3. **Updated Actuarial Valuation.** The Employees Retirement System shall contract with an actuary to perform a limited actuarial valuation of the assets and liabilities of the Employees Retirement System as of February 28 in those years when the Legislature meets in regular session. The purpose of the valuation shall be to determine the effect of investment, salary, and payroll experience on the unfunded liability, the amortization period, and the state contribution rate which results in a 30-year amortization period of the Retirement System.
4. **State Contribution to Employees Retirement Program.** The amount specified above in A.1.1, Retirement Contributions, is based on a state contribution of 6.45 percent of payroll, including annual membership fees of \$3 for contributing members for each fiscal year.
5. **State Contribution to Judicial Retirement Program (JRS-2).** The amount specified above in A.1.3, Judicial Retirement System - Plan 2, is based on a state contribution of 16.83 percent of payroll for contributing members for each fiscal year.
6. **State Contribution to Group Insurance for General State Employees.** Funds identified above for group insurance are intended to fund:
 - a. the total cost of the basic life and health coverage for all active and retired employees;
 - b. fifty percent of the total cost of health coverage for the spouses and dependent children of all active and retired employees who enroll in coverage categories which include a spouse and/or dependent children; and
 - c. the additional cost of providing a premium structure comparable to the Children's Health Insurance Program (CHIP) for dependent children of state employees enrolled in the State Kids Insurance Program (SKIP).

In no event shall the total amount of state contributions allocated to fund coverage in an optional health plan exceed the actuarially determined total amount of state contributions that would be required to fund basic health coverage for those active employees and retirees who have elected to participate in that optional health plan.

During each fiscal year, the state's monthly contribution shall be determined by multiplying (1) the per capita monthly contribution as certified herein by (2) the total number of full-time active and retired employees enrolled for coverage during that month.

Each year, upon adoption of group insurance rates by the Board of Trustees, Employees Retirement System must notify the Comptroller, the Legislative Budget Board, and the Governor of the per capita monthly contribution required in accordance with this rider for each full-time active and retired employee enrolled for coverage during the fiscal year.

It is the intent of the Legislature that the Employees Retirement System control the cost of the group insurance program by not providing rate increases to health care providers participating in HealthSelect during the 2010-11 biennium.

7. **Excess Benefit Arrangement Account.** There is hereby appropriated to the Employees Retirement System all funds transferred or deposited into the Excess Benefit Arrangement Account established in the General Revenue-Dedicated Account No. 5039, for the purpose of paying benefits as authorized by Government Code § 815.5072.
8. **Transfer of Retirement Contributions and Group Insurance.** Appropriations made in this and other articles of this Act for Retirement and Group Insurance contributions shall be transferred by each agency from the Employees Retirement System to the agency based on estimated amounts by funding source for each fiscal year. Transfers should be made no later than September 15 of the year in which the payments are to be made. Adjustments and return of excess appropriation authority to the Employees Retirement System shall be completed by October 30 of the subsequent fiscal year.
9. **Appropriation for State Kids Insurance Program (SKIP).** Pursuant to 1551.159, Insurance Code, relating to the state's contribution for dependent children of certain state employees, funds identified above in Strategy B.1.2, State Kids Insurance Program, for group insurance are to be used for the costs of the State Kids Insurance Program (SKIP).

- 11. State Contribution to the Law Enforcement and Custodial Officer Supplemental Retirement Fund (LECOS).** The amount specified in A.1.2, Law Enforcement and Custodial Officer Supplemental Retirement Fund (LECOS), is based on 1.59 percent of covered payroll for LECOS members.

Online Health Risk Assessment.** Out of funds appropriated above in Strategy B.1.1, the Employee Retirement System shall use an amount not to exceed \$100,000 in fiscal year 2010 for the purpose of purchasing access to an online health risk assessment for state employees that do not already have access to one.

Testing deemed necessary under this provision must be approved by the Executive Director and obtained for the safety of the employee or the general public.
7. **Cost Recovery, Reimbursement of General Revenue Funds.** In the event that the Leasing Services Program or any other function funded with general revenue in the above strategies recovers operational costs through reimbursements from other agencies or entities, the Texas Facilities Commission shall reimburse the General Revenue Fund for the amounts expended. 8. **Texas Facilities Commission's Revolving Account.** The Comptroller of Public Accounts shall maintain the "Texas Facilities Commission's Revolving Account" to account for the expenditures, revenues, and balances of its full cost-recovery operations of Minor Construction and Project Management. Any unobligated balances as of August 31, 2010, are appropriated for the same use during fiscal year 2011.
9. **Appropriations Limited to Revenue Collections.** Fees, fines and other miscellaneous revenues as authorized and generated by the operation of the Federal Surplus Property Program shall cover, at a minimum, the cost of the appropriations made for the Federal Surplus Property Program above for strategy item C.1.1, Surplus Property Management, as well as the "other direct and indirect costs" associated with this program, appropriated elsewhere in this Act. "Other direct and indirect costs" for the Federal Surplus Property Program above for strategy item C.1.1, Surplus Property Management, are estimated to be \$168,832 for fiscal year 2010 and \$176,148 for fiscal year 2011. Any unexpended balances as of August 31, 2009 (estimated to be \$2,875,000), in Federal Surplus Property Service Charge Account Fund 570 are hereby appropriated to the Texas Facilities Commission for costs associated with the operations of the Federal Surplus Property Program during the 2010-11 biennium. This credit shall be in addition to actual hours worked during normal duty hours and actual hours worked during on-call status. For employees subject to the Fair Labor Standards Act (FLSA), an hour of on-call service shall be considered to be an hour worked during the week for purposes of the FLSA only to the extent required by federal law.

Items to be budgeted in and paid from these accounts include, but are not limited to: postage, occupancy costs, equipment repair, telephones, office printing costs, supplies, freight and transport costs, telephone system costs, and salary and travel costs of staff whose function supports several programs. All references in this rider to rebate revenue refer to vendor drug rebates as well as supplemental rebates earned via the preferred drug lists (methods of finance include Vendor Drug Rebates-Medicaid, Vendor Drug Rebates-CHIP, and Vendor Drug Rebates-Supplemental Rebates).

The use of the state's share of Medicaid Subrogation Receipts is limited to funding services for Medicaid clients. Medicaid Subrogation Receipts shall be expended as they are received as a first source, and General Revenue shall be used as a second source, to support the Medicaid program. In the event that these revenues should be greater than the amounts identified in the method of finance above as Medicaid Subrogation Receipts (State Share), the Commission is hereby appropriated and authorized to expend these Other Funds thereby made available, subject to the following requirements:
- a. Amounts available shall be expended prior to utilization of any General Revenue available for the same purposes.
 - b. In the event General Revenue has been expended prior to the receipt of the state's share of Medicaid Subrogation Receipts, the Commission shall reimburse General Revenue. This process shall be completed on a monthly basis in order to prevent accumulation of Medicaid Subrogation Receipt balances.
- The preceding paragraph shall be the exclusive appropriation authority for receipts from the above identified sources, and none of these receipts shall be appropriated by a provision of Article IX of this Act.
- 7. Appropriation Transfers Between Fiscal Years.** In addition to the transfer authority provided elsewhere in this Act and in order to provide for unanticipated events that increase costs associated with providing Medicaid or CHIP services for eligible clients, the Health and Human Services Commission is authorized to transfer General Revenue from funds appropriated in Medicaid or CHIP strategies in fiscal year 2011 to fiscal year 2010 and such funds are appropriated to the Commission for fiscal year 2010. Such transfers may only be made subject to the following:
- a. Transfers under this section may be made only:
 - (1) if costs associated with providing Medicaid or CHIP services exceed the funds appropriated for these services for fiscal year 2010, or
 - (2) for any other emergency expenditure requirements, including expenditures necessitated by public calamity.

Notwithstanding the General Provisions of this Act, the Health and Human Services Commission is hereby authorized to receive and disburse in accordance with plans acceptable to the responsible federal agency, all federal moneys that are made available (including grants, allotments, and reimbursements) to the state and retain their character as Federal Funds for such purposes, and to receive, administer, and disburse Federal Funds for federal regional programs in

- 10. Accounting of Support Costs.** The Comptroller of Public Accounts shall establish separate accounts from which certain support costs shall be paid. The Health and Human Services Commission is hereby authorized to make transfers into these separate accounts from line item strategies in order to pay for these expenses in an efficient and effective manner. Only costs not directly attributable to a single program may be budgeted in or paid from these accounts. Items to be budgeted in and paid from these accounts include but are not limited to: postage, occupancy costs, equipment repair, telephones, office printing costs, supplies, freight and transport costs, telephone system costs and salary and travel costs of staff whose function supports several programs. The Commission shall be responsible for quarterly allocations of these costs to the original strategies.
- 11. Disposition of Appropriation Transfers from State-owned Hospitals.** The Health and Human Services Commission shall use the sums transferred from state owned hospitals as provided elsewhere in the Act as necessary to apply for appropriate matching Federal Funds and to provide the state's share of disproportionate share payments and upper payment limit payments due to state-owned hospitals. Any amounts of such transferred funds not required for these payments shall be deposited by the Health and Human Services Commission to the General Revenue Fund as unappropriated revenue. By October 1 of each fiscal year, the Health and Human Services Commission shall present a schedule of projected transfers and payments to the Comptroller of Public Accounts, the Governor, and the Legislative Budget Board. The Comptroller of Public Accounts shall process all payments and transfers, unless disapproved or modified by the Legislative Budget Board or the Governor.
- 12. Transfers: Authority and Limitations.**

All funding used in this manner shall be promptly returned to the originating strategy. This authorization is subject to limitations established by the Comptroller of Public Accounts.

The Comptroller of Public Accounts shall not allow the transfer of funds authorized by any of the above subsections if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

Serving those eligible for the CHIP Perinatal program may be a secondary priority.
- 36. Medical Treatments.** The Health and Human Services Commission may distribute funds for medical, dental, psychological or surgical treatment provided to a minor only if consent to treatment is obtained pursuant to Chapter 32 of the Texas Family Code. In the event that compliance with this rider would result in the loss of Federal Funds to the state, the department may modify, or suspend this rider to the extent necessary to prevent such loss of funds, provided that 45 day prior notification is provided to the Governor and the Legislative Budget Board.
- 37. Unexpended Balance Authority for Eligibility Determination Services.** Unexpended balances in General Revenue Funds appropriated in Strategy A.1.2, Integrated Eligibility and Enrollment, for the fiscal year ending August 31, 2010, are appropriated to the agency for the following fiscal year only upon prior written approval by the Legislative Budget Board and the Governor.

- 38. Continued Medicaid Coverage for Clients Unable to Access Medicare Part D Benefit and for Certain Excluded Medicare Part D Drug Categories.** It is the intent of the Legislature that from funds appropriated above in Strategy B.2.2, Medicaid Vendor Drug Program, the Health and Human Services Commission shall continue to provide Medicaid coverage for dual eligible clients who are unable to access their Medicare Part D drug benefit. The Health and Human Services Commission shall recoup funds for these expenditures from Part D drug plans that are determined to be responsible for the dual eligible clients' drug costs. It is also the intent of the Legislature that from funds appropriated above in Strategy B.2.2, Medicaid Vendor Drug Program, the Health and Human Services Commission shall continue to provide Medicaid coverage for certain categories of drugs not covered under the federal Medicare Part D program, under Section 1935(d)(2) of the Social Security Act, for full dual eligible clients. The Health and Human Services Commission shall implement Medicaid upper payment limit reimbursement to cover the actual costs incurred in providing Medicaid inpatient and outpatient services and Graduate Medical Education at children's hospitals. In the event that appropriations are insufficient to cover these Medicaid costs in all children's hospitals, the Health and Human Services Commission shall prioritize this Medicaid upper payment limit reimbursement to reduce the Medicaid losses in any children's hospital with a Medicaid patient load that exceeds 60 percent of the hospital's total inpatient days.
- 40. Hospital Uncompensated Care.** No funds appropriated under this Article for medical assistance payments may be paid to a hospital if the Health and Human Services Commission determines that the hospital has not complied with the Commission's reporting requirements. The Commission shall ensure that the reporting of uncompensated care (defined to include bad debt, charity care and unreimbursed care) by Texas hospitals is consistent for all hospitals and subjected to a standard set of adjustments that account for payments to hospitals that are intended to reimburse uncompensated care. These adjustments are to be made in such a way that a reliable determination of the actual cost of uncompensated care in Texas is produced. In pursuing this objective, the commission, in coordination with the Attorney General, and with advice from representatives from the hospital industry, will:
- a. review the current instruments for reporting uncompensated care by Texas hospitals to ensure that accounting for uncompensated care as well as its reporting is consistent across hospitals;
 - b. coordinate the different instruments for reporting uncompensated care in Texas, e.g., Statement of Community Benefits, Annual Hospital Survey, and DSH Survey, so that there is consistency in reporting among these instruments while maintaining the integrity of each instrument's purpose;
 - c. identify the sources of funding to hospitals that are intended to offset uncompensated care;
 - d. develop a standard set of adjustments that apply the funding sources to reported uncompensated care in such a manner that a reliable determination of the actual cost to a hospital for uncompensated care can be made; and
 - e. identify a standard ratio of cost to charges (RCC) to standardize the conversion of reported charges to costs.

The commission shall conduct an appropriate number of audits to assure the accurate reporting of the cost of uncompensated hospital care.

HEALTH AND HUMAN SERVICES COMMISSION

(Continued)

The commission shall submit a biennial report on uncompensated care costs, which considers the impact of patient specific and lump sum funding as offsets to uncompensated costs, to the Governor and Legislative Budget Board no later than December 1, 2010. The commission may report by hospital type.

- 41. Hospital Reimbursement.** Contingent upon federal approval, and to the extent allowed by law, no funds appropriated under this Article for the payment of inpatient hospital fees and charges under the medical assistance program may be expended, except under a prospective payment methodology for all Medicaid inpatient claims that employs sound cost reimbursement principles and:
- a. enhances the Health and Human Services Commission's ability to be a prudent purchaser of health care;
 - b. reflects costs that are allowable, reasonable and medically necessary to deliver health care services to the state's Medicaid population;
 - c. reduces the variability in the Medicaid reimbursement rates paid to hospitals for treating patients with the same diagnoses;
 - d. promotes and rewards increased efficiency in the operation of hospitals;
 - e. emphasizes and rewards quality of outcomes and improves the treatment of Medicaid patients through pay-for-performance principles;
 - f. recognizes, through add-on payments or other methods, the unique needs of rural hospitals;
 - g. reformulates the Disproportionate Share Hospital (DSH) supplemental payment methodology to increase its focus on paying hospitals for uncompensated care and reduces the existence of the inpatient Medicaid shortfall that prevents the State from achieving this objective; and
 - h. reimburses inpatient services in freestanding psychiatric facilities similar to the prospective payment system used by the Centers for Medicare and Medicaid Services.
- 42. Payments to Health Centers for Medicaid Family Planning.** It is the intent of the Legislature that the Health and Human Services Commission shall, to the extent allowed by federal law, reimburse Federally Qualified Health Centers for family planning services under Medicaid, including the Women's Health Program, using a prospective payment system at a per visit rate, not to exceed three payments during a calendar year.
- 43. Payments to Hospital Providers.** Until the Health and Human Services Commission implements a new reimbursement system for Fee-for-Service (FFS) and Primary Care Case Management (PCCM) inpatient services, hospitals that meet one of the following criteria: 1) located in a county with 50,000 or fewer persons, or 2) is a Medicare-designated Rural Referral Center (RRC) or Sole Community Hospital (SCH), that are not located in a metropolitan statistical area (MSA) as defined by the U.S. Office of Management and Budget, or 3) is a Medicare-designated Critical Access Hospital (CAH), shall be reimbursed the greater of the prospective payment system rate or a cost-reimbursement methodology authorized by the Tax Equity and Fiscal Responsibility Act of 1982 (TEFRA) using the most recent data. Hospitals reimbursed under TEFRA cost principles shall be paid without the imposition of the TEFRA cap. Hospitals that meet the criteria as of September 1, 2009, retain this reimbursement for FFS and PCCM inpatient services.
- 44. Staffing and Capital Authorization in Lieu of Contracted Responsibilities.** Notwithstanding any other provisions in this Act, if the executive commissioner of the Health and Human Services Commission (HHSC) determines that a service performed under a contract as of the effective date of this Act would be more effectively performed by state personnel, the executive commissioner is authorized to adjust the agency's full-time equivalent (FTE) and/or capital authority limitation to the extent necessary to ensure the successful assumption of such contracted duties and to comply with federal performance standards.

Authority granted by this provision is contingent upon a written notification from HHSC to the Legislative Budget Board and the Governor at least 30 days prior to adjusting budgeted FTE levels and/or acquiring capital equipment that includes the following information:

HEALTH AND HUMAN SERVICES COMMISSION

(Continued)

- c. the increase in both the annual average and end-of-year FTEs by fiscal year;
- d. the estimated increase in expenditures by object of expense and method of financing for each fiscal year; and
- e. the estimated increase in capital expenditures by method of financing by fiscal year for each increased or new project.

The Comptroller of Public Accounts shall not allow the adjustment of FTE or capital authority limitations authorized by this provision if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

45. Graduate Medical Education. The Health and Human Services Commission is authorized to spend Appropriated Receipts - Match for Medicaid and matching Medicaid Federal Funds out of Strategy B.2.1, Cost Reimbursed Services, for Graduate Medical Education payments to state-owned teaching hospitals, contingent upon receipt of allowable funds from state-owned teaching hospitals to be used as the non-federal share for Medicaid Graduate Medical Education. Appropriated Receipts - Match for Medicaid shall be the only source of funds used for the non-federal share for Medicaid Graduate Medical Education, and the Health and Human Services Commission shall develop a payment methodology for Medicaid Graduate Medical Education payments to state-owned teaching hospitals.

Out of funds appropriated above in Strategy A.2.1, Consolidated System Support, the Health and Human Services Commission (HHSC) may expend \$14,899,934 in General Revenue and any associated matching Federal Funds to develop/implement an enterprise data warehouse for data related to Medicaid services, human services, and public health services. In order to ensure maximum accountability, HHSC shall contract with a single vendor for the data warehouse.

48. Physician-administered Biologics and Drugs. To the extent compatible with state and federal law, drugs and biological products are deemed covered benefits of Medicaid if those products are approved for sale by the U.S. Food and Drug Administration and satisfy the criteria of the Omnibus Budget Reconciliation Act of 1990 and the Deficit Reduction Act of 2005. The manufacturers of drugs and biological products which are deemed covered benefits under Medicaid shall obtain a unique HCPCS code of C, Q, or J and a National Drug Code that will enable the state Medicaid office to track the product for the purpose of receiving Medicaid rebates.

HHSC shall develop and make available a process to analyze new, "first-in-class," physician-administered drugs and biological products for the purpose of issuing a Medicaid coverage report or opinion.

For new physician-administered drugs and biological products slated for inclusion in an existing class covered by Medicaid, HHSC shall develop and make available an expedited process to analyze fiscal impact and incremental cost over current drug treatment and therapy.

HHSC shall develop and make available a process for approving new FDA-approved indications of physician-administered drugs and biological products covered by Medicaid.

The agency shall submit a report explaining the impact of the rebasing on the rates, with impacts by model of care and Medicaid risk group, and the General Revenue and Federal Funds cost of the rebasing by fiscal year.

Contingent upon findings that a Medicaid state plan amendment is cost effective, the Health and Human Services Commission shall seek approval of this amendment and make necessary regulatory changes.
- 65. Pilot Program for Adults with Autism.**
- a. It is the intent of the Legislature that, out of fund appropriated in Strategy A.1.1, Enterprise Oversight and Policy, the Health and Human Services Commission shall allocate an appropriate amount in fiscal year 2010 to conduct a study to determine the costs and benefits of a pilot program based on a program designed to:

- 66. - 68. Study Regarding the Need for Community Support and Residential Services for Individuals Suffering from Acquired Brain Injury.**
- a. It is the intent of the legislature that, out of General Revenue funds appropriated above, the executive commissioner of the Health and Human Services Commission conduct a study, not later than September 1, 2010, regarding the need for a system of community support and residential services for individuals suffering from acquired brain injury. The study must, at a minimum:

Medical Transportation.** The Health and Human Services Commission shall use funds appropriated in Strategy B.2.4, Medical Transportation, in a manner that ensures the provision of timely and appropriate non-emergency transportation services, supports access to health care, optimizes federal funding, and incorporates cost containment strategies and budget predictability. The commission shall evaluate and determine, by service delivery area, the most appropriate service delivery model for that area. The commission may consider a full-risk brokerage service delivery model in conducting the evaluation and making the determination for a service delivery area, but may not implement that model unless the Legislature, through another legislative Act that is enacted and becomes law, specifically authorizes the commission to implement that model.
- 70. Fiscal Accountability for Programs for Persons With Mental Retardation.** It is the intent of the Legislature that the executive commissioner of the Health and Human Services Commission adopt rules that prohibit the commission from enforcing minimum spending thresholds currently contained in the fiscal accountability requirements beginning with the 2008 cost reports for the intermediate care facilities for persons with mental retardation and home and community-based services waiver programs. The 2007 cost reports will continue to have minimum spending thresholds currently contained in the fiscal accountability spending requirements applied. If before implementing this provision the commission determines that a waiver or authorization from a federal agency is necessary for implementation of the provision, the commission shall request the waiver or authorization and may delay implementing the provision until the waiver or authorization is granted.
- 71. Contingency for House Bill 1398.** Single point of entry for long-term services and supports pilot project \$2,200,000.

Notwithstanding the limitation described above, the department shall allow a local mental health or mental retardation authority to expend an amount not to exceed 15 percent of its New Generation Medication funds on support programs that are related to the administration of New Generation Medications, provided, however, that an authority using its New Generation Medication funds for support services must meet its contracted performance target for persons served with New Generation Medications and that the availability of New Generation Medication funds to expend on services must result from cost efficiencies achieved by the authority.
- c. To the extent that the local authorities are able to obtain private sector donations of medications for clients and/or financial contributions for the purchase of New Generation Medications in DSHS Strategies B.2.1, Mental Health Services for Adults, and B.2.2, Mental Health Services for Children, and they meet or exceed their contracted performance targets for persons served with New Generation Medications, they may expend up to an equivalent amount from these strategies on direct services to clients.

Sec. 36. Purchasing of Medication. The Department of State Health Services and the Department of Aging and Disability Services shall require that local mental health and mental retardation authorities, as a condition of receiving funds appropriated by this Act, document their effort to make needed medications available to consumers at the lowest possible prices and to utilize the most cost effective medication purchasing arrangement available. It is the intent of the Legislature that the Department of State Health Services and the Department of Aging and Disability Services shall provide technical assistance to community centers as necessary to maximize efficiency.

Sec. 37. Donations from Individuals, Community Groups and Volunteer Services Councils. It is expressly provided that the Department of State Health Services and the Department of Aging and Disability Services, in accordance with § 533.001 of the Health and Safety Code and to the extent permitted by law, may accept donations for permanent improvements at the state mental health facilities and the state mental retardation facilities from individuals, community groups and local Volunteer Services Councils. Such funds are not subject to limitations on capital budget expenditures as contained in Article IX or any other similar provisions in this Act. Permanent improvements are defined as an improvement to a state facility that involves construction, building system(s), and/or landscaping.

Sec. 38. Contracted Medical Services. Out of funds appropriated above, the Department of State Health Services (DSHS) and the Department of Aging and Disability Services (DADS) shall not pay more than the approved reimbursement rate set by the Health and Human Services Commission for hospital services provided to an indigent DSHS or DADS consumer in a private or public hospital.

Sec. 39. Efficiencies at Local Mental Health and Mental Retardation Authorities. It is the intent of the Legislature that the local mental health and mental retardation authorities that receive allocations from the funds appropriated above to the Department of Aging and Disability Services and the

Department of State Health Services shall maximize the dollars available to provide services by minimizing overhead and administrative costs and achieving purchasing efficiencies. Among the strategies that should be considered in achieving this objective are consolidations among local authorities and partnering among local authorities on administrative, purchasing, or service delivery functions where such partnering may eliminate redundancies or promote economies of scale. The Legislature also intends that each state agency that enters into a contract with or makes a grant to local authorities does so in a manner that promotes the maximization of third party billing opportunities, including to Medicare and Medicaid.

It is the Legislature's intent that local authorities not expend funds appropriated to the Department of Aging and Disability Services in Strategy A.4.2, Mental Retardation Community Services, or Strategy A.4.5, Mental Retardation In-Home Services, to supplement the rate-based payments they receive to fund their costs as providers of waiver or ICF-MR services.

Sec. 40. Equal Opportunity Principles in Contracting for Social Services. The Legislature intends that each state agency that contracts with or makes a grant to a nongovernmental entity to provide social services, using money appropriated by this Act, enter the contract or make the grant in a manner that is consistent with the equal opportunity principles and safeguards provided by federal law under 42 U.S.C. § 604a.

Sec. 41. Limitation on Unexpended Balances: General Revenue for Medicaid. Unexpended balances in General Revenue Funds appropriated for the Medicaid program (GR Match for Medicaid and GR Certified as Match for Medicaid) to the Health and Human Services Commission, the Department of Aging and Disability Services, and the Department of State Health Services for fiscal year 2010 are appropriated for the same purposes to the respective agencies for fiscal year 2011 only upon prior written approval by the Legislative Budget Board and the Governor.

For authorization to expend the funds, an agency shall submit a written request to the Legislative Budget Board and the Governor by April 1, 2010. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts. The request must be organized by fiscal year as follows:

- a. The following information shall be provided for fiscal year 2010:
 - (1) a detailed explanation of the cause(s) of the unexpended balance(s);
 - (2) the amount of the unexpended balance(s) by strategy; and
 - (3) an estimate of performance levels and, where relevant, a comparison to targets in this Act.
- b. The following information shall be provided for fiscal year 2011:
 - (1) a detailed explanation of the purpose(s) for which the unexpended balance(s) will be used and whether the expenditure will be one-time or ongoing;
 - (2) the amount of the expenditure by strategy;
 - (3) an estimate of performance levels and, where relevant, a comparison to targets in this Act; and
 - (4) the capital budget impact.

An agency shall submit a revised written request by October 1, 2010 if the amount of the estimated unexpended balance(s) varies by more than five percent from the amount estimated in the original request.

Additional information requested by the Legislative Budget Board or the Governor should be provided in a timely manner. The request and information provided subsequently shall be prepared in a format specified by the Legislative Budget Board.

The request shall be considered to be disapproved unless the Legislative Budget Board and the Governor issue written approvals within 45 calendar days of receipt of the request.

The Comptroller of Public Accounts shall not allow the use of unexpended balances if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

Sec. 42. Appropriation of Receipts: Civil Monetary Damages and Penalties. Included in the amounts appropriated above for the 2010-11 biennium are the following:

- a. \$2,660,000 in General Revenue Match for Medicaid for the Department of Aging and Disability Services;
- b. \$1,414,870 in General Revenue Match for Medicaid for the Health and Human Services Commission; and
- c. \$520,000 in General Revenue for the Department of State Health Services.

These amounts are contingent upon the collection of civil monetary damages and penalties under Human Resources Code § 32.021 and Health and Safety Code § 431.047. Any amounts collected above these amounts by the respective agency are hereby appropriated to the respective agency in amounts equal to the costs of the investigation and collection proceedings conducted under those sections, and any amounts collected as reimbursement for claims paid by the agency.

Sec. 43. Financial Monitoring of Community MHMR Centers. The Department of Aging and Disability Services (DADS), the Department of State Health Services (DSHS), and the Health and Human Services Commission (HHSC) shall enter into a written agreement that defines each agency's responsibilities for monitoring the expenditure by community mental health and mental retardation centers of funds appropriated by this Act. The written agreement shall include provisions for monitoring that require community mental health and mental retardation centers to account for state funds separately from other sources of funds.

Sec. 44. Appropriation of Unexpended Balances: Funds Recouped from Local Authorities. Notwithstanding other provisions of this Act, any state funds appropriated for fiscal year 2010 recouped by the Department of Aging and Disability Services or the Department of State Health Services from a local mental health or mental retardation authority for failing to fulfill its performance contract with the State, are hereby appropriated to the respective agency for the same strategy, to reallocate to other local mental health or mental retardation authorities in fiscal year 2011.

Each agency shall provide a report to the Legislative Budget Board and the Governor by June 1, 2010 that includes the amount of the recoupment by strategy, the reasons for the recoupment, the local authorities involved, any performance contract requirements that were not met, and the purposes of the reallocation.

Sec. 45. Enterprise Support Services. Out of funds appropriated above, the following amounts are allocated for enterprise support services:

For authorization to make an assessment that exceeds an amount indicated above or to establish a new enterprise support service category, the Executive Commissioner of the Health and Human Services Commission shall submit a written request to the Legislative Budget Board and the Governor. At the same time, the Executive Commissioner shall provide a copy of the request to the Comptroller of Public Accounts. The request shall include the following information by fiscal year:

- (1) a detailed explanation of the reasons for the assessment and why it exceeds the amounts identified in this provision;
- (2) the amount of the assessment by enterprise support service category at both the agency and enterprise levels;
- (3) the amount of the assessment by major fund type at both the agency and enterprise levels; and
- (4) the impact of the assessment on each agency's performance levels.

For a new enterprise support service category, the request shall include relevant information identified in items (1) through (4) of this section.

Additional information requested by the Legislative Budget Board or the Governor should be provided in a timely manner. The request and information provided subsequently shall be prepared in a format specified by the Legislative Budget Board.

The request shall be considered to be disapproved unless the Legislative Budget Board and the Governor issue written approvals within 45 calendar days of receipt of the request.

b. Reporting Requirements.

(including cost allocation plans) used to allocate enterprise support services expenses among agencies and their strategies, including the resulting allocation of expenses to General Revenue Funds.

The examination should compare enterprise support services expenditures across at least three fiscal years and include recommendations and/or cite actions taken to control expenditures and to minimize the General Revenue Fund share of such expenditures.

The report, including supporting analysis and explanation, shall be prepared in a format approved by the Legislative Budget Board and submitted to the Legislative Budget Board and the Governor no later than April 1, 2010.

The Comptroller of Public Accounts shall not allow the expenditure of funds for an increased assessment or a new enterprise support service category if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

Sec. 46. Waiting List Reduction. Notwithstanding any other provision in this Act, the Department of Aging and Disability Services is directed to consider factors such as length of time on the interest/waiting list, size of waiting list, demographics, average cost, and crisis stabilization in providing services to waiting list clients on a program-specific basis.

Sec. 47. Appropriation: Medicaid Estate Recovery. Funds deposited to the credit of Medicaid Estate Recovery (General Revenue - Dedicated Account No. 5109) above the Biennial Revenue Estimate are hereby appropriated to the Department of Aging and Disability Services for community-based care to individuals who are on a waiting or interest list.

This appropriation is contingent upon the department submitting a plan which details the number of clients to be served, estimated expenditures by method of financing by year, as well as any other information requested by the Legislative Budget Board. The plan shall be submitted to the Legislative Budget Board, the Governor, and the Comptroller of Public Accounts 30 days prior to any expenditure of the funds.

Sec. 48. Allocation of Provider Rate Increases. If funding is specifically appropriated by this Act to increase the rate for Home and Community-based Services or the rate for private ICF/MR services, the Health and Human Services Commission and the Department of Aging and Disability Services are authorized to allocate the increase in rate funding for the appropriate program to the indirect portions of the rate. This authorization is granted to the extent allowed by state and federal law.

Sec. 49. Client Abuse, Neglect, and Exploitation Reporting in State Schools and State Hospitals. The Department of Aging and Disability Services, the Department of State Health Services, and the Department of Family and Protective Services shall establish sufficient input, processing, and output controls as well as a system for auditing client abuse/neglect/exploitation data to ensure each agency has accurate, complete data.

Sec. 50. Rio Grande State Center. Out of funds appropriated above to the Department of Aging and Disability Services (DADS) in Strategy A.8.1, MR State School Services, DADS shall enter into an interagency contact with the Department of State Health Services (DSHS) to transfer \$2,736,420 in All Funds for each fiscal year of the biennium to DSHS, Strategy C.1.3, Mental Health State Hospitals, to fund 79.5 full-time equivalents and related services at the Rio Grande State Center.

Sec. 51. Expansion of Community-based Services.

a. **Limitations and Reporting.** Funds appropriated elsewhere in this Act, totaling \$210,215,553 in General Revenue Funds and \$437,269,762 in All Funds for the 2010-11 biennium, are contingent upon each agency listed in the tables below providing the following information to the Legislative Budget Board and the Governor:

- (1) by September 1, 2009, a written report detailing, by month and fiscal year, planned client service levels, average monthly cost per client, and total expenditures for each listed strategy for fiscal year 2010 and fiscal year 2011; and

Additional information requested by the Legislative Budget Board or the Governor should be provided in a timely manner. The request and information provided subsequently shall be prepared in a format specified by the Legislative Budget Board.

The Comptroller of Public Accounts shall not allow the expenditure of funds if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

Reports required by section (a) of this provision and by other provisions of this Act shall include comparisons and variance explanations relative to these targets.

- (1) Table 3, Continuing Clients/Slots, indicates the number of client/slots in fiscal year 2009 who will continue to receive services in the 2010-11 biennium.
- (2) Table 4, Expansion Clients/Slots indicates the number of additional clients/slots who will be served as a result of increased funding specified in subsection (a).
- (3) Table 5 indicates the combined continuing and new clients/slots.

The "End of Year Clients" column indicates the number of clients/slots who will be served in the final month of the fiscal year. The "Average Monthly" column indicates the number of clients/slots to be served on average for the fiscal year overall. Average monthly values reflect the approved rollout of new slots and tie to performance targets established within each agency's bill pattern.

Sec. 52. Contingency Authorization for Twelve Months Continuous Eligibility for Medicaid Children.

- a. The Health and Human Services Commission is hereby authorized to expend funds appropriated to provide for a period of twelve months continuous eligibility for Medicaid children contingent upon the following three conditions:
 - (1) enactment of legislation by the Eighty-first Legislature providing the authority to expand this health care coverage to Medicaid children;
 - (2) the Federal Medical Assistance Percentage (FMAP) match rate associated with the American Recovery and Reinvestment Act for the period September 1, 2009 and December 31, 2010 increases to a Tier Two level or higher at any time during this 15-month period.
 - (i) The Tier Two estimated federal match would be 69.85 percent.

**SPECIAL PROVISIONS RELATING TO
ALL HEALTH AND HUMAN SERVICES AGENCIES**
(Continued)

- (ii) This additional federal match received would free up an amount of General Revenue equal to the additional Federal Funds received.
- (iii) As an exception to the requirement of obtaining prior approval in Article II, Special Provisions, Sec. 7, the Health and Human Services Commission is hereby authorized to expend any General Revenue freed up in any Article II agency as a result of an increasing stimulus FMAP rate for the purpose of providing 12 months continuous eligibility in Goal B, Medicaid; and
- (3) The Health and Human Services Commission first institutes a program to electronically verify the income and assets of all recipients of benefits under the CHIP and Medicaid programs other than Aged, Blind, or Disabled (ABD) recipients.
- b. The Health and Human Services Commission is required to notify the Legislative Budget Board and the Governor within 30 days of an FMAP increase and provide the following information:
 - (1) the implementation date of providing the 12 months continuous eligibility period;
 - (2) an estimate of the stimulus FMAP gain by agency and strategy, by federal quarter;
 - (3) an updated estimate of caseload and costs associated with providing 12 months continuous eligibility for each year of the 2010-11 biennium; and
 - (4) an updated estimate of caseload and costs associated with providing 12 months continuous eligibility for each year of the 2012-13 biennium.
- c. The Health and Human Services Commission is authorized to obtain any necessary federal approval to implement this coverage.
- d. The authorization for expenditure of funds for 12 months continuous eligibility provided by this section shall be in effect only for the time period the funding source described in section (a)(2) above remains in effect.

Sec. 53. Standard of Care for Individuals. The Legislature finds that the care and well being of all individuals under the care of the state is a primary responsibility of the state. It is the intent of the Legislature that the executive commissioner shall use transferability, rulemaking and administrative authority, and all necessary means to prevent abuse, neglect, or exploitation and ensure the protection of all individuals under care of the state, including children, intellectually and developmentally disabled adults, and the elderly. In the event that appropriations are insufficient to ensure appropriate levels of care for individuals, the executive commissioner, pursuant to notification and approval requirements contained in other provisions, shall transfer necessary funds and request additional appropriation authority from the Legislative Budget Board.

Updated Actuarial Valuation.** The Teacher Retirement System shall contract with an actuary to perform a limited actuarial valuation of the assets and liabilities of the Teacher Retirement System as of February 28 in those years when the Legislature meets in regular session. The retirement system shall notify the Legislative Budget Board, the Governor, and its membership prior to establishing premiums, regarding the impact such premiums will have on retiree costs for TRS-Care insurance.

TEACHER RETIREMENT SYSTEM
(Continued)

It is the intent of the Legislature that the Teacher Retirement System control the cost of the retiree insurance program by not providing rate increases to health care providers and pharmacy providers during the 2010-11 biennium without providing 60 days notice to the Legislative Budget Board.

- 6. **Excess Benefit Arrangement Account.** There is hereby appropriated to the Teacher Retirement System all funds transferred or deposited into the Excess Benefit Arrangement Account established in the General Revenue Fund for the purpose of paying benefits as authorized by Government Code §825.517.

- 7. **Transfer of Other Educational and General Income.** The Comptroller of Public Accounts is hereby authorized to transfer the necessary appropriations made above in A.1.2, TRS-Higher Education Retirement from Other Educational and General Income to institutions of higher education to meet their obligations and comply with the proportionality policy as expressed in the Article IX provision entitled Benefits to be Proportional by Fund.

- 8. **Exempt Positions.** Notwithstanding the limitations contained in the Article IX provision entitled Scheduled Exempt Positions, the TRS Board of Trustees may determine the salaries of the positions listed above in the Schedule of Exempt Positions without limitation.

- 9. **Travel Expenditures.** Notwithstanding the limitations on travel expenditures contained in Article IX of this Act, the annual out-of-state travel cap for the Teacher Retirement System is hereby set at \$525,000 for each year of the biennium. The additional authority is provided to allow TRS' investment professionals greater personal access to financial centers, investment experts, and investor information.

- 10. **Annual School District Contribution Rate to TRS-Care.** The annual contribution rate for school districts for fiscal years 2010 and 2011 shall be 0.55 percent of total payroll.

The study should include projections of administrative or other costs, estimates of additional revenues from CMS, possible legal issues, and should examine alternative models to determine the most cost-effective model for the state of Texas to use. A report regarding the findings of the study shall be provided to the Legislative Budget Board and the Governor by no later than March 31, 2010.

After the Medicare Part D Study is finalized and if it concludes that contracting directly with the Centers for Medicare and Medicaid Services (CMS) is cost effective, then the Teacher Retirement System may begin applications and negotiations with CMS to become a sponsor of an Employer Group Waiver Plan in fiscal year 2011. The Teacher Retirement System may notify the Legislative Budget Board and the Governor within 45 days of implementing the process.

- 12. **Emerging Fund Managers.** From money appropriated under Goal A, the Teacher Retirement System shall make a good faith effort to expand its program to hire qualified emerging fund managers. the basis of the provisions in the paragraphs above and the warrants issued in payment thereof shall be issued in compliance with Education Code, § 130.0031.

Funds appropriated above to Howard County College for the operation of the Southwest Collegiate Institute for the Deaf shall be distributed in accordance with the installment schedule for Category 1 junior colleges.

The total amount of funds appropriated above in each year of the biennium to Midland College in Strategy AB.1.1, American Airpower Heritage Museum, should be distributed on September 1 of the year funds are appropriated.

In submitting vouchers for disbursement of the funds herein appropriated, the Texas Higher Education Coordinating Board, shall certify to the State Comptroller of Public Accounts that each school listed has qualified and is entitled to receive such funds under the provisions set forth in this Act under the heading "Public Community/Junior Colleges."

7. **Adjustment of Contact Hours.** The hours used in the contact hour base period are subject to audit for accuracy by the State Auditor according to an audit plan developed in consultation with the Texas Higher Education Coordinating Board, the Legislative Budget Board and community, technical, and state colleges, and the dollar amounts adjusted accordingly by the Texas Higher Education Coordinating Board at the direction of the Legislative Budget Board. The amounts appropriated separately to each of the two-year institutions' contact hour formulas shall be redistributed using the formula amounts appropriated to community colleges, Texas State Technical Colleges and two-year Lamar institutions based on certified contact hours as calculated separately for community colleges, Texas State Technical Colleges and the two-year Lamar institutions. The calculation of revised appropriation amounts shall allow each institution an error rate of up to 2 percent of the total contact hour formula appropriations to that institution for the biennium. Adjustments shall be made to appropriated amounts in accordance with adjustments of estimated contact hours to actual contact hours, even if the total error rate is less than 2 percent of the total contact hour formula amount appropriated to that institution for the biennium. No college shall have its dollar allocation adjusted to a level below 100 percent of its 2010-11 formula base. Institutions where sampling errors are identified may request a comprehensive institutional audit at institutional expense.

11. **Regional Import/Export Training Center.** Appropriations of \$43,750 each year made above are contingent upon certification by the Comptroller of Public Accounts that increased economic activity associated with the Regional Import/Export Training Center and the Laredo Community College will generate at least \$87,500 for the biennium in additional revenue to the General Revenue Fund. It is the intent of the Legislature that state funds provided to the Regional Import/Export Training Center be used by the center to attract federal funds on a dollar-for-dollar basis.
12. **Informational Listing of Other Appropriations.** In addition to the funds appropriated above, general revenue is appropriated elsewhere in this Act for the use of the Public Community/Junior Colleges as follows:

Sec. 8. Television Stations Prohibited. None of the educational and general funds appropriated in this Article may be expended for the acquisition, construction, or operation of television transmitter stations; provided, however, this prohibition shall not be construed so as to prevent the institutions of higher education named in this Article from using closed-circuit television for purely instructional purposes, or to prevent institutions with existing public broadcasting or transmitter stations to use them for educational purposes, or to prevent the continuance of operating arrangements with existing transmitter stations for purely educational purposes; or to prevent cooperative arrangements with public broadcast stations.

Sec. 9. Intercollegiate Athletics. The special and general provisions of Articles III and IX of this Act shall not apply to intercollegiate athletics. The governing boards of the respective institutions of higher education shall use the appropriations in this Act to make such necessary rules and adjustments as may be deemed advisable for the management and operation of such activities; however, no funds under control of intercollegiate athletics may be used to purchase alcoholic beverages; no educational and general funds appropriated may be used for the operation of intercollegiate athletics; such rules and adjustments shall be designed to complement the rules applicable to other departments of the respective institution; and finally, such rules and adjustments shall specifically prohibit violation of National Collegiate Athletic Association (NCAA) or other governing body rules with respect to recruitment of athletes.

Sec. 10. Prohibition Against Additional Museums. None of the educational and general funds appropriated in this Article shall be used for establishing additional museums or for the maintenance and operation of museums unless the language of this Act or of other acts and resolutions of the Legislature specifically authorizes such use of educational and general funds. As an exception to this provision, in order to encourage and promote gifts, grants, or donations to institutions of higher education, it is specifically provided that an institution which receives such gifts, grants, or donations for the construction or establishment of a museum, which is added to an institution's building inventory after September 1, 1997, may use educational and general funds appropriated by this Article for the maintenance and operation of such a museum. This exception applies only to the authority to spend appropriated funds for these purposes; such museum space shall not be included in formula calculations for purposes of determining the amounts of appropriations due for maintenance or operations of institutional facilities.

Sec. 11. Method of Financing Scholarships.

1. Out of the funds identified by this Article in the informational items described as "Other Educational and General Income," the respective governing boards of the general academic teaching institutions and of the health centers, health science centers, or technical colleges may allocate and expend the actual receipts in such informational item for student scholarships pursuant to the provisions of Education Code § 56.031 to § 56.039, cited as the Texas Public Educational Grants Program.
2. Copies of such approved allocations together with copies of rules and regulations adopted by the respective governing boards concerning the award of such scholarships shall be filed with the Coordinating Board and with the Comptroller prior to the disbursement of any moneys for scholarships. Copies of any subsequent changes in such allocations or rules shall be similarly filed with the Coordinating Board and with the Comptroller.
3. No educational and general funds appropriated in this Act for scholarships to institutions of higher education may be used to provide athletic scholarships.
4. Out of the additional funds appropriated for the 2010-11 biennium for the informational strategy described as "Scholarships," the respective governing boards shall allocate and expend such funds for need-based student scholarships regardless of the race, sex, color, or ethnicity of the student recipient.

Sec. 12. Use of Educational and General Funds for Alumni Activities Prohibited. None of the educational and general funds appropriated by this Article may be expended by institutions of higher education for the support or maintenance of alumni organizations or activities.

Sec. 13. Limitation of Nonresident Enrollment in Certain State-supported Professional Schools.

1. None of the funds appropriated by this Act may be expended for the establishment, operation, or maintenance, or for the payment of any salaries to the employees in, any wholly or partially state-supported medical, dental, or law school which: (a) imposes a limitation on the number of students that it admits, (b) in an academic semester denies admission to one or more Texas residents who apply for admission and who reasonably demonstrate that they are probably capable of doing the quality of work that is necessary to obtain the usual degree awarded by such school, and (c) in the same academic semester admits, as either class, nonresidents of the State of Texas in a number greater than 10 percent of the class of which such nonresidents are a part. Limitation of nonresident enrollment at The University of Texas Law School, Texas Tech University School of Law, and the University of Houston Law Center may be increased to 35 percent of the class of which nonresidents are a part provided that the admission of such nonresident students is on the basis of academic merit alone. By the provisions of this paragraph it is intended to withhold funds appropriated by this Act from state-supported medical, dental, and law schools which limit their enrollments and which fill more than 10 percent of their classes with non-resident students in the case of medical and dental schools, and 35 percent in the case of The University of Texas Law School, Texas Tech University Law School, and the University of Houston Law Center, when the result of admitting a nonresident denies admission to a qualified Texas applicant. This provision shall not apply to the funds appropriated to the Coordinating Board for the funding of Baylor College of Medicine or to funds appropriated for tuition equalization grants for students attending private colleges.
2. In addition, The University of Texas Southwestern Medical Center at Dallas may admit up to 25 competitively recruited medical students in each entering class for a specialized six-year program of clinical and research training designed to lead to the MD and PhD degrees irrespective of whether those students are Texas residents.
3. Texas medical schools may enroll up to 6 competitively recruited medical students, who already possess the DDS degree, in each second year medical school class for a specialized six year program in oral and maxillofacial surgery comprised of the last three years of medical school and a three year residency program irrespective of whether those students are Texas residents.

Sec. 14. Off-campus Instruction. General academic institutions may use the funds appropriated in this Act to teach courses off campus with the following restrictions:

1. At the conclusion of each fiscal year, the Coordinating Board shall file a report with the Governor and the Legislative Budget Board on all general academic institutions concerning off-campus semester credit hours for that fiscal year.
2. Semester credit hours generated at upper level centers authorized by the Legislature or by the Coordinating Board, as well as at Prairie View A&M University's Houston nursing program and Texas Woman's University nursing programs in Dallas and Houston, are not considered to be off-campus.
3. All courses taught off campus must be taught by a regular faculty member or administrator who is employed at least half-time on the main campus of the institution. The Commissioner of Higher Education may waive this requirement in special cases where institutions can justify the use of a uniquely qualified individual. Allied health and vocational instructors are exempted from this requirement.

Sec. 15. Medical School Enrollment. None of the funds appropriated above to The University of Texas System medical colleges, the University of North Texas Health Science Center at Fort Worth, or the Texas Tech University Health Sciences Center College of Medicine may be used for the education of first year medical students unless the first year class enrollment of undergraduate medical students in the fiscal years ending August 31, 2010, and August 31, 2011, is no less than 200 students at The University of Texas System medical colleges and 100 students at the University of North Texas Health Science Center at Fort Worth and the Texas Tech University Health Sciences Center College of Medicine. This provision shall not be construed as requiring any school of medicine to accept an

unqualified applicant. In the event that a school of medicine falls below the required first year class enrollment of undergraduate medical students by more than 5 percent for fiscal years 2010 and 2011, the school shall report to the Legislative Budget Board the reasons for failing to meet the required enrollment. This information should be taken into account when preparing the appropriation recommendations for the Eighty-second Legislature.

Sec. 16. Tuition and Other Educational and General Local Fee Collection. No institution of higher education shall receive appropriations through formula funding in this Act unless it collects from each student whose semester credit hours are to be included in formula funding calculations all tuition and all fees in accordance with the installment tuition and fee payment plan provided for by the Education Code, (Chapter 54, as amended) on or before the end of the 20th class day for each regular semester and the 15th class day for each summer session. Valid contracts with the United States Government for instruction of eligible military personnel and valid contracts with private business and public service-type organizations or institutions such as hospitals may be considered as collections thereunder but subject to adjustments after final payment thereof. Financial aid awards processed by the financial aid office but not yet issued to the student may be considered as collections thereunder but subject to adjustments after final payment thereof.

Sec. 17. Compliance with Uniform Recruitment and Retention Strategy. Institutions of higher education shall use the appropriations in this Act to give top priority and consideration to compliance with the spirit and mandates of the Uniform Recruitment and Retention Strategy.

Sec. 18. Formula Variable and Educational and General Income Audits. The Texas Higher Education Coordinating Board in consultation with the State Auditor's Office and the Legislative Budget Board shall clearly define all variables used by the Eighty-first Legislature in arriving at formula appropriations for fiscal years 2010 and 2011. According to an audit plan developed in consultation with the Coordinating Board and Legislative Budget Board, all variables of selected formulas used in making fiscal years 2010 and 2011 formula appropriations are subject to audit by the State Auditor. The State Auditor shall report any differences from data submitted by the institutions to the Coordinating Board, the Legislative Budget Board, and the Governor. The Coordinating Board shall then calculate a new appropriations amount for each institution that reported data in conflict with that verified by the Auditor. These calculations shall then be reported to the Legislative Budget Board, Governor, and the Comptroller of Public Accounts and may be used to revise appropriation authority accordingly. The calculation of revised appropriation amounts shall allow each institution an error rate of up to 2 percent of the biennial appropriations related to the variables audited at that institution.

In addition, components of educational and general income reported in the institutional requests for legislative appropriations for fiscal years 2010 and 2011 are subject to audit by the State Auditor.

The State Auditor may request the assistance of an institution's internal auditor in performing the audits described in this section.

Sec. 19. System Offices Funding Authorized. Educational and general funds appropriated to components of The University of Texas, Texas A&M University, University of Houston, Texas Tech University, University of North Texas, Texas State University System, and Texas State Technical College Systems may be transferred or contracted to system offices to provide support for coordination, administration, and other related services.

Sec. 20. Annual Reports of Health Related Institutions Practice Plans. As a limitation and restriction upon appropriations made by this Act, all agencies that have a public health related institution covered under Article III shall not expend funds after a period of 120 days following the close of the fiscal year, unless there has been filed with the Governor, the State Auditor, the Legislative Budget Board, the Legislative Reference Library, and the Comptroller of Public Accounts an annual report as of August 31 of the preceding fiscal year showing the use of practice plan funds. The annual report shall conform to a uniform reporting system developed by the State Auditor's Office for all financial data concerning the health related institutions practice plans.

Sec. 21. Self-insurance Funds. Any funds of an institution of higher education used for or allocated to a self-insurance fund authorized by Government Code § 2259.001 for a risk otherwise insurable by the institution of higher education shall be treated by the Comptroller of Public Accounts as an expenditure of the respective funds. The self-insurance funds so created shall be considered designated funds as that

term is used in § 51.008(b) of the Education Code. Any self-insurance fund reserves so created shall not exceed in amount the maximum value determined to be actuarially sound for each such self-insurance program.

Sec. 22. Uncompensated Care Reporting Requirement. The public health-related institutions shall use the appropriations in this Act to include in their biennial legislative appropriations request information including the actual amount of uncompensated care provided through each institution's respective physician practice plan, and if applicable, hospital or clinic using the uncompensated care reporting requirement established by the Health and Human Services Commission.

Uncompensated care includes the unreimbursed costs for the uninsured (those with no source of third party insurance) and the underinsured (those with insurance who after contractual adjustment and third party payments have a responsibility to pay for an amount they are unable to pay). Uncompensated care also includes the unreimbursed cost from governmental sponsored health programs. To calculate uncompensated care, charges will be converted to costs by application of a standard, auditable ratio of cost to charge and providers will recognize appropriate patient specific funding and lump sum funding available to offset costs. Any amounts received by the Physician Practice Plan from Upper Payment Limit shall be counted as payments received for uncompensated care.

Sec. 23. County Indigent Care Contracts.

1. **Contracts Required.** It is the intent of the Legislature that all institutions of higher education providing indigent health care contract with relevant counties in their service area to recover the costs associated with treating those counties' indigent patients.
2. **County Indigent Care Contracts Reporting.** The University of Texas Medical Branch at Galveston, The University of Texas M.D. Anderson Cancer Center, and The University of Texas Health Science Center at Tyler shall submit to the Legislative Budget Board and the Governor at the end of each fiscal year a list of counties whose indigent residents have been served by each institution; the total amount of reimbursement received by each institution from each county pursuant to the Indigent Health Care and Treatment Act; and the total cost, by county, of services provided by each institution for which counties are liable pursuant to the Indigent Health Care and Treatment Act. In addition, each institution shall report annually (no later than December 1st) to the Legislative Budget Board and Governor on the status of contract agreements or negotiations with each county whose indigent residents have been served by the institution.

Sec. 24. Ethics Policy.

1. None of the funds appropriated by this Act may be expended by an institution of higher education until its governing board has filed with the Texas Higher Education Coordinating Board an ethics policy which has been adopted by the board of regents. The ethics policy shall apply to the board of regents and its staff, the administration, staff, and faculty of the institutions under the board's governance.
2. The ethics policy adopted by each board of regents shall include specific provisions regarding sexual harassment.

Sec. 25. Driscoll Children's Hospital. No funds appropriated to a health-related institution of higher education shall be used to replace or duplicate the Driscoll Children's Hospital in caring for children with special health-care needs, including pediatric cardiovascular diseases, or in assuming the direct care of those children. This rider language shall not restrict the traditional referral patterns utilized by physicians to refer patients to health-related institutions.

Sec. 26. Participation in Drug Development Research Projects. A public university may not expend funds appropriated by this Act, including appropriations of grants or gifts, to conduct a drug development research protocol involving a person who is receiving mental health services under a protective custody order, pursuant to Chapter 574, Health and Safety Code. This rider is not intended to limit or prohibit provisions for treatment established under § 576.022, Health and Safety Code.

Sec. 27. Post Tenure Review. None of the funds appropriated by this Act may be expended by an institution of higher education until its governing board has filed with the Texas Higher Education Coordinating Board policies and procedures regarding post tenure review which have been adopted by the board of regents. Post tenure policies shall include review procedures to determine that a tenured

faculty member is performing consistently at an acceptable, professional level and a mechanism whereby a faculty member is informed of any deficiencies and provided opportunities to effectively improve his or her performance.

Sec. 28. General Academic Funding. Appropriations made in this Act for formula funding for general academic institutions will consist of four formulas and supplemental items.

1. **Instruction and Operations Formula.** The Instruction and Operations Formula shall provide funding for faculty salaries, including nursing, departmental operating expense, library, instructional administration, research enhancement, student services, and institutional support. These funds are distributed on a weighted semester credit hour basis. The rate per weighted semester credit hour for the 2010-11 biennium is \$58.45.

Weighting is determined by the following matrix:

	Lower Div.	Upper Div.	Masters	Doctoral	Special Professional
Liberal Arts	1.00	1.72	4.13	9.30	
Science	1.71	2.96	7.75	20.70

Veterinary Medicine					17.51

2. **Teaching Experience Supplement.** For the 2010-11 biennium, an additional weight of 10 percent is added to lower division and upper division semester credit hours taught by tenured and tenure-track faculty. Furthermore, it is the intent of the Legislature that the weight shall increase by 10 percent per biennium, up to 50 percent.
3. **Infrastructure Support.** Funding associated with plant-related formulas and utilities shall be distributed by the infrastructure support formula which is driven by the predicted square feet for universities' educational and general activities produced by the Space Projection Model developed by the Coordinating Board. The portion of the formula related to utilities is adjusted to reflect differences in unit costs for purchased utilities, including electricity, natural gas, water and wastewater, and thermal energy. The average rate per square foot is \$6.52.
4. **Supplemental Non-formula Items.** Institutions shall receive a direct reimbursement as applicable for staff group insurance (other educational and general income portion), workers' compensation insurance, unemployment compensation insurance, public education grants, organized activities, scholarships, tuition revenue bond payments, Skiles Act bond payments, and facility lease charges. Institutions may receive an appropriation for special items. Revenue derived from board authorized tuition would still be appropriated to the institutions levying the additional charges.
5. The General Academic Instruction and Operations and Infrastructure formulas shall incorporate the Higher Education Coordinating Board's October 2006 recommendations for mission-specific formula funding for Texas A&M University at Galveston.

**SPECIAL PROVISIONS RELATING ONLY TO
STATE AGENCIES OF HIGHER EDUCATION**
(Continued)

These formulas and supplemental items shall be reviewed and updated by study committees appointed by the Higher Education Coordinating Board and recommended changes forwarded to the Legislature, Legislative Budget Board, and Governor by June 1, 2010.

Sec. 29. Health Related Institutions Funding. Appropriations made in this Act for formula funding for health related institutions shall consist of three formulas plus supplemental non-formula items.

1. **Instruction and Operations Support Formula.** The Instruction and Operations Support Formula shall provide funding on a per student or full time equivalent basis. Funding for each instructional program is based on the following funding weights per student, with a base value per weighted student of \$11,351:

<u>Program</u>	<u>Weight Per Student</u>
Allied Health	1.000
Biomedical Science	1.018
Nursing	1.138
Pharmacy	1.670
Public Health	1.721
Dental	4.601
Medical	4.753

Instructional programs with enrollments of less than 200 students at individual campuses shall receive additional funding to compensate for the diseconomies of scale. The minimum formula shall generate additional funding per student, on a sliding scale, with programs with small enrollments receiving more additional funding per student.

2. **Infrastructure Support Formula.** Funding to the health-related institutions for plant support and utilities shall be distributed by the infrastructure support formula which is driven by the predicted square feet for the health related institutions produced by the Space Projection Model developed by the Texas Higher Education Coordinating Board. The rate per square foot is \$8.32 for all health related institutions, excluding The University of Texas M.D. Anderson Cancer Center and The University of Texas Health Science Center at Tyler. For these two institutions, the per square foot rate is \$7.90.

Because the Space Projection Model does not account for hospital space, separate infrastructure funding for hospital space at The University of Texas Medical Branch at Galveston, The University of Texas M.D. Anderson Cancer Center, and The University of Texas Health Science Center at Tyler shall be included in the total funding for hospital and patient care activities.

3. **Research Funding.** The health-related institutions shall retain 100 percent of indirect research costs recovered on grants. Each institution also receives research enhancement funding of \$1,412,500 plus 1.64 percent of its research expenditures as reported to the Texas Higher Education Coordinating Board.
4. **Graduate Medical Education Formula.** The Graduate Medical Education Formulas shall provide funding on a per medical resident basis. Funding is based on a base value of \$13,472 per medical resident in an accredited program. Appropriations for Graduate Medical Education for fiscal year 2010 are \$6,736 per resident and appropriations for fiscal year 2011 are \$6,736 per resident.
5. **Health Related Institution Graduate Medical Education.** The funds appropriated above in each of the health-related institutions bill pattern titled Graduate Medical Education (GME) shall be spent to increase the number of resident slots in the State of Texas as well as faculty costs relating to GME. In addition, each health-related institution shall work with the Higher Education Coordinating Board to develop new performance measures relating to increasing the number of resident slots in the State of Texas.
6. **Supplemental Non-formula Items.** Institutions shall receive a direct reimbursement as applicable for staff group insurance, workers' compensation insurance, unemployment insurance, public education grants, medical loans, tuition revenue bond payments, and facility lease charges. Institutions may receive an appropriation for special items. Hospital and clinic operations shall be funded through a combination of hospital and clinic revenue and general revenue.

**SPECIAL PROVISIONS RELATING ONLY TO
STATE AGENCIES OF HIGHER EDUCATION**
(Continued)

7. **Formula Study Committees.** These formulas shall be reviewed and updated by study committees appointed by the Texas Higher Education Coordinating Board and recommended changes forwarded to the Legislature, Legislative Budget Board, and Governor by June 1, 2010.
8. **Mission Specific Support.** The University of Texas M.D. Anderson Cancer Center and The University of Texas Health Science Center at Tyler do not provide formal medical education which qualifies for instruction support under subsection 1 above. Therefore, funding allocated to these institutions shall be based on the following criteria:
 - a. The General Revenue Operations formula funding provided to The University of Texas M.D. Anderson Cancer Center in Strategy A.4.1, Cancer Center Operations, shall be based on the total number of Texas cancer patients served at The University of Texas M. D. Anderson Cancer Center. General Revenue appropriations for fiscal years 2010 and 2011 shall be based on the number of total Texas cancer patients served in 2006. The rate per patient shall be \$2,773 in fiscal year 2010 and \$2,774 in fiscal year 2011 for Strategy A.4.1, Cancer Center Operations. For formula funding purposes, the amount of growth in total funding from one biennium to another may not exceed the average growth in funding for Health Related Institutions in the Instruction and Operations formula for the current biennium.
 - b. The University of Texas Health Science Center at Tyler has a statutory mission to conduct research, develop diagnostic and treatment techniques, provide training and teaching programs, and provide diagnosis and treatment of inpatients and outpatients with pulmonary, respiratory and other diseases of the chest. General Revenue funds appropriated to The University of Texas Health Science Center at Tyler in Strategy A.1.2, Chest Disease Center Operations, shall be based on the number of cases in which disease diagnoses are treated by The University of Texas Health Science Center at Tyler. General Revenue appropriations for fiscal years 2010 and 2011 shall be based on the number of such cases treated in fiscal year 2006. The rate per case for fiscal years 2010 and 2011 shall be \$376.
 - c. The University of Texas M.D. Anderson Cancer Center and The University of Texas Health Science Center at Tyler shall submit to the Legislative Budget Board, Governor, and Texas Higher Education Coordinating Board a copy of the appropriate reports discussed above and supporting documentation which provides the necessary information to calculate the formula allocations in subsections (a) and (b) above.

Sec. 30. Optional Retirement Program Differential. Included in the appropriation to institutions of higher education in this act are general revenue amounts to offset local funds used for the optional retirement program employer contributions between 6.4 percent and 7.31 percent of salaries for employees who were on the state payroll or who were employed by a Public Community or Junior College as of August 31, 1995. These general revenue amounts are included in the funding formulas for general academic institutions and two-year institutions and in the base funding for other institutions of higher education.

Sec. 31. Indirect Cost Recovery Earned by Texas A&M System Agencies. The Texas A&M University System agencies shall report to the Legislative Budget Board in their Legislative Appropriations Requests for the 2012-13 biennium all indirect cost recovery revenue earned on research grants and contracts including amounts collected by the Research Foundation.

Sec. 32. Fire Safety Projects at Institutions of Higher Education. Because of the urgent nature of these projects, it is the intent of the Legislature that institutions of higher education that have major fire safety projects, identified by the State Fire Marshal's Office as not meeting the requirements of the National Fire Protection Association, *Life Safety Code 101*, 2009 Edition, remedy the fire safety issues and complete any related construction and renovation projects as soon as practical. Institutions shall consult with the State Fire Marshal's Office and develop a time line for completion of the projects. Institutions shall implement the interim safety precautions recommended by the State Fire Marshal's Office. The State Fire Marshal shall submit periodic reports to the House Appropriations Committee and Senate Finance Committee on the progress of institutions in remedying the fire safety issues. Institutions of higher education shall notify parents of students living in dormitories identified by the State Fire Marshal's Office. The notice shall contain information about the actions needed to rectify noncompliance and the time frame in which the institution plans to make improvements in order to comply.

Sec. 33. Funding for Physical Education Courses. No funds appropriated under this act shall be used for contact hours or semester credit hours for students who are registered solely for physical education, weight lifting, group exercises, aerobics, or related courses; have registered for the same such course more than once; and are not seeking a degree plan or certificate of completion of a course of study.

Sec. 34. Faculty Salary Increase Report. The Texas Higher Education Coordinating Board shall report the average salary increase provided to faculty at each general academic institution to the Legislative Budget Board and Governor by January 31 of each fiscal year on a form prescribed by the Texas Higher Education Coordinating Board.

Sec. 35. Endowed Chairs. Out of funds appropriated to the Texas Higher Education Coordinating Board for Baylor College of Medicine, Houston; University of Texas Health Science Center at Houston; and University of Texas Medical Branch at Galveston, each may expend up to \$1,000,000 out of funds appropriated in this Act to fund one endowed chair or professorship for spinal cord injury research.

Sec. 36. Nursing School Enrollment. The Legislature encourages institutions of higher education who receive state appropriations not to reduce the number of student full-time equivalents enrolled in programs preparing students for licensure as registered nurses in state fiscal years ending August 31, 2010, and August 31, 2011, below the number of student full-time equivalents enrolled for the state fiscal year ending August 31, 2009. This provision shall not be construed as requiring any school to accept an unqualified applicant to its professional nursing program. In the event that a school falls below the required number of students enrolled in professional nursing program by more than 5 percent for the state fiscal year ending August 31, 2010, and the state fiscal year ending August 31, 2011, the school shall report to the Legislative Budget Board and the Texas Higher Education Coordinating Board the reasons for failing to meet the required enrollment.

Sec. 37. Endowed Programs. A state university that, within five years of receiving a donation, diminishes its financial support from local funds for a program created or endowed by the donor shall notify the donor in accordance with the donor agreement. If the agreement so provides, then upon application by the donor, the university shall return the donation or endowment.

Sec. 38. Student Travel Policy. Each governing board of an institution of higher education shall use the appropriations above to adopt a policy regulating travel that is undertaken by one or more students presently enrolled at the institution to reach an activity or event that is located more than 25 miles from the institution that is organized and sponsored by the institution and that is funded by the institution, and the travel is undertaken using a vehicle owned or leased by the institution or required by a student organization registered at the institution.

Sec. 39. Special Item Support. Any appropriations made to special item support strategies throughout this article are intended to supplement existing programs and may not be used to supplant funds.

Amounts available for distribution from this fund are estimated to be \$15,750,000 each fiscal year of the biennium. The funds appropriated out of the Permanent Health Fund for Higher Education shall be distributed to the institutions of higher education in accordance with Education Code § 63.003 for the purpose of medical research, health education, or treatment programs.

Sec. 42. Limitation on Formula Funding Contact and Semester Credit Hours. Sec. 54. Special Item Study. The Higher Education Coordinating Board and the Legislative Budget Board shall use the appropriations in this Act to study each item under the Special Item Support Goal in preparation for the 82nd Legislative session. The study shall include but not be limited to determining:

- a.) if the special item is for "start up funding" and if so, for how long should it be continued,
- b.) does the institution get formula funding for the item and should the item be reduced by an equal amount and,
- c.) does the item still serve its original purpose and if so, how long should it continue.

It is the intent of the Legislature that items identified as "start up funding" only be funded for six years after the inception of the program.

Sec. 55. Community College Transfer Student Reporting Requirement. All General Academic Institutions shall use their respective Education and General funds appropriated in this Act to develop and submit an annual report to the Texas Higher Education Coordinating Board (THECB) that details the institution's goals to increase the number, success, and persistence of community college transfer students as measured by THECB. The report shall assess each institution's existing academic and technical transfer pathways, identify each institution's barriers to transfer, and define emerging issues. The report shall detail institution actions to serve current and future transfer students through local and regional articulation agreements with faculty collaboration, community college program enhancements, student outreach and advising, website information development, targeted financial aid, university student success programs, and degree program alignment.

The THECB shall provide performance data by institution (application rates, admission rates, financial aid awarded, time-to-degree, and baccalaureate graduation rates) of transfer and native students by program completion at community colleges and universities during the preceding fiscal year. The THECB shall conduct a comparative analysis of the institutional reports and the performance data. The THECB shall submit an annual report to the Legislature that evaluates actions to increase the number, success, and persistence of community college transfer students and make recommendations to meet state goals.

The report shall be delivered to the House Appropriations Committee, the Senate Finance Committee, the Legislative Budget Board and the Governor by November 1 of each year.

For that purpose, the governing board of an institution described by this section may use a portion of the available general revenue funds otherwise appropriated to the institution by this Act for the purpose of evaluating the demand for and feasibility of establishing a Mexican American studies program or other course work in Mexican American studies in connection with establishing and operating such a program or other course work at the institution.

4. **Appropriation of Federal Title IV-E Receipts.** The provisions of Title IV-E of the Social Security Act shall be used in order to increase funds available for juvenile justice services. The Juvenile Probation Commission shall certify or transfer state funds to the Texas Department of Family and Protective Services so that federal financial participation can be claimed for Title IV-E services provided by counties. The Juvenile Probation Commission shall direct necessary general revenue funding to ensure that the federal match for the Title IV-E Social Security Act is maximized for use by participating counties. Such federal receipts are appropriated to the Juvenile Probation Commission for the purpose of reimbursing counties for services provided to eligible children.
5. **Juvenile Boot Camp Funding.** Out of the funds appropriated above in Strategy B.1.2, Harris County Boot Camp, the amount of \$1,000,000 annually may be expended only for the purpose of providing a juvenile boot camp in Harris County.

Funds used for placements may not exceed the Commission's Tier Level of Care Rates.
7. **Funding for Progressive Sanctions.** From the amounts appropriated above:
 - a. Progressive Sanctions Levels 1-3 program funding in the amount of \$5,100,000 shall be moved from Strategy A.1.2. and appropriated to Strategy A.1.1, Basic Probation Services. The Juvenile Probation Commission shall ensure these funds are utilized by the local juvenile probation departments to provide community programs and services to juvenile offenders in the early stages of delinquency.
 - b. Level 5 Post-Adjudication Facilities funds shall be moved from Strategy B.1.3. and appropriated to Strategy B.1.1, Community Corrections Services. The Juvenile Probation Commission shall ensure that these funds are utilized for the administration of juvenile probation services, programs and residential placements to chronic and serious offenders.
8. **County Funding Levels.** To receive the full amount of state aid funds for which a juvenile board may be eligible, a juvenile board must demonstrate to the commission's satisfaction that the amount of local or county funds budgeted for juvenile services is at least equal to the amount spent for those services, excluding construction and capital outlay expenses, in the 1994 county fiscal year. This requirement shall not be waived by the commission unless the juvenile board demonstrates to the satisfaction of the commission that unusual, catastrophic, or exceptional circumstances existed during the year in question to adversely affect the level of county fiscal effort. If the required local funding level is not met and no waiver is granted by the commission, the commission shall reduce the allocation of state aid funds to the juvenile board by the amount equal to the amount that the county funding is below the required funding.
9. **Local Post-adjudication Facilities.** Out of the funds appropriated above in Strategy B.1.4, Local Post-Adjudication Facilities, the amount of \$4,147,038 in fiscal year 2010 and \$4,147,038 in fiscal year 2011 in General Revenue Funds may be used only for the purpose of funding local post-adjudication facilities. distributed on the basis of juvenile age population among the mandated counties identified in Chapter 37, Texas Education Code, and those counties with populations between 72,000 and 125,000 which choose to participate under the requirements of Chapter 37.

An additional \$500,000 shall be set aside in a reserve fund for each fiscal year of the biennium to allow mandated and non-mandated counties to apply for additional funds on a grant basis.

The remaining funds shall be allocated for distribution to the counties mandated by § 37.011(a) Texas Education Code, at the rate of \$79 per student per day of attendance in the JJAEP for students who are required to be expelled as provided under § 37.007, Texas Education Code, and are intended to cover the full cost of providing education services to such students. Counties are not eligible to receive these funds until the funds initially allocated at the beginning of each fiscal year have been expended at the rate of \$79 per student per day of attendance. Counties in which populations exceed 72,000 but are 125,000 or less, may participate in the JJAEP and are eligible for state reimbursement at the rate of \$79 per student per day.

The Juvenile Probation Commission may expend any remaining funds for summer school programs in counties with a population over 72,000 which are funded as mandated counties in Chapter 37. Funds may be used for any student assigned to a JJAEP. Summer school expenditures may not exceed \$3.0 million in any fiscal year.

Unspent balances in fiscal year 2010 shall be appropriated to fiscal year 2011 for the same purposes in Strategy D.1.1.

The amount of \$79 per student day for the JJAEP is an estimated amount and not intended to be an entitlement. Appropriations for JJAEP are limited to the amounts transferred from the Foundation School Program pursuant to TEA Rider 35. The amount of \$79 per student per day may vary depending on the total number of students actually attending the JJAEPs. Any unexpended or unobligated appropriations shall lapse at the end of fiscal year 2011 to the Foundation School Fund No. 193.

The Juvenile Probation Commission may reduce, suspend, or withhold Juvenile Justice Alternative Education Program funds to counties that do not comply with standards, accountability measures, or Texas Education Code Chapter 37.

- 16. Appropriation: Refunds of Unexpended Balances from Local Juvenile Probation Departments.** Out of the funds appropriated in Basic Probation and Strategy B.1.1, Community Corrections Services, any unexpended balances remaining at the end of each fiscal year may be allocated to the local juvenile probation departments as an incentive payment if the department's total number of commitments of youth to the Texas Youth Commission was less than the total number of felony commitments in state fiscal year 2007 or 2008, whichever is less.

 - c. The Comptroller of Public Accounts shall cooperate as necessary to assist the completion of a transfer and spending under this section.
- 15. The agencies shall together develop and implement a biennial strategic plan for the implementation of a more cohesive and effective Project RIO program which will emphasize necessary skill development, rehabilitation, and appropriate assessment of the offender prior to release. Not later than March 1, 2010, the biennial strategic plan, jointly prepared by the three agencies, and including specific strategies, measures, timeframes for program improvement, and a methodology for program evaluation, shall be submitted to the Legislative Budget Board and the Governor. The Texas Workforce Commission shall maintain interagency contracts at \$446,250 in each year of the biennium to the Youth Commission to fund Project RIO. The plan must focus on reducing employee turnover through better management. The Youth Commission shall report, by October 1 of each year of the biennium, to the Legislative Budget Board and the Governor the employee turnover rate, by job category, at the agency during the preceding fiscal year. The effectiveness of an agency's plan shall be measured by whether or not there is a reduction in annual employee turnover rates at the agency, specifically by the reduction in the turnover rates for juvenile correctional officers.
- 19. Appropriation: Unexpended Balances of General Obligation Bond Proceeds.** Any unexpended balances of general obligation bond proceeds that have been approved under the provisions of Article IX, Section 19.70 or Article IX, Section 19.71 of House Bill 1, Eightieth Legislature, Regular Session, 2007, as of August 31, 2009, for the Youth Commission (TYC) are hereby appropriated to TYC for the biennium beginning September 1, 2009 for the purposes for which they were approved (fiscal year 2009 unexpended balance estimated to be \$0).

In the event that the agency is not continued, the funds appropriated in fiscal year 2010 or as much thereof as may be necessary are to be used to provide for the phase out of agency operations.

3. **Contingency Cash Flow.** If the Legislative Budget Board (LBB) and Governor determine after review of relevant information that cash flow difficulties will occur as a result of the appropriations made above, the LBB and Governor may authorize the Texas Commission on Environmental Quality (TCEQ) to temporarily expend General Revenue funds for the purpose of meeting the temporary cash flow needs of the TCEQ, limited to the amounts appropriated above. The transfer of funds shall be repaid to the General Revenue Fund by the end of the biennium in which the funds were transferred under procedures and standards established by the Comptroller of Public Accounts.
4. **Authorization: Aircraft Chartering.** Notwithstanding any other provision of this Act, the Texas Commission on Environmental Quality is authorized to spend appropriated funds for the chartering of aircraft for the purposes of monitoring environmental quality, and the enforcement of environmental and water rights laws of the State.
5. **Local Air Pollution Grants Allocation.** Out of the amounts appropriated above out of the Clean Air Account No. 151 in Strategy A.1.1, Air Quality Assessment and Planning, an amount not less than \$2,800,000 in each year of the biennium shall be utilized to fund grants or cooperative agreements with eligible local air pollution programs under Health and Safety Code, § 382.0622. It is provided, however, that the combined federal and state share of the funding for any such local air pollution programs shall not exceed 67 percent of the total allocation to the programs, with the local share being based on the local dollars allocated pursuant to maintenance-of-effort requirements for federal air pollution grants.
6. **Fee Revenue: Pollution Control Equipment Exemptions.** Pursuant to Tax Code, § 11.31, included in amounts appropriated above out of the General Revenue Fund in Strategy C.1.3, Pollution Prevention, Recycling, and Innovative Programs, is \$221,000 each fiscal year from fee revenue collected beginning with the effective date of this Act for the purpose of determining whether pollution control equipment is exempt from taxation.

In addition to amounts appropriated above, any amounts collected by the Texas Commission on Environmental Quality pursuant to Tax Code, § 11.31 on or after September 1, 2009, in excess of 221,000 in each fiscal year of the biennium are hereby appropriated to the agency.

7. **Authorization: Operating Fund.** The Texas Commission on Environmental Quality (TCEQ) is hereby authorized to make transfers from any appropriation made to TCEQ into a single account in the General Revenue Fund known as the "Texas Commission on Environmental Quality

COMMISSION ON ENVIRONMENTAL QUALITY
(Continued)

Operating Fund" for the purpose of making expenditures for which appropriations were made in this Act. After the expenditures have been made from the fund and as soon as the proper strategies have been identified, TCEQ shall process adjustments to the Comptroller in summary accounts to facilitate accurate cost allocations; provided, however, that each special account and fund shall be used for the purposes as now described by law and nothing shall be done to jeopardize or divert the special accounts and funds or any portion thereof including federal aid.

8. **Appropriation: Air Quality Planning.** Included in amounts appropriated above out of the Clean Air Account No. 151 in Strategy A.1.1, Air Quality Assessment and Planning, is \$8,075,000 for the biennium for air quality planning activities to reduce ozone in areas as approved by the Texas Commission on Environmental Quality (TCEQ). These areas may include Waco, El Paso, Beaumont, Austin, Corpus Christi, Longview-Tyler-Marshall, San Antonio, and Victoria. These activities may include identifying, inventorying, and monitoring of pollution levels; modeling pollution levels; and the identification, quantification, and implementation of appropriate pollution reduction controls. The TCEQ shall allocate these funds in such a way as to channel the funds to those projects most useful for the State Implementation Plan (SIP). The areas receiving funds shall submit work plans for TCEQ approval describing the work they will complete with those funds.
9. **Appropriations Limited to Revenue Collections: Occupational Licensing.** It is the intent of the Legislature that fees, fines and other miscellaneous revenues deposited to the TCEQ Occupational Licensing Account No. 468 as authorized and generated by the agency cover, at a minimum, the cost of the appropriations made above for strategy item A.2.4, Occupational Licensing, as well as the "Other direct and indirect costs" associated with this strategy, appropriated elsewhere in this Act. "Other direct and indirect costs" for strategy A.2.4, Occupational Licensing, are estimated to be \$267,319 for fiscal year 2010 and \$274,148 for fiscal year 2011. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct the Comptroller of Public Accounts to reduce the appropriation authority provided above to be within the amount of revenue expected to be available.
10. **Contract with the State Office of Administrative Hearings.** Included in the amounts appropriated above is \$938,860 in fiscal year 2010 and \$938,860 in fiscal year 2011 to cover the cost of contracting with the State Office of Administrative Hearings for funding the Natural Resources Division for the purpose of conducting administrative hearings and for related expenses. The Texas Commission on Environmental Quality (TCEQ) and the State Office of Administrative Hearings may not enter into a contract for an amount less than the amounts specified herein. If the State Office of Administrative Hearings determines, at the end of each fiscal year, that the amount paid under the contract exceeds the necessary funding, it shall refund the difference to TCEQ. If the State Office of Administrative Hearings determines that the amounts are insufficient to fund the Natural Resources Division, the State Office of Administrative Hearings may enter into negotiations with TCEQ in order to renegotiate the interagency contract to provide additional funds for administrative hearings. The State Office of Administrative Hearings is not appropriated any state funds from such renegotiated contracts until it gives written notice to the Legislative Budget Board and the Governor, together with written permission of the agency.
11. **Petroleum Storage Tank Administration.** Out of funds appropriated above not more than \$12,000,000 each fiscal year out of the Petroleum Storage Tank (PST) Remediation Account No. 655 in Strategy D.1.1, Storage Tank Administration and Cleanup, Strategy C.1.1, Field Inspections and Complaints, and Strategy C.1.2, Enforcement and Compliance Support, may be used for the PST regulatory program and for necessary administrative expenses associated with the PST Account No. 655 and the groundwater protection cleanup program, in accordance with Water Code, § 26.3573 (d)-(e). Unexpended Balance and Estimated Appropriation Authority: Alternative Fuels Research and Education Account.** Included in amounts appropriated above in Strategy A.2.2, Promote LP Gas Usage, in fiscal year 2010 are balances remaining in the Alternative Fuels Research and Education (AFRED) Account No. 101 as of August 31, 2009 (not to exceed \$1,030,660) to be used during the biennium beginning on September 1, 2009.

In addition to amounts appropriated above, there is hereby appropriated to the Railroad Commission for the biennium beginning on September 1, 2009 any revenues received in the AFRED Account No. 101 in excess of the Comptroller's Biennial Revenue Estimate for the 2010-11 biennium. These funds shall be used in accordance with Natural Resources Code, § 113.243.

- 6. Appropriations Limited to Revenue Collections and Contingent Revenue: LPG/CNG/LNG Fees.** It is the intent of the Legislature that revenues collected pursuant to Natural Resources Code §§ 113.082, 113.090, 113.093, 113.094, 113.131, 116.032, 116.034, and 116.072 and deposited to Revenue Object Codes 3035 and 3246 in the General Revenue Fund, and \$60,000 each fiscal year collected pursuant to Natural Resources Code, § 113.244, and deposited to Revenue Object Code 3034 in the Alternative Fuels Research and Education Account No. 101, cover, at a minimum, the cost of the appropriations made above for the LP Gas Program in Strategy B.1.1, Pipeline and LP Gas Safety (not to exceed \$1,311,914 in fiscal year 2010 and \$1,264,454 in fiscal year 2011).

This appropriation is contingent upon the Railroad Commission assessing fees sufficient to generate, during the 2010-11 biennium, revenue to cover these appropriations. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided above to be within the amount of revenue expected to be available.

In addition to amounts appropriated above, there is hereby appropriated to the Railroad Commission for the biennium beginning on September 1, 2009 any revenues collected by the Commission and deposited to Revenue Object Codes 3035 and 3246 in the General Revenue Fund in excess of the Comptroller's Biennial Revenue Estimate for the 2010-11 biennium.

Of the amounts received in excess of the BRE, the first \$991,762 in fiscal year 2010 and the first \$917,255 in fiscal year 2011 shall be used to increase staffing in the oil and gas field operations and technical permitting programs in an attempt to reduce permitting times and prevent permitting backlogs.

In addition, the Number of Full-Time Equivalents (FTE) for the Railroad Commission is hereby increased by 21.0 in each fiscal year of the 2010-11 biennium. These positions shall be filled only in the event that revenues exceed the BRE for 2010-11 and shall be used to reduce permitting times and to prevent permitting backlogs.

- 8. Fee Appropriation: Liquid Propane (LP) Gas Licensing, Training, and Examination Renewal Fees.** Included in amounts appropriated above in Strategy A.2.2, Promote LP Gas Usage, is \$613,511 in each fiscal year of the biennium beginning September 1, 2009 in Appropriated Receipts (Revenue Object Code 3722) and \$1,000 in each fiscal year of the biennium in General Revenue (Revenue Object Code 3245) from fees assessed and collected pursuant to Natural Resources Code, §§ 113.088 and 116.034. In addition to amounts appropriated above, the Railroad Commission is hereby appropriated any additional federal grant funds from the US Department of Interior for the purposes authorized by Natural Resources Code, Chapter 134, Subchapter G, Abandoned Mine Reclamation.
- 10. Appropriation Limited to Revenue Collections: Surface Mining Permits and Contingency Appropriation.** Included in the amounts appropriated above is \$1,359,639 in fiscal year 2010 and \$1,355,874 in fiscal year 2011 in Strategy C.1.2, Surface Mining Monitoring and Inspections, from surface mining fee revenues deposited to the General Revenue Fund to cover the cost of permitting and inspecting coal mining facilities.

This appropriation is contingent upon the Railroad Commission assessing fees sufficient to generate, during the 2010-11 biennium, revenue to cover the General Revenue appropriations. Of this appropriation, \$140,528 in fiscal year 2010 and \$137,513 in fiscal year 2011 is contingent upon the Railroad Commission increasing surface mining permit fees and shall be limited to revenues deposited to the credit of Revenue Object Code 3329 in excess of the Comptroller's Biennial Revenue Estimate (BRE) for 2010-11.

The Railroad Commission, upon completion of necessary actions to assess or increase the surface mining permit fee, shall furnish copies of minutes and other information supporting the estimated revenues to be generated for the 2010-11 under the revised fee structure to the Comptroller of Public Accounts. If the Comptroller finds the information sufficient to support the projection of increased revenues in excess of those estimated in the BRE for 2010-11, a finding of fact to that effect shall be issued and the contingent appropriation shall be made available for the intended purpose.

In addition to amounts appropriated above, there is hereby appropriated for the biennium beginning on September 1, 2009, any revenues received from surface mining fees deposited to the credit of Revenue Object Code No. 3329 in excess of the Comptroller's BRE for 2010-11 plus the generated amounts above.

- 11. Appropriation for Pipeline Safety Fees.** Included in the amounts appropriated above are revenues from fees assessed on pipelines and pipeline facilities and deposited to Revenue Object Code 3553 in the General Revenue Fund pursuant to Utilities Code, § 121.211 in an amount not to exceed \$1,813,702 in each fiscal year of the 2010-11 biennium. These funds shall be used to

The Railroad Commission is hereby authorized to transfer appropriations made pursuant to this provision to the appropriate strategy items.

These appropriations are contingent upon the Railroad Commission assessing fees sufficient to generate, during the 2010-11 biennium, revenue to cover, at a minimum the General Revenue appropriations for the Pipeline Safety program and the underground pipeline damage prevention program as well as "Other direct and indirect costs" for the programs, appropriated elsewhere in this Act. "Other direct and indirect costs" are estimated to be \$743,523 in fiscal year 2010 and \$774,797 in fiscal year 2011. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct the Comptroller of Public Accounts to reduce the appropriation authority provided above to be within the amount of revenue expected to be available.

In addition to amounts appropriated above, there is hereby appropriated for the biennium beginning on September 1, 2009, any revenues received from pipeline safety fee revenues deposited to the credit of Revenue Object Code No. 3553 in the General Revenue Fund in excess of the Comptroller's Biennial Revenue Estimate for 2010-11.

 3. Renegotiation of Lump Sum Contract. Appropriations made above in Strategy A.1.1, Conduct Hearings, include \$938,860 in fiscal year 2010 and \$938,860 in fiscal year 2011 in Interagency Contracts to fund the Natural Resources Division for the purpose of conducting hearings for the Texas Commission on Environmental Quality (TCEQ). The State Office of Administrative Hearings (SOAH) and TCEQ may not enter into a contract for an amount less than the specified amounts herein above. If SOAH determines, at the end of each fiscal year, that the amount paid under the contract exceeds the funding necessary for the Natural Resources Division, it shall refund the difference. If SOAH determines that these amounts are insufficient to fund the Natural Resources Division it may enter into negotiations with the TCEQ in order to renegotiate an interagency contract in a manner which will provide it with additional funds, provided that SOAH shall not be appropriated any state funds from such renegotiated interagency contract until it gives prior written notice to the Legislative Budget Board and the Governor, accompanied by written permission of the TCEQ.		
 4. Benefit Collection. Agencies that enter into contracts with the State Office of Administrative Hearings (SOAH), for the purpose of performing the hearings function, and make payments to SOAH from funding sources other than General Revenue, must reimburse SOAH for employee benefit costs for salaries and wages. These reimbursements to SOAH will then be paid to the General Revenue Fund in proportion to the source of funds from which the respective salary or wage is paid.		
 5. Contingency Appropriation for Expanded Jurisdiction. Contingent on the enactment of legislation by the Eighty-first Legislature transferring the hearings functions of other state agencies to the State Office of Administrative Hearings (SOAH), or otherwise expanding the jurisdiction of the office, SOAH is hereby authorized to expend funds transferred to the office from those agencies or funds appropriated for the purpose of handling the expanded jurisdiction, pursuant to provisions elsewhere in this Act. Appropriations authorized pursuant to this provision may be expended only to implement the transferred functions or expanded jurisdiction. All funds collected by SOAH as payment for, or reimbursement of, the office's costs of providing services to other state agencies or governmental entities, or others as directed by the Legislature, are appropriated to SOAH for its use during the biennium.		
 6. Hearings Activity Report. By May 1st and November 1st of each fiscal year, the State Office of Administrative Hearings (SOAH) shall submit to the Legislative Budget Board and the Governor a report detailing hearings activity conducted during the prior two fiscal year quarters. The report shall indicate, for each agency served, the person hours allocated to the agency's cases and the cost, both direct and indirect, of conducting the hearings. The report shall also indicate, for each agency served, the number of cases received, the number of cases disposed of, the number of administrative fine cases disposed of and the median number of days between the date a case is received by SOAH and the date the case is finally disposed of, during the reporting period.		
 7. Interagency Contract for Administrative Law Judge Training. Out of funds appropriated above, the State Office of Administrative Hearings shall contract in the amount of \$25,000 for training of Administrative Law Judges. Any amounts not expended as of August 31, 2010, are appropriated for the fiscal year beginning September 1, 2010. The State Office of Administrative Hearings' travel expenses, including travel expenses incurred by staff for out-of-state travel related to Administrative Law Judge training, are limited to the amount established in this rider.

8. Contingency for Additional Self-directed Semi-independent Agency Pilot Projects.

Contingent upon additional agencies added as a self-directed semi-independent (SDSI) agency pilot project by the Legislature during the 2010-11 biennium, any agency added as a SDSI pilot project that is listed in Rider 9 shall be removed from the exemption granted in Rider 9 below.

9. Billing Rate for Workload.

- a. Unless otherwise provided, amounts appropriated above and elsewhere in this Act for funding for the payment of costs associated with administrative hearings conducted by the State Office of Administrative Hearings (SOAH) are based on an hourly rate of \$100 per hour for each hour of work performed during each fiscal year as reflected by the SOAH's Legislative Appropriation Request and Hearings Activity Report to the Eighty-first Legislature.
- b. Notwithstanding other provisions in this act, amounts for the payment of costs associated with administrative hearings conducted by SOAH for the Comptroller of Public Accounts shall be established through an interagency contract between the two agencies. The contract shall provide funding for hearings on tax issues conducted by Master Administrative Law Judge IIs in a separate tax division within SOAH that have expertise in state tax and shall specify the salaries of the judges within the division.
- c. Amounts appropriated above in Strategy A.1.1, Conduct Hearings, to SOAH from the General Revenue Fund include funding in each year of the biennium for billable casework hours performed by SOAH for conducting administrative hearings at the rate determined by SOAH and approved by the Legislature for the following agencies that do not have appropriations for paying SOAH costs for administrative hearings and are not subject to subsection (a) of this Section:

Appropriation of Receipts.** Funds received by the Department of Banking pursuant to supervision or conservatorship proceedings as authorized under Texas Finance Code § 35.101-35.113, (estimated to be \$5,000 each year) are included in amounts appropriated above to the department in Strategy A.1.1, Bank Examination, to pay costs incidental to such proceedings, including the salary and per diem expenses of the appointed supervisor or conservator.
- 4. Contingency Appropriation: State Regulatory Response.**
- a. Amounts appropriated above to the Department of Banking not to exceed \$5,550,432 each fiscal year in General Revenue in Strategy D.1.1, Contingency Regulatory Response, and 56.5 Full-Time-Equivalents (FTE) positions each fiscal year included above in the "Number of Full-Time-Equivalents (FTE)" are contingent upon a finding of fact by the Finance Commission that additional resources are needed by the Department of Banking because:
- (1) the number of exams required for the state-chartered commercial banking industry under the jurisdiction of the Department of Banking, determined either as a function of assets, number of institutions, expanded specialty areas, or relative proportion of problem banks or problem bank assets in the state system, increases to a point where additional appropriations are required to maintain adequate regulation of the industry;
 - (2) federal regulatory resources applied to the Texas state-chartered commercial banking industry, determined as a function of assets, have been reduced; or
 - (3) the Department of Banking is unable to maintain adequate supervision of the industry and is unable to meet its examination frequency performance measures due to reductions in the quality or quantity of its examination staff, resulting either from examiner turnover, or an inability to recruit adequately qualified examiners because of salary levels, or the salary is at a level that is not competitive and is less than 95 percent of a comparable position with a state or federal regulatory agency with similar responsibilities considering the experience, knowledge, and skill sets required to undertake the requirements of a particular position.
- b. None of the funds appropriated above in Strategy D.1.1, Contingency Regulatory Response, above may be expended and none of the 56.5 Full-Time-Equivalents (FTE) positions each fiscal year included above in the "Number of Full-Time-Equivalents (FTE)" may be used by the Department of Banking unless the Finance Commission files a finding of fact with the Governor and the Legislative Budget Board and neither the Governor nor the Legislative Budget Board issues a written disapproval not later than:
- (1) the 10th day after the date the staff of the Legislative Budget Board concludes its review of the findings of fact and forwards those findings of fact along with the conclusions or comments of the Legislative Budget Board staff to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor; and
 - (2) within 10 business days of the receipt of the finding of fact by the Governor.
- c. The appropriations above in Strategy D.1.1, Contingency Regulatory Response, and 56.5 Full-Time-Equivalents (FTE) positions each fiscal year included above in the "Number of Full-Time-Equivalents (FTE)" are also contingent upon the Department of Banking generating sufficient additional fee revenues to cover these contingency appropriations and related employee benefits, and providing such information as may be deemed necessary by the Comptroller of Public Accounts to issue a finding of fact that the increased revenues will be

available to fund the increased appropriation. These increased revenues must exceed \$13,242,000 for fiscal year 2010 and \$13,167,000 for fiscal year 2011 (Object Code 3172) contained in the Comptroller of Public Accounts' Biennial Revenue Estimate.

- d. Funds appropriated above in Strategy D.1.1, Contingency Regulatory Response, and 56.5 Full-Time-Equivalents (FTE) positions each fiscal year included above in the "Number of Full-Time-Equivalents (FTE)" may only be used to address issues included in the finding of fact submitted to the Governor and the Legislative Budget Board pursuant to subsection (b) above.

 - (2) within 10 business days of the receipt of the finding of fact by the Governor.
- c. The appropriations above in Strategy E.1.1, Contingency Thrift Regulatory Response, and 10.0 Full-Time-Equivalents (FTE) positions each fiscal year included above in the "Number of Full-Time-Equivalents (FTE)" are also contingent upon the Department of Savings and Mortgage Lending generating sufficient additional fee revenues to cover these contingency appropriations and related employee benefits, and providing such information as may be deemed necessary by the Comptroller of Public Accounts to issue a finding of fact that the increased revenues will be available to fund the increased appropriation. These increased revenues must exceed \$1,200,000 for fiscal year 2010 and \$1,200,000 for fiscal year 2011 (Object Code 3172) contained in the Comptroller of Public Accounts' Biennial Revenue Estimate.

5. Contingency Appropriation: Mortgage Broker Regulatory Response.

- a. Amounts appropriated above to the Department of Savings and Mortgage Lending not to exceed \$1,404,400 in each fiscal year in General Revenue in Strategy E.1.2, Contingency Broker Regulatory Response, and 26.0 Full-Time-Equivalents (FTE) positions in each fiscal year included above in the "Number of Full-Time-Equivalents (FTE)" are contingent upon a finding of fact by the Finance Commission that:
 - (1) the size of the mortgage broker industry under the jurisdiction of the Department of Savings and Mortgage Lending, determined either as a function of licensees, has grown to a point where additional appropriations are deemed necessary to maintain adequate regulation of the industry; or
 - (2) increased incidents of regulatory and supervisory concern regarding the safe and sound operations of thrift institutions under the department's jurisdiction have occurred to the extent that additional appropriations are deemed necessary to maintain adequate regulation of the industry; or
 - (3) the Department of Savings and Mortgage Lending is unable to maintain adequate supervision of the industry and is unable to meet its examination frequency performance measures due to reductions in the quality or quantity of its examination staff, resulting either from examiner turnover, or an inability to recruit adequately qualified examiners because of salary levels, or the salary is at a level that is not competitive and is less than 95 percent of a comparable position with a state or federal regulatory agency with similar responsibilities considering the experience, knowledge, and skill sets required to undertake the requirements of a particular position.
- b. None of the funds appropriated in Strategy E.1.2, Contingency Broker Regulatory Response, above may be expended and none of the 26.0 Full-Time-Equivalents (FTE) positions in each fiscal year included above in the "Number of Full-Time-Equivalents (FTE)" may be used by the Department of Savings and Mortgage Lending unless the Finance Commission files a finding of fact with the Governor and the Legislative Budget Board and neither the Governor nor the Legislative Budget Board issues a written disapproval not later than:

DEPARTMENT OF SAVINGS AND MORTGAGE LENDING
(Continued)

- (1) the 10th day after the date the staff of the Legislative Budget Board concludes its review of the findings of fact and forwards those findings of fact along with the conclusions or comments of the Legislative Budget Board staff to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor; and
- (2) within 10 business days of the receipt of the finding of fact by the Governor.
- c. The appropriations above in Strategy E.1.2, Contingency Broker Regulatory Response, and 26.0 Full-Time-Equivalents (FTE) positions each fiscal year included above in the "Number of Full-Time-Equivalents (FTE)" are also contingent upon the Department of Savings and Mortgage Lending generating sufficient additional fee revenues to cover these contingency appropriations and related employee benefits, and providing such information as may be deemed necessary by the Comptroller of Public Accounts to issue a finding of fact that the increased revenues will be available to fund the increased appropriation. These increased revenues must exceed \$4,154,000 for fiscal year 2010 and \$4,154,000 for fiscal year 2011 (Object Code 3175) contained in the Comptroller of Public Accounts' Biennial Revenue Estimate.
- d. Funds appropriated above in Strategy E.1.2, Contingency Broker Regulatory Response, and 26.0 Full-Time-Equivalents (FTE) positions in each fiscal year included above in the "Number of Full-Time-Equivalents (FTE)" may only be used to address issues included in the finding of fact submitted to the Governor and the Legislative Budget Board pursuant to subsection (b) above.
- e. Notwithstanding transfer limits under Section 14.01, Article IX of this Act, at the discretion of the agency, amounts appropriated above may be transferred to another appropriation item in an amount not to exceed \$1,404,400 each fiscal year in General Revenue in Strategy E.1.2.
6. **Appropriation: Criminal Record Check Receipts.** Funds appropriated above in Strategy B.1.1, Mortgage Broker Licensing, include receipts collected pursuant to Section 156.206, Texas Finance Code. Contingent upon certification by the Department of Savings and Mortgage Lending, and verification by the Comptroller of Public Accounts, all fees collected in excess of \$225,000 each fiscal year of the biennium (estimated to be \$0) are hereby appropriated to the Department of Savings and Mortgage Lending. These funds shall be used for the sole purpose of acquiring criminal record checks from the Department of Public Safety, Federal Bureau of Investigation, or other law enforcement agency.
7. **Unexpended Balance Authority.** The unobligated and unexpended balances of appropriations to the Department of Savings and Mortgage Lending for the fiscal year ending August 31, 2010, are hereby appropriated to the Department of Savings and Mortgage Lending for the same purposes for the fiscal year ending August 31, 2011.

- (b) Funds appropriated by this Act for grants to be made by a state agency for a particular fiscal year may be distributed in subsequent fiscal years so long as the grant has been awarded and treated as a binding encumbrance by the grantor agency prior to the end of the appropriation year of the funds appropriated for grant purposes. Distribution of the grant funds is subject to § 403.071, Government Code.

Sec. 4.04. Grants for Political Polling Prohibited. None of the funds appropriated by the Act may be granted to or expended by any entity which performs political polling. This prohibition regarding political polling does not apply to a poll conducted by an academic institution as a part of the institution's academic mission that is not conducted for the benefit of a particular candidate or party.

Sec. 4.05. Limitation on Grants to Units of Local Government.

- (a) The funds appropriated by this Act may not be expended in the form of a grant to, or a contract with, a unit of local government unless the terms of the grant or contract require that the funds received under the grant or contract will be expended subject to limitations and reporting requirements similar to those provided by:
 - (1) Parts 2 and 3 of this Article (except there is no requirement for increased salaries for local government employees);
 - (2) §§ 556.004, 556.005, and 556.006, Government Code;
 - (3) §§ 2113.012 and 2113.101, Government Code;

Sec. 5.02. General Travel Provisions. The funds appropriated by this Act to a state agency for the payment of transportation, meals, lodging, or incidental expenses is the maximum amount that may be expended by the agency. The funds appropriated by this Act may not be expended for those expenses unless the travel and the resulting requests for payment or reimbursement comply with the conditions and limitations in this Act, Chapter 660, Government Code, and the Comptroller's Rules.

Sec. 5.03. Failure to Comply.

- (a) If the State Auditor determines that the travel for which payment was made out of appropriated funds is not in compliance with Chapter 660, Government Code, the State Auditor shall so certify to the Comptroller. The Comptroller shall reduce the appropriation of the state agency that paid the travel expenses by an amount equal to the entire amount paid by the state agency for that individual for that travel occurrence.
- (b) The Comptroller shall prepare an annual report indicating the appropriation reductions, by state agency, made pursuant to this section for the previous fiscal year. The Comptroller shall submit the report to the Legislative Budget Board not later than December 1.

Sec. 5.04. Transportation Expenses. For a state employee's use of a personally owned or leased motor vehicle, the mileage reimbursement rate for travel equals the maximum fixed mileage allowance specified in the revenue rulings issued by the Internal Revenue Service under the federal income tax regulations as announced by the Comptroller.

Sec. 5.05. Transportation in Personally Owned or Leased Aircraft.

- (a) The rate of reimbursement to be paid to a key official, member of a board, commission, or a member of the Legislature for travel in the person's personally owned or leased aircraft,

either within or without the boundaries of this state, is the maximum fixed mileage allowance specified in the revenue rulings issued by the Internal Revenue Service under the federal income tax regulations or alternatively as determined by the Comptroller the rates adopted by the United States Administrator of General Services as announced by the Comptroller.

- (b) The rate of reimbursement for a state employee when the employee travels in the employee's personally owned or leased aircraft, either within or without the boundaries of this state, is:
 - (1) 40 cents per highway mile when traveling in single-engine aircraft; or
 - (2) 50 cents per highway mile when traveling in twin-engine, turbine-powered, or other aircraft.

Sec. 5.06. Travel Meals and Lodging Expenses.

- (a) A state employee who travels within the continental United States shall be reimbursed for the actual cost of lodging and meals. However, the reimbursements may not exceed the maximum meals and lodging rates based on the federal travel regulations, issued by the Comptroller; unless the agency head or designee of the agency head determines that local conditions necessitate a change in the lodging rate for a particular location. If an employee travels to a location where an allowance has not been set by the Comptroller, the Comptroller shall establish a rate for that location.
- (b) At the discretion of each chief administrator of a state agency, a state employee whose duties require the employee to travel outside the employee's designated headquarters without an overnight stay away from the employee's headquarters may be reimbursed for the actual cost of the employee's meals not to exceed \$36.
- (c) A state employee may receive reimbursements for the employee's actual expenses for meals and lodging when traveling outside the continental United States.
- (d) A state agency or institution may reimburse a state employee for a meal expense the employee incurs while traveling outside the employee's designated headquarters for less than six consecutive hours if the reimbursement:
 - (1) receives the written approval by the chief administrator of the state agency or institution;
 - (2) meets the rules adopted by the Comptroller regarding reimbursement for traveling outside the employee's designated headquarters for less than six consecutive hours; and
 - (3) complies with § 660.206, Government Code.

Sec. 5.07. Special Provisions Regarding Travel Expenses. Reimbursement for meals and lodging as authorized by Subchapter H, Chapter 660, Government Code, on an "actual expenses" or "actual amount of" basis may not exceed twice the maximum rates specified in § 5.06 of this Article.

Sec. 5.08. Limitation on Travel Expenditures.

- (a) In this section "travel" refers only to travel outside the state of Texas, except as provided by Subsection (k) of this section.
- (b) (1) None of the funds appropriated by this Act may be expended, without the prior approval of the Legislative Budget Board, for travel purposes if such expenditure would cause the agency's or institution's travel expenditures for that fiscal year to exceed the greatest of:
 - (A) 125 percent of that agency's or institution's fiscal year 2000 amount of travel expenditures; or
 - (B) 100 percent of that agency's or institution's fiscal year 2000 amount of travel expenditures plus \$10,000; or

TRAVEL REGULATIONS

(Continued)

- (C) 100 percent of that agency's or institution's fiscal year 2000 amount of travel expenditures plus any excess travel expenditure amounts approved by waiver.
- (2) The general limitations provided by this subsection apply in addition to the limits of any additional agency specific limitation.
- (3) In the event that a state agency or institution had, as determined by the Comptroller, no expenditures for travel outside the state of Texas during fiscal year 2000, the general limitations provided by Subsection (b)(1) shall not apply, but out-of-state travel spending may not exceed in either year of the biennium the amount spent for that purpose in the last state fiscal year in which out-of-state travel occurred.
- (c) The Legislative Budget Board may consider requests from agencies which demonstrate circumstances which would make such reductions in actual travel impractical or inefficient in accomplishing the goals and strategies contained in their appropriations pattern. Such circumstances may include: new or expanded programs, law enforcement, tax collection activities, statutorily mandated travel, or other pressing public purposes.
- (d) The Comptroller shall prescribe accounting procedures and reporting requirements to administer this section and to ensure that expenditures for travel by all state agencies and institutions of higher education are properly reported and monitored.
- (e)
 - (1) Upon notification by the Comptroller that a state agency or institution of higher education has exceeded the travel cap limit as specified in Subsection (b) of this section for two consecutive fiscal years without the written approval of the Legislative Budget Board, the state agency or institution of higher education may not pay or reimburse with funds appropriated by this Act, a travel expense for travel to conventions, conferences, or seminars except as provided by this Subsection (e).
 - (2) The Comptroller may allow a state agency or institution of higher education to reimburse or pay a travel expense incurred by an employee on or after the date the agency or institution receives notice of its exceeding the limits if:
 - (A) the expense is incurred while the employee is returning to the employee's designated headquarters;
 - (B) the reimbursement or payment is necessary to prevent unreasonable hardship to the employee; or
 - (C) the expense is incurred while the employee is completing official state business that the agency or institution deems critical to fulfillment of the agency's or institution's constitutional or statutory duties.
 - (3) The Comptroller shall notify the Legislative Budget Board if the Comptroller allows such a payment or reimbursement. The notification must include the reason that the payment or reimbursement is allowed. The Legislative Budget Board may then direct the Comptroller to reduce the agency's or institution's appropriation by the amount of the payment or reimbursement if in the Legislative Budget Board's opinion the payment was the result of an agency failing to comply with the notification by the Comptroller.
- (f) All documents filed by an appointed officer under this section are public information. In this section, the term "public information" has the meaning provided by Chapter 552, Government Code.
- (g) In this section "appointed officer" includes all persons included under the definition provided by Chapter 572, Government Code, except that for the purposes of the definition of "appointed officer," the term "state agency" also includes a council of governments, a local workforce development board, or a mental health mental retardation community center that uses funds appropriated by this Act to pay for the transportation, meals, lodging, or other travel expenses of its employees or officials. For the purpose of this provision, the term "council of governments" shall include a council of governments, a regional planning commission, or similar regional planning agency created under Chapter 391, Local Government Code.

TRAVEL REGULATIONS

(Continued)

- (h) An appointed officer may not receive reimbursement from funds appropriated by this Act for expenses related to travel before filing with the Texas Ethics Commission copies of all documents that will be submitted to the Comptroller and Legislative Budget Board in support of the travel expense claim.
- (i) Funds appropriated by this Act may not be used to pay expenses for a trip to foreign countries, except for Canada or Mexico, unless the board or commission of each state agency and institution of higher education has approved the travel before departure. A copy of the approval must be attached to each travel voucher submitted to the Comptroller. By October 1 of each year, each agency and institution of higher education must submit a report on all foreign travel with required approvals to the Governor and the Legislative Budget Board.
- (j) In implementing this rider, state agencies shall review their travel policies in order to ensure that travel which is critical to the delivery of services consistent with the mission of the agency is not affected.
- (k) Travel expenses incurred within the Washington, D.C. area by the Office of State-Federal Relations (OSFR) and by state agencies and institutions of higher education that are represented by their employees in the Washington, D.C. office of OSFR shall be considered in-state travel for the purpose of calculating the agencies' compliance with out-of-state travel limitation provisions.

Sec. 5.09. Travel and Per Diem of Board or Commission Members.

- (a) As authorized by § 659.032, Government Code, the per diem of state board and commission members consists of:
 - (1) compensatory per diem, if specifically authorized by law, at \$30 per day; and
 - (2) at the rates provided by this Act for state employees, expense per diem, which includes:
 - (A) reimbursement of actual expenses for meals, at the rates provided by this Act for state employees;
 - (B) lodging at the rates provided by this Act for state employees;
 - (C) transportation at the rates provided by this Act for state employees; and
 - (D) incidental expenses.
- (b) If a law enacted after former Article 6813f, VTCS, (September 1, 1983), authorizes per diem for members of a particular state board or commission, but does not specify the amount of the per diem, then the amount of the per diem is the amount provided by Subsection (a).
- (c) A full-time employee paid from funds appropriated by this Act may not be paid both a salary and compensatory per diem for concurrent service as a state employee and as a board or commission member.

Sec. 5.10. Travel of Advisory Committee Members.

- (a) For the purpose of this section, the term "advisory committee" has the meaning assigned by § 2110.001, Government Code.
- (b) In addition to the limits placed on reimbursement of advisory committee member expenses by this section and to the extent not otherwise limited by this Act or other law, a member of a state agency advisory committee may be reimbursed, at the rates specified in this Act for a state employee, for actual expenses for meals, lodging, transportation, and incidental expenses.
- (c) The funds appropriated by this Act may not be expended to reimburse a member of a state agency advisory committee for expenses associated with conducting committee business, including travel expenses, unless the expenditures for an advisory committee are within the limits provided by this section and other law and are:

TRAVEL REGULATIONS

(Continued)

- (1) specifically authorized by this Act; or
- (2) approved by the Governor and the Legislative Budget Board subsequent to the effective date of this Act.
- (d) The limitations provided by this section do not apply to an advisory committee established by the governing board of a retirement system trust fund.
- (e) The limitations provided by this section apply only to an advisory committee that is subject to Chapter 2110, Government Code.
- (f) Unless otherwise specifically provided for in this Act or by the written authorization of the Legislative Budget Board and Governor, and pursuant to Government Code, § 2110.004, total amounts expended in each fiscal year of the biennium for reimbursement of expenses for an advisory committee authorized to be reimbursed elsewhere in this Act by agencies and institutions, out of funds appropriated to those entities, may not exceed one hundred and twenty-five percent (125%) of total expenditures for reimbursement of the same advisory committee by the agency or institution in fiscal year 2003.

PART 6. GENERAL LIMITATIONS ON EXPENDITURES

Sec. 6.01. Definitions. In this Act "unexpended balance" or the abbreviation "UB" means the unobligated balance remaining in an appropriation, i.e., only that part of an appropriation, if any, that has not been set apart by the incurring of an obligation, commitment, or indebtedness by the state agency authorized to spend the appropriation. A reference in this Act to "unexpended balance" or "UB" is a reference to the unobligated balance of an amount appropriated by this Act for the fiscal year ending August 31, 2010, unless another meaning is clearly indicated.

Sec. 6.02. Interpretation of Estimates. In the event the amounts of federal funds, local funds, or funds other than appropriations from the General Revenue Fund, have been estimated in this Act in sums greater than are actually received by the respective agencies of the state, this Act may not be construed as appropriating additional funds from General Revenue to make up such differences. Wherever the language of this Act appropriates all receipts or balances from a specified source but uses an estimated amount to inform the Legislature and the public, the estimated figure is not to be construed as a limitation on the amount appropriated.

Sec. 6.03. Excess Obligations Prohibited.

- (a) An agency specified in this Act may not incur an obligation in excess of the amounts appropriated to it for the respective objects or purposes named.
- (b) As a specific exception to Subsection (a) the Comptroller of Public Accounts may determine that a proposed installment purchase arrangement is cost effective and certify this finding in response to an agency request.
- (c) A determination made by the Comptroller of Public Accounts under Subsection (b) may be made for obligations incurred for the purchase or lease of automated information system equipment only if the agency has on file with the Legislative Budget Board a Biennial Operating Plan, including any amendments to the Biennial Operating Plan, and the plan has been approved by the Legislative Budget Board.
- (d) If this section is violated, the State Auditor shall certify the fact of the violation and the amount of over-obligation to the Comptroller, and the Comptroller shall deduct an amount equivalent to the over-obligation from the salary or other compensation due the responsible disbursing or requisitioning officer or employee, and apply the amount to the payment of the obligation.
- (e) This provision is specified pursuant to § 10, Article XVI, Texas Constitution.

GENERAL LIMITATIONS ON EXPENDITURES

(Continued)

Sec. 6.04. Interpretation of Legislative Intent. Funds appropriated by this Act shall be expended, as nearly as practicable, for the purposes for which appropriated. In the event an agency cannot determine legislative purpose from the pattern of appropriations, the agency shall seek to determine that purpose from the proceedings of the legislative committees responsible for proposing appropriations for this state.

Sec. 6.05. Comptroller's Duty to Pay. The Comptroller may not refuse to pass for payment a legal claim, factually justified, for which a valid appropriation has been made.

Sec. 6.06. Last Quarter Expenditures.

- (a) A state agency or other governmental unit using funds appropriated by this Act may not expend during the last quarter of a fiscal year more than one-third of the funds appropriated for that fiscal year.
- (b) Specifically exempted from Subsection (a) are:
 - (1) expenditures contracted for in previous quarters;
 - (2) funds required by statute, rule or regulation to be expended on a different time frame;
 - (3) seasonal employment of personnel;
 - (4) construction contracts;
 - (5) contracts dealing with purchases of food, medicines, or drugs;
 - (6) expenditures related to the Children with Special Health Care Needs program operated by the Department of State Health Services; and
 - (7) expenditures occasioned by disaster or other Act of God.
- (c) The funds exempted, under Subsection (b) may not be considered in the computation of the total funds appropriated in a fiscal year for the purpose of applying Subsection (a).

Sec. 6.07. Employee Benefit and Debt Service Items.

- (a) Funds appropriated in the various Articles of this Act for "Employees Retirement System," "Social Security State Match," "Benefit Replacement Pay," "Texas Public Finance Authority-G.O. Bond Debt Service Payments," and "Lease-Payments to the Texas Public Finance Authority" may be transferred between Articles to a like appropriation item without limitation as to the amount of such transfer.
- (b) An agency to which an appropriation listed under Subsection (a) is made may pool such appropriations, made in the various Articles for a common purpose, into a single cost pool for the purpose of administering the appropriation.

Sec. 6.08. Benefits Paid Proportional by Fund.

- (a) Unless otherwise provided, in order to maximize balances in the General Revenue Fund, payment for benefits paid from appropriated funds, including "local funds" and "education and general funds" as defined in § 51.009 (a) and (c), Education Code, shall be proportional to the source of funds except for public community or junior colleges.
- (b) Unless otherwise specifically authorized by this Act, the funds appropriated by this Act out of the General Revenue Fund may not be expended for employee benefit costs, or other indirect costs, associated with the payment of salaries or wages, if the salaries or wages are paid from a source other than the General Revenue Fund except for public community or junior colleges. For purposes of this Act, a public community or junior college may expend funds appropriated for employee benefit costs for any employee if the employee is: (1) otherwise eligible to participate in

GENERAL LIMITATIONS ON EXPENDITURES

the group benefits program; and (2) an instructional or administrative employee whose salary may be fully paid from funds appropriated under the General Appropriations Act, regardless of whether the salary is actually paid from appropriated funds. Payments for employee benefit costs for salaries and wages paid from sources, including payments received pursuant to interagency agreements or as contract receipts, other than the General Revenue Fund shall be made in proportion to the source of funds from which the respective salary or wage is paid or, if the Comptroller determines that achieving proportionality at the time the payment is made would be impractical or inefficient, then the General Revenue Fund shall be reimbursed for any such payment made out of the General Revenue Fund.

- (c) The Comptroller, after consulting with the Legislative Budget Board and the State Auditor's Office, shall develop and maintain rules to provide for the administration of this section.
- (d) Each agency or institution of higher education (excluding a community or junior college) having General Revenue Fund appropriations and other sources of financing shall file with the Comptroller and the State Auditor a report demonstrating proportionality. The report shall be filed before November 20th following the close of the fiscal year for the salaries, wages, and benefits of the preceding year ended August 31. The report shall be in a format prescribed by the Comptroller in collaboration with the Legislative Budget Board and the State Auditor's Office. The State Auditor shall at least biennially review agency and institution (excluding a community or junior college) compliance with the requirements of this section if the agency or institution (excluding a community or junior college) receives funds appropriated under Articles II, III, or VI of this Act. The Comptroller, on receipt of notification from the State Auditor of amounts disproportionately paid from General Revenue Fund appropriations, shall reduce current year General Revenue Fund appropriations of the agency or institution until such time as such amounts are repaid from sources other than the General Revenue Fund.

Sec. 6.09. Appropriations from Special Funds. Notwithstanding other provisions of this Act, appropriation amounts from special funds or special accounts in the General Revenue Fund are specifically limited to amounts not to exceed the actual balances and revenues available to each such fund or account.

Sec. 6.10. Limitation on State Employment Levels.

- (a) Without the written approval of the Governor and the Legislative Budget Board, a state agency or institution of higher education may not use funds appropriated by this Act to pay all or part of the salaries or benefits of a number of employees which would cause the number of full-time equivalent employees (FTEs) paid from funds appropriated by this Act by the state agency or institution of higher education for a fiscal quarter to exceed the figure indicated by this Act for that state agency or institution.
- (b) A request by a state agency or institution of higher education to exceed or reduce the FTE limitations established by this section must be submitted by the governing board of the state agency or institution of higher education and must include at a minimum:
 - (1) the date on which the board approved the request;
 - (2) a statement justifying the need to exceed or reduce the limitation;
 - (3) the source of funds to be used to pay any additional salaries; and
 - (4) an explanation as to why the functions of any proposed additional FTEs cannot be performed within current staffing levels.
- (c) For the purpose of Subsection (a), the number of FTEs employed by a state agency (not including an institution of higher education or an affiliated entity, the State Preservation Board, Parks and Wildlife Department, Texas School for the Blind and Visually Impaired, Texas School for the Deaf, and Texas Commission on Environmental Quality) for a fiscal quarter:
 - (1) shall be determined in accordance with the report filed pursuant to § 2052.103, Government Code;
 - (2) shall include only employees paid with funds appropriated through this Act;

GENERAL LIMITATIONS ON EXPENDITURES

(Continued)

- (3) shall not include overtime hours; and
 - (4) shall include a position filled by temporary or contract workers for more than half of the work days of the year preceding the final day of the reporting period. Temporary or contract workers shall include workers employed under contract to fill specific positions customarily filled by state employees. The State Auditor is authorized to provide interpretations of this provision.
- (d) For the purpose of Subsection (a), the number of FTEs employed by the State Preservation Board, Texas Commission on Environmental Quality, the Parks and Wildlife Department, the Texas School for the Blind and Visually Impaired, the Texas School for the Deaf, or an institution of higher education or an affiliated entity, for a fiscal year:
- (1) shall be determined in accordance with the reports filed pursuant to § 2052.103, Government Code;
 - (2) shall be an average of the four reports filed for that fiscal year;
 - (3) shall include only employees paid with funds appropriated through this Act;
 - (4) shall not include overtime hours; and
 - (5) shall include a position filled by temporary or contract workers for more than half of the work days of the year preceding the final day of the reporting period. Temporary or contract workers shall include workers employed under contract to fill specific positions customarily filled by state employees. The State Auditor is authorized to provide interpretations of this provision.
- (e) This section shall not apply to appropriations made by this Act to the:
- (1) Office of the Governor; or
 - (2) Comptroller when that agency has determined by a cost/benefit analysis that an outsourcing or contracting arrangement provides savings to this State.
- (f) The limitations on FTEs under this section do not apply to a state agency or institution in instances of employment, including employment of temporary or contract workers, directly associated with events declared disasters by the Governor. Each state agency or institution shall annually notify the State Auditor, Comptroller, Legislative Budget Board, and Governor of FTEs exempted under this section.
- (g) (1) The limitations on FTEs under this section do not apply to a state agency or institution in an instance of employment, including employment of a temporary or contract worker, if the FTEs associated with that project are not included in the number of FTEs allowed in the agency's bill pattern and the employees are associated with:
- (A) implementation of a new, unanticipated project that is 100 percent federally funded; or
 - (B) the unanticipated expansion of an existing project that is 100 percent federally funded.
- (2) With regard to the exemption from the FTE limitations provided by this Subsection (g), a state agency or institution is exempt from the FTE limitations only for the duration of the federal funding for the employment related to the project and all salaries, benefits, and other expenses incurred related to employment must be paid from federal funds.
 - (3) This Subsection (g) does not exempt any employees associated with existing projects that are 100 percent federally funded and included in the number of FTEs allowed in the agency's bill pattern.
 - (4) Each state agency or institution shall notify the State Auditor, Comptroller, Legislative Budget Board, and Governor of FTEs exempted under this Subsection (g).

GENERAL LIMITATIONS ON EXPENDITURES

(Continued)

- (h) If a program is transferred from a state agency or institution of higher education, then at any time during the biennium, the Legislative Budget Board and the Governor may agree to reduce the number of FTEs paid from funds appropriated by this Act by the state agency or institution of higher education for one or more fiscal quarters to a figure below that indicated by this Act for that agency or institution.

Sec. 6.11. Purchases of Postage.

- (a) If the expenditures for postage by an agency, other than the Legislature or an institution of higher education, exceed \$4,000 for a fiscal year, the agency shall purchase postage only in accordance with § 2113.103(c), Government Code.
- (b) The amount received by an agency as a refund of postage used by the agency shall be deposited in the fund to the credit of the appropriation from which postage for the agency is paid and is hereby appropriated to the agency for postage use.

Sec. 6.12. Expenditures for State-Federal Relations.

- (a) Funds appropriated by this Act may not be spent by a state agency to carry on functions for which funds have been appropriated to the Office of State-Federal Relations to perform except when an interagency contract has been executed between the Office of State-Federal Relations and the state agency.
- (b) Prior to travel to the Washington, D.C. area, including any trip with a destination to the Reagan-National, Dulles, or Baltimore Washington International airports, state agency personnel shall inform the Office of State-Federal Relations regarding:
 - (1) the timing of the trip;
 - (2) the purpose of the trip; and
 - (3) the name of a contact person for additional information.
- (c) Under Subsection (b) the term "travel" is limited to only activities:
 - (1) involving obtaining or spending federal funds; or
 - (2) impacting federal policies.

Sec. 6.13. Performance Rewards and Penalties.

- (a) It is the intent of the Legislature that appropriations made by this Act be utilized in the most efficient and effective manner possible to achieve the intended mission of each state agency and institution. In order to achieve the objectives and service standards established by this Act, agencies and institutions shall make every effort to attain the designated key performance target levels associated with each item of appropriation.
- (b) To support and encourage the achievement and maintenance of these appropriated annual performance levels, continued expenditure of any appropriations in this Act shall be contingent upon compliance with the following provisions:
 - (1) Agencies and institutions, in coordination with the Legislative Budget Board, shall establish performance milestones for achieving targets within each annual budget and performance period; time frames for these milestones and the related performance reporting schedule shall be under guidelines developed and maintained by the Legislative Budget Board.
 - (2) Agencies and institutions shall provide testimony as to the reasons for any performance variances to the Senate Finance Committee and the House Appropriations Committee, as determined to be necessary by those committees; assessments of agency and institution performance shall be provided to the committees under guidelines and procedures developed and maintained by the Legislative Budget Board.

GENERAL LIMITATIONS ON EXPENDITURES

(Continued)

- (c) Upon a finding that an agency or institution has successfully met or exceeded performance expectations, or has failed to achieve expected performance levels, the Legislative Budget Board, and the Governor, may adopt a budget execution order, which may include but is not limited to, one or more of the following:
 - (1) Positive Incentives/Rewards - Increased funding, exemption from reporting requirements, increased funding transferability, formalized recognition or accolade, awards or bonuses, expanded responsibility, or expanded contracting authority; or
 - (2) Negative Incentives/Redirection - Evaluation of outcome variances for remedial plan, reduction of funding, elimination of funding, restriction of funding, withholding of funding, reduction of funding transferability, transfer of functional responsibility to other entity, recommendation for placement in conservatorship, direction that a management audit be conducted or direction that other remedial or corrective actions be implemented.
 - (3) The Legislative Budget Board may develop and maintain rules and procedures for the implementation of the above provisions.
 - (4) The Legislative Budget Board may request comments from the State Auditor's Office regarding performance penalties and rewards.
- (d) To further foster, support, and reward outstanding performance, ongoing productivity improvements and innovative improvement programs, and to retain key high performing employees, qualified state agencies and institutions may expend amounts necessary from funds appropriated in this Act for the purposes of enhancing compensation for employees who directly contributed to such improvements. Only classified employees (including classified employees of institutions of higher education) are eligible for the form of enhanced compensation authorized by this section, and this award shall not exceed 6.8 percent of an employee's annual base pay. To be eligible for this provision, an agency or institution must:
 - (1) Achieve or exceed targets for 80 percent of the established key performance measures:
 - (A) For fiscal year 2010 , eligibility shall be determined by the Legislative Budget Board based on performance reported to the Automated Budgeting and Evaluation System of Texas (ABEST) for fiscal year 2009 ;
 - (B) For fiscal year 2011 , eligibility shall be determined by the Legislative Budget Board based on performance reported to ABEST for fiscal year 2010; and
 - (2) Have an unqualified certification for at least 70 percent of its performance measures as shown by its most recent certification review by the State Auditor's Office; and
 - (3) File a report with the Comptroller, Legislative Budget Board, Governor, House Appropriations Committee, and Senate Finance Committee describing the success of the innovative program and criteria used to assess the improvements; and
 - (4) Sixty days prior to implementation file a report with the Comptroller, Legislative Budget Board, Governor, House Appropriations Committee, and Senate Finance Committee describing in detail how the agency intends to use this flexibility to further the goals of this section.

Sec. 6.14. Bookkeeping Entries. Should clerical or bookkeeping errors result in any monies being expended, transferred, or deposited into incorrect funds in or with the state treasury or any monies being cleared from a trust and suspense fund to other than the proper fund, such erroneously expended, transferred, deposited, or cleared monies may be transferred to the correct funds or accounts or trust and suspense account within the state treasury on request of the administering department with the concurrence of the Comptroller, and so much as is necessary for said transfer is hereby appropriated.

Sec. 6.15. Accounting for State Expenditures.

- (a) Notwithstanding the various patterns of appropriation established in this Act, the Comptroller shall account for the expenditure of funds appropriated by this Act in a manner that allows for the reporting of expenditures attributable to each strategy in each agency's respective Strategic

Planning and Budget Structure as approved by the Governor and the Legislative Budget Board. The information shall be recorded and maintained systematically in the state accounting system in a manner that provides for the integration of the state's budget data and the state's accounting data and to facilitate the state's budget development process.

- (b) This section does not require the deposit into and subsequent disbursement of funds from the state treasury that relate to Texas Public Education Grants, Skiles Act Debt Service, or "local funds" defined in § 51.009, Education Code, except for tuition and lab fees.

Sec. 6.16. Fee Increase Notification. None of the funds appropriated by this Act may be expended by an agency which increases the rate of a fee assessed by that agency unless the agency provides a notice to the payer of the fee that the fee rate was set by the agency or its governing board and not mandated by the Legislature.

Sec. 6.17. Consolidated Funds. Contingent on the enactment of legislation relating to the dedication of funds, the Comptroller, on approval of the Legislative Budget Board, may change an applicable agency's method of financing source name as provided in this Act to reflect changes made by the other legislation that affects the status of the funding source. No change in the amount of the appropriation would be affected by this change.

Sec. 6.18. Demographic and Statistical Studies. Before expending funds appropriated by the Act for the purpose of contracting for a consultant or other private assistance in performing a study required by the Legislature that includes statistical or demographic analysis of data, the agency conducting the study shall determine if the resources of the Texas Legislative Council or the Office of the State Demographer and the Texas State Data Center at The University of Texas at San Antonio are available to assist the agency in designing or conducting that component of the study.

Sec. 6.19. Cost Allocations. For the purpose of more effective and efficient identification and allocation of costs, and to effect timely payments to employees and vendors, agencies may temporarily charge salary and/or operating costs to appropriations most applicable for the expense being incurred. Upon receipt of more specific information such as personnel-time allocation information for payrolls, or allocation of office supplies or other goods and services, agencies may reimburse the original paying appropriations by transfer from the appropriation to which the expenditure should have been charged. Such transfers must be accomplished within twelve months in a manner which records appropriate expenditures to the borrowing appropriation and negative expenditures to the lending appropriation. These transfers may be in summary amounts in a manner approved by the Comptroller. Each agency must maintain adequate detailed records to support summary transfer amounts.

Sec. 6.20. Use of Appropriations to Contract for Audits.

- (a) Notwithstanding any other law, or other sections of this Act, none of the funds appropriated in this Act shall be used by the agencies or institutions of higher education to enter into a contract with an independent audit entity for audit services, except as specified by this section.
- (b) An agency or institution appropriated funds in this Act may use funds appropriated in this Act to:
 - (1) Enter into an interagency contract with the State Auditor's Office (SAO) for the SAO to provide audit services to the agency or institution. At the discretion of the State Auditor and the Legislative Audit Committee, the SAO may conduct the audit or the SAO may enter into a contract with an independent audit entity to conduct the audit; or
 - (2) Enter into a contract with an independent audit entity for the provision of audit services pursuant to §321.020, Government Code, if:
 - (A) the SAO has reviewed the scope of the proposed audit and has issued a written approval for the scope of the proposed audit, and
 - (B) the SAO has delegated the authority to enter into the proposed audit to the agency or institution, in the event the agency or institution does not have a specific statutory delegation of authority to enter into a contract for audit services.

GENERAL LIMITATIONS ON EXPENDITURES
(Continued)

Sec. 6.21. Limitations on Use of Appropriated Funds. Funds appropriated by this Act, other than those appropriated to an institution of higher education, may be expended only for items set out in the expenditure classifications of the Comptroller's Manual of Accounts insofar that an agency expending the appropriated funds has existing statutory authority for making the expenditures and the expenditures are not otherwise limited or prohibited in this Act.

Sec. 6.22. Definition, Appropriation, Reporting and Audit of Earned Federal Funds.

- (a) Definition. Earned Federal Funds are defined as all monies received in connection with each entitlement period of a federally funded contract, grant or program, excluding reimbursements under §8.02(c) of this Article which are not required by the governing agreement to be distributed thereon. Typically, EFF arise from recoveries of costs previously paid from a nonfederal fund source, indirect cost allocations, interest earned on federal funds, and minor sources such as the sale of fixed assets purchased with federal funds. These funds are received in connection with a federally funded program but are not required by the governing agreement to be distributed on that program. For state accounting purposes, EFF are defined as revenues collected and deposited into the state General Revenue Fund (70000) as Comptroller revenue object codes 3602, 3702, 3726, 3750, 3773, 3851, 3965, 3971 and 3792.

Sec. 9.04. Information Technology Replacement. It is the intent of the Legislature that agencies and institutions of higher education receiving appropriated funds for the acquisition of information technology perform a cost-benefit analysis of leasing versus purchasing information technology and develop and maintain a personal computer replacement schedule. Agencies and institutions of higher education should use the Department of Information Resources' (DIR) Guidelines for Lease versus Purchase of Information Technologies to evaluate costs and DIR's PC Life Cycles: Guidelines for Establishing Life Cycles for Personal Computers to prepare a replacement schedule.

Sec. 9.05. TexasOnline Project: Occupational Licenses. Each licensing entity not otherwise authorized to increase occupational license fees elsewhere in this Act is authorized to increase the occupational license or permit fees imposed on the licensing entity's licensees by an amount sufficient to cover the cost of the subscription fee charged by the TexasOnline Project to the licensing entity pursuant to Chapter 2054, Government Code. Each licensing entity provided by Chapter 2054, Government Code and not otherwise authorized to increase occupational license fees elsewhere in this Act is hereby appropriated the additional occupational license or permit fees in excess of the Comptroller's biennial revenue estimate 2010-11 for the sole purpose of payment to the TexasOnline contractor subscription fees for implementing and maintaining electronic services for the licensing entities. Each agency, upon completion of necessary actions to access or increase fees, shall furnish copies of board meeting minutes, an annual schedule of the number of license issuances or renewals and associated annual fee total, and any other supporting documentation to the Comptroller.

If the Comptroller finds the information sufficient to support the projection of increased revenues, a notification letter will be issued and the contingent appropriation made available for the intended purposes.

Sec. 9.06. Texas Online Project: Cost Recovery Fees. Any cost recovery fees, excluding subscription fees as defined in Subchapter I, Chapter 2054, Government Code, approved by the Department of Information Resources in relation to the TexasOnline Project as authorized under Chapter 2054, Government Code, are hereby appropriated to that agency from the fund to which the fee was deposited for the purpose of paying the costs associated with implementing and maintaining electronic services. Any unexpended balances remaining at the end of the fiscal biennium ending August 31, 2009 are reappropriated for the same purposes for the fiscal biennium beginning September 1, 2009.

 - (6) a proposed type of financing; and
 - (7) any additional related information requested by the Bond Review Board.
- (b) The Bond Review Board shall compile a statewide capital expenditure plan for the 2012-13 fiscal biennium from the information submitted by agencies and institutions in accordance with the capital planning guidelines. Copies of the guidelines shall be filed with the Governor and the Legislative Budget Board no later than December 31, 2009. an amount equal to the lease costs that would have been incurred for the remainder of the biennium had the agency remained in leased space, less the costs the agency incurs for moving and the agency's tenant finish-out expenses as defined by the Texas Facilities Commission. Required moving and tenant finish-out costs incurred by an agency moving from leased space to state owned space in fiscal year 2009 may be paid from fiscal year 2010 appropriations and costs incurred in 2010 may be paid from fiscal year 2011 appropriations as necessary to facilitate the move. The Comptroller shall transfer to the Texas Facilities Commission from the special funds or accounts, including dedicated General Revenue Fund accounts, of those agencies that move into a state facility funded from Texas Public Finance Authority revenue bond proceeds, each agency's proportional share of the lease payments made for the facility as determined by the Texas Facilities Commission. - (b) In the event that an agency obtains a lease at a rate lower than existing lease amounts, subsequent to the passage of the Act, the Comptroller shall reduce funds appropriated to each affected agency by an amount equal to the lease costs that would have been incurred for the remainder of the 2010-11 biennium, as determined by the Comptroller. If obtaining a reduced lease rate requires the agency to move its location, the Comptroller shall reduce the agency's appropriations less costs the agency incurs for moving the agency's tenant finish-out expenses as defined by the Texas Facilities Commission. Required moving and tenant finish-out costs incurred by an agency moving from leased space in fiscal year 2010 may be paid from fiscal year 2011 appropriations as necessary to facilitate the move.

- (g) A person may not receive additional compensation in lieu of state-owned housing.
- (h) An agency may withhold rent payments from the salary of an agency employee. The Comptroller may adopt rules related to withholding of rent payments from salaries.

- (g) In addition to the requirements of this section, emergency leases for health and human services agencies are also governed by § 2167.004, Government Code.
- (h) The Department of Agriculture is exempted from the provisions of this section.

- (b) A report regarding the amount of savings realized as a result of an early payment discount shall be provided to the Legislative Budget Board by the Texas Facilities Commission no later than 30 days subsequent to the date of the duly executed agreement with the landlord. After approval by the Legislative Budget Board, the Comptroller shall reduce the appropriations of the affected agency for each year of the biennium in an amount identified by the Texas Facilities Commission and submitted to the Comptroller.

Sec. 11.08. Equipment Maintenance Cost Reductions.

PART 14. AGENCY DISCRETIONARY TRANSFER PROVISIONS

Sec. 14.01. Appropriation Transfers.

- (a) Subject to any specific restriction in another provision of this Act, an appropriation contained in this Act may be transferred from one appropriation item to another appropriation item in an amount not to exceed 12.5 percent of the appropriation item from which the transfer is made for the fiscal year, at the discretion of the chief administrative officer of the state agency or institution.
- (b) As a specific exception to Subsection (a), funds appropriated for capital budget items are subject to restrictions contained elsewhere in this Act.
- (c) Funds appropriated by this Act in items of appropriation that are part of a Goal for "Indirect Administrative and Support Costs" or "Indirect Administration" may also be transferred from one appropriation item to another appropriation item within that same Goal without limitation as to the amount of such a transfer.

AGENCY DISCRETIONARY TRANSFER PROVISIONS

(Continued)

- (d) Appropriations made by this Act to each state agency or institution of higher education are not subject to transfer between agencies or institutions except under the provisions of interagency contract, budget execution statutes, or specific rider or statutory authorization.

Sec. 14.02. Transfers for Contract Services. Funds appropriated in the various Articles of this Act for "Employees Retirement System," "Social Security State Match," and "Benefit Replacement Pay" may be transferred between Articles for similar appropriation items for the purpose of paying employee benefits costs incurred by higher education institutions when those institutions have contracted to provide services to state agencies.

Sec. 14.03. Limitation on Expenditures - Capital Budget.

- (a) Contained in appropriations made to certain agencies by this Act are amounts identified as the "Capital Budget." Except as provided under this section, none of the funds appropriated by this Act, in excess of amounts restricted to capital budget purposes, may be expended for capital budget purposes without the prior approval of the Governor and Legislative Budget Board.
- (b) A request for approval to exceed the transfer limitation on capital budget expenditures under Subsection (i) must be submitted by the agency's governing board and must include at a minimum:
 - (1) the date on which the board approved the request;
 - (2) a statement justifying the need to exceed the limitation;
 - (3) the source of funds to be used to make the purchases; and
 - (4) an explanation as to why such expenditures cannot be deferred.
- (c) This restriction does not apply to:
 - (1) expenditures for capital outlay items or projects that are not included in the definition of "Capital Budget" under Subsection (d); or
 - (2) expenditures for Capital Budget purposes made by:
 - (A) institutions of higher education; or
 - (B) public community/junior colleges.
- (d) "Capital Budget" includes expenditures, for assets with a biennial project cost or unit cost in excess of \$25,000, within the following categories:

 - (3) Repairs or Rehabilitation of Buildings and Facilities;
 - (4) Construction of Roads (except for such expenditures made by the Texas Department of Transportation);
 - (5) Acquisition of Information Resource Technologies;
 - (A) In order to provide for unanticipated shortages in appropriations made by this Act for fiscal year 2010 for the payment of data center consolidation costs, amounts identified elsewhere in this Act in fiscal year 2011 for "Data Center Consolidation" may be transferred to fiscal year 2010 to pay data center consolidation costs. Agencies transferring appropriations related to data center consolidation costs must notify the Governor and Legislative Budget Board 30 days prior to the transfer of funds.

AGENCY DISCRETIONARY TRANSFER PROVISIONS

(Continued)

- (B) "Data Center Consolidation" for the purposes of this section is defined as state consolidated data center services in accordance with Government Code, Chapter 2054, Subchapter L.
- (6) Transportation Items;
- (7) Acquisition of Capital Equipment and Items; or
- (8) Other Lease Payments to the Master Lease Purchase Program (for items acquired prior to September 1, 2009 only).
- (e) Any expenditure directly related to acquisition of an asset, or to placing an asset in service, may be paid from the appropriation made to the "Capital Budget."
- (f) In implementing this section, the Comptroller should refer to the detailed instructions for preparing and submitting requests for legislative appropriations for the biennium beginning September 1, 2009, and the definitions therein, and to the official request for legislative appropriations submitted by the affected agency.
- (g) Appropriations restricted to capital budget purposes and not identified in a "Capital Budget" as being for lease payments to the master lease purchase program (MLPP) or for other lease-purchase payments may be utilized to make lease payments under MLPP or for other lease or installment payments only if the agency to which the appropriation is made provides a report to the Comptroller specifying the sum of the lease payments to be made during the biennium for the Capital Budget item being acquired. The Comptroller shall reduce the appropriation made by this Act for the Capital Budget item in an amount equal to the difference between the appropriated amount and the sum of the lease payments for the biennium and deposit that amount into the unappropriated balance of the original funding source. In the event that the Comptroller cannot determine the amount appropriated for a specific Capital Budget item, the amount shall be determined by the Legislative Budget Board.
- (h) Funds restricted to "Acquisition of Information Resource Technologies" may also be used to purchase or contract for computer time, facility resources, maintenance, and training.
- (i) (1) An agency may transfer appropriations:
 - (A) from a non-capital budget item to a capital budget item;
 - (B) from a capital budget item to another capital budget item; or
 - (C) from a capital budget item to an additional capital budget item not presented in the agency's bill pattern.
- (2) Without the approval of the Governor and the Legislative Budget Board:

AGENCY DISCRETIONARY TRANSFER PROVISIONS

(Continued)

- (j) Any unexpended balances remaining in appropriations made by this Act for capital budget purposes for fiscal year 2010 are hereby appropriated for fiscal year 2011 for the same purpose.
- (k)
 - (1) Notwithstanding limitations on capital expenditures provided elsewhere, appropriations made by this Act that may be used for the payment of utility bills are hereby authorized to be used to pay for energy and water conservation-related projects, including lease payments under the state's Master Lease Purchase Program, entered into in accordance with energy and water conservation statutes.
 - (2) Capital expenditures for items that could be financed through the utility savings made possible by a comprehensive energy and water conservation contract authorized by § 2166.406, Government Code, are prohibited unless part of a comprehensive energy and/or water conservation contract authorized under § 2166.406, Government Code.
 - (3) Before authorizing expenditures for capital items that consume energy or water or that are related to the energy and/or water consumption of an agency's facilities, the Comptroller must verify that the items could not be part of a cost-effective contract for energy and water conservation measures authorized by § 2166.406, Government Code.

Sec. 14.04. Disaster Related Transfer Authority.

- (a) In the event of a disaster proclamation by the Governor under the Texas Disaster Act of 1975, Chapter 418, Government Code, transfers of appropriations made in this Act, if necessary to respond to the disaster and if made according to the terms of this section, are permitted. This section is intended to serve as a means for quickly, effectively, and efficiently transferring appropriations in the event of a disaster. This section provides an exception to any other provision of this Act which might otherwise limit transfers of appropriations such as by imposing a limit on the amount of a transfer or which might otherwise limit transfers of appropriations by causing a delay in making a transfer because of the need to take actions such as preparing reports or obtaining approvals prior to transferring appropriations necessary for responding to a disaster. No part of this Section 14.04 shall be read to limit, modify, or abridge the authority of the Governor to proclaim martial law or exercise any other powers vested in the Governor under the constitution or laws of this state.
- (b) **Health and Human Services Agencies:** For a health and human services agency listed in Chapter 531, Government Code, that directly responds to the disaster, the Commissioner of Health and Human Services is authorized to transfer funds from another health and human services agency listed in Chapter 531, Government Code to the responding agency, and may transfer funds between the strategies of each agency for the purpose of funding the disaster response subject to the prior notification of the Legislative Budget Board and Governor as provided by Subsection (g).
- (c) **Other Agencies:** An agency other than a health and human services agency listed in Chapter 531, Government Code that directly responds to a disaster may transfer appropriations within the agency, without regard to any limits on transfer of appropriations between strategies, subject to the prior notification of the Legislative Budget Board and Governor as provided by Subsection (g).
