscal years 2018 and 2019, or more frequently if determined necessary by the Mental Health Statewide Coordinator at the Health and Human Services Commission.

HHSC shall require certain community collaboratives that receive state grant funding to present twice annually on the impact each collaborative has had on project implementation and mental health outcomes on the population served by the grant funding. These community collaboratives shall include community collaboratives as defined by Government Code Chapter 539; community recipients of a grant for veteran's mental health pursuant to Government Code 531.0092; recipients of a grant to reduce recidivism, arrest, and incarceration among individuals with mental illness and to reduce wait time for forensic commitment as established contingent on the passage of House Bill 12, relating to individuals who are or may be persons with a mental illness or an intellectual disability and who are or have been involved with the court system, or similar legislation by the Eighty-fifth Legislature, Regular Session; and recipients of a mental health grant as established contingent on the passage of House Bill 13, relating to the creation of a matching grant program to support community mental health programs for individuals experiencing mental illness, or similar legislation by the Eighty-fifth Legislature, Regular Session. It is the intent of the Legislature that these presentations serve as an opportunity to increase collaboration for the effective expenditure of behavioral health funds between state and local entities. No provision of this Act may be construed as granting the statewide behavioral health coordinating council authority over local projects implemented by the collaboratives listed above.

- (c) Statewide Behavioral Health Strategic Plan. The purpose of the statewide behavioral health coordinating council shall be to implement the five-year Statewide Behavioral Health Strategic Plan published May 1, 2016 per Article IX Section 10.04(b), 2016-17 GAA, Eighty-fourth Legislature, 2015. The Statewide Behavioral Health Coordinating Council shall submit an annual report to the Governor, and the Legislative Budget Board including the progress of the strategic plan's implementation no later than December 1 of fiscal years 2018 and 2019. The report shall include coordinating council agency participation and how the strategic plan's implementation serves to coordinate programs and services to eliminate redundancy, utilize best practices in contracting standards, perpetuate identified, successful models for mental health and substance abuse treatment, ensure optimal service delivery, and identify and collect comparable data on results and effectiveness. The coordinating council shall annually update the inventory of behavioral health programs and services. The inventory shall describe how the identified programs, services, initiatives, and expenditures further the goals of the Statewide Behavioral Health Strategic Plan. HHSC shall make available the five-year strategic plan update and the inventory of programs on HHSC's website no later than December 1 of each fiscal year.
- (d) **Coordination of Behavioral Health Expenditures.** The coordinating council shall submit to the Executive Commissioner of HHSC for approval a coordinated statewide expenditure proposal for each agency, which shall include the appropriation amounts identified in subsection (a) of this provision. The expenditure proposal shall describe how the identified appropriations at each agency or institution would be spent in accordance with, and to

further the goals of the approved statewide behavioral health strategic plan. HHSC shall submit the coordinated statewide behavioral health expenditure proposal to the Legislative Budget Board by October 1, 2017 for fiscal year 2018 and by July 1, 2018 for fiscal year 2019. The plan shall be considered to be approved unless the Legislative Budget Board issues written disapprovals by November 1, 2017 for fiscal year 2018, or by September 1, 2018 for fiscal year 2019.

Notwithstanding any other appropriation authority granted by this Act, the Comptroller of Public Accounts shall not allow the expenditure of General Revenue-Related funds identified in subsection (a) by a particular agency if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the agency's expenditure proposal has not satisfied the requirements of this provision. If fiscal year 2018 or fiscal year 2019 General Revenue-Related funds are used to provide services required by federal law, are related to court-ordered treatment, or required as the result of administrative proceedings, the funding for these services shall still be included in the proposal, but these funds shall not be contingent upon approval.

The coordinated expenditure proposal shall be developed in a format specified by the Legislative Budget Board, and shall, at a minimum, included expenditures related to each program identified in the program inventory required by subsection (c) of this provision, identified by fund type. Behavioral health-related Medicaid expenditures shall also be included as a separate line item for each agency.

**Sec. 10.05. Funding for Autism Services.** Appropriated elsewhere in this Act for autism services is \$22,255,310 in General Revenue Funds for the 2018-19 biennium, which is allocated to the following agencies for the following purposes:

- (a) Health and Human Services Commission (HHSC): General Revenue Funds totaling \$14,155,310 for the biennium for focused Applied Behavior Analysis (ABA) treatment services.
- (b) Texas Higher Education Coordinating Board (THECB): General Revenue Funds totaling \$8,100,000 for the 2018-19 biennium to distribute to autism research centers at institutions of higher education that currently provide evidence-based behavioral services and training, in the amounts and for the purposes as follows:
  - (1) Parent-directed Treatment: \$2,250,000 per fiscal year to serve 750 children per year;
  - (2) Board-certified Behavioral Analyst (BCBA) Training for Teachers/Paraprofessionals: \$950,000 per fiscal year to serve 2,547 children per year. The research centers may contract with educational service centers to provide this training;
  - (3) Research, development and evaluation of innovative autism treatment models: \$700,000 per fiscal year;
  - (4) Administrative support of the programs in subsections (b)(1) through (b)(3): \$150,000 per fiscal year may be expended by the Higher Education Coordinating Board;
  - (5) If funds appropriated under Subsections (b)(1), (2), or (3) exceed the funds that can be expended in accordance with the requirements of that subsection, the Higher Education Coordinating Board may expend the excess funds on any purpose described in Subsections (b)(1), (2) or (3); and
  - (6) Any unexpended balances on hand at the end of fiscal year 2018 are hereby appropriated for the same purpose for fiscal year 2019.
- (c) THECB shall gather data on the above programs from each institution's autism research center and submit an annual report on the effectiveness of each program, including the number of children served, the number of parents and/or teachers/paraprofessionals trained, and the results of the research on innovative treatment models. The report shall be submitted no later than

September 1 of each year to the Legislative Budget Board, Office of the Governor, the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor.

### Sec. 10.06. Analysis of Certain Healthcare Data.

(a) Out of funds appropriated elsewhere in this Act, the Health and Human Services Commission shall coordinate with the Department of State Health Services, the Employees Retirement System of Texas, the Texas Department of Criminal Justice, and the Teacher Retirement System to develop recommendations and a comprehensive plan for an integrated health care information system that can be used to compare data related to the healthcare systems funded by appropriations made to these agencies. The integrated system should allow the state to collect and analyze data on utilization, cost, reimbursement rates, and quality in order to identify improvements for efficiency and quality that can be implemented within each healthcare system. In the development of recommendations and comprehensive plan, the

agencies shall consider differences in population, acuity, and other necessary factors between systems, potential for expansion of existing healthcare data integration initiatives, the use of existing health claims data sources, and the collection of new inpatient and outpatient claims data.

(b) The agencies shall meet at least bi-monthly to develop these recommendations and shall consult with the Department of Information Resources and the Legislative Budget Board. The agencies shall submit a report to the Legislative Budget Board and the Governor no later than May 1, 2018 that includes the cost of the recommendations and comprehensive plan as well as any necessary statutory changes and potential impacts to data governance planning at each agency.

**Sec. 10.07.** Cross-agency Collaboration on Value-based Payment Strategies. The Health and Human Services Commission, the Employees Retirement System of Texas, and the Teacher Retirement System shall collaborate on the development and implementation of potential value-based payment strategies, including opportunities for episode-based bundling and pay for quality initiatives. To the extent possible, these agencies shall work toward similar outcome measures.

The Comptroller shall reduce the appropriation made by this Act for the Capital Budget item in an amount equal to the difference between the appropriated amount and the sum of the lease payments for the biennium and deposit that amount into the unappropriated balance of the original funding source.   - (2) Capital expenditures for items that could be financed through the utility savings made possible by a comprehensive energy and water conservation contract authorized by \$2166.406, Government Code, are prohibited unless part of a comprehensive energy and/or water conservation contract authorized under \$2166.406, Government Code.
  - (3) Before authorizing expenditures for capital items that consume energy or water or that are related to the energy and/or water consumption of an agency's facilities, the Comptroller must verify that the items could not be part of a cost-effective contract for energy and water conservation measures authorized by §2166.406, Government Code.

- (d) Transfers Between Agencies: In the event that a transfer involving at least one agency not listed in Chapter 531, Government Code is necessary in order to respond to a disaster, the agencies involved in the transfer shall request approval from the Legislative Budget Board and the Governor for the emergency transfer of funds, pursuant to Article XVI, §69, Texas

Such transfers and payments as are authorized under law shall be made not later than the 30th day after the date of receipt of the statement of payments due.

  - (3) "SORM" means the State Office of Risk Management.

(Continued)

- (b) At the beginning of each fiscal year, SORM shall prepare a statement reflecting the assessments due from all agencies and present it to the Comptroller.
- (c) (1) Notwithstanding other provisions in this Act, agencies shall transfer to SORM seventy-five percent (75%) of their assessed allocation which includes amounts for workers' compensation coverage for their employees from funding in the same proportion as their expected payroll funding, including General Revenue Funds, dedicated General Revenue Fund accounts, Other Funds or local bank accounts and the agencies' proportion of SORM's costs to administer workers' compensation payments and other statutory obligations contained in A.1.1, Risk Management Program and Claims Administration.
  - (2) Not later than May 1 of each fiscal year, SORM shall determine, based on actual costs since the beginning of the fiscal year and other estimated costs, the remaining assessment due from each agency. SORM shall prepare a statement reflecting the remaining assessments due from each agency and present the statement to the Comptroller. Each agency shall transfer to SORM the remaining assessed allocation which includes amounts for workers' compensation coverage for their employees from funding in the same proportion as their expected payroll funding, including General Revenue Funds, dedicated General Revenue Fund accounts, Other Funds or local bank accounts and the agencies' proportion of SORM's costs to administer workers' compensation payments and other statutory obligations contained in A.1.1, Risk Management Program and Claims Administration.

The excess returned to the agencies by SORM is appropriated to the agencies for expenditures consistent with the original funding source. Any funding less than 110 percent of collections in Strategy B.1.1, Workers' Compensation Payments, not used for workers' compensation payments shall be used by SORM to lower the cumulative assessments to agencies the following fiscal year.
- (i) In the event the total assessments in any year prove insufficient to fund expenditures, SORM may, with the approval of the Legislative Budget Board, temporarily utilize additional general revenue in an amount not to exceed 20 percent of the cumulative assessments for that fiscal year. Any additional general revenue funds will be utilized only for the purpose of temporary cash flow and must be repaid upon receipt of the following year's assessments in accordance with procedures established by the Comptroller. All transfers from and repayments to the General Revenue Fund shall be reported by SORM to the Legislative Budget Board within 30 days of the transfer.
- (j) The reimbursement requirements established by this section may be waived or delayed, either in whole or in part, by the Legislative Budget Board.

No state agency or institution is required to reallocate or redistribute funds appropriated in this Act to provide funding for programs or legislation adopted by the Eighty-fifth Legislature for which there is not specific appropriation or contingency provision identified in this Act.

Sec. 17.02. Limitation on Substitution of General Obligation Bond Funded Projects. Following initial Legislative Budget Board approval of projects for which funds are appropriated to an agency elsewhere in this Act or funds appropriated to Texas Public Finance Authority (TPFA) for payment of debt service on outstanding Proposition 4 and Proposition 8 bonds, an agency may substitute projects for those approved by submitting a written request for project substitution to the TPFA, with a copy to the Legislative Budget Board. #### Sec. 17.09. Reporting Requirement for Funds Held Outside the Treasury.

- (a) The Comptroller of Public Accounts and the Legislative Budget Board shall jointly prepare a report on funds held outside the Treasury on a biennial basis. The report should contain the following information for operating funds and any other funds held outside the Treasury selected by the Comptroller of Public Accounts and the Legislative Budget Board:
  - (1) the legal/statutory basis for the fund or revenue held outside the treasury;
  - (2) the allowable uses of the fund or revenue held outside the treasury;
  - (3) a listing of programs for which the fund or revenue held outside the treasury is currently expended or could be expended;
  - (4) the estimated or actual revenues and expended or budgeted amounts by fiscal year for the most recently completed and current fiscal biennia; and
  - (5) the estimated or actual balance as of August 31<sup>st</sup> of each fiscal year in the most recently completed and current fiscal biennia.
- (b) Any state agency that receives, expends, or administers funds or revenues held outside the Treasury, either by the Comptroller of Public Accounts, the Texas Treasury Safekeeping Trust Company, or a private financial institution shall assist the Comptroller of Public Accounts and the Legislative Budget Board in preparing this report and shall submit all data and information as prescribed by the Comptroller of Public Accounts or the Legislative Budget Board.
- (c) In prescribing data to be reported and reporting deadlines, the Comptroller of Public Accounts and the Legislative Budget Board shall collaborate with state agencies to maximize the use of existing data sources and minimize work required to compile and submit information.
- (d) The report shall be available to the Governor, members of the Legislative Budget Board, the Senate Finance Committee and the House Appropriations Committee, no later than the last day in February of each year in which a regular session of the Texas Legislature convenes.
- **Sec. 17.10. Contract Cost Containment.** It is the intent of the Legislature that all agencies and institutions of higher education find savings in contracted goods and services to ensure the cost-effective use of state appropriations regardless of method of finance or source of funds. Appropriations of General Revenue and General Revenue-Dedicated Funds made elsewhere in this Act are reduced by the amounts listed below. Affected agencies shall identify and execute savings and efficiencies in their use of contracted goods and services.
  - (a) In addition to canceling contracts for which the agency does not have sufficient appropriations, agencies and institutions should, when administratively feasible and cost-effective, implement the following strategies to the extent allowable by state statute and the Contract Management Guide:
    - (1) Modify contract statements of work to remove non-essential services or requirements;
    - (2) Provide services previously outsourced; any increase in full-time equivalents needed to provide such services are subject to the approval process established by Article IX, Section 6.10 of this Act;
    - (3) Reduce staff augmentation contracts for non-essential functions; if an agency cannot fill a classified information technology position (class number 0210-0328), the agency may re-classify the position up to Salary Schedule Group B32 provided in this Act if it provides written notice to the Legislative Budget Board, State Auditor's Office, and Comptroller's Office at least 30 calendar days prior to filling the position. The request shall be considered approved unless disapproved by the Legislative Budget Board;
    - (4) Ensure provisions related to service level and pricing mechanisms in existing contracts are correctly enforced;
    - (5) Enforce damage provisions for vendor non-performance and collect monetary refunds for improper payments to vendors;
    - (6) Ensure dollar values of performance bonds and insurance are consistent with risk of nonperformance and reduce requirements if it is prudent to do so;
    - (7) Use TxSmartBuy, term contracts, and cooperative contracts whenever possible;
    - (8) Modify supplier terms and discounts;
    - (9) Consolidate purchasing requests and delivery intervals;

(Continued)

- (10) While ensuring the maximum use of competitive sourcing, consolidate contracts for similar services into the fewest vendors possible to reduce duplication of effort;
- (11) Reduce on-hand quantities of inventoried items and centralize warehouses; and
- (12) Encourage vendors to identify potential cost savings.
- (b) In addition, an agency or institution of higher education may not use funds appropriated elsewhere in this Act to pay for a contract for goods or services unless it:
  - (1) Seeks competitive bids before renewing or extending a contract that has been in effect more than three fiscal years as of August 31, 2017 and is valued at the lesser of \$10,000,000 or 10 percent of the agency's All Funds budget for the 2018-19 biennium. The following contracts are exempt from the requirements of Subsection (b)(1) of this \$ 17.10:
    - (A) TxSmartBuy, term, and cooperative contracts administered by the Comptroller or Department of Information Resources;
    - (B) grants;
    - (C) interagency contracts;
    - (D) contracts that relate to a construction project as defined by §2166.001, Government Code:
    - (E) contracts that relate to highway construction or highway engineering;
    - (F) contracts that relate to developing information resource applications or information resource technologies; and
    - (G) contracts not required by law to be competitively bid.
  - (2) Conducts a cost-benefit analysis to compare canceling or continuing any contract related to a major information resource project subject to Quality Assurance Team (QAT) monitoring that is more than 50 percent over budget or over schedule. QAT must reapprove the cost-benefit analysis for the project to continue.
- (c) Each agency and institution of higher education that receives appropriations in this Act, shall provide a report to the Legislative Budget Board and the Governor that details strategies implemented, savings realized, and any other information required by the Legislative Budget Board from contract cost containment efforts. The report for activities undertaken in fiscal year 2018 is due not later than September 30, 2018 and a summary report for the 2018-19 biennium is due August 31, 2019.
- (d) The table below is an informational list of reductions made elsewhere in this Act for each agency in 2018-19 General Revenue and General Revenue-Dedicated funds for a total savings of \$34.0 million.

# **ARTICLE XI. SAVINGS CLAUSE**

If any section, sentence, clause or part of this Act shall for any reason be held to be invalid, such decision shall not affect the remaining portions of this Act; and it is hereby declared to be the intention of the Legislature to have passed each sentence, section, clause, or part thereof irrespective of the fact that any other sentence, section, clause or part thereof may be declared invalid.

#### **ARTICLE XII. EMERGENCY CLAUSE**

The importance of the legislation to the people of the State of Texas and the crowded condition of the calendars in both Houses of the Legislature create an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three separate days in each House be suspended, and said Rule is hereby suspended; and this Act shall take effect and be in force from and after its passage, and it is so enacted.
