6. State Contribution to Group Insurance for General State Employees.

- a. The appropriation for group insurance is intended to fund the total cost of basic life coverage for all active and retired employees enrolled in the Group Benefits Plan.
- b. Active and retired employees enrolled in the Group Benefits Plan shall pay ten percent of the total cost of the member only premium for health coverage.
- c. Active and retired employees enrolled in the Group Benefits Plan shall pay fifty percent of the total cost of health coverage for the spouses and dependent children enrolled in coverage categories which include a spouse and/or dependent children.
- d. The appropriation for group insurance is intended to fund the incentive program to waive participation in the Group Benefits Plan (Opt-Out).

In no event shall the total amount of state contributions allocated to fund coverage in an optional health plan exceed the actuarially determined total amount of state contributions that would be required to fund basic health coverage for those active employees and retirees who have elected to participate in that optional health plan.

During each fiscal year, the state's monthly contribution shall be determined by multiplying (1) the per capita monthly contribution as certified herein by (2) the total number of full-time active and retired employees enrolled for coverage during that month.

For each employee or retiree that waives participation in the Group Benefit Plan and enrolls in allowable optional coverage, the Employees Retirement System shall receive \$60 per month in lieu of the "employee-only" state contribution amount, and such amounts are included above in Strategy B.1.1, Group Insurance Contributions. The waived participant may apply up to \$60 per month towards the cost of the optional coverage.

Each year, upon adoption of group insurance rates by the Board of Trustees, Employees Retirement System must notify the Comptroller, the Legislative Budget Board, and the Governor of the per capita monthly contribution required in accordance with this rider for each full-time active and retired employee enrolled for coverage during the fiscal year.

Included in amounts appropriated above in B.1.1, Group Insurance Contributions, are amounts not to exceed \$739,236,097 in General Revenue and \$48,652,787 in General Revenue-Dedicated funds in fiscal year 2012, and \$745,493,502 in General Revenue and \$48,521,040 in General Revenue-Dedicated funds in fiscal year 2013. Any unexpended balances in General Revenue-related funds for group insurance contributions remaining as of August 31, 2012, are hereby appropriated for the same purposes for the fiscal year beginning September 1, 2012.

In order to provide for unanticipated cost increases in the group insurance program during fiscal year 2012, the Employees Retirement System may transfer appropriations as may be necessary to cover such increases from appropriations made in fiscal year 2013 in B.1.1, Group Insurance Contributions, to amounts appropriated in fiscal year 2012 for health insurance contributions. Prior to transferring appropriations from fiscal year 2013 into fiscal year 2012, the Employees Retirement System must receive written authorization from the Legislative Budget Board and Governor.

It is the intent of the Legislature that the Employees Retirement System control the cost of the group insurance program by not providing rate increases to health care providers participating in HealthSelect during the 2012-13 biennium.

- 7. Excess Benefit Arrangement Account.** There is hereby appropriated to the Employees Retirement System all funds transferred or deposited into the Excess Benefit Arrangement Account established in the General Revenue-Dedicated Account No. 5039, for the purpose of paying benefits as authorized by Government Code § 815.5072.
- 8. Transfer of Retirement Contributions and Group Insurance.** Appropriations made in this and other articles of this Act for Retirement and Group Insurance contributions shall be transferred by each agency from the Employees Retirement System to the agency based on estimated amounts by funding source for each fiscal year. Transfers should be made no later than September 15 of the year in which the payments are to be made. Adjustments and return of excess appropriation authority to the Employees Retirement System shall be completed by October 30 of the subsequent fiscal year.

- 9. Federal Funds for Medicare Part D Prescription Drug Program.** The Employees Retirement System (ERS) is hereby authorized to receive employer reimbursements of all federal funds applicable to Medicare Part D prescription drug reimbursement relating to benefits administered by ERS. Any federal funds received by ERS shall be deposited to the Employees Life, Accident and Health Insurance and Benefits Fund No. 973, or to such fund as established by the Legislature or the State Comptroller of Public Accounts to pay health claims for retired employees.
- 10. Appropriations for the Deferred Compensation Trust Fund and the TexaSaver Trust Fund.** All money deposited into the Deferred Compensation Trust Fund, Employees Retirement System No. 0945 and the TexaSaver Trust Fund No. 0946 pursuant to § 609.512 Government Code are hereby appropriated to the system for the 2012-13 biennium for the purposes authorized by law.
- 11. Cash Flow Contingency.** In the event that revenue collections and/or available fund balances out of General Revenue-dedicated accounts, Other Funds, and Federal Funds are insufficient to allow for the transfer of appropriations from fiscal year 2013 to fiscal year 2012 for the state's share of health insurance contributions, the Employees Retirement System may temporarily utilize General Revenue funds. The transfer and reimbursement of funds shall be made under procedures established by the Comptroller of Public Accounts to ensure that borrowed funds are reimbursed to the Treasury on or before August 31, 2013.
- 12. Tiered Coinsurance.** It is the intent of the Legislature that to extent that such action is consistent with state and federal law the Employees Retirement System shall implement a tiered coinsurance plan design change in the HealthSelect group insurance plan as described in the 2010 Government Effectiveness and Efficiency Report, *Implement a Tiered Coinsurance Plan for State Employees*. This would add additional tiers of coinsurance at a 5 percent rate and a 2 percent rate on higher cost medical claims in order to share costs of and reduce utilization of higher cost medical procedures. Accordingly, funds identified above for group insurance reflect reductions of \$25,574,712 in All Funds, which consists of \$14,664,691 in General Revenue funds, \$920,522 in General Revenue-Dedicated funds, \$5,070,747 in Federal Funds, and \$4,918,752 in Other Funds during the 2012-13 biennium.
- 13. Tobacco User Monthly Premium Fee.** Contingent upon enactment of House Bill 1166 or similar legislation relating to the creation of a tobacco user monthly premium fee, by the Eighty-Second Legislature, Regular Session, 2011 the Employees Retirement System shall apply a \$30 monthly tobacco user fee to any tobacco user covered under the state health plan. Also contingent upon the enactment of this legislation, the Comptroller of Public Accounts shall deposit revenue from the fee (estimated to be \$16,720,343 in fiscal year 2012 and \$25,080,514 in fiscal year 2013) into the Employees Life, Accident, Health Insurance and Benefits Trust Account.

3. **Appropriation of Local Funds.** All funds received by the department from counties, cities, and from any other local source and all balances from such sources as of August 31, 2011, are hereby appropriated for the biennium ending August 31, 2013, for the purpose of carrying out the provisions of this Act.
4. **Nursing Home Program Provisions.**
 - a. Nursing Home Income Eligibility Cap. It is the intent of the Legislature that the income eligibility cap for nursing home care shall be maintained at the federal maximum level of 300 percent of Supplemental Security Income (SSI).
 - b. Establishment of a Swing-bed Program. Out of the funds appropriated above for nursing home vendor payments, the department shall maintain a "swing-bed" program, in accordance with federal regulations, to provide reimbursement for skilled nursing patients who are served in hospital settings in counties with a population of 100,000 or less. If the swing beds are used for more than one 30-day length of stay per year per patient, the hospital must comply with the regulations and standards required for nursing home facilities.
 - c. Nursing Home Bed Capacity Planning. It is the intent of the Legislature that the department shall establish by rule procedures for controlling the number of Medicaid beds and for the decertification of unused Medicaid beds and for reallocating some or all of the decertified Medicaid beds. The procedures shall take into account a facility's occupancy rate.
 - d. Nursing Facility Competition. It is the intent of the Legislature that the department encourage competition among contracted nursing facilities.
5. **Appropriations Limited to Revenue Collections.** It is the intent of the Legislature that fees, fines, and other miscellaneous revenues as authorized and generated by the agency cover, at a minimum, the cost of the appropriations made above for the Nursing Facility Administrator program in Strategy B.1.2, Credentialing/Certification, and the Home Health and Community Support Services Agencies program in Strategy B.1.1, Facility & Community-Based Regulation, as well as the "other direct and indirect costs" associated with this program, appropriated elsewhere in this Act. Direct costs for the Nursing Facility Administrator program are estimated to be \$479,544 for fiscal year 2012 and \$479,544 for fiscal year 2013. Direct costs for the Home and Community Support Services Agencies program are estimated to be \$1,948,343 for fiscal year 2012 and \$1,948,343 for fiscal year 2013. "Other direct and indirect costs" for the Nursing Facility Administrator program are estimated to be \$111,931 for fiscal year 2012 and \$111,761 for fiscal year 2013. "Other direct and indirect costs" for the Home and Community Support Services Agencies program are estimated to be \$468,091 for fiscal year 2012 and \$467,443 for fiscal year 2013. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided above to be within the amount of revenue expected to be available.
6. **Accounting of Support Costs.** The State Comptroller shall establish separate accounts from which certain support costs shall be paid. The Department of Aging and Disability Services is hereby authorized to make transfers into these separate accounts from line item strategies in order to pay for these expenses in an efficient and effective manner. Only costs not directly attributable to a single program may be budgeted in or paid from these accounts. Items to be budgeted in and paid from these accounts include, but are not limited to: postage, occupancy costs, equipment repair, telephones, office printing costs, supplies, freight and transport costs, telephone system

costs, and salary and travel costs of staff whose function supports several programs. The department shall be responsible for quarterly allocations of these costs to the original strategies.

7. **Fund Transfers for Funds Consolidation.** For the purpose of funds consolidation, federal and other funds may be transferred into the General Revenue Fund from the Department of Aging and Disability Services Fund No. 117. The initial deposit of federal funds shall be made into Fund No. 117 and no direct expenditures shall be made from this fund.
8. **Pediatric Care in Nursing Facilities.** When using funds appropriated above in addition to consideration of expense in determining the appropriate placement for children who currently receive care in nursing facilities, the department shall, within the requirements of state and federal law, consider the requests of parents concerning either a continued stay in a nursing facility providing skilled pediatric care or an alternate placement.
9. **Limitation: Medicaid Transfer Authority.** Notwithstanding the transfer provisions in the General Provisions (general transfer provisions) and other transfer provisions of this Act, funds appropriated by this Act to the Department of Aging and Disability Services (DADS) for the following Medicaid strategies shall be governed by the specific limitations included in this provision.

- d. **Transfers into Items of Appropriation.** Transfers may be made from any appropriation item to the appropriation items in section (a), subject to the limitations established in section (a) for each appropriation item.

13. Survey of Nursing Facility Residents. Out of funds appropriated above, the Department of Aging and Disability Services is allocated the following:

- a. up to \$360,000 in All Funds, of which up to \$180,000 is General Revenue Funds, in fiscal year 2012 to conduct surveys of nursing facility residents and individuals receiving other long-term services and supports. The surveys shall assess how satisfied individuals are with their quality of care and quality of life. Not later than January 15, 2013, the department shall submit a written report on the survey to the Legislature, Governor, and Health and Human Services Commissioner; and
- b. up to \$1,000,000 in All Funds, of which up to \$500,000 is General Revenue Funds, to perform on-site case reviews of the care of nursing home residents and individuals receiving other long-term care services and supports. 14. Nursing Facility Beds for Medicaid Eligible Veterans. Contingent upon a request from the Texas Veterans Land Board, it is the intent of the Legislature that the Department of Aging and Disability Services maintain a program for Medicaid-eligible veterans that will enable those individuals to be placed in State Veterans Homes. It is further the intent of the Legislature that the department amend its nursing facility bed allocation rules to create sufficient certified beds to accommodate the requirements of such a program.

15. Limitation on State Supported Living Center Strategy Transfers. The transfer of appropriations from Strategy A.8.1, State Supported Living Centers, to any other strategy is limited to 5 percent without the prior approval of the Legislative Budget Board and the Governor.

16. State Supported Living Center Medicaid Revenues.

- a. **Proportionality of Funds.** Pursuant to Article IX, Sec 6.08, Benefits Paid Proportional by Fund, payment for salaries, wages, and benefits for ICF/MR state supported living center employees shall be proportional to the source of funds. The department shall develop a plan for the 2012-13 biennium which identifies the appropriate portion of state and federal funds for salaries, wages, and benefits for ICF/MR state supported living center employees. This plan is subject to review by the Comptroller of Public Accounts and the Legislative Budget Board and shall be certified by the Chief Financial Officer of the department by October 1, 2011 prior to submission to the Legislative Budget Board.

The Department of Aging and Disability Services shall report quarterly to the Legislative Budget Board and the Governor on the distribution of ICF/MR state supported living center revenues to other state agencies. This report shall be submitted no later than 25 days after the close of each quarter. The format and content of the report shall be prescribed by the Legislative Budget Board.

- b. **Quality Assurance Fee Funds - Informational Item.** Appropriations from the Quality Assurance Fee Funds in this Act total \$66,396,320 in fiscal year 2012 (including a UB from fiscal year 2011 estimated to be \$27,263,140) and \$65,896,539 in fiscal year 2013. in this Act for employee benefits for Living Center employees. Pursuant to Article IX, Sec. 6.08, Benefits Paid Proportional by Fund, benefits for Living Center Employees reflect the proportion by fund type as used for salaries.

- 17. State Supported Living Center Funding.** It is the intent of the Legislature that the department implement a single funding methodology for state supported living centers which funds all living centers equitably and at a level which is adequate to maintain compliance with applicable federal standards. A primary consideration to be used by the department in determining an acceptable funding methodology should be consideration of the number of residents in each living center and the needs of those residents. Staffing patterns at living centers shall not reflect a census decline until a campus has realized a decline in census.
- 18. Disposition of Construction Appropriation Related to Mental Retardation.** Construction appropriations may be used to pay salaries and travel expenses of department engineers and architects and administrative expenses of construction projects (but shall not exceed \$300,000 in a fiscal year that are paid out of G.O. Bonds); architect's and engineer's fees; and the actual travel expenses incurred by them or their representatives in making trips of inspection at the discretion of the department during construction, renovation, or repair of buildings and systems or the installation of fixed equipment. Job titles and rates of pay for such salaried positions of department personnel paid from construction appropriations shall conform with the Position Classification Plan and Classification Salary Schedule.
- 19. Unexpended Balances: ICF/MR Standards.** Except as otherwise provided, unexpended and unobligated balances, not to exceed \$5 million in General Revenue, remaining from appropriations for the first year of the biennium to the Department of Aging and Disability Services are appropriated to the department for the purpose of complying with Intermediate Care Facilities for the Mentally Retarded (ICF-MR) standards dealing with residential, non-residential, and community based mental retardation services. The Department of Family and Protective Services shall work with the Legislative Budget Board and the Comptroller of Public Accounts to determine a revised travel limitation expenditure amount that does not include the travel exempted under this provision.
- 23. Contingency Reduction for TANF Supplemental Grant Award.** The Health and Human Services Commission shall inform the Legislative Budget Board within 10 business days that it has received notification from the federal Department of Health and Human Services, Administration on Children and Families, that the State of Texas has been awarded a TANF Supplemental Grant for federal fiscal year 2012 or federal fiscal year 2013. Contingent on notification from the Legislative Budget Board that the State of Texas has received a TANF Supplemental Grant award (estimated to be \$51,707,774 for federal fiscal year 2012, and \$51,707,774 for federal fiscal year 2013), the Comptroller of Public Accounts shall reduce General Revenue Funds appropriated above in Strategy B.1.1, CPS Direct Delivery Staff, by the amount of the award.

DEPARTMENT OF FAMILY AND PROTECTIVE SERVICES
(Continued)

The reductions described by this rider are due to reduced availability of Federal Funds following the expiration of the enhanced Federal Medical Assistance Percentage ("FMAP") provisions contained in the American Recovery and Reinvestment Act of 2009.

- 25. Appropriations for Day Care Services.** Notwithstanding any other transfer provisions of this Act, the department may transfer funds from Strategy B.1.4, TWC Relative Day Care, to Strategy B.1.3 TWC Foster Day Care, and Strategy B.1.5, TWC Protective Day Care.
- 26. Juvenile Probation Foster Care Candidates.** The Department of Family and Protective Services (DFPS) and the Texas Juvenile Probation Commission (TJPC) shall, to the extent authorized by state and federal law, maximize the use of Title IV-E Federal Funds for administrative costs of the county juvenile probation departments for foster care candidates. It is legislative intent that DFPS and TJPC work together with the county juvenile probation departments to examine changes in policies and practices needed to meet federal regulations, and move forward with changes that are economical and efficient in order to claim Title IV-E administrative costs for foster care candidates.
- 27. Foster Care Redesign.** It is the intent of the Legislature that the Department of Family and Protective Services begin to implement the redesign of the foster care system during the FY 2012-2013 biennium to meet the goals of the Foster Care Redesign report submitted to this Legislature in February 2011. Notwithstanding the transfer provision in Article IX of this Act, transfers may be made between the following appropriation items:

Strategy B.1.3, TWC Foster Day Care
Strategy B.1.6, Adoption Purchased Services
Strategy B.1.7, Post-Adoption Purchased Services
Strategy B.1.8, PAL Purchased Services
Strategy B.1.9, Substance Abuse Purchased Services
Strategy B.1.10, Other CPS Purchased Services
Strategy B.1.11, Foster Care Payments

The Health and Human Services Commission is authorized to use different payment methodologies for foster care redesign than those used for the 24-hour residential child-care rates in effect on the effective date of this Act. Payment methodologies for foster care redesign may include incentive payments for improved outcomes in comparison to historical outcomes, as well as funding for additional services provided to families not historically included in 24-hour residential child-care rates. Final implementation of the foster care redesign must include a payment system based on performance targets. Payment rates under foster care redesign may not result in total expenditures for any fiscal year in the FY 12-13 biennium that exceed the amounts appropriated by this Act for the seven Strategies listed above, except to the extent that any increase in total foster care expenditures is the direct result of caseload growth. During the implementation period, foster care redesign rates are hereby exempted from the rate limitations and reporting requirements set out in Special Provisions Relating to All Health and Human Services Agencies. Nothing in this rider is intended to prohibit the Department of Family and Protective Services from continuing to reimburse some foster care providers under the 24-hour residential child-care rates in effect on the effective date of this Act, while using alternative payment methodologies for other foster care providers during the phase-in period for implementation of the foster care redesign initiative. The department shall submit a status report on the implementation with findings and recommendations to the Senate Finance Committee, the House Committee on Appropriations, the Legislative Budget Board, and the Governor, no later than December 1, 2012.

- 28. Contingency for House Bill 1709.** Contingent on enactment of House Bill 1709 by the Eighty-second Legislature, Regular Session, or similar legislation relating to the creation of the individual development account program to provide savings incentives and opportunities for certain foster children to pursue home ownership, postsecondary education, and business development, the Department of Family and Protective Services is hereby appropriated \$_____ in fiscal year 2012 and \$_____ in fiscal year 2013 out of the General Revenue Fund to implement the provisions of the bill.
- 29. Caseloads Per Worker and Call Processing Reporting Requirements.** Not later than October 1 of each year of the biennium, the Department of Family and Protective Services shall report to the Legislative Budget Board, the Governor, and the standing committees of the Senate and the House of Representatives having primary jurisdiction over the department, data for the previous

fiscal year regarding daily caseloads per worker for each protective services program and the average hold time and call abandonment rate for statewide intake telephone calls relating to reports of abuse, neglect, or exploitation. The report shall be prepared in a format specified by the Legislative Budget Board.

- 30. Call Processing and Worker Caseload Standards.** It is the intent of the Legislature that the Department of Family and Protective Services use money appropriated to the department by this Act in Goal A, Statewide Intake Services; Goal B, Child Protective Services; and Goal D, Adult Protective Services, to work toward achieving the following enhanced performance target levels:
- a. an average hold time for statewide intake telephone calls relating to reports of abuse, neglect, or exploitation that does not exceed eight minutes, notwithstanding the performance target levels identified in Goal A, Statewide Intake Services, in Rider 1, Performance Measure Targets;
 - b. a call abandonment rate for statewide intake telephone calls relating to reports of abuse, neglect, or exploitation that does not exceed 25 percent;
 - c. a daily caseload for a child protective services caseworker performing investigations that does not exceed an average of 21 cases, notwithstanding the performance target levels identified in Strategy B.1.1, CPS Direct Delivery Staff, in Rider 1, Performance Measure Targets;

 - f. an adult protective services caseworker turnover rate that is lower than the performance target levels identified in Goal D, Adult Protective Services, in Rider 1, Performance Measure Targets.

By October 1 of each fiscal year, the Health and Human Services Commission shall present a schedule of projected transfers and payments to the Comptroller of Public Accounts, the Governor, and the Legislative Budget Board. The Comptroller of Public Accounts shall process all payments and transfers, unless disapproved or modified by the Legislative Budget Board or the Governor.

The Comptroller of Public Accounts shall not allow the use of unexpended balances authorized by any of the above subsections if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

36. Continued Medicaid Coverage for Clients Unable to Access Medicare Part D Benefit and for Certain Excluded Medicare Part D Drug Categories. It is the intent of the Legislature that from funds appropriated above in Strategy B.2.2, Medicaid Vendor Drug Program, the Health and Human Services Commission shall continue to provide Medicaid coverage for dual eligible clients who are unable to access their Medicare Part D drug benefit. The Health and Human Services Commission shall recoup funds for these expenditures from Part D drug plans that are determined to be responsible for the dual eligible clients' drug costs. It is also the intent of the Legislature that from funds appropriated above in Strategy B.2.2, Medicaid Vendor Drug Program, the Health and Human Services Commission shall continue to provide Medicaid coverage for certain categories of drugs not covered under the federal Medicare Part D program, under Section 1935(d)(2) of the Social Security Act, for full dual eligible clients. This coverage is limited to only those categories of excluded Medicare Part D drugs that continue to be eligible for federal Medicaid matching funds and that are currently covered under the Medicaid Vendor Drug Program (e.g., prescribed over-the-counter medications, barbiturates, and benzodiazepines).

37. Hospital Uncompensated Care. No funds appropriated under this Article for medical assistance payments may be paid to a hospital if the Health and Human Services Commission determines that the hospital has not complied with the Commission's reporting requirements. The Commission shall ensure that the reporting of uncompensated care (defined to include bad debt, charity care and unreimbursed care) by Texas hospitals is consistent for all hospitals and subjected to a standard set of adjustments that account for payments to hospitals that are intended to reimburse uncompensated care. These adjustments are to be made in such a way that a reliable determination of the actual cost of uncompensated care in Texas is produced. In pursuing this objective, the commission, in coordination with the Attorney General, and with advice from representatives from the hospital industry, will:

- a. review the current instruments for reporting uncompensated care by Texas hospitals to ensure that accounting for uncompensated care as well as its reporting is consistent across hospitals;
- b. coordinate the different instruments for reporting uncompensated care in Texas, e.g., Statement of Community Benefits, Annual Hospital Survey, and DSH Survey, so that there is consistency in reporting among these instruments while maintaining the integrity of each instrument's purpose;
- c. identify the sources of funding to hospitals that are intended to offset uncompensated care;
- d. develop a standard set of adjustments that apply the funding sources to reported uncompensated care in such a manner that a reliable determination of the actual cost to a hospital for uncompensated care can be made; and
- e. identify a standard ratio of cost to charges (RCC) to standardize the conversion of reported charges to costs.

The commission shall conduct an appropriate number of audits to assure the accurate reporting of the cost of uncompensated hospital care.

HEALTH AND HUMAN SERVICES COMMISSION

(Continued)

The commission shall submit a biennial report on uncompensated care costs, which considers the impact of patient specific and lump sum funding as offsets to uncompensated costs, to the Governor and Legislative Budget Board no later than December 1, 2012. The commission may report by hospital type.

The commission shall also review the impact of health care reform efforts on the funding streams that reimburse uncompensated care, assess the need for those funding streams in future biennia, and consider which funds might be redirected to provide direct health coverage.

38. Hospital Reimbursement. Contingent upon federal approval, and to the extent allowed by law, no funds appropriated under this Article for the payment of inpatient hospital fees and charges under the medical assistance program may be expended, except under a prospective payment methodology for all Medicaid inpatient claims that employs sound cost reimbursement principles and:

- a. enhances the Health and Human Services Commission's ability to be a prudent purchaser of health care;
- b. reflects costs that are allowable, reasonable and medically necessary to deliver health care services to the state's Medicaid population;
- c. reduces the variability in the Medicaid reimbursement rates paid to hospitals for treating patients with the same diagnoses;
- d. promotes and rewards increased efficiency in the operation of hospitals;
- e. emphasizes and rewards quality of outcomes and improves the treatment of Medicaid patients through pay-for-performance principles;
- f. recognizes, through add-on payments or other methods, the unique needs of rural hospitals; and
- g. reformulates the Disproportionate Share Hospital (DSH) supplemental payment methodology to increase its focus on paying hospitals for uncompensated care and reduces the existence of the inpatient Medicaid shortfall that prevents the State from achieving this objective.

39. Payments to Health Centers for Medicaid Family Planning. It is the intent of the Legislature that the Health and Human Services Commission shall, to the extent allowed by federal law, reimburse Federally Qualified Health Centers for family planning services under Medicaid, including the Women's Health Program, using a prospective payment system at a per visit rate, not to exceed three payments during a calendar year.

40. Payments to Hospital Providers. Until the Health and Human Services Commission (HHSC) implements a new inpatient reimbursement system for Fee-for-Service (FFS) and Primary Care Case Management (PCCM) or managed care, including but not limited to health maintenance organizations (HMO) inpatient services, hospitals that meet one of the following criteria: 1) located in a county with 50,000 or fewer persons according to the U.S. Census, or 2) is a Medicare-designated Rural Referral Center (RRC) or Sole Community Hospital (SCH), that are not located in a metropolitan statistical area (MSA) as defined by the U.S. Office of Management and Budget, or 3) is a Medicare-designated Critical Access Hospital (CAH), shall be reimbursed based on the cost-reimbursement methodology authorized by the Tax Equity and Fiscal Responsibility Act of 1982 (TEFRA) using the most recent data. Hospitals that meet the above criteria, based on the 2000 decennial census will be eligible for TEFRA reimbursement for patients enrolled in FFS and PCCM. For patients enrolled in managed care, including but not limited to health maintenance organizations (HMO), inpatient services provided at hospitals meeting the above criteria will be reimbursed based on, at a minimum, the Medicaid reimbursement calculated using the most recent FFS rebased full cost Standard Dollar Amount for the biennium.

41. Staffing and Capital Authorization in Lieu of Contracted Responsibilities. Notwithstanding any other provisions in this Act, if the executive commissioner of the Health and Human Services Commission (HHSC) determines that a service performed under a contract as of the effective date of this Act would be more effectively performed by state personnel, the executive commissioner is

HEALTH AND HUMAN SERVICES COMMISSION

(Continued)

authorized to adjust the agency's full-time equivalent (FTE) and/or capital authority limitation to the extent necessary to ensure the successful assumption of such contracted duties and to comply with federal performance standards.

Authority granted by this provision is contingent upon a written notification from HHSC to the Legislative Budget Board and the Governor at least 30 days prior to adjusting budgeted FTE levels and/or acquiring capital equipment that includes the following information:

- d. the estimated increase in expenditures by object of expense and method of financing for each fiscal year; and
- e. the estimated increase in capital expenditures by method of financing by fiscal year for each increased or new project.

The Comptroller of Public Accounts shall not allow the adjustment of FTE or capital authority limitations authorized by this provision if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

- 42. Graduate Medical Education.** The Health and Human Services Commission is authorized to spend Appropriated Receipts - Match for Medicaid and matching Medicaid Federal Funds out of Strategy B.2.1, Cost Reimbursed Services, for Graduate Medical Education payments to state-owned teaching hospitals, contingent upon receipt of allowable funds from state-owned teaching hospitals to be used as the non-federal share for Medicaid Graduate Medical Education. Appropriated Receipts - Match for Medicaid shall be the only source of funds used for the non-federal share for Medicaid Graduate Medical Education, and the Health and Human Services Commission shall develop a payment methodology for Medicaid Graduate Medical Education payments to state-owned teaching hospitals.
- 43. Enterprise Data Warehouse.** Out of funds appropriated above in Strategy A.2.1, Consolidated System Support, the Health and Human Services Commission (HHSC) may expend \$4,212,954 in General Revenue and any associated matching Federal Funds to develop/implement an enterprise data warehouse for data related to Medicaid services, human services, and public health services. In order to ensure maximum accountability, HHSC shall contract with a single vendor for the data warehouse.

HHSC shall submit reports to the Legislative Budget Board and the Governor on September 1, 2011 and September 1, 2012 reflecting actual expenditures and accomplishments to date. The reports shall also reflect an estimate of planned expenditures and accomplishments for the remainder of the 2012-13 biennium.
- 44. SAVERR to TIERS.** Out of funds appropriated above in Strategy F.1.1, TIERS & Eligibility Supporting Technologies, the Health and Human Services Commission will convert all the remaining SAVERR cases into the TIERS system, contingent upon receipt of required approval by federal funding partners, no later than December 31, 2011.
- 45. FTE Authority during Federally-Declared Disasters.** In the event the Health and Human Services Commission determines a need for additional staff related to providing services for federally-declared disasters, the Commission is hereby authorized to increase the number of FTEs, and adjust the agency limitation on FTEs, for this purpose, contingent upon notification to the Legislative Budget Board and the Governor within 30 days of the intent to hire additional staff and quantify the staffing level. Only federal funds may be used to pay salaries and benefits for the FTEs hired for this purpose.
- 46. Local Reporting on UPL and DSH.** Out of funds appropriated above, and as the state Medicaid operating agency, the Health and Human Services Commission shall develop a report that non-state public hospitals and private hospitals shall use to describe any expenditures they make through the Upper Payment Limit (UPL) program and the Disproportionate Share Hospital (DSH) program. The commission shall determine the format of the report, which must include

HEALTH AND HUMAN SERVICES COMMISSION

expenditures by method of finance per year. In addition, the commission annually shall require hospital providers who receive DSH or UPL funds to report payments to entities who provide consultative services regarding revenue maximization under the medical assistance program and any other governmentally funded program, including UPL and DSH. Information included in the reports of payments to entities providing consultative services from hospitals shall include:

- a. The executive commissioner shall select high-cost and/or high-volume services to bundle and should consider the experiences of other payers and other state of Texas programs that purchase healthcare services in making the selection. It is the intent of the Legislature that in setting the rate for the bundle, HHSC would ensure the rate is lower than the sum of the rates currently paid for each service to be included in the bundle.
 - b. HHSC shall implement a shared savings component to the bundling program. Providers would be eligible to receive a portion of savings if they meet certain cost and quality standards as established by HHSC.

- 65. Medicaid Cost and Quality: Physician Payment for Quality.** Out of funds appropriated above in Goal B, Medicaid, the Health and Human Services Commission (HHSC) shall establish a committee of Texas physicians and HHSC representatives in order to determine the ten most overused services performed by physicians in Texas Medicaid, using national guidelines related to unnecessary medical procedures as the basis for this determination.

Grand-Aides are senior members of the community, who, as part of a team under close supervision by a nurse practitioner or physician, shall use protocols by telephone and home visit with "portable telemedicine" for simple conditions such as colds, to reduce inappropriate Emergency Department visits by 25 percent. HHSC shall report the results of this program, including cost and quality measures, to the Senate Finance Committee and the House Appropriations Committee by December 1, 2012.

- 67. Medicaid Cost and Quality: Medicaid Long Term Care: Durable Power of Attorney.** The Health and Human Services Commission (HHSC) shall determine if there are costs savings, improvements to quality of care, and increases in patient and family satisfaction that result from requiring all Medicaid patients admitted to long-term care to assign a Durable Power of Attorney. HHSC shall also determine whether to include an advance directive as part of the Durable Power of Attorney. If HHSC determines that significant cost savings and significant quality improvements can be achieved, HHSC shall implement a pilot program to test the system.

HHSC shall report on the results of the testing, including patient and family satisfaction, as well as cost implications associated with having an advance directive. The report shall be submitted to the Senate Finance Committee and the House Appropriations Committee before December 1, 2012.

- 70. Medicaid Cost and Quality: Comprehensive Follow-up Care for High-risk Infants.** Out of funds appropriated above, the Health and Human Services Commission (HHSC) shall support a comprehensive follow-up program for premature, high-risk infants that has been demonstrated to reduce emergency room visits, pediatric intensive care unit (ICU) admissions, life-threatening illnesses, and total estimated cost. This program should serve infants who were (1) born at or before 30 weeks gestation, or (2) at or below 1000 grams birth weight, or (3) had major complications (e.g., development of chronic lung disease) before discharge from a neonatal ICU.

HEALTH AND HUMAN SERVICES COMMISSION

(Continued)

Comprehensive care shall be provided in special follow-up clinics staffed by a small team of pediatricians and nurse practitioners. Expectations are for improved quality of care and reduced cost.

72. **Contingency Appropriation for House Bill 329.** Contingent on passage of House Bill 329, or similar legislation relating to a pilot program to establish a comprehensive access point for long term care services for aged and physically disabled individuals, by the Eighty-second Legislature, Regular Session, out of funds appropriated above in Goal A, HHS Enterprise Oversight and Policy, \$100,000 in General Revenue Funds and \$140,500 in estimated Federal Funds for fiscal year 2012 and \$150,000 in General Revenue Funds and \$202,526 in estimated Federal Funds for fiscal year 2013 shall be allocated to implement the provisions of the legislation. 74. **Contingency for House Bill 708.** Contingent on the passage of House Bill 708, all cost savings to the state actualized by this bill will be redistributed to the Health and Human Services Commission to use towards lessening the cuts in Medicaid reimbursement rates to primary care physicians.
75. **Prevent Eligibility Determination Fraud.** It is the intent of the Legislature that to prevent fraud and to maximize efficiencies, the Health and Human Services Commission shall use technology to identify the risk for fraud associated with applications for benefits, upon the completion of the rollout of the Texas Integrated Eligibility Redesign System (TIERS). Within the parameters of state and federal law, the commission shall set appropriate verification and documentation requirements based on the application's risk to ensure agency resources are targeted to maximize fraud reduction and case accuracy.
76. **Improve Efficiencies in Benefit Applications.** In order to improve efficiencies, the Health and Human Services Commission shall promote online submissions of applications for benefits administered by the agency. HHSC shall develop standards and technical requirements within six months following the statewide implementation of the Texas Integrated Eligibility Redesign System (TIERS), to allow organizations to electronically submit applications.
77. **Contingency for House Bill 1255.** Contingent upon the enactment of House Bill 1255, or similar legislation relating to programs, services, and information related to women's health, family planning, and human sexuality, by the Eighty-second Legislature, Regular Session, the Health and Human Services Commission shall be allocated funds consistent with the recommendation of the Legislative Budget Board in the fiscal note for House Bill 1255.

\$6,700,000) in strategy A.2.1, Consolidated Systems Support and B.1.4, Children & Medically Needy, are appropriated to the Health and Human Services Commission (HHSC) for the fiscal year beginning September 1, 2011, only upon prior written approval by the Legislative Budget Board and the Governor. These General Revenue Funds are contingent on an unexpended balance from fiscal year 2011. The amount of the appropriation is limited to the amount of the unexpended balance.

- b. For authorization to expend the funds, HHSC shall submit a written request to the Legislative Budget Board and the Governor. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts. The request must be organized by fiscal year as follows:
 - (1) The following information shall be provided for the fiscal year with an unexpended balance:
 - (i) an explanation of the causes of the unexpended balance(s);
 - (ii) the amount of the unexpended balance(s) by strategy; and
 - (iii) the associated incremental change in service levels compared to performance targets in this Act for that fiscal year.
 - (2) The following information shall be provided for the fiscal year receiving the funds:
 - (i) an explanation of purpose for which the unexpended balance(s) will be used and whether the expenditure will be one-time or ongoing;

 - (iv) the capital budget impact.

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 15 business days of the date on which the staff of the Legislative Budget Board concludes its review of the proposal to expend the funds and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor.

The Comptroller of Public Accounts shall not allow the use of unexpended balances authorized by the above subsection if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

80. Medicaid Managed Care Expansion. It is the intent of the Legislature that the Health and Human Services Commission shall not implement any Medicaid managed care expansion initiatives unless specific approval is received from CMS that protects Upper Payment Limit (UPL) program payments. This protection includes all Medicaid managed care expansion initiatives that affect hospital UPL payments.

UPL funds that are generated from the fee-for-service reimbursement system are not subject to the waiver.

If CMS fails to grant a waiver that protects UPL funds, HHSC will implement, for both STAR expansion and STAR+PLUS expansion areas, the system currently in place for STAR+PLUS where inpatient hospital services are reimbursed using the fee-for-service system and the managed care companies manage the care of the patient and receive incentives to achieve inpatient utilization reduction targets.

- 81. Medicaid Waiver For Certain Populations.** Contingent on findings that a Medicaid waiver for the below populations is cost effective and feasible, the Health and Human Services Commission may seek a Medicaid waiver or waivers from the Centers for Medicare and Medicaid Services.  - (3) ensure Medicaid coverage for those certain populations;
 - b. cover through Medicaid the following certain populations:
 - (1) individuals receiving mental health services on the county level up to 200 percent FPL, and

- 82. Available Earnings from the Regional Trauma Account 5137.** If the total available earnings of the Regional Trauma Account 5137 (Red Light Camera Trauma Fund) exceeds the amount projected by the Comptroller of Public Accounts as eligible for distribution in a fiscal year in the 2012-13 fiscal biennium, that amount is appropriated under Strategy A.1.1, Enterprise Oversight and Policy, to the Health and Human Services Commission for the state fiscal year ending August 31, 2011, to be used to reimburse uncompensated trauma care.
- 83. Agency Directive for Efficient and Effective Contractors.** The agency is directed to give priority to contractors and service providers with evidence of operating in the most efficient and effective manner serving the highest number of clients in respective program areas.

- c. To the extent that the local authorities or state contracted managed care organizations are able to obtain cost savings associated with state-approved purchasing arrangements, private sector donations of medications for clients and/or financial contributions for the purchase of New Generation Medications in DSHS Strategies B.2.1, Mental Health Services for Adults, B.2.2, Mental Health Services for Children, and B.2.4, NorthSTAR Behavioral Health Waiver, and they meet or exceed their contracted performance targets for persons served with New Generation Medications, they may expend up to an equivalent amount from these strategies on direct services to clients.

Among the strategies that should be considered in achieving this objective are consolidations among local authorities and partnering among local authorities on administrative, purchasing, or service delivery functions where such partnering may eliminate redundancies or promote economies of scale. The Legislature also intends that each state agency which enters into a contract with or makes a grant to local authorities does so in a manner that promotes the maximization of third party billing opportunities, including to Medicare and Medicaid.

It is the Legislature's intent that local authorities not expend funds appropriated to the Department of Aging and Disability Services in Strategy A.4.2, Mental Retardation Community Services, or Strategy A.4.5, Mental Retardation In-Home Services, to supplement the rate-based payments they receive to fund their costs as providers of waiver or ICF-MR services.

Sec. 39. Equal Opportunity Principles in Contracting for Social Services. The Legislature intends that each state agency that contracts with or makes a grant to a nongovernmental entity to provide social services, using money appropriated by this Act, enter the contract or make the grant in a manner that is consistent with the equal opportunity principles and safeguards provided by federal law under 42 U.S.C. § 604a.

Sec. 40. Limitation on Unexpended Balances: General Revenue for Medicaid. Unexpended balances in General Revenue Funds appropriated for the Medicaid program (GR Match for Medicaid and GR Certified as Match for Medicaid) to the Health and Human Services Commission, the Department of Aging and Disability Services, and the Department of State Health Services for fiscal year 2012 are appropriated for the same purposes to the respective agencies for fiscal year 2013 only upon prior written approval by the Legislative Budget Board and the Governor.

For authorization to expend the funds, an agency shall submit a written request to the Legislative Budget Board and the Governor by April 1, 2012. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts. The request must be organized by fiscal year as follows:

- a. The following information shall be provided for fiscal year 2012:
 - (1) a detailed explanation of the cause(s) of the unexpended balance(s);
 - (2) the amount of the unexpended balance(s) by strategy; and
 - (3) an estimate of performance levels and, where relevant, a comparison to targets in this Act.
- b. The following information shall be provided for fiscal year 2013:
 - (1) a detailed explanation of the purpose(s) for which the unexpended balance(s) will be used and whether the expenditure will be one-time or ongoing;
 - (2) the amount of the expenditure by strategy;

**SPECIAL PROVISIONS RELATING TO
ALL HEALTH AND HUMAN SERVICES AGENCIES**
(Continued)

- (3) an estimate of performance levels and, where relevant, a comparison to targets in this Act; and
- (4) the capital budget impact.

An agency shall submit a revised written request by October 1, 2012 if the amount of the estimated unexpended balance(s) varies by more than five percent from the amount estimated in the original request.

Additional information requested by the Legislative Budget Board or the Governor should be provided in a timely manner. The request and information provided subsequently shall be prepared in a format specified by the Legislative Budget Board.

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 15 business days of the date on which the staff of the Legislative Budget Board concludes its review of the proposal to expend the funds and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor.

The Comptroller of Public Accounts shall not allow the use of unexpended balances if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

Sec. 41. Appropriation of Receipts: Civil Monetary Damages and Penalties. Included in the amounts appropriated above for the 2012-13 biennium are the following:

- a. \$2,660,000 in General Revenue Match for Medicaid for the Department of Aging and Disability Services;
- b. \$1,414,870 in General Revenue Match for Medicaid for the Health and Human Services Commission; and
- c. \$520,000 in General Revenue for the Department of State Health Services.

These amounts are contingent upon the collection of civil monetary damages and penalties under Human Resources Code § 32.021 and Health and Safety Code § 431.047. Any amounts collected above these amounts by the respective agency are hereby appropriated to the respective agency in amounts equal to the costs of the investigation and collection proceedings conducted under those sections, and any amounts collected as reimbursement for claims paid by the agency.

Sec. 42. Financial Monitoring of Community MHMR Centers. The Department of Aging and Disability Services, the Department of State Health Services, and the Health and Human Services Commission shall enter into a written agreement that defines each agency's responsibilities for monitoring the expenditure by community mental health and mental retardation centers of funds appropriated by this Act. The written agreement shall include provisions for monitoring that require community mental health and mental retardation centers to account for state funds separately from other sources of funds.

Sec. 43. Appropriation of Unexpended Balances: Funds Recouped from Local Authorities. Notwithstanding other provisions of this Act, any state funds appropriated for fiscal year 2012 recouped by the Department of Aging and Disability Services or the Department of State Health Services from a local mental health or mental retardation authority for failing to fulfill its performance contract with the State, are hereby appropriated to the respective agency for the same strategy, to reallocate to other local mental health or mental retardation authorities in fiscal year 2013.

Each agency shall provide a report to the Legislative Budget Board and the Governor by June 1, 2012 that includes the amount of the recoupment by strategy, the reasons for the recoupment, the local authorities involved, any performance contract requirements that were not met, and the purposes of the reallocation.

Sec. 44. Enterprise Support Services. None of the funds appropriated above shall be budgeted, assessed, or expended for enterprise support services unless the following requirements are met:

- a. **Annual Assessments.** The Executive Commissioner of the Health and Human Services Commission shall submit to the Legislative Budget Board and the Governor, by September 1 of each fiscal year, a report that indicates the amounts assessed for enterprise support services for the new and two prior fiscal years. The report shall include the following information at both the agency and enterprise levels:
 - (1) amounts by service category; and
 - (2) amounts by major fund type.
- b. **Annual Expenditures.** No later than October 1 of each year, the Executive Commissioner shall submit to the Legislative Budget Board and the Governor a report that provides information about actual annual expenditures for enterprise support services for the two prior fiscal years. The report shall include the following information at both the agency and enterprise levels:
 - (1) amounts by service category; and
 - (2) amounts by major fund type.

The reports shall be prepared in a format approved by the Legislative Budget Board.

- c. **Anticipated Increases.** The Executive Commissioner shall notify the Legislative Budget Board and the Governor in a timely manner about anticipated increases that would exceed the amounts reported in section (a) by more than \$1,000,000 during the fiscal year.
- d. **Requests-to-Exceed.** The Executive Commissioner shall notify the Legislative Budget Board and the Governor about the anticipated impact of requests-to-exceed on enterprise support service category assessments, by agency and method-of-financing.

The information requested above shall be prepared and submitted in a format approved by the Legislative Budget Board.

The Comptroller of Public Accounts shall not allow the expenditure of funds for an increased assessment if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

Sec. 45. Fraud Detection. Out of funds appropriated above in Strategy G.1.1, Office of Inspector General, the Health and Human Services Commission, Office of the Inspector General (OIG) shall employ strategies to improve systems for the detection, prevention and prosecution of fraud, waste, and abuse. The OIG shall utilize advanced analytics, including predictive modeling, anomaly detection, and social network analysis, in an effort to identify and prevent improper reimbursements from occurring, as well as identify and recover previous improper reimbursements. Through the use of advanced analytics, the OIG shall identify and realize an additional \$50,000,000 in General Revenue savings. These savings are assumed above in Strategy B.1.4, Children & Medically Needy.

Sec. 46. Contingency Appropriation for House Bill 275: Priority for Additional Funding in Article II. Contingent upon the passage and enactment of House Bill 275, relating to making an appropriation of money from the Economic Stabilization Fund for expenditure during the current state fiscal biennium, or similar legislation, by the Eighty-second Legislature, Regular Session, 2011, the following health and human services agencies as listed in Chapter 531, Government Code, are hereby appropriated, elsewhere in this Act, \$2,000,000,000 in General Revenue Funds, which has been allocated to the appropriate strategies as indicated below, for the 2012-13 biennium for the following purposes:

Sec. 49. Maintenance of Certain Program Service Levels. Funds appropriated in this Act are based on projections of the amounts needed to maintain current or legislatively authorized eligibility criteria, service or staffing levels, and provider payment levels for the following Article II entitlement and critical health care programs:

- a. Entitlement Programs
 - (1) Medicaid - Acute and Long-term Care
 - (2) Early Childhood Intervention
 - (3) Foster Care

This provision is not intended to prohibit programmatic changes or adjustments that are necessary to ensure prudent and responsible administration of the affected program.

Sec. 50. Medicaid Managed Care Premium Rate Notification Requirements. The Health and Human Services Commission (HHSC) shall report to the Legislative Budget Board and the Governor's Office of Budget and Planning on the use of appropriated funds for premium rates paid to Medicaid managed care organizations, as listed in Chapter 533, Government Code, in the manner stipulated by this provision.

No agency subject to this provision shall take action that causes a premium rate to be actuarially unsound.

Upon initiation of the development of premium rates, HHSC shall notify the Legislative Budget Board (LBB) and the Governor's Office of Budget and Planning, in a format developed by the LBB and HHSC, of the premium rate development schedule and provide data, updated caseload and case-mix experience for the rate year, and an explanation of factors which contribute to the development of premium rates.

The board shall consider the following factors when determining whether a Texas-specific exam is necessary: the number of Texas educators likely to take the exam; the extent to which educators from states that use a standard exam pass similar Texas-specific exams; the similarity of content covered in a standard exam versus the planned Texas-specific exam, understanding that 100 percent of alignment is not necessary; and the relative cost to the state and to examinees of a standard exam versus a Texas-specific exam.

- 1. Administration of Appropriated Funds.** Funds appropriated above shall be administered by the Texas Higher Education Coordinating Board.

To ensure the efficient allocation of state appropriations, the Coordinating Board shall reallocate the formula funds appropriated in this bill pattern in the second year of the biennium using certified contact hour data from the previous academic year. The Higher Education Coordinating Board shall exclude contact hours related to physical education courses for students who are registered to receive both high school and college credit from the contact hours used to reallocate formula funds in the second year of the biennium.

- 2. Appropriation Eligibility.** To be eligible for and to receive an appropriation a public community/junior college must be certified as required by Education Code, Chapter 61, § 61.063, and comply with the following provisions:
- a. The Texas Higher Education Coordinating Board shall 1) determine whether each eligible public community/junior college has complied with all the provisions of this section; 2) determine each college's list of approved courses; and 3) certify its findings and such lists to the State Auditor not later than October 1 of each fiscal year. Each public community/junior college shall make such reports to the Texas Higher Education Coordinating Board as may be required, classified in accordance with the rules and regulations issued by the Board.
 - b. On or before the dates for reporting official enrollments each semester to the Texas Higher Education Coordinating Board, each college will collect in full from each student that is to be counted for state aid purposes the amounts set as tuition by the respective governing boards. Valid contracts with the United States government for instruction of eligible military personnel, and valid contracts with private business and public service-type organizations or institutions such as hospitals, may be considered as collections thereunder, but subject to adjustments after final payment thereof. Financial aid awards processed by the financial aid office but not yet issued to the student shall be considered as collections thereunder but subject to adjustments after final payment thereof.
 - c. Each community/junior college must use a registration and financial reporting system which is sufficient to satisfy the audit requirements of the State Auditor and furnish any reports and information as the auditor may require.
 - d. Each community/junior college must file by December 1 of each fiscal year directly with the Governor, Legislative Budget Board, the Legislative Reference Library, and the Texas Higher Education Coordinating Board, a copy of an annual operating budget, and subsequent amendments thereto, approved by the community/junior college governing board. The operating budget shall be in such form and manner as may be prescribed by the board and/or agency with the advice of the State Auditor providing, however, that each report include departmental operating budgets by function and salaries and emoluments for faculty and staff listed by position.
- 3. Approved Special Item Expenditures.** The funds appropriated above for special items may be expended for salaries, wages, travel, capital outlay and other necessary operating expenses. It is specifically provided that funds appropriated above may not be used for the operation of intercollegiate athletics.
- 4. Audit of Compliance.** The compliance of each public community/junior college with the requirements set forth in the paragraphs above shall be ascertained by the State Auditor who shall also audit the pertinent books and records of each college as necessary.

5. **Vouchers for Disbursement of Appropriated Funds.** Vouchers for disbursement of the sums appropriated hereinabove shall be prepared by the Texas Higher Education Coordinating Board on the basis of the provisions in the paragraphs above and the warrants issued in payment thereof shall be issued in compliance with Education Code, § 130.0031.

Funds appropriated above to Howard County College for the operation of the Southwest Collegiate Institute for the Deaf shall be distributed in accordance with the installment schedule for Category 1 junior colleges.

The total amount of funds appropriated above in each year of the biennium to Midland College in Strategy AB.1.1, American Airpower Heritage Museum, should be distributed on September 1 of the year funds are appropriated.

6. **Unobligated Balances.** At the close of each fiscal year each community/junior college shall report to the Coordinating Board the amount of state allocations which have not been obligated within each line item and shall return that amount to the State Treasury for deposit in the General Revenue Fund.
7. **Adjustment of Contact Hours.** Texas Higher Education Coordinating Board is authorized to review the accuracy of the contact hour data reported to the Coordinating Board by community college districts. In the event of data reporting errors, the Coordinating Board is authorized to adjust the fiscal year's formula appropriations as necessary to reflect the corrected data elements.
8. **Separation of Funds.** The funds appropriated by the State shall be maintained separately by community/junior colleges from other sources of income.
9. **Supplanting of Federal Funds Prohibited.** State funds shall not be used to supplant federal funds for the Workforce Investment Act programs conducted by community/junior colleges.
10. **Residency of Texas Department of Criminal Justice Inmates.** All inmates of the Texas Department of Criminal Justice are, for educational funding purposes in this Act only, residents of the State of Texas.
11. **Regional Import/Export Training Center.** Appropriations of \$43,750 each year made above are contingent upon certification by the Comptroller of Public Accounts that increased economic activity associated with the Regional Import/Export Training Center and the Laredo Community College will generate at least \$87,500 for the biennium in additional revenue to the General Revenue Fund. It is the intent of the Legislature that state funds provided to the Regional Import/Export Training Center be used by the Center to attract federal funds on a dollar-for-dollar basis.
12. **Informational Listing of Other Appropriations.** In addition to the funds appropriated above, general revenue is appropriated elsewhere in this Act for the use of the Public Community/Junior Colleges as follows:
- Out of the General Revenue funds appropriated to the Higher Education Employees Group Insurance Contributions, \$200,039,877 is intended for the use of public community colleges, subject to the provisions associated with that appropriation.

13. **Financial Information Reporting Requirement.** Each community college shall provide to the Texas Higher Education Coordinating Board financial data related to the operation of each

(Continued)

The Coordinating Board shall provide an annual report due on April 1 to the Legislative Budget Board and Governor's Office about the financial condition of the state's community college districts.

- 14. Limitations of Formula Funding Contact Hours.** To control costs and limit General Revenue formula appropriations contact hours related to a course for which a student is generating formula funding for the third time shall be excluded from being counted in the hours reported by the Higher Education Coordinating Board to the Legislative Budget Board for formula funding.
- 15. Approved Elements of Expenditure.** The expenditures by a public community/junior college of any funds received by it under these provisions headed "Public Community/Junior Colleges" shall be limited to the payment of the following elements of cost: instruction, academic support, student services, institutional support, organized activities, and staff benefits associated with salaries paid from general revenue. It is specifically provided, however, that in addition to the purposes enumerated herein, the funds appropriated above for special items may be expended for salaries, wages, travel, capital outlay and other necessary operating expenses. It is specifically provided that funds appropriated above may not be used for the operation of intercollegiate athletics.
- 16. Funding for StarLink at Dallas Community College.** Funds identified above in Strategy N.1.2, StarLink, are to be used for the sole purpose of supporting the StarLink program and are subject to the provisions of Rider 3 and Rider 4 in this bill pattern.
- 17. Funding for the Virtual College of Texas at Austin Community College.** Funds identified above in Strategy E.1.1, Virtual College of Texas, are to be used for the sole purpose of supporting the Virtual College of Texas and are subject to the provisions of Rider 3 and Rider 4 in this bill pattern.
- 18. Texas Revolution.** Out of the funds appropriated above for Strategy F.1.1, Star of the Republic Museum, \$50,000 in General Revenue funds in each year of the 2012-13 biennium may be used for the purpose of supporting a web-based tool on the Texas Revolution.

The institutions may use the revolving fund for regular monthly payrolls as well as for weekly and special payrolls. Disbursements from the revolving funds are to be reimbursed from respective items of educational and general appropriation made herein, the Comptroller of Public Accounts being hereby authorized to make such reimbursements on claims filed with her by the institutions under her regularly prescribed procedures except that one voucher and one warrant may cover any number of claims for this purpose. These reimbursement claims shall meet the same requirements as other claims against state appropriations, and each institution shall prepare such a reimbursement claim as at the close of business on the last day of each month and as many times during the month as may be expedient in order to make unnecessary the maintaining of an unreasonably large revolving fund.
 - b. The respective governing board shall determine the amounts of the revolving funds to be set up for each institution, and may increase or decrease the amounts if necessary. Such governing board shall designate a depository bank for each revolving fund, and shall specify the officers and/or employees to sign checks drawn on each such fund. The depository bank for each revolving fund shall be required to secure the deposit as provided by law.
 - c. Appropriations to all institutions of higher education and systems, except funds identified exclusively for salaries, may be used to reimburse any revolving fund operated for the benefit of one or more parts or component units of an institution or system, such as a motor pool for managing automotive vehicles authorized by this Act, a feed supply center, an office supply or laboratory supply center, a computer center, or any other operations of a similar nature established by authority of the governing board of said institution or system.
4. **Local Depositories.** The governing boards of the respective institutions for which appropriations are made in this Article are hereby authorized to select depository banks for the safekeeping of funds which are authorized, by statute, to be maintained outside the state treasury. The boards shall require depository banks to furnish adequate surety bonds or securities to be posted for the assurance of safety of such deposits. The depository bank or banks so selected are hereby authorized to pledge their securities for assurance of safety for such funds. All such local funds shall be deposited in these depositories within seven (7) days from date of collection. The governing boards may require the depository so designated and selected to pay interest on deposits at a rate to be agreed upon by said depositories and said boards.

5. Investment Reports.

- a. The governing board of each of the educational institutions named in this Article shall file with the State Auditor, Comptroller of Public Accounts, Legislative Budget Board, and the Governor an annual report of all investment transactions involving endowment funds, short-term and long-term investment funds, and all other securities transactions, in a method prescribed by the State Auditor's Office. Copies of such reports shall be available for public inspection. In addition to the annual report, each institution shall publish on its website quarterly investment reports in any format it deems appropriate.
- b. The governing boards of each educational institution named in this Article must adopt formal investment policies. Each governing board shall submit to the Legislative Budget Board and State Auditor's Office a copy of their investment policy by December 31 of each year.

6. Central Services Accounts.

- a. Out of funds appropriated in this Article, the governing boards of the university systems and their component units, and institutions of higher education may employ persons to serve two or more parts or component units of the system or institution and may pay their salaries in whole or in part from the informational items of appropriation made herein to any component unit. The governing boards are authorized to establish accounts from which salaries and expenses for the administration and supervision of the units of the system or institution may be paid and to require the units, including any other agency the administration of which it may be charged with by law, to pay into this account from any general revenue, local, or institutional funds their proportionate share as determined by the board for the expense of such administration and supervision. The Comptroller of Public Accounts is authorized to set up an account for each of the systems or institutions and to deposit in the account funds to the amount authorized by the governing boards and executive heads of the respective units, from funds appropriated by the Legislature to the units for noninstructional salaries and general operating expenses. The Comptroller is authorized to draw warrants against such accounts based on vouchers submitted by the systems or institutions in payment of salaries, maintenance, equipment, or travel incidental to the administration and supervision of the respective units.
- b. The systems and institutions whose governing boards and component units are subject to the above are authorized to establish the following accounts:

Texas A&M University System Central Services Account
The University of Texas System Central Services Account
University of Houston System Central Services Account
Texas Tech University System Central Services Account
University of North Texas System Central Services Account
Texas State University System Central Services Account

- c. Travel expense incurred by a person employed by one unit of an above system or institution in connection with service to the other units may be reimbursed by the unit for which such services are performed or proportionately if more than one such unit is involved.

7. Utility Revolving Funds. The governing boards of Texas Woman's University, West Texas A&M University, all components of the University of Houston System, Texas State University System, Texas Tech University System, University of North Texas System, and The University of Texas System are authorized to use appropriated funds, except funds expressly identified for salaries, to make payments of debt service and other payments in connection with utility plant revenue bonds and utility plant operation and maintenance expenses, and/or to reimburse any revolving fund now or hereafter established in connection with providing utility services to any building or facility of the college or university, in accordance with the general principles established in Education Code, § 55.11, and the creation and maintenance of any such revolving fund is hereby authorized.

8. Appropriation Expenditure Authorization.

- a. The educational and general appropriations made in this Act to the general academic teaching institutions, health related institutions, and Texas State Technical College may be

STATE AGENCIES OF HIGHER EDUCATION**
(Continued)

expended for the following purposes, including, but not limited to: Instruction; Research; Public Service; Academic Support; Student Services; Institutional Support; Operation and Maintenance of Plant; Scholarships; Staff Benefits; Organized Activities; and Patient Care. Major repairs and rehabilitation of buildings and facilities may be purchased from appropriated funds, but may not be purchased from general revenue funds that are not expressly identified or allocated for such purposes.

- b. No educational and general funds appropriated to any institution or agency named in this article may be expended on auxiliary enterprises, unless specifically authorized in this Act.
9. **Tuition Revenue Bonds and Revenue Bonds.** Funds clearly identified in separate informational strategies to the general academic teaching institutions and health sciences centers for revenue or tuition revenue bond retirement may be expended only to reimburse institutions or centers for debt retirement authorized by Education Code § 55.17 through § 55.17721 and § 55.19 and any additional authorization enacted by the Eighty-second Legislature. Any funds in excess of the amount expended for debt retirement shall be reverted to the General Revenue Fund at the end of each fiscal year.

Sec. 7. Recruitment of Students. No funds appropriated by this Act may be expended for travel expenses incurred outside the boundaries of the State of Texas for the purpose of direct recruitment of students.

Sec. 8. Television Stations Prohibited. None of the educational and general funds appropriated in this Article may be expended for the acquisition, construction, or operation of television transmitter stations; provided, however, this prohibition shall not be construed so as to prevent the institutions of higher education named in this Article from using closed-circuit television for purely instructional purposes, or to prevent institutions with existing public broadcasting or transmitter stations to use them for educational purposes, or to prevent the continuance of operating arrangements with existing transmitter stations for purely educational purposes; or to prevent cooperative arrangements with public broadcast stations.

Sec. 9. Intercollegiate Athletics. The special and general provisions of Articles III and IX of this Act shall not apply to intercollegiate athletics. The governing boards of the respective institutions of higher education shall use the appropriations in this Act to make such necessary rules and adjustments as may be deemed advisable for the management and operation of such activities; however, no funds under control of intercollegiate athletics may be used to purchase alcoholic beverages; no educational and general funds appropriated may be used for the operation of intercollegiate athletics; such rules and adjustments shall be designed to complement the rules applicable to other departments of the respective institution; and finally, such rules and adjustments shall specifically prohibit violation of National Collegiate Athletic Association (NCAA) or other governing body rules with respect to recruitment of athletes.

Sec. 10. Prohibition Against Additional Museums. None of the educational and general funds appropriated in this Article shall be used for establishing additional museums or for the maintenance and operation of museums unless the language of this Act or of other acts and resolutions of the Legislature specifically authorizes such use of educational and general funds. As an exception to this provision, in order to encourage and promote gifts, grants, or donations to institutions of higher education, it is specifically provided that an institution which receives such gifts, grants, or donations for the construction or establishment of a museum, which is added to an institution's building inventory after September 1, 1997, may use educational and general funds appropriated by this Article for the maintenance and operation of such a museum. This exception applies only to the authority to spend appropriated funds for these purposes; such museum space shall not be included in formula calculations for purposes of determining the amounts of appropriations due for maintenance or operations of institutional facilities.

Sec. 11. Method of Financing Scholarships.

1. Out of the funds identified by this Article in the informational items described as "Other Educational and General Income," the respective governing boards of the general academic teaching institutions and of the health centers, health science centers, or technical colleges may allocate and expend the actual receipts in such informational item for student scholarships pursuant to the provisions of Education Code § 56.031 to § 56.039, cited as the Texas Public Educational Grants Program.

**SPECIAL PROVISIONS RELATING ONLY TO
STATE AGENCIES OF HIGHER EDUCATION**
(Continued)

2. Copies of such approved allocations together with copies of rules and regulations adopted by the respective governing boards concerning the award of such scholarships shall be filed with the Coordinating Board and with the Comptroller prior to the disbursement of any moneys for scholarships. Copies of any subsequent changes in such allocations or rules shall be similarly filed with the Coordinating Board and with the Comptroller.
3. No educational and general funds appropriated in this Act for scholarships to institutions of higher education may be used to provide athletic scholarships.
4. Out of the additional funds appropriated for the 2012-13 biennium for the informational strategy described as "Scholarships," the respective governing boards shall allocate and expend such funds for need-based student scholarships regardless of the race, sex, color, or ethnicity of the student recipient.

Sec. 12. Use of Educational and General Funds for Alumni Activities Prohibited. None of the educational and general funds appropriated by this Article may be expended by institutions of higher education for the support or maintenance of alumni organizations or activities.

Sec. 13. Limitation of Nonresident Enrollment in Certain State-supported Professional Schools.

1. None of the funds appropriated by this Act may be expended for the establishment, operation, or maintenance, or for the payment of any salaries to the employees in, any wholly or partially state-supported medical, dental, or law school which: (a) imposes a limitation on the number of students that it admits, (b) in an academic semester denies admission to one or more Texas residents who apply for admission and who reasonably demonstrate that they are probably capable of doing the quality of work that is necessary to obtain the usual degree awarded by such school, and (c) in the same academic semester admits, as either class, nonresidents of the State of Texas in a number greater than 10 percent of the class of which such nonresidents are a part. Limitation of nonresident enrollment at The University of Texas Law School, Texas Tech University School of Law, and the University of Houston Law Center may be increased to 35 percent of the class of which nonresidents are a part provided that the admission of such nonresident students is on the basis of academic merit alone. By the provisions of this paragraph it is intended to withhold funds appropriated by this Act from state-supported medical, dental, and law schools which limit their enrollments and which fill more than 10 percent of their classes with non-resident students in the case of medical and dental schools, and 35 percent in the case of The University of Texas Law School, Texas Tech University Law School, and the University of Houston Law Center, when the result of admitting a nonresident denies admission to a qualified Texas applicant. This provision shall not apply to the funds appropriated to the Coordinating Board for the funding of Baylor College of Medicine or to funds appropriated for tuition equalization grants for students attending private colleges.
2. In addition, The University of Texas Southwestern Medical Center at Dallas may admit up to 25 competitively recruited medical students in each entering class for a specialized six-year program of clinical and research training designed to lead to the MD and PhD degrees irrespective of whether those students are Texas residents.
3. Texas medical schools may enroll up to 6 competitively recruited medical students, who already possess the DDS degree, in each second year medical school class for a specialized six year program in oral and maxillofacial surgery comprised of the last three years of medical school and a three year residency program irrespective of whether those students are Texas residents.

Sec. 14. Off-campus Instruction. General academic institutions may use the funds appropriated in this Act to teach courses off campus with the following restrictions:

1. At the conclusion of each fiscal year, the Coordinating Board shall file a report with the Governor and the Legislative Budget Board on all general academic institutions concerning off-campus semester credit hours for that fiscal year.
2. Semester credit hours generated at upper level centers authorized by the Legislature or by the Coordinating Board, as well as at Prairie View A&M University's Houston nursing program and Texas Woman's University nursing programs in Dallas and Houston, are not considered to be off-campus.

**SPECIAL PROVISIONS RELATING ONLY TO
STATE AGENCIES OF HIGHER EDUCATION**
(Continued)

3. All courses taught off campus must be taught by a regular faculty member or administrator who is employed at least half-time on the main campus of the institution. The Commissioner of Higher Education may waive this requirement in special cases where institutions can justify the use of a uniquely qualified individual. Allied health and vocational instructors are exempted from this requirement.

Sec. 15. Medical School Enrollment. None of the funds appropriated above to The University of Texas System medical colleges, the University of North Texas Health Science Center at Fort Worth, or the Texas Tech University Health Sciences Center College of Medicine may be used for the education of first year medical students unless the first year class enrollment of undergraduate medical students in the fiscal years ending August 31, 2012, and August 31, 2013, is no less than 200 students at The University of Texas System medical colleges and 100 students at the University of North Texas Health Science Center at Fort Worth and the Texas Tech University Health Sciences Center College of Medicine. This provision shall not be construed as requiring any school of medicine to accept an unqualified applicant. In the event that a school of medicine falls below the required first year class enrollment of undergraduate medical students by more than 5 percent for fiscal years 2012 and 2013, the school shall report to the Legislative Budget Board the reasons for failing to meet the required enrollment. This information should be taken into account when preparing the appropriation recommendations for the Eighty-third Legislature.

Sec. 16. Tuition and Other Educational and General Local Fee Collection. No institution of higher education shall receive appropriations through formula funding in this Act unless it collects from each student whose semester credit hours are to be included in formula funding calculations all tuition and all fees in accordance with the installment tuition and fee payment plan provided for by the Education Code, (Chapter 54, as amended) on or before the end of the 20th class day for each regular semester and the 15th class day for each summer session. Valid contracts with the United States Government for instruction of eligible military personnel and valid contracts with private business and public service-type organizations or institutions such as hospitals may be considered as collections thereunder but subject to adjustments after final payment thereof. Financial aid awards processed by the financial aid office but not yet issued to the student may be considered as collections thereunder but subject to adjustments after final payment thereof.

Sec. 17. Compliance with Uniform Recruitment and Retention Strategy. Institutions of higher education shall use the appropriations in this Act to give top priority and consideration to compliance with the spirit and mandates of the Uniform Recruitment and Retention Strategy.

Sec. 18. Formula Variable and Educational and General Income Audits. The Texas Higher Education Coordinating Board in consultation with the State Auditor's Office and the Legislative Budget Board shall clearly define all variables used by the Eighty-first Legislature in arriving at formula appropriations for fiscal years 2012 and 2013. According to an audit plan developed in consultation with the Coordinating Board and Legislative Budget Board, all variables of selected formulas used in making fiscal years 2012 and 2013 formula appropriations are subject to audit by the State Auditor. The State Auditor shall report any differences from data submitted by the institutions to the Coordinating Board, the Legislative Budget Board, and the Governor. The Coordinating Board shall then calculate a new appropriations amount for each institution that reported data in conflict with that verified by the Auditor. These calculations shall then be reported to the Legislative Budget Board, Governor, and the Comptroller of Public Accounts and may be used to revise appropriation authority accordingly. The calculation of revised appropriation amounts shall allow each institution an error rate of up to 2 percent of the biennial appropriations related to the variables audited at that institution.

In addition, components of educational and general income reported in the institutional requests for legislative appropriations for fiscal years 2012 and 2013 are subject to audit by the State Auditor.

The State Auditor may request the assistance of an institution's internal auditor in performing the audits described in this section.

Sec. 19. System Offices Funding Authorized. Educational and general funds appropriated to components of The University of Texas, Texas A&M University, University of Houston, Texas Tech University, University of North Texas, Texas State University System, and Texas State Technical College Systems may be transferred or contracted to system offices to provide support for coordination, administration, and other related services.

Sec. 20. Annual Reports of Health Related Institutions Practice Plans. As a limitation and restriction upon appropriations made by this Act, all agencies that have a public health related institution covered under Article III shall not expend funds after a period of 120 days following the close of the fiscal year, unless there has been filed with the Governor, the State Auditor, the Legislative Budget Board, the Legislative Reference Library, and the Comptroller of Public Accounts an annual report as of August 31 of the preceding fiscal year showing the use of practice plan funds. The annual report shall conform to a uniform reporting system developed by the State Auditor's Office for all financial data concerning the health related institutions practice plans.

Sec. 21. Self-insurance Funds. Any funds of an institution of higher education used for or allocated to a self-insurance fund authorized by Government Code § 2259.001 for a risk otherwise insurable by the institution of higher education shall be treated by the Comptroller of Public Accounts as an expenditure of the respective funds. The self-insurance funds so created shall be considered designated funds as that term is used in § 51.008(b) of the Education Code. Any self-insurance fund reserves so created shall not exceed in amount the maximum value determined to be actuarially sound for each such self-insurance program.

Sec. 22. Uncompensated Care Reporting Requirement. The public health-related institutions shall use the appropriations in this Act to include in their biennial legislative appropriations request information including the actual amount of uncompensated care provided through each institution's respective physician practice plan, and if applicable, hospital or clinic using the uncompensated care reporting requirement established by the Health and Human Services Commission.

Uncompensated care includes the unreimbursed costs for the uninsured (those with no source of third party insurance) and the underinsured (those with insurance who after contractual adjustment and third party payments have a responsibility to pay for an amount they are unable to pay). Uncompensated care also includes the unreimbursed cost from governmental sponsored health programs. To calculate uncompensated care, charges will be converted to costs by application of a standard, auditable ratio of cost to charge and providers will recognize appropriate patient specific funding and lump sum funding available to offset costs. Any amounts received by the Physician Practice Plan from Upper Payment Limit shall be counted as payments received for uncompensated care.

Sec. 23. County Indigent Care Contracts.

1. **Contracts Required.** It is the intent of the Legislature that all institutions of higher education providing indigent health care contract with relevant counties in their service area to recover the costs associated with treating those counties' indigent patients.
2. **County Indigent Care Contracts Reporting.** The University of Texas Medical Branch at Galveston, The University of Texas M.D. Anderson Cancer Center, and The University of Texas Health Science Center at Tyler shall submit to the Legislative Budget Board and the Governor at the end of each fiscal year a list of counties whose indigent residents have been served by each institution; the total amount of reimbursement received by each institution from each county pursuant to the Indigent Health Care and Treatment Act; and the total cost, by county, of services provided by each institution for which counties are liable pursuant to the Indigent Health Care and Treatment Act. In addition, each institution shall report annually (no later than December 1st) to the Legislative Budget Board and Governor on the status of contract agreements or negotiations with each county whose indigent residents have been served by the institution.

Sec. 24. Ethics Policy.

1. None of the funds appropriated by this Act may be expended by an institution of higher education until its governing board has filed with the Texas Higher Education Coordinating Board an ethics policy which has been adopted by the board of regents. The ethics policy shall apply to the board of regents and its staff, the administration, staff, and faculty of the institutions under the board's governance.
2. The ethics policy adopted by each board of regents shall include specific provisions regarding sexual harassment.

Sec. 25. Driscoll Children's Hospital. No funds appropriated to a health-related institution of higher education shall be used to replace or duplicate the Driscoll Children's Hospital in caring for children

with special health-care needs, including pediatric cardiovascular diseases, or in assuming the direct care of those children. This rider language shall not restrict the traditional referral patterns utilized by physicians to refer patients to health-related institutions.

Sec. 26. Participation in Drug Development Research Projects. A public university may not expend funds appropriated by this Act, including appropriations of grants or gifts, to conduct a drug development research protocol involving a person who is receiving mental health services under a protective custody order, pursuant to Chapter 574, Health and Safety Code. This rider is not intended to limit or prohibit provisions for treatment established under § 576.022, Health and Safety Code.

Sec. 27. Post Tenure Review. None of the funds appropriated by this Act may be expended by an institution of higher education until its governing board has filed with the Texas Higher Education Coordinating Board policies and procedures regarding post tenure review which have been adopted by the board of regents. Post tenure policies shall include review procedures to determine that a tenured faculty member is performing consistently at an acceptable, professional level and a mechanism whereby a faculty member is informed of any deficiencies and provided opportunities to effectively improve his or her performance.

Sec. 28. General Academic Funding. Appropriations made in this Act for formula funding for general academic institutions, other than Lamar State College - Orange, Lamar State College - Port Arthur, and Lamar Institute of Technology, will consist of four formulas and supplemental items.

1. Instruction and Operation Formula. The Instruction and Operations Formula shall provide funding for faculty salaries, including nursing, departmental operating expense library instructional administration, research enhancement, student services, and institutional support.

- a. Funds for fiscal year 2012 are distributed on a weighted semester credit hour basis. During fiscal year 2013, 100% of funds for Masters, Doctoral, and Special Professional semester credit hours, and 90% of funds for lower division and upper division semester credit hours, are distributed on a weighted semester credit hour basis. The rate per weighted semester credit hour for fiscal year 2012 is \$53.41. The rate per weighted semester credit hour for fiscal year 2013 is \$53.41 for Masters, Doctoral, and Special Professional semester credit hours and \$48.04 for lower division and upper division semester credit hours. Weighting is determined by the following matrix:

	Lower Div.	Upper Div.	Masters	Doctoral	Special Professional
Liberal Arts	1.00	1.70	4.07	9.26

- b. For fiscal year 2013, the remaining 10% of funds for lower division and upper division semester credit hours are allocated based upon weighted measures of bachelor's degrees awarded. The metrics and weights are as follows:

**SPECIAL PROVISIONS RELATING ONLY TO
STATE AGENCIES OF HIGHER EDUCATION**
(Continued)

Metric	Weight
Total number of bachelor's degrees awarded:	1
Total number of bachelor's degrees awarded to at-risk students, as defined in statute	1
Total number of bachelor's degrees awarded in critical fields, as defined in statute	2
Predicted Graduation Factor	1

The Predicted Graduation Factor is the difference between the number of first-time students enrolling straight from high school who graduate in six years and the number predicted to graduate in six years, as determined by the Texas Higher Education Coordinating Board.

The Comptroller of Public Accounts shall adjust the Instruction and Operations amounts listed for general academic institutions for fiscal year 2013 by June 1, 2012 based upon the most recent data available regarding these metrics, to be provided by the Legislative Budget Board. The Texas Higher Education Coordinating Board shall provide any information requested by the Legislative Budget Board for these adjustments by May 1, 2012.

- 2. **Teaching Experience Supplement.** For the 2012-13 biennium, an additional weight of 10 percent is added to lower division and upper division semester credit hours taught by tenured and tenure-track faculty. Furthermore, it is the intent of the Legislature that the weight shall increase by 10 percent per biennium, up to 50 percent.
- 3. **Infrastructure Support.** Funding associated with plant-related formulas and utilities shall be distributed by the infrastructure support formula which is driven by the predicted square feet for universities' educational and general activities produced by the Space Projection Model developed by the Coordinating Board. The portion of the formula related to utilities is adjusted to reflect differences in unit costs for purchased utilities, including electricity, natural gas, water and wastewater, and thermal energy. The average rate per square foot is \$5.35.
- 4. **Supplemental Non-formula Items.** Institutions shall receive a direct reimbursement as applicable for staff group insurance (other educational and general income portion), workers' compensation insurance, unemployment compensation insurance, public education grants, organized activities, scholarships, tuition revenue bond payments, Skiles Act bond payments, and facility lease charges. Institutions may receive an appropriation for special items. Revenue derived from board authorized tuition would still be appropriated to the institutions levying the additional charges.

The General Academic Instruction and Operations and Infrastructure formulas shall incorporate the Higher Education Coordinating Board's October 2006 recommendations for mission-specific formula funding for Texas A&M University at Galveston.

These formulas and supplemental items shall be reviewed and updated by study committees appointed by the Higher Education Coordinating Board and recommended changes forwarded to the Legislature, Legislative Budget Board, and Governor by June 1, 2012.

The Higher Education Coordinating Board shall, in consultation with affected institutions, consider in its recommended changes to the Legislature, Legislative Budget Board, and Governor, alternative funding recommendations for those institutions that have reached capacity of have enrollment limitations that when processed through the formula funding model, result in a funding recommendation contrary to important State goals.

Sec. 29. Health Related Institutions Funding. Appropriations made in this Act for formula funding for health related institutions shall consist of three formulas plus supplemental non-formula items.

- 1. **Instruction and Operations Support Formula.** The Instruction and Operations Support Formula shall provide funding on a per student or full time equivalent basis. Funding for each instructional program is based on the following funding weights per student, with a base value per weighted student of \$8,546:

**SPECIAL PROVISIONS RELATING ONLY TO
STATE AGENCIES OF HIGHER EDUCATION**
(Continued)

<u>Program</u>	<u>Weight Per Student</u>
Allied Health	1.000
Biomedical Science	1.018
Nursing	1.138
Pharmacy	1.670
Public Health	1.721
Dental	4.601
Medical	4.753

Instructional programs with enrollments of less than 200 students at individual campuses shall receive additional funding to compensate for the diseconomies of scale. The minimum formula shall generate additional funding per student, on a sliding scale, with programs with small enrollments receiving more additional funding per student.

2. **Infrastructure Support Formula.** Funding to the health-related institutions for plant support and utilities shall be distributed by the infrastructure support formula which is driven by the predicted square feet for the health related institutions produced by the Space Projection Model developed by the Texas Higher Education Coordinating Board. The rate per square foot is \$6.09 for all health related institutions, excluding The University of Texas M.D. Anderson Cancer Center and The University of Texas Health Science Center at Tyler. For these two institutions, the per square foot rate is \$5.75.

Because the Space Projection Model does not account for hospital space, separate infrastructure funding for hospital space at The University of Texas Medical Branch at Galveston, The University of Texas M.D. Anderson Cancer Center, and The University of Texas Health Science Center at Tyler shall be included in the total funding for hospital and patient care activities.

3. **Research Funding.** The health-related institutions shall retain 100 percent of indirect research costs recovered on grants. Each institution also receives research enhancement funding of \$1,412,500 plus 0.99 percent of its research expenditures as reported to the Texas Higher Education Coordinating Board.
4. **Graduate Medical Education Formula.** The Graduate Medical Education Formulas shall provide funding on a per medical resident basis. Funding is based on a base value of \$8,920 per medical resident in an accredited program. Appropriations for Graduate Medical Education for fiscal year 2012 are \$4,460 per resident and appropriations for fiscal year 2013 are \$4,460 per resident.
5. **Health Related Institution Graduate Medical Education.** The funds appropriated above in each of the health-related institutions bill pattern titled Graduate Medical Education (GME) shall be spent to increase the number of resident slots in the State of Texas as well as faculty costs relating to GME. In addition, each health-related institution shall work with the Higher Education Coordinating Board to develop new performance measures relating to increasing the number of resident slots in the State of Texas.
6. **Supplemental Non-formula Items.** Institutions shall receive a direct reimbursement as applicable for staff group insurance, workers' compensation insurance, unemployment insurance, public education grants, medical loans, tuition revenue bond payments, and facility lease charges. Institutions may receive an appropriation for special items. Hospital and clinic operations shall be funded through a combination of hospital and clinic revenue and general revenue.
7. **Formula Study Committees.** These formulas shall be reviewed and updated by study committees appointed by the Texas Higher Education Coordinating Board and recommended changes forwarded to the Legislature, Legislative Budget Board, and Governor by June 1, 2012.
8. **Mission Specific Support.** The University of Texas M.D. Anderson Cancer Center and The University of Texas Health Science Center at Tyler do not provide formal medical education which qualifies for instruction support under subsection 1 above. Therefore, funding allocated to these institutions shall be based on the following criteria:
 - a. The General Revenue Operations formula funding provided to The University of Texas M.D. Anderson Cancer Center in Strategy A.2.1, Cancer Center Operations, shall be based

**SPECIAL PROVISIONS RELATING ONLY TO
STATE AGENCIES OF HIGHER EDUCATION**
(Continued)

on the total number of Texas cancer patients served at The University of Texas M. D. Anderson Cancer Center. General Revenue appropriations for fiscal years 2012 and 2013 shall be based on the number of total Texas cancer patients served in 20010. The rate per patient shall be \$1,752 in fiscal year 2012 and \$1,752 in fiscal year 2013 for Strategy A.2.1, Cancer Center Operations. For formula funding purposes, the amount of growth in total funding from one biennium to another may not exceed the average growth in funding for Health Related Institutions in the Instruction and Operations formula for the current biennium.

- b. The University of Texas Health Science Center at Tyler has a statutory mission to conduct research, develop diagnostic and treatment techniques, provide training and teaching programs, and provide diagnosis and treatment of inpatients and outpatients with pulmonary, respiratory and other diseases of the chest. General Revenue funds appropriated to The University of Texas Health Science Center at Tyler in Strategy A.1.2, Chest Disease Center Operations, shall be based on the number of cases in which disease diagnoses are treated by The University of Texas Health Science Center at Tyler. General Revenue appropriations for fiscal years 2012 and 2013 shall be based on the number of such cases treated in fiscal year 20010. The rate per case for fiscal years 2012 and 2013 shall be \$322.
- c. The University of Texas M.D. Anderson Cancer Center and The University of Texas Health Science Center at Tyler shall submit to the Legislative Budget Board, Governor, and Texas Higher Education Coordinating Board a copy of the appropriate reports discussed above and supporting documentation which provides the necessary information to calculate the formula allocations in subsections (a) and (b) above.

Sec. 30. Optional Retirement Program Differential. This provision shall not be construed as requiring any school to accept an unqualified applicant to its professional nursing program. In the event that a school falls below the required number of students enrolled in professional nursing program by more than 5 percent for the state fiscal year ending August 31, 2012, and the state fiscal year ending August 31, 2013, the school shall report to the Legislative Budget Board and the Texas Higher Education Coordinating Board the reasons for failing to meet the required enrollment.

Sec. 37. Endowed Programs. All of the employees and officials of the Judicial Branch of government are encouraged to work with the Texas Judicial Council in the development of the judicial internship program.

Sec.4. Appellate Court Exemptions. The following provisions of Article IX of this Act do not apply to the appellate courts:

- a. Article IX, § 5.08, Limitation on Travel Expenditures
- b. Article IX, § 6.10, Limitation on State Employment Levels
- c. Article IX, § 6.13, Performance Rewards and Penalties
- d. Article IX, §14.03, Limit on Expenditures - Capital Budget

SPECIAL PROVISIONS - JUDICIARY

(Continued)

Sec.5. Appropriation: Unexpended Balances Between Fiscal Years within the Biennium. Any unexpended balances from appropriations made to the appellate courts for fiscal year 2012 are hereby appropriated to the same court for fiscal year 2013 for the same purposes.

Sec.6. Intermediate Appellate Court Local Funding Information. The Office of Court Administration shall assist the appellate courts in the submission of a report for local funding information each January 1 to the Legislative Budget Board and the Governor for the preceding fiscal year ending August 31. The report must be in a format prescribed by the Legislative Budget Board and the Governor.

Sec.7. Appellate Court Salary Limits. It is the intent of the Legislature that no intermediate appellate court may pay more than one chief staff attorney promoted or hired after September 1, 2011, more than \$92,400 annually under this provision. Further, it is the intent of the Legislature that no intermediate appellate court may pay other permanent legal staff hired or promoted after September 1, 2011 more than \$79,750 annually. This provision does not apply to law clerk positions at any appellate court.

Sec.8. Interagency Contracts for Assigned Judges for Appellate Courts. Out of funds appropriated in this Article to Strategies A.1.1, Appellate Court Operations, the Supreme Court of Texas, the Court of Criminal Appeals, or any of the 14 Courts of Appeals may enter into a contract with the Office of the Comptroller for fiscal years 2012 and 2013, for the purpose of reimbursing the Comptroller for amounts expended for judges assigned under Chapter 74, Government Code to hear cases of the appellate courts. It is the intent of the Legislature that any amounts reimbursed under this contract for judges assigned to the appellate courts are in addition to amounts appropriated for the use of assigned judges in Strategy A.1.3, Visiting Judges - Appellate in the Judiciary Section, Comptroller's Department.

Sec.9. Appellate Court Transfer Authority. The Chief Justice of the Supreme Court of Texas, the Presiding Judge of the Court of Criminal Appeals, or the Chair of the Council of Chief Justices is authorized to transfer funds between appellate courts, notwithstanding any other provision in this Act and subject to prior approval of any transfer of funds by the Legislative Budget Board and the Governor. Any such transfer shall be made for the purpose of efficient and effective appellate court operations and management of court caseloads. It is the intent of the Legislature that transfers made under this provision are addressed by the Legislative Budget Board and the Governor in reviewing amounts requested in the appellate courts' Legislative Appropriations Request for the 2014-15 biennium.

Sec.10. Schedule of Exempt Positions. Notwithstanding other provisions of this bill, including Article IX, § 3.05 setting maximum salaries for exempt positions, the Chief Justice of the Supreme Court of Texas may set the rate of compensation for the Administrative Director of the Office of Court Administration in an amount not to exceed the Maximum Salary but no less than the Minimum Salary for the appropriate salary group for the Administrative Director as listed in the bill pattern for the Office of Court Administration, Schedule of Exempt Positions. Any salary increase from appropriated funds within the limits provided by this provision must be in writing; signed by the Chief Justice of the Supreme Court of Texas; and submitted to the Governor, the Legislative Budget Board and the Comptroller.

Sec. 11. Tax Amnesty Program. It is the intent of the Legislature that the Comptroller of Public Accounts establish, for a limited duration, a tax amnesty program under the authority of Tax Code Section 111.103, designed to encourage a voluntary reporting by delinquent taxpayers who do not hold a permit, or are otherwise not registered for a tax or fee administered by the Comptroller, or those permitted taxpayers that may have underreported or owe additional taxes or fees. Such a program should provide for the waiver of penalty or interest, or both, but shall not apply to an established tax liability or taxpayers currently under audit review. The amnesty would include tax due from purchases as defined under current state tax statutes. It is the intent of the legislature that this effort increase General Revenue Funds by at least \$75,000,000 over the Comptroller's January 2011 Biennial Revenue Estimate.

Appropriated elsewhere in this Act are General Revenue amounts to the Supreme Court and judicial agencies out of General Revenue receipts generated due to implementation of the tax amnesty program described above by the Comptroller of Public Accounts. These General Revenue appropriations and appropriations out of Other Funds are as follows:

- a. \$92,500 in fiscal year 2012 to the Supreme Court of Texas in Strategy A.1.1, Appellate Court Operations for court security.

SPECIAL PROVISIONS - JUDICIARY

Sec. 12. Contingency Appropriation for Senate Bill 726. Contingent on passage of Senate Bill 726, or similar legislation relating to the establishment of the judicial access and improvement account to provide funding for basic civil legal services, indigent defense, and judicial technical support through certain county service fees and court costs, by the Eighty-second Legislature, Regular Session, included in amounts appropriated elsewhere in Article IV and elsewhere in this Act, there is appropriated out of revenue generated due to implementation of provisions of the Senate Bill 726 the following:

- a. \$4,307,033 in each fiscal year to the Office of Court Administration in Strategy A.2.1, Indigent Defense from the General Revenue-Dedicated Fair Defense Account No. 5073 to restore grants to counties (\$4,219,983 each fiscal year) and grant administration (\$87,050 each fiscal year, including 1.0 FTE). This appropriation is contingent upon revenues being generated during the 2012-13 biennium that are sufficient to cover, at a minimum, program costs related to appropriations made in this subsection and "Other Direct and Indirect Costs" appropriated elsewhere in this Act, estimated to be \$14,627 in fiscal year 2012 and \$14,627 in fiscal year 2013.
- b. \$10,000,000 in each fiscal year to the Supreme Court of Texas in Strategy B.1.1, Basic Civil Legal Services from Judicial Fund No. 573.

In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct the Comptroller of Public Accounts to reduce the appropriation authority provided above to be within the amount of revenue expected to be available.

Administration, and D.1.2, Information Resources, is \$3,149,808 in fiscal year 2012 and \$3,181,383 in fiscal year 2013 out of the General Revenue Fund. These appropriations are contingent upon the Texas Alcoholic Beverage Commission increasing revenue through surcharges pursuant to the Texas Alcoholic Beverage Code 5.50 (b) by \$7,000,000 during the 2012-13 biennium and providing such information deemed necessary by the Comptroller of Public Accounts to issue a finding of fact that the increased revenues are estimated to be available in excess of the Comptroller's Biennial Revenue Estimate, including supplemental estimates used in certifying this Act, to fund the increased appropriations and benefits. Also contingent on the finding of fact, the “Number of Full-time-equivalents (FTE)” indicated above includes 45.2 FTEs in fiscal year 2012, and 45.2 FTEs in fiscal year 2013.

Such rate shall be divided by the number of days required in § 21.401, Texas Education Code, for 10-month employees, and the resulting daily rate shall be multiplied by the number of on-duty days required of Youth Commission educators, resulting in the adjusted annual salary. The adjusted annual salary is to be divided by 12 to arrive at the monthly rate. Salary rates for educational aides commencing employment before September 1, 1999, shall be calculated in the same manner, using 60 percent of the salary rate specified in § 21.402, Texas Education Code.
- b. The Youth Commission may authorize salary rates at amounts above the adjusted annual salary determined in the preceding formula, but such rates, including longevity for persons commencing employment on September 1, 1983, or thereafter, and excluding hazardous duty pay, shall never exceed the rates of pay for like positions paid in the public schools of the city in which the Youth Commission institution is located. The total fees charged to all employees shall at least cover the cost of maintenance and utilities.

- 20. Sunset Contingency.** Funds appropriated above for fiscal year 2013 are made contingent on the continuation of the Youth Commission by the Eighty-second Legislature. In the event that the agency is not continued, the funds appropriated in fiscal year 2012 or as much thereof as may be necessary are to be used to provide for the phase out of agency operations.
- 21. Shared Use of Vehicle with the Juvenile Probation Commission.** Contingent upon availability of a vehicle in the Youth Commission (TYC) vehicle fleet, TYC may enter into an agreement for the temporary shared use of a TYC vehicle with the Juvenile Probation Commission to support collaboration between the two agencies. Any agreement must specify responsibilities of the respective agencies for vehicle maintenance, damage and repair, and fleet reporting requirements.
- 22. TYC Institutional Capacity.** Funds appropriated by this Act may be used for the operation of a maximum of 1,600 Youth Commission (TYC) institutional beds beginning January 1, 2012. Sec. 3. Tax Amnesty Program. It is the intent of the Legislature that the Comptroller of Public Accounts establish, for a limited duration, a tax amnesty program under the authority of Tax Code Section 111.103, designed to encourage a voluntary reporting by delinquent taxpayers who do not hold a permit, or are otherwise not registered for a tax or fee administered by the Comptroller, or those permitted taxpayers that may have underreported or owe additional taxes or fees. Such a program should provide for the waiver of penalty or interest, or both, but shall not apply to an established tax liability or taxpayers currently under audit review. The amnesty would include tax due from purchases as defined under current state tax statutes. It is the intent of the legislature that this effort increase General Revenue Funds by at least \$75,000,000 over the Comptroller's January 2011 Biennial Revenue Estimate.

Appropriated elsewhere in this Act are General Revenue amounts to various state agencies out of the General Revenue receipts generated due to implementation of the tax amnesty program described above by the Comptroller of Public Accounts. Those General Revenue appropriations elsewhere in this Act are as follows:

It is the intent of the Legislature in making this appropriation that the final printing of this Act show this appropriation as a line item in the General Appropriation Act in order to fulfill the requirements of Section 321.056(c), Government Code.
- d. \$288,200 in fiscal year 2012 and \$288,200 in fiscal year 2013 to the Commission on Jail Standards in Strategy A.1.1, Inspection and Enforcement for the purpose of inspection of county jails and enforcement of jail standards.

3. **Contingency Cash Flow.** If the Legislative Budget Board (LBB) and Governor determine after review of relevant information that cash flow difficulties will occur as a result of the appropriations made above, the LBB and Governor may authorize the Texas Commission on Environmental Quality (TCEQ) to temporarily expend General Revenue funds for the purpose of meeting the temporary cash flow needs of the TCEQ, limited to the amounts appropriated above. The transfer of funds shall be repaid to the General Revenue Fund by the end of the biennium in which the funds were transferred under procedures and standards established by the Comptroller of Public Accounts.
4. **Authorization: Aircraft Chartering.** Notwithstanding any other provision of this Act, the Texas Commission on Environmental Quality is authorized to spend appropriated funds for the chartering of aircraft for the purposes of monitoring environmental quality and the enforcement of environmental and water rights laws of the State.
5. **Local Air Pollution Grants Allocation.** Out of the amounts appropriated above out of the Clean Air Account No. 151 in Strategy A.1.1, Air Quality Assessment and Planning, an amount not less than \$2,658,228 in each year of the biennium beginning on September 1, 2011, shall be utilized to fund grants or cooperative agreements with eligible local air pollution programs under Health and Safety Code, § 382.0622. It is provided, however, that the combined federal and state share of the funding for any such local air pollution programs shall not exceed 67 percent of the total allocation to the programs, with the local share being based on the local dollars allocated pursuant to maintenance-of-effort requirements for federal air pollution grants.
6. **Fee Revenue: Pollution Control Equipment Exemptions.** Pursuant to Tax Code, § 11.31, included in amounts appropriated above out of the General Revenue Fund in Strategy C.1.3, Pollution Prevention, Recycling, and Innovative Programs, is \$221,000 each fiscal year from fee revenue collected beginning with the effective date of this Act for the purpose of determining whether pollution control equipment is exempt from taxation.

In addition to amounts appropriated above, any amounts collected by the Texas Commission on Environmental Quality pursuant to Tax Code, § 11.31 on or after September 1, 2011, in excess of \$221,000 in each fiscal year of the biennium are hereby appropriated to the agency.

7. **Authorization: Operating Fund.** The Texas Commission on Environmental Quality (TCEQ) is hereby authorized to make transfers from any appropriation made to TCEQ into a single account in the General Revenue Fund known as the "Texas Commission on Environmental Quality Operating Fund" for the purpose of making expenditures for which appropriations were made in this Act. After the expenditures have been made from the fund and as soon as the proper strategies

have been identified, TCEQ shall process adjustments to the Comptroller in summary accounts to facilitate accurate cost allocations; provided, however, that each special account and fund shall be used for the purposes as now described by law and nothing shall be done to jeopardize or divert the special accounts and funds or any portion thereof including federal aid.

8. **Appropriation: Air Quality Planning.** Included in amounts appropriated above out of the Clean Air Account No. 151 in Strategy A.1.1, Air Quality Assessment and Planning, is \$3,537,500 for the biennium beginning on September 1, 2011 for air quality planning activities to reduce ozone in areas as approved by the Texas Commission on Environmental Quality (TCEQ). These areas may include Waco, El Paso, Beaumont, Austin, Corpus Christi, Longview-Tyler-Marshall, San Antonio, and Victoria. These activities may be carried out through interlocal agreements or contracts and may include: identifying, inventorying, and monitoring of pollution levels; modeling pollution levels; and the identification, quantification, and implementation of appropriate locally enforceable pollution reduction controls. The TCEQ shall allocate these funds in such a way as to channel the funds to those projects most useful for the State Implementation Plan (SIP). The areas receiving funds shall submit work plans for TCEQ approval describing the work they will complete with those funds.
9. **Appropriations Limited to Revenue Collections: Occupational Licensing.** Included in the amounts appropriated above is \$1,253,173 in each fiscal year of the 2012-13 biennium out of the Occupational Licensing Account No. 468 in Strategy A.2.4, Occupational Licensing, for the purpose of operating the Occupational Licensing program. It is the intent of the Legislature that fees, fines and other miscellaneous revenues deposited to the TCEQ Occupational Licensing Account No. 468 as authorized and generated by the agency cover, at a minimum, the cost of the appropriations made above for strategy item A.2.4, Occupational Licensing, as well as the "Other direct and indirect costs" associated with this strategy, appropriated elsewhere in this Act. "Other direct and indirect costs" for strategy A.2.4, Occupational Licensing, are estimated to be \$313,702 for fiscal year and \$310,101 for fiscal year 2013. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct the Comptroller of Public Accounts to reduce the appropriation authority provided above to be within the amount of revenue expected to be available.
10. **Contract with the State Office of Administrative Hearings.** Included in the amounts appropriated above is \$1,000,000 in each fiscal year of the biennium beginning on September 1, 2011 to cover the cost of contracting with the State Office of Administrative Hearings for funding the Natural Resources Division for the purpose of conducting administrative hearings and for related expenses. The Texas Commission on Environmental Quality (TCEQ) and the State Office of Administrative Hearings may not enter into a contract for an amount less than the amounts specified herein. If the State Office of Administrative Hearings determines, at the end of each fiscal year, that the amount paid under the contract exceeds the necessary funding, it shall refund the difference to TCEQ. If the State Office of Administrative Hearings determines that the amounts are insufficient to fund the Natural Resources Division, the State Office of Administrative Hearings may enter into negotiations with TCEQ in order to renegotiate the interagency contract to provide additional funds for administrative hearings. The State Office of Administrative Hearings is not appropriated any state funds from such renegotiated contracts until it gives written notice to the Legislative Budget Board and the Governor, together with written permission of the agency.
11. **Texas Parks and Wildlife Environmental Special Investigations Unit.** Included in amounts appropriated above in Strategy C.1.2, Enforcement and Compliance Support, is \$225,000 out of Waste Management Account No. 549 for each fiscal year of the biennium for the purpose of supporting the Texas Parks and Wildlife Department's Environmental Special Investigations Unit to enforce state and federal laws on illegal dumping. This appropriation is contingent on a memorandum of understanding and an interagency transfer of the funds between the Texas Parks and Wildlife Department and the Texas Commission on Environmental Quality to jointly administer the program. Any unexpended balance of this appropriation from fiscal year 2012 is appropriated for the same purpose for fiscal year 2013.
12. **Federal Funds and Capital Budget Expenditures.** To comply with the legislative intent to maximize the use of federal funds and to fulfill grant requirements required for the receipt and expenditure of federal funds, the Texas Commission on Environmental Quality (TCEQ) is hereby exempted from the Capital Budget Rider Provisions contained in Article IX of this Act, "Limitations on Expenditures - Capital Budget", when federal funds are received in excess of amounts identified in the agency's Capital Budget Rider and such funds are federally designated solely for the purchase of specific capital items. In addition, TCEQ also is hereby exempted from

COMMISSION ON ENVIRONMENTAL QUALITY

the Capital Budget Rider provisions within Article IX of this Act when funds are received in the form of gifts to the agency in excess of amounts identified in the agency's Capital Budget Rider and such funds are designated solely for the purchase of specific capital items. The TCEQ shall notify the Legislative Budget Board and the Governor upon receipt of such federal funds or gift proceeds, of the amount received and items to be purchased.

It is the intent of the Legislature that the expenditure of funds pursuant to this rider not create any ongoing operating costs.

- 13. Appropriation: Refinement and Enhancement of Modeling to Demonstrate Attainment with the Clean Air Act.** Included in amounts appropriated above out of the Clean Air Account No. 151 in Strategy A.1.1, Air Quality Assessment and Planning, is \$750,000 in fiscal year 2012 for research to obtain the data and information to refine and enhance any model used to demonstrate attainment with the National Ambient Air Quality Standard (NAAQS) and to assess air quality associated with other pollutants under the Federal Clean Air Act during the biennium beginning on September 1, 2011. These funds may also be used to collect and analyze data and for modeling to demonstrate attainment with the National Ambient Air Quality Standard for Ozone and other pollutants. The Commission on Environmental Quality may contract as necessary to carry out these activities.
- 14. Reallocation of Revenue and Balances for Certain Accounts.** Pursuant to Water Code, § 5.707, and notwithstanding provisions relating to Appropriation Transfers within the General Appropriations Act, the Texas Commission on Environmental Quality is hereby authorized to reallocate not more than 7 percent of the All Funds amount identified in the Method of Finance above from the following accounts (consisting of revenues and balances) to be used for purposes identified in the above strategies.

Used Oil Recycling Account No. 146
Clean Air Account No. 151
Water Resource Management Account No. 153
Watermasters Administration Account No. 158
Occupational Licensing Account No. 468
Waste Management Account No. 549
Hazardous and Solid Waste Remediation Fee Account No. 550
Petroleum Storage Tank Remediation Account No. 655
Solid Waste Disposal Account No. 5000
Dry Cleaning Facility Release Account No. 5093
Operating Permit Fee Account No. 5094

The Commission shall notify the Governor and the Legislative Budget Board of any decision to reallocate funds between accounts prior to any such reallocations.

- 15. Appropriations Limited to Revenue Collections: Automobile Emission Inspections.** Included in amounts appropriated above out of the Clean Air Account No. 151 in Strategy A.1.1, Air Quality Assessment and Planning, is \$1,971,828 in each fiscal year for the operation of the vehicle emissions inspection and maintenance program pursuant to § 382.202, Health and Safety Code. These funds are for the purpose of developing, administering, evaluating, and maintaining the vehicle emissions inspection and maintenance program, including federally required reporting measures to demonstrate compliance with applicable federal and state laws.

In addition, if additional counties enter the vehicle emissions inspection and maintenance program during fiscal years 2012-13, 20 percent of revenues generated from the vehicle emissions and inspections fee in the additional counties in each fiscal year are hereby appropriated to the Texas Commission on Environmental Quality for the same purposes.

It is the intent of the Legislature that 20 percent of the fees authorized and generated by the operation of the vehicle emissions inspection and maintenance program cover, at a minimum, the costs of the appropriations made above, as well as the "Other direct and indirect costs" associated with the program, appropriated elsewhere in this Act. "Other direct and indirect costs" for the vehicle emissions inspection and maintenance program are estimated to be \$180,889 for fiscal year 2012 and \$179,820 for fiscal year 2013. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided above to be within the amount of revenue expected to be available.

16. **Appropriation: Administration Costs for the Texas River Compact Commissions.** Out of the amounts appropriated above, and in addition to amounts appropriated above in Goal E, River Compact Commissions, the Texas Commission on Environmental Quality shall allocate at least \$43,750 for fiscal year 2012 and \$49,750 for fiscal year 2013 to provide for operating costs for the Texas River Compact Commissions. In addition, out of amounts appropriated above, \$10,700 each fiscal year shall be used for support and administrative services for the commissions.
17. **Appropriation: Perpetual Care Account.** In the event of an incident involving the release of radioactive material at a disposal, source material recovery, processing, or storage facility licensed by the Texas Commission on Environmental Quality (TCEQ), the TCEQ is hereby appropriated any revenues from the TCEQ licensee, including the proceeds of securities and interest earned, deposited to the credit of the Perpetual Care Account pursuant to Health and Safety Code, § 401.305 (b) and § 401.301 (d) during the biennium beginning September 1, 2011 (estimated to be \$0). The funds shall be used in Strategy A.3.1, Radioactive Materials Management, to mitigate radioactive pollution resulting from activities of a TCEQ licensee as provided in Health and Safety Code, § 401.305 (c)-(d), and pursuant to a memorandum of understanding with the Department of State Health Services relating to the regulations for the control of radiation as applicable.

4. **Appropriation: Unexpended Balances Between Fiscal Years within the Biennium.** Any unexpended balances as of August 31, 2012, in the appropriations made herein to the Railroad Commission are hereby appropriated for the same purposes for the fiscal year beginning September 1, 2012.
5. **Appropriations Limited to Revenue Collections and Contingent Revenue: LPG/CNG/LNG Fees.** It is the intent of the Legislature that revenues collected pursuant to Natural Resources Code §§ 113.082, 113.090, 113.093, 113.094, 113.131, 116.032, 116.034, and 116.072 and deposited to Revenue Object Codes 3035 and 3246 in the General Revenue Fund, and \$57,000 each fiscal year collected pursuant to Natural Resources Code, § 113.244, in Strategy A.2.1, Gas Utility Compliance, and deposited to Revenue Object Code 3034 in the Alternative Fuels Research and Education Account No. 101, cover, at a minimum, the cost of the appropriations made above for the LP Gas Program and Alternative Fuels Licensing Program in Strategy A.3.3, Regulate Alternative Energy Resources (not to exceed \$978,743 in fiscal year 2012 and \$992,822 in fiscal year 2013).

This appropriation is contingent upon the Railroad Commission assessing fees sufficient to generate, during the 2010-11 biennium, revenue to cover these appropriations. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided above to be within the amount of revenue expected to be available.

In addition to amounts appropriated above, there is hereby appropriated to the Railroad Commission for the biennium beginning on September 1, 2011 any revenues collected by the Commission and deposited to Revenue Object Codes 3035 and 3246 in the General Revenue Fund in excess of the Comptroller's Biennial Revenue Estimate for the 2012-13 biennium.

6. **Unexpended Balance and Estimated Appropriation Authority: Oil Field Cleanup Account.** Included in amounts appropriated above in fiscal year 2012 is an amount not to exceed \$1,152,836 in Strategy C.2.1, Oil and Gas Remediation, and an amount not to exceed \$4,611,346 in Strategy C.2.2, Oil and Gas Well Plugging, in balances remaining in the Oil Field Cleanup Account No. 145 as of August 31, 2011. The agency shall use these funds to carry out duties authorized by Natural Resources Code, Subchapter D, Chapter 91.

In addition to amounts appropriated above, there is hereby appropriated to the Railroad Commission for the biennium beginning on September 1, 2011, an amount not to exceed \$991,762 in fiscal year 2012 and \$917,255 in fiscal year 2013 in revenues received in the Oil Field Cleanup Account No. 145 in excess of the Comptroller's Biennial Revenue Estimate for (BRE) 2012-13. These funds shall be used to increase staffing in the oil and gas field operations and technical permitting programs in an attempt to reduce permitting times and prevent permitting backlogs.

In addition, the Number of Full-Time Equivalents (FTE) for the Railroad Commission is hereby increased by 21.0 in each fiscal year of the 2012-13 biennium. These positions shall be filled only in the event that revenues exceed the BRE for 2012-13 and shall be used to reduce permitting times and to prevent permitting backlogs.

Of this appropriation, \$351,913 in fiscal year 2012 and \$351,345 in 2013 is contingent upon the Railroad Commission increasing surface mining permit fees and shall be limited to revenues deposited to the credit of Revenue Object Code 3329 in excess of the Comptroller's Biennial Revenue Estimate (BRE) for 2012-13.

This appropriation is contingent upon the Railroad Commission assessing fees sufficient to generate, during the 2012-13 biennium, revenue to cover the General Revenue appropriations for the Surface Mining Program as well as "Other direct and indirect costs" for the program appropriated elsewhere in this Act. "Other direct and indirect costs" are estimated to be \$747,578 in fiscal year 2012 and \$743,006 in fiscal year 2013. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided above to be within the amount of revenue expected to be available.

The Railroad Commission, upon completion of necessary actions to assess or increase the surface mining permit fee, shall furnish copies of the minutes and other information supporting the estimated revenues to be generated for the 2012-13 biennium under the revised fee structure to the Comptroller of Public Accounts. If the Comptroller finds the information sufficient to support the projection of increased revenues in excess of those estimated in the BRE for 2012-13, a finding of fact to that effect shall be issued and the contingent appropriation shall be made available for the intended purpose.

In addition to amounts appropriated above, there is hereby appropriated for the biennium beginning on September 1, 2011, any revenues received from surface mining fee increases deposited to the credit of Revenue Object Code No. 3329 in excess of the Comptroller's Biennial Revenue Estimate for 2012-13.

- 10. Appropriation for Pipeline Safety Fees.** Included in the amounts appropriated above are revenues from fees assessed on pipelines and pipeline facilities and deposited to Revenue Object Code 3553 in the General Revenue Fund pursuant to Utilities Code, § 121.211 in an amount not to exceed \$2,269,031 in fiscal year 2012 and \$2,299,535 in fiscal year 2013. These funds shall be used to operate programs in Strategy B.1.1, Pipeline Safety, and Strategy B.1.2, Pipeline Damage Prevention, and the geographic information systems mapping program in Strategy D.1.1, Geographic Information Systems and Well Mapping.

The Railroad Commission is hereby authorized to transfer appropriations made pursuant to this provision to the appropriate strategy items.

These appropriations are contingent upon the Railroad Commission assessing fees sufficient to generate, during the 2012-13 biennium, revenue to cover, at a minimum the General Revenue appropriations for the Pipeline Safety program and the underground pipeline damage prevention program as well as "Other direct and indirect costs" for the programs, appropriated elsewhere in this Act. "Other direct and indirect costs" are estimated to be \$1,125,100 in fiscal year 2012 and \$1,119,131 in fiscal year 2013. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct the Comptroller of Public Accounts to reduce the appropriation authority provided above to be within the amount of revenue expected to be available.

In addition to amounts appropriated above, there is hereby appropriated for the biennium beginning on September 1, 2011, any revenues received from pipeline safety fee revenues deposited to the credit of Revenue Object Code No. 3553 in the General Revenue Fund in excess of the Comptroller's Biennial Revenue Estimate for 2012-13.

In addition to the amounts appropriated above, there is hereby appropriated to the Railroad Commission for the biennium beginning on September 1, 2011, any revenues received in the Anthropogenic Carbon Dioxide Storage Trust fund No. 827 (Other Funds). In accordance with Water Code, Chapter 27, Subchapter C-1, these funds shall be used for the costs of: (1) permitting, monitoring, and inspecting anthropogenic carbon dioxide injection wells for geologic storage and geologic storage facilities; and (2) enforcing and implementing this subchapter and rules adopted by the Railroad Commission under this subchapter.
- 14. Sunset Contingency.** Funds appropriated above for the Railroad Commission for fiscal year 2013 are made contingent on the continuation of the Railroad Commission by the 82nd Legislature. In the event that the agency is not continued, funds appropriated for fiscal year 2012, or as much thereof as may be necessary, are to be used to provide for the phase out of agency operations.
- 15. Contingency Appropriation: Appropriation of New Fee Revenues for Oil- and Gas-Related Activities.** In addition to amounts appropriated above and contingent upon passage of legislation by the 82nd Legislature, 2011, creating a new dedicated account for fees collected to cover the costs of oil- and gas-related programs at the Railroad Commission, appropriations to the Railroad Commission are hereby increased by the following amounts in the 2012-13 biennium.

The State Office of Administrative Hearings (SOAH) and TCEQ may not enter into a contract for an amount less than the specified amounts herein above. If SOAH determines, at the end of each fiscal year, that the amount paid under the contract exceeds the funding necessary for the Natural Resources Division, it shall refund the difference. If SOAH determines that these amounts are insufficient to fund the Natural Resources Division it may enter into negotiations with the TCEQ in order to renegotiate an interagency contract in a manner which will provide it with additional funds, provided that SOAH

shall not be appropriated any state funds from such renegotiated interagency contract until it gives prior written notice to the Legislative Budget Board and the Governor, accompanied by written permission of the TCEQ.

3. **Benefit Collection.** Agencies that enter into contracts with the State Office of Administrative Hearings (SOAH), for the purpose of performing the hearings function, and make payments to SOAH from funding sources other than General Revenue, must reimburse SOAH for employee benefit costs for salaries and wages. These reimbursements to SOAH will then be paid to the General Revenue Fund in proportion to the source of funds from which the respective salary or wage is paid.
4. **Contingency Appropriation for Expanded Jurisdiction.** Contingent on the enactment of legislation by the Eighty-second Legislature transferring the hearings functions of other state agencies to the State Office of Administrative Hearings (SOAH), or otherwise expanding the jurisdiction of the office, SOAH may expend funds transferred to the office from those agencies or funds appropriated for the purpose of handling the expanded jurisdiction, pursuant to provisions elsewhere in this Act. Appropriations authorized pursuant to this provision may be expended only to implement the transferred functions or expanded jurisdiction. All funds collected by SOAH as payment for, or reimbursement of, the office's costs of providing services to other state agencies or governmental entities, or others as directed by the Legislature, are appropriated to SOAH for its use during the biennium.
5. **Hearings Activity Report.** By May 1st and November 1st of each fiscal year, the State Office of Administrative Hearings (SOAH) shall submit to the Legislative Budget Board and the Governor a report detailing hearings activity conducted during the prior two fiscal year quarters. The report shall indicate in a format prescribed by the Legislative Budget Board, for each agency served, the person hours allocated to the agency's cases and the cost, both direct and indirect, of conducting the hearings. The report shall also indicate in a format prescribed by the Legislative Budget Board, for each agency served, the number of cases received, the number of transcripts requested by Administrative Law Judges, the number of cases disposed of, the number of administrative fine cases disposed of and the median number of days between the date a case is received by SOAH and the date the case is finally disposed of, and any other information requested by the Legislative Budget Board during the reporting period.
6. **Contingency for Additional Self-directed Semi-independent Agency Pilot Projects.** Contingent upon additional agencies added as a self-directed semi-independent (SDSI) agency pilot project by the Legislature during the 2012-13 biennium, any agency added as a SDSI pilot project that is listed in Rider 7 shall be removed from the exemption granted in Rider 7 below.
7. **Billing Rate for Workload.**
 - a. Unless otherwise provided, amounts appropriated above and elsewhere in this Act for funding for the payment of costs associated with administrative hearings conducted by the State Office of Administrative Hearings (SOAH) are based on an hourly rate of \$100 per hour for each hour of work performed during each fiscal year as reflected by the SOAH's Legislative Appropriation Request and Hearings Activity Report to the Eighty-second Legislature.
 - b. Notwithstanding other provisions in this act, amounts for the payment of costs associated with administrative hearings conducted by SOAH for the Comptroller of Public Accounts shall be established through an interagency contract between the two agencies. The contract shall provide funding for hearings on tax issues conducted by Master Administrative Law Judge IIs in a separate tax division within SOAH that have expertise in state tax and shall specify the salaries of the judges within the division.
 - c. Amounts appropriated above in Strategy A.1.1, Conduct Hearings, to SOAH from the General Revenue Fund include funding in each year of the biennium for billable casework hours performed by SOAH for conducting administrative hearings at the rate determined by

 - (1) in writing;
 - (2) signed by the presiding officer of the governing board (for an agency with a governing board);
 - (3) submitted to the Governor, the Legislative Budget Board and the Comptroller; and
 - (4) approved by the governing board (for an agency with a governing board) in a public meeting.
- (e)
 - (1) Each title listed in a "Schedule of Exempt Positions" following an agency's appropriation authorizes one position for the agency unless the title is followed by an Arabic numeral indicating the number of positions authorized.
 - (2) The number of authorized positions for a title listed in a "Schedule of Exempt Positions" may be exceeded only:
 - (A) for the purpose of hiring a replacement in a key management position as certified by the chief administrator of the agency;
 - (B) if the current incumbent of the position has formally resigned or otherwise announced irrevocable plans to vacate the position;
 - (C) for a period of time not to exceed the equivalent of one month's salary per fiscal year per terminating incumbent (excluding time spent on the payroll for the purpose of exhausting accrued annual leave or state compensatory time); and
 - (D) if exceptions are reported as prescribed for payroll reporting procedures.

Sec. 3.06. Evening, Night, Weekend Shift Pay: Registered Nurses and Licensed Vocational Nurses. A state agency may pay an additional evening shift or night shift differential not to exceed 15 percent of the monthly pay rate to registered nurses or licensed vocational nurses who work the 3:00 p.m. to 11:00 p.m. shift, or its equivalent, or who work the 11:00 p.m. to 7:00 a.m. shift, or its equivalent. An additional weekend shift salary differential not to exceed five percent of the monthly pay rate may be paid to registered nurses and licensed vocational nurses. The weekend shift salary differential may be paid to an eligible individual in addition to the evening shift or night shift salary differential.

Sec. 3.07. Recruitment and Retention Bonuses. A state agency may pay a bonus to an individual as provided by § 659.262, Government Code.

Sec. 3.08. Equity Adjustments.

- (a) A state agency is authorized to adjust the salary rate of an employee whose position is classified under the position classification plan to any rate within the employee's salary group range as necessary to maintain desirable salary relationships:
 - (1) between and among employees of the agency; or
 - (2) between employees of the agency and employees who hold similar positions in the relevant labor market.
- (b) In determining desirable salary relationships under Subsection (a), a state agency shall consider the education, skills, related work experience, length of service, and job performance of agency employees and similar employees in the relevant labor market.

SALARY ADMINISTRATION AND EMPLOYMENT PROVISIONS

(Continued)

- (c) A state agency may award an equity adjustment to an employee under this section only if:
 - (1) the employee has worked in the employee's current position for not less than six months while maintaining at least a satisfactory level of job performance; and
 - (2) the adjustment does not take effect during the same fiscal year as another equity adjustment made to the employee's salary under this section.
- (d) A state agency shall adopt internal written rules relating to making equity adjustments under this section. The rules shall include procedures under which the agency will review and analyze the salary relationships between agency employees who receive salaries under the same job classification and perform the same type and level of work to determine if inequities exist.

Sec. 3.09. Classification Study on Scheduled Exempt Positions. The State Auditor's Office is directed to conduct a study (which is similar to the biennial study performed by the Auditor's office on the state's classification plan under Chapter 654, Government Code) that reviews the compensation of exempt positions in the General Appropriations Act. The study should compare exempt positions from different agencies and take into account the size of an agency's annual appropriations, the number of full-time equivalent employees (FTES) of the agency, market average compensation for similar executive positions, the exempt position salary as compared to classified positions within the agency, and other objective criteria the Auditor's Office deems appropriate. The study shall be submitted to all members of the Legislature and the director of the Legislative Budget Board no later than September 1, 2012.

Sec. 3.10. Method of Salary Payments. All annual salaries appropriated by this Act are for full-time employment unless specifically designated as part-time. This section may not be construed to prevent the chief administrator of an agency from paying less than the maximum salary rate specified in this Act for a position, or the employment of a part-time employee to fill a regular position provided for in this Act, so long as the salary rate for such part-time employee is proportional to the regular rate for full-time employment.

Sec. 3.11. Exception - Contracts Less Than 12 Months. Facilities of the Texas Youth Commission in Article V or institutions of higher education or the schools for the blind or deaf in Article III of this Act that make contracts for less than a twelve-month period may pay salaries in equal monthly payments for the period of the contract.

Sec. 3.12. Matching Retirement and Certain Insurance. In each instance in which an operating fund or account is created and named by statute, the responsible officials of the state may transfer into the operating fund or account sufficient monies from treasury funds, local, institutional, or federal funds to pay proportionally the costs of matching state employees' retirement contributions and the state's share of Old Age and Survivors Insurance.

Sec. 3.13. Hiring Freeze.

- (a) In this section, "state agency" means a public entity in the executive branch of state government eligible under law to receive an appropriation.
- (b) Except as provided by Subsection (d) of this section, during the state fiscal biennium that ends August 31, 2013, it is the intent of the legislature that a state agency not:
 - (1) fill the position of an employee if the position:
 - (A) is vacant on September 1, 2011; or
 - (B) becomes vacant after September 1, 2011; or
 - (2) divert to another use, including a use for salary, wages, or benefits of another employee, money appropriated for the salary, wages, or benefits attributable to a position described by Subdivision (1) of this subsection.
- (c) On September 1, 2013, the comptroller shall deposit any unexpended money appropriated for salary, wages, or benefits for an employee's vacant position to which Subsection (b) of this section applies to the credit of the fund or account from which the money was appropriated.
- (d) It is the intent of the legislature that a state agency fill a vacant position and use to fill that position money appropriated for the salary, wages, or benefits attributable to one or more

SALARY ADMINISTRATION AND EMPLOYMENT PROVISIONS

positions described by Subsection (b)(1) of this section only if the agency first determines that filling the position remains critically related to the agency's ability to perform its core function. Upon such determination the agency shall notify the governor and the members of the Legislative Budget Board of:

- (1) the nature of the critical vacancy;
 - (2) information pertinent to the initial notification of the vacancy requested by the governor or the Legislative Budget Board.
- (e) Once notice is provided on a specific position pursuant to Subsection (d) of this section, no additional notice is required in the event that same position becomes vacant again.
- (f) This section expires September 2, 2013.

PART 4. GRANT-MAKING PROVISIONS

Sec. 4.01. Emergency and Deficiency Grants Out of Special Funds. For the purposes of §§ 401.061 and 403.075, Government Code, appropriations to the Office of the Governor from "special funds" include excess revenues from General Revenue Fund-Dedicated accounts that were previously special funds above those estimated by the Comptroller in certifying this Act.

Sec. 4.02. Grant Restriction. Funds appropriated by this Act may not be expended for a grant to a law enforcement agency regulated by Chapter 1701, Occupations Code, unless:

- (1) the law enforcement agency requesting the grant is in compliance with all rules developed by the Commission on Law Enforcement Officer Standards and Education; or
- (2) the Commission on Law Enforcement Officer Standards and Education certifies that the requesting agency is in the process of achieving compliance with such rules.

Sec. 4.03. Grants.

- (a) Funds appropriated by this Act for grants of money to be made by state agencies, including the agencies in the legislative branch, are appropriated for the statutory purposes as the grantor agency may specify. A state agency shall distribute grants on a reimbursement or as needed basis unless otherwise provided by statute or otherwise determined by the grantor agency to be necessary for the purposes of the grant.
- (b) Funds appropriated by this Act for grants to be made by a state agency for a particular fiscal year may be distributed in subsequent fiscal years so long as the grant has been awarded and treated as a binding encumbrance by the grantor agency prior to the end of the appropriation year of the funds appropriated for grant purposes. Distribution of the grant funds is subject to § 403.071, Government Code.

Sec. 4.04. Grants for Political Polling Prohibited. None of the funds appropriated by the Act may be granted to or expended by any entity which performs political polling. This prohibition regarding political polling does not apply to a poll conducted by an academic institution as a part of the institution's academic mission that is not conducted for the benefit of a particular candidate or party.

Sec. 4.05. Limitation on Grants to Units of Local Government.

- (a) The funds appropriated by this Act may not be expended in the form of a grant to, or a contract with, a unit of local government unless the terms of the grant or contract require that the funds received under the grant or contract will be expended subject to limitations and reporting requirements similar to those provided by:
 - (1) Parts 2 and 3 of this Article (except there is no requirement for increased salaries for local government employees);
 - (2) §§ 556.004, 556.005, and 556.006, Government Code;

Sec. 5.02. General Travel Provisions. The funds appropriated by this Act to a state agency for the payment of transportation, meals, lodging, or incidental expenses is the maximum amount that may be expended by the agency. The funds appropriated by this Act may not be expended for those expenses unless the travel and the resulting requests for payment or reimbursement comply with the conditions and limitations in this Act, Chapter 660, Government Code, and the Comptroller's Rules.

Sec. 5.03. Failure to Comply.

- (a) If the State Auditor determines that the travel for which payment was made out of appropriated funds is not in compliance with Chapter 660, Government Code, the State Auditor shall so certify to the Comptroller. The Comptroller shall reduce the appropriation of the state agency that paid the travel expenses by an amount equal to the entire amount paid by the state agency for that individual for that travel occurrence.
- (b) The Comptroller shall prepare an annual report indicating the appropriation reductions, by state agency, made pursuant to this section for the previous fiscal year. The Comptroller shall submit the report to the Legislative Budget Board not later than December 1.

Sec. 5.04. Transportation Expenses. Sec. 5.05. Transportation in Personally Owned or Leased Aircraft.

- (a) The rate of reimbursement to be paid to a key official, member of a board, commission, or a member of the Legislature for travel in the person's personally owned or leased aircraft, either within or without the boundaries of this state, is the maximum fixed mileage allowance specified in the revenue rulings issued by the Internal Revenue Service under the federal income tax regulations or alternatively as determined by the Comptroller the rates adopted by the United States Administrator of General Services as announced by the Comptroller.
- (b) The rate of reimbursement for a state employee when the employee travels in the employee's personally owned or leased aircraft, either within or without the boundaries of this state, is:

 - (2) 50 cents per highway mile when traveling in twin-engine, turbine-powered, or other aircraft.

Sec. 5.06. Travel Meals and Lodging Expenses.

- (a) A state employee who travels within the continental United States shall be reimbursed for the actual cost of lodging and meals. However, the reimbursements may not exceed the maximum meals and lodging rates based on the federal travel regulations issued by the United States General Services Administration; unless the agency head or designee of the agency head determines that local conditions necessitate a change in the lodging rate for a particular location.
- (b) At the discretion of each chief administrator of a state agency, a state employee whose duties require the employee to travel outside the employee's designated headquarters without an overnight stay away from the employee's headquarters may be reimbursed for the actual cost of the employee's meals not to exceed \$36.
- (c) A state employee may receive reimbursements for the employee's actual expenses for meals and lodging when traveling outside the continental United States.
- (d) A state agency or institution may reimburse a state employee for a meal expense the employee incurs while traveling outside the employee's designated headquarters for less than six consecutive hours if the reimbursement:
 - (1) receives the written approval by the chief administrator of the state agency or institution;
 - (2) meets the rules adopted by the Comptroller regarding reimbursement for traveling outside the employee's designated headquarters for less than six consecutive hours; and
 - (3) complies with § 660.206, Government Code.

Sec. 5.07. Special Provisions Regarding Travel Expenses. Reimbursement for meals and lodging as authorized by Subchapter H, Chapter 660, Government Code, on an "actual expenses" or "actual amount of" basis may not exceed twice the maximum rates specified in § 5.06 of this Article.

Sec. 5.08. Limitation on Travel Expenditures.

- (a) In this section "travel expenditures" refers only to travel outside the state of Texas, except as provided by Subsection (i) of this section, and does not include travel expenses incurred after August 31, 2011, for travel critical to the delivery of services consistent with the mission of the agency or institution.
- (b)
 - (1) None of the funds appropriated by this Act may be expended, without the prior approval of the Legislative Budget Board, for travel purposes if such expenditure would cause the agency's or institution's travel expenditures for that fiscal year to exceed the greatest of:
 - (A) 125 percent of that agency's or institution's fiscal year 2000 amount of out-of-state travel expenditures; or
 - (B) 100 percent of that agency's or institution's fiscal year 2000 amount of out-of-state travel expenditures plus \$10,000; or

TRAVEL REGULATIONS

(Continued)

- (C) 100 percent of that agency's or institution's fiscal year 2000 amount of out-of-state travel expenditures plus any excess travel expenditure amounts approved by waiver.
- (2) The general limitations provided by this subsection apply in addition to the limits of any additional agency specific limitation.
- (3) In the event that a state agency or institution had, as determined by the Comptroller, no expenditures for travel outside the state of Texas during fiscal year 2000, the general limitations provided by Subsection (b)(1) shall not apply, but out-of-state travel spending may not exceed in either year of the biennium the amount spent for that purpose in the last state fiscal year in which out-of-state travel occurred.
- (c) The Legislative Budget Board may consider requests from agencies which demonstrate circumstances which would make such reductions in actual travel impractical or inefficient in accomplishing the goals and strategies contained in their appropriations pattern. Such circumstances may include: new or expanded programs, law enforcement, tax collection activities, statutorily mandated travel, or other pressing public purposes.
- (d) The Comptroller shall prescribe accounting procedures and reporting requirements to administer this section and to ensure that expenditures for travel by all state agencies and institutions of higher education are properly reported and monitored.
- (e)
 - (1) Upon notification by the Comptroller that a state agency or institution of higher education has exceeded the travel cap limit as specified in Subsection (b) of this section for two consecutive fiscal years without the written approval of the Legislative Budget Board, the state agency or institution of higher education may not pay or reimburse with funds appropriated by this Act, a travel expense for travel to conventions, conferences, or seminars except as provided by this Subsection (e).
 - (2) The Comptroller may allow a state agency or institution of higher education to reimburse or pay a travel expense incurred by an employee on or after the date the agency or institution receives notice of its exceeding the limits if:
 - (A) the expense is incurred while the employee is returning to the employee's designated headquarters;
 - (B) the reimbursement or payment is necessary to prevent unreasonable hardship to the employee; or
 - (C) the expense is incurred while the employee is completing official state business that the agency or institution deems critical to fulfillment of the agency's or institution's constitutional or statutory duties.
 - (3) The Comptroller shall notify the Legislative Budget Board if the Comptroller allows such a payment or reimbursement. The notification must include the reason that the payment or reimbursement is allowed. The Legislative Budget Board may then direct the Comptroller to reduce the agency's or institution's appropriation by the amount of the payment or reimbursement if in the Legislative Budget Board's opinion the payment was the result of an agency failing to comply with the notification by the Comptroller.
- (f) All documents filed by an appointed officer under this section are public information. In this section, the term "public information" has the meaning provided by Chapter 552, Government Code.
- (g) In this section "appointed officer" includes all persons included under the definition provided by Chapter 572, Government Code, except that for the purposes of the definition of "appointed officer," the term "state agency" also includes a council of governments, a local workforce development board, or a mental health mental retardation community center that uses funds appropriated by this Act to pay for the transportation, meals, lodging, or other travel expenses of its employees or officials. For the purpose of this provision, the term "council of governments" shall include a council of governments, a regional planning commission, or similar regional planning agency created under Chapter 391, Local Government Code.

TRAVEL REGULATIONS

(Continued)

- (h) An appointed officer may not receive reimbursement from funds appropriated by this Act for expenses related to travel before filing with the Texas Ethics Commission copies of all documents that will be submitted to the Comptroller and Legislative Budget Board in support of the travel expense claim.
- (i) Travel expenses incurred within the Washington, D.C. area by the Office of State-Federal Relations (OSFR) and by state agencies and institutions of higher education that are represented by their employees in the Washington, D.C. office of OSFR shall be considered in-state travel for the purpose of calculating the agencies' compliance with out-of-state travel limitation provisions.

Sec. 5.09. Travel and Per Diem of Board or Commission Members.

- (a) As authorized by § 659.032, Government Code, the per diem of state board and commission members consists of:
 - (1) compensatory per diem, if specifically authorized by law, at \$30 per day; and
 - (2) at the rates provided by this Act for state employees, expense per diem, which includes:
 - (A) reimbursement of actual expenses for meals, at the rates provided by this Act for state employees;
 - (B) lodging at the rates provided by this Act for state employees;
 - (C) transportation at the rates provided by this Act for state employees; and
 - (D) incidental expenses.
- (b) If a law enacted after former Article 6813f, VTCS, (September 1, 1983), authorizes per diem for members of a particular state board or commission, but does not specify the amount of the per diem, then the amount of the per diem is the amount provided by Subsection (a).
- (c) A full-time employee paid from funds appropriated by this Act may not be paid both a salary and compensatory per diem for concurrent service as a state employee and as a board or commission member.

Sec. 5.10. Travel of Advisory Committee Members.

- (a) For the purpose of this section, the term "advisory committee" has the meaning assigned by § 2110.001, Government Code.
- (b) In addition to the limits placed on reimbursement of advisory committee member expenses by this section and to the extent not otherwise limited by this Act or other law, a member of a state agency advisory committee may be reimbursed, at the rates specified in this Act for a state employee, for actual expenses for meals, lodging, transportation, and incidental expenses.
- (c) The funds appropriated by this Act may not be expended to reimburse a member of a state agency advisory committee for expenses associated with conducting committee business, including travel expenses, unless the expenditures for an advisory committee are within the limits provided by this section and other law and are:
 - (1) specifically authorized by this Act; or
 - (2) approved by the Governor and the Legislative Budget Board subsequent to the effective date of this Act.
- (d) The limitations provided by this section do not apply to an advisory committee established by the governing board of a retirement system trust fund.
- (e) The limitations provided by this section apply only to an advisory committee that is subject to Chapter 2110, Government Code.

TRAVEL REGULATIONS

(Continued)

- (f) Unless otherwise specifically provided for in this Act or by the written authorization of the Legislative Budget Board and Governor, and pursuant to Government Code, § 2110.004, total amounts expended in each fiscal year of the biennium for reimbursement of expenses for an advisory committee authorized to be reimbursed elsewhere in this Act by agencies and institutions, out of funds appropriated to those entities, may not exceed one hundred and twenty-five percent (125%) of total expenditures for reimbursement of the same advisory committee by the agency or institution in fiscal year 2003.

PART 6. GENERAL LIMITATIONS ON EXPENDITURES

Sec. 6.01. Definitions. In this Act "unexpended balance" or the abbreviation "UB" means the unobligated balance remaining in an appropriation, i.e., only that part of an appropriation, if any, that has not been set apart by the incurring of an obligation, commitment, or indebtedness by the state agency authorized to spend the appropriation. A reference in this Act to "unexpended balance" or "UB" is a reference to the unobligated balance of an amount appropriated by this Act for the fiscal year ending August 31, 2012, unless another meaning is clearly indicated.

Sec. 6.02. Interpretation of Estimates. In the event the amounts of federal funds, local funds, or funds other than appropriations from the General Revenue Fund, have been estimated in this Act in sums greater than are actually received by the respective agencies of the state, this Act may not be construed as appropriating additional funds from General Revenue to make up such differences. Wherever the language of this Act appropriates all receipts or balances from a specified source but uses an estimated amount to inform the Legislature and the public, the estimated figure is not to be construed as a limitation on the amount appropriated.

Sec. 6.03. Excess Obligations Prohibited.

- (a) An agency specified in this Act may not incur an obligation in excess of the amounts appropriated to it for the respective objects or purposes named.
- (b) As a specific exception to Subsection (a) the Comptroller of Public Accounts may determine that a proposed installment purchase arrangement is cost effective and certify this finding in response to an agency request.
- (c) A determination made by the Comptroller of Public Accounts under Subsection (b) may be made for obligations incurred for the purchase or lease of automated information system equipment only if the agency has on file with the Legislative Budget Board a Biennial Operating Plan, including any amendments to the Biennial Operating Plan, and the plan has been approved by the Legislative Budget Board.
- (d) If this section is violated, the State Auditor shall certify the fact of the violation and the amount of over-obligation to the Comptroller, and the Comptroller shall deduct an amount equivalent to the over-obligation from the salary or other compensation due the responsible disbursing or requisitioning officer or employee, and apply the amount to the payment of the obligation.
- (e) This provision is specified pursuant to § 10, Article XVI, Texas Constitution.

Sec. 6.04. Interpretation of Legislative Intent. Funds appropriated by this Act shall be expended, as nearly as practicable, for the purposes for which appropriated. In the event an agency cannot determine legislative purpose from the pattern of appropriations, the agency shall seek to determine that purpose from the proceedings of the legislative committees responsible for proposing appropriations for this state.

Sec. 6.05. Comptroller's Duty to Pay. The Comptroller may not refuse to pass for payment a legal claim, factually justified, for which a valid appropriation has been made.

Sec. 6.06. Last Quarter Expenditures.

- (a) A state agency or other governmental unit using funds appropriated by this Act may not expend during the last quarter of a fiscal year more than one-third of the funds appropriated for that fiscal year.

GENERAL LIMITATIONS ON EXPENDITURES

(Continued)

- (b) Specifically exempted from Subsection (a) are:
 - (1) expenditures contracted for in previous quarters;
 - (2) funds required by statute, rule or regulation to be expended on a different time frame;
 - (3) seasonal employment of personnel;
 - (4) construction contracts;
 - (5) contracts dealing with purchases of food, medicines, or drugs;
 - (6) expenditures related to the Children with Special Health Care Needs program operated by the Department of State Health Services; and
 - (7) expenditures occasioned by disaster or other Act of God.
- (c) The funds exempted, under Subsection (b) may not be considered in the computation of the total funds appropriated in a fiscal year for the purpose of applying Subsection (a).

Sec. 6.07. Employee Benefit and Debt Service Items.

- (a) Funds appropriated in the various Articles of this Act for "Employees Retirement System," "Social Security State Match," "Benefit Replacement Pay," "Texas Public Finance Authority-G.O. Bond Debt Service Payments," and "Lease-Payments to the Texas Public Finance Authority" may be transferred between Articles to a like appropriation item without limitation as to the amount of such transfer.
- (b) An agency to which an appropriation listed under Subsection (a) is made may pool such appropriations, made in the various Articles for a common purpose, into a single cost pool for the purpose of administering the appropriation.

Sec. 6.08. Benefits Paid Proportional by Fund.

- (a) Unless otherwise provided, in order to maximize balances in the General Revenue Fund, payment for benefits paid from appropriated funds, including "local funds" and "education and general funds" as defined in § 51.009 (a) and (c), Education Code, shall be proportional to the source of funds except for public community or junior colleges.
- (b) Unless otherwise specifically authorized by this Act, the funds appropriated by this Act out of the General Revenue Fund may not be expended for employee benefit costs, or other indirect costs, associated with the payment of salaries or wages, if the salaries or wages are paid from a source other than the General Revenue Fund except for public community or junior colleges. For purposes of this Act, a public community or junior college may expend funds appropriated for employee benefit costs for any employee if the employee is: (1) otherwise eligible to participate in the group benefits program; and (2) an instructional or administrative employee whose salary may be fully paid from funds appropriated under the General Appropriations Act, regardless of whether the salary is actually paid from appropriated funds. Payments for employee benefit costs for salaries and wages paid from sources, including payments received pursuant to interagency agreements or as contract receipts, other than the General Revenue Fund shall be made in proportion to the source of funds from which the respective salary or wage is paid or, if the Comptroller determines that achieving proportionality at the time the payment is made would be impractical or inefficient, then the General Revenue Fund shall be reimbursed for any such payment made out of the General Revenue Fund.
- (c) The Comptroller, after consulting with the Legislative Budget Board and the State Auditor's Office, shall develop and maintain rules to provide for the administration of this section.
- (d) Each agency or institution of higher education (excluding a community or junior college) having General Revenue Fund appropriations and other sources of financing shall file with the Comptroller and the State Auditor a report demonstrating proportionality. The report shall be filed before November 20th following the close of the fiscal year for the salaries, wages, and benefits of the preceding year ended August 31. The report shall be in a format prescribed by the Comptroller in collaboration with the Legislative Budget Board and the State Auditor's Office.

GENERAL LIMITATIONS ON EXPENDITURES

(Continued)

The State Auditor shall at least biennially review agency and institution (excluding a community or junior college) compliance with the requirements of this section if the agency or institution (excluding a community or junior college) receives funds appropriated under Articles II, III, or VI of this Act. The Comptroller, on receipt of notification from the State Auditor of amounts disproportionally paid from General Revenue Fund appropriations, shall reduce current year General Revenue Fund appropriations of the agency or institution until such time as such amounts are repaid from sources other than the General Revenue Fund.

Sec. 6.09. Appropriations from Special Funds. Notwithstanding other provisions of this Act, appropriation amounts from special funds or special accounts in the General Revenue Fund are specifically limited to amounts not to exceed the actual balances and revenues available to each such fund or account.

Sec. 6.10. Limitation on State Employment Levels.

- (a) Without the written approval of the Governor and the Legislative Budget Board, a state agency or institution of higher education may not use funds appropriated by this Act to pay all or part of the salaries or benefits of a number of employees which would cause the number of full-time equivalent employees (FTEs) paid from funds appropriated by this Act by the state agency or institution of higher education for a fiscal quarter to exceed the figure indicated by this Act for that state agency or institution.
- (b) A request by a state agency or institution of higher education to exceed or reduce the FTE limitations established by this section must be submitted by the governing board of the state agency or institution of higher education and must include at a minimum:
 - (1) the date on which the board approved the request;
 - (2) a statement justifying the need to exceed or reduce the limitation;
 - (3) the source of funds to be used to pay any additional salaries; and
 - (4) an explanation as to why the functions of any proposed additional FTEs cannot be performed within current staffing levels.
- (c) For the purpose of Subsection (a), the number of FTEs employed by a state agency (not including an institution of higher education or an affiliated entity, the State Preservation Board, Parks and Wildlife Department, Texas School for the Blind and Visually Impaired, Texas School for the Deaf, and Texas Commission on Environmental Quality) for a fiscal quarter:
 - (1) shall be determined in accordance with the report filed pursuant to § 2052.103, Government Code;
 - (2) shall include only employees paid with funds appropriated through this Act;
 - (3) shall not include overtime hours; and
 - (4) shall include a position filled by temporary or contract workers for more than half of the work days of the year preceding the final day of the reporting period. Temporary or contract workers shall include workers employed under contract to fill specific positions customarily filled by state employees. The State Auditor is authorized to provide interpretations of this provision.
- (d) For the purpose of Subsection (a), the number of FTEs employed by the State Preservation Board, Texas Commission on Environmental Quality, the Parks and Wildlife Department, the Texas School for the Blind and Visually Impaired, the Texas School for the Deaf, or an institution of higher education or an affiliated entity, for a fiscal year:
 - (1) shall be determined in accordance with the reports filed pursuant to § 2052.103, Government Code;
 - (2) shall be an average of the four reports filed for that fiscal year;
 - (3) shall include only employees paid with funds appropriated through this Act;

GENERAL LIMITATIONS ON EXPENDITURES

(Continued)

- (4) shall not include overtime hours; and
- (5) shall include a position filled by temporary or contract workers for more than half of the work days of the year preceding the final day of the reporting period. Temporary or contract workers shall include workers employed under contract to fill specific positions customarily filled by state employees. The State Auditor is authorized to provide interpretations of this provision.
- (e) This section shall not apply to appropriations made by this Act to the:
 - (1) Office of the Governor; or
 - (2) Comptroller when that agency has determined by a cost/benefit analysis that an outsourcing or contracting arrangement provides savings to this State.
- (f) The limitations on FTEs under this section do not apply to a state agency or institution in instances of employment, including employment of temporary or contract workers, directly associated with events declared disasters by the Governor. Each state agency or institution shall annually notify the State Auditor, Comptroller, Legislative Budget Board, and Governor of FTEs exempted under this section.
- (g)
 - (1) The limitations on FTEs under this section do not apply to a state agency or institution in an instance of employment, including employment of a temporary or contract worker, if the FTEs associated with that project are not included in the number of FTEs allowed in the agency's bill pattern and the employees are associated with:
 - (A) implementation of a new, unanticipated project that is 100 percent federally funded; or
 - (B) the unanticipated expansion of an existing project that is 100 percent federally funded.
 - (2) With regard to the exemption from the FTE limitations provided by this Subsection (g), a state agency or institution is exempt from the FTE limitations only for the duration of the federal funding for the employment related to the project and all salaries, benefits, and other expenses incurred related to employment must be paid from federal funds.
 - (3) This Subsection (g) does not exempt any employees associated with existing projects that are 100 percent federally funded and included in the number of FTEs allowed in the agency's bill pattern.
 - (4) Each state agency or institution shall notify the State Auditor, Comptroller, Legislative Budget Board, and Governor of FTEs exempted under this Subsection (g).
- (h) If a program is transferred from a state agency or institution of higher education, then at any time during the biennium, the Legislative Budget Board and the Governor may agree to reduce the number of FTEs paid from funds appropriated by this Act by the state agency or institution of higher education for one or more fiscal quarters to a figure below that indicated by this Act for that agency or institution.

Sec. 6.11. Purchases of Postage.

- (a) If the expenditures for postage by an agency, other than the Legislature or an institution of higher education, exceed \$4,000 for a fiscal year, the agency shall purchase postage only in accordance with § 2113.103(c), Government Code.
- (b) The amount received by an agency as a refund of postage used by the agency shall be deposited in the fund to the credit of the appropriation from which postage for the agency is paid and is hereby appropriated to the agency for postage use.

GENERAL LIMITATIONS ON EXPENDITURES

(Continued)

Sec. 6.12. Expenditures for State-Federal Relations.

- (a) Funds appropriated by this Act may not be spent by a state agency to carry on functions for which funds have been appropriated to the Office of State-Federal Relations to perform except when an interagency contract has been executed between the Office of State-Federal Relations and the state agency.
- (b) Prior to travel to the Washington, D.C. area, including any trip with a destination to the Reagan-National, Dulles, or Baltimore Washington International airports, state agency personnel shall inform the Office of State-Federal Relations regarding:
 - (1) the timing of the trip;
 - (2) the purpose of the trip; and
 - (3) the name of a contact person for additional information.
- (c) Under Subsection (b) the term "travel" is limited to only activities:
 - (1) involving obtaining or spending federal funds; or
 - (2) impacting federal policies.

Sec. 6.13. Performance Rewards and Penalties.

- (a) It is the intent of the Legislature that appropriations made by this Act be utilized in the most efficient and effective manner possible to achieve the intended mission of each state agency and institution. In order to achieve the objectives and service standards established by this Act, agencies and institutions shall make every effort to attain the designated key performance target levels associated with each item of appropriation.
- (b) To support and encourage the achievement and maintenance of these appropriated annual performance levels, continued expenditure of any appropriations in this Act shall be contingent upon compliance with the following provisions:
 - (1) Agencies and institutions, in coordination with the Legislative Budget Board, shall establish performance milestones for achieving targets within each annual budget and performance period; time frames for these milestones and the related performance reporting schedule shall be under guidelines developed and maintained by the Legislative Budget Board.
 - (2) Agencies and institutions shall provide testimony as to the reasons for any performance variances to the Senate Finance Committee and the House Appropriations Committee, as determined to be necessary by those committees; assessments of agency and institution performance shall be provided to the committees under guidelines and procedures developed and maintained by the Legislative Budget Board.
- (c) Upon a finding that an agency or institution has successfully met or exceeded performance expectations, or has failed to achieve expected performance levels, the Legislative Budget Board, and the Governor, may adopt a budget execution order, which may include but is not limited to, one or more of the following:
 - (1) Positive Incentives/Rewards - Increased funding, exemption from reporting requirements, increased funding transferability, formalized recognition or accolade, awards or bonuses, expanded responsibility, or expanded contracting authority; or
 - (2) Negative Incentives/Redirection - Evaluation of outcome variances for remedial plan, reduction of funding, elimination of funding, restriction of funding, withholding of funding, reduction of funding transferability, transfer of functional responsibility to other entity, recommendation for placement in conservatorship, direction that a management audit be conducted or direction that other remedial or corrective actions be implemented.
 - (3) The Legislative Budget Board may develop and maintain rules and procedures for the implementation of the above provisions.

GENERAL LIMITATIONS ON EXPENDITURES

(Continued)

- (4) The Legislative Budget Board may request comments from the State Auditor's Office regarding performance penalties and rewards.
- (d) To further foster, support, and reward outstanding performance, ongoing productivity improvements and innovative improvement programs, and to retain key high performing employees, qualified state agencies and institutions may expend amounts necessary from funds appropriated in this Act for the purposes of enhancing compensation for employees who directly contributed to such improvements. Only classified employees (including classified employees of institutions of higher education) are eligible for the form of enhanced compensation authorized by this section, and this award shall not exceed 6.8 percent of an employee's annual base pay. To be eligible for this provision, an agency or institution must:
 - (1) Achieve or exceed targets for 80 percent of the established key performance measures:
 - (A) For fiscal year 2012, eligibility shall be determined by the Legislative Budget Board based on performance reported to the Automated Budgeting and Evaluation System of Texas (ABEST) for fiscal year 2011;
 - (B) For fiscal year 2013, eligibility shall be determined by the Legislative Budget Board based on performance reported to ABEST for fiscal year 2012; and
 - (2) Have an unqualified certification for at least 70 percent of its performance measures as shown by its most recent certification review by the State Auditor's Office; and
 - (3) File a report with the Comptroller, Legislative Budget Board, Governor, House Appropriations Committee, and Senate Finance Committee describing the success of the innovative program and criteria used to assess the improvements; and
 - (4) Sixty days prior to implementation file a report with the Comptroller, Legislative Budget Board, Governor, House Appropriations Committee, and Senate Finance Committee describing in detail how the agency intends to use this flexibility to further the goals of this section.

Sec. 6.14. Bookkeeping Entries. Should clerical or bookkeeping errors result in any monies being expended, transferred, or deposited into incorrect funds in or with the state treasury or any monies being cleared from a trust and suspense fund to other than the proper fund, such erroneously expended, transferred, deposited, or cleared monies may be transferred to the correct funds or accounts or trust and suspense account within the state treasury on request of the administering department with the concurrence of the Comptroller, and so much as is necessary for said transfer is hereby appropriated.

Sec. 6.15. Accounting for State Expenditures.

- (a) Notwithstanding the various patterns of appropriation established in this Act, the Comptroller shall account for the expenditure of funds appropriated by this Act in a manner that allows for the reporting of expenditures attributable to each strategy in each agency's respective Strategic Planning and Budget Structure as approved by the Governor and the Legislative Budget Board. The information shall be recorded and maintained systematically in the state accounting system in a manner that provides for the integration of the state's budget data and the state's accounting data and to facilitate the state's budget development process.
- (b) This section does not require the deposit into and subsequent disbursement of funds from the state treasury that relate to Texas Public Education Grants, Skiles Act Debt Service, or "local funds" defined in § 51.009, Education Code, except for tuition and lab fees.

Sec. 6.16. Fee Increase Notification. None of the funds appropriated by this Act may be expended by an agency which increases the rate of a fee assessed by that agency unless the agency provides a notice to the payer of the fee that the fee rate was set by the agency or its governing board and not mandated by the Legislature.

- (b) At the beginning of each fiscal year, SORM shall prepare a statement reflecting the assessments due from all agencies and present it to the Comptroller.
- (c)
 - (1) Notwithstanding other provisions in this Act, agencies shall transfer to SORM seventy-five percent (75%) of their assessed allocation which includes amounts for workers' compensation coverage for their employees from funding in the same proportion as their expected payroll funding, including General Revenue Funds, dedicated General Revenue Fund accounts, Other Funds or local bank accounts and the agencies' proportion of SORM's costs to administer workers' compensation payments and other statutory obligations contained in A.1.1, Risk Management Program and A.2.1, Pay Workers' Compensation.
 - (2) Not later than May 1 of each fiscal year, SORM shall determine, based on actual costs since the beginning of the fiscal year and other estimated costs, the remaining assessment due from each agency. SORM shall prepare a statement reflecting the remaining assessments due from each agency and present the statement to the Comptroller. Each agency shall transfer to SORM the remaining assessed allocation which includes amounts for workers' compensation coverage for their employees from funding in the same proportion as their expected payroll funding, including General Revenue Funds, dedicated General Revenue Fund accounts, Other Funds or local bank accounts and the agencies' proportion of SORM's costs to administer workers' compensation payments and other statutory obligations contained in A.1.1, Risk Management Program and A.2.1, Pay Workers' Compensation.
- (d) Transfers and payments as are authorized under law shall be made not more than 30 days from receipt of the statement of payments due.
- (e) The Comptroller may prescribe accounting procedures and regulations to implement this section.
- (f) Upon certification by SORM of amounts due, the Comptroller may transfer funds from an agency if the assessment amount due remains unpaid after more than 30 days from receipt of the statement of payments due.
- (g) All funds recovered by SORM from third parties by way of subrogation are appropriated to SORM to be used for the payment of workers' compensation benefits to state employees and shall be retained in the bill pattern of the Workers' Compensation Payments in Strategy A.1.1, Workers' Compensation Payments, in whole for that purpose.
- (h) Amounts not to exceed 2 percent in total of workers' compensation annual expenditures may be awarded to agencies by SORM for the purposes of risk management and loss prevention. In the event that Strategy A.1.1, Workers' Compensation Payments, in the bill pattern of the Workers' Compensation Payments, funded by the annual assessments to agencies, exceeds 110 percent of the expected annual payments, the portion of the excess over 110 percent funded from all funding sources shall be returned to agencies. The excess returned to the agencies by SORM is appropriated to the agencies for expenditures consistent with the original funding source. An all funds excess of 10 percent or less will be used to lower the cumulative assessments to agencies the following year.
- (i) In the event the total assessments in any year prove insufficient to fund expenditures, SORM may, with the approval of the Legislative Budget Board, temporarily utilize additional general revenue in an amount not to exceed 20 percent of the cumulative assessments for that fiscal year. Any additional general revenue funds will be utilized only for the purpose of temporary cash flow and must be repaid upon receipt of the following year's assessments in accordance with procedures established by the Comptroller. All transfers from and repayments to the General Revenue Fund shall be reported by SORM to the Legislative Budget Board.

AGENCY NON-DISCRETIONARY TRANSFER PROVISIONS

(Continued)

- (j) The reimbursement requirements established by this section may be waived or delayed, either in whole or in part, by the Legislative Budget Board.
- (k) SORM shall require agencies to provide to SORM and agencies shall submit to SORM information regarding the specific funding sources from which agencies pay their assessed allocation amounts for workers' compensation coverage for their employees.

Sec. 15.03. Contingency Appropriation Reduction.

- (a) After considering all other contingency riders in this Act and all legislation passed by the Eighty-second Legislature that affects revenue, if the appropriations made by Articles I through X of this Act exceed the estimated available revenue, all appropriations made under this Act out of the General Revenue Fund and General Revenue-Dedicated accounts are hereby automatically reduced on a pro-rata basis by the amount necessary, if any, to ensure that the total amount appropriated does not exceed the estimated revenue, pursuant to Article 3, Section 49a, Texas Constitution; provided, however, that appropriations described under Subsection (c) of this section shall not be reduced.
- (b) The Comptroller shall report the amount of the automatic reductions, if any, to the Governor and Legislative Budget Board.

At least thirty days prior to making transfers of agency appropriations to the General Revenue Fund pursuant to this provision, the Comptroller shall develop and prepare a plan of reductions and notify the Legislative Budget Board and Governor of the amounts proposed for reduction by each agency.

PART 16. LEGAL REPRESENTATION AND JUDGMENTS PROVISIONS

Sec. 16.01. Court Representation and Outside Legal Counsel.

- (a)
 - (1) Except as otherwise provided by the Constitution or general or special statutes, the Attorney General shall have the primary duty of representing the State in the trial of civil cases. The provisions of this section apply to the representation of a state governmental entity by outside legal counsel in all legal matters.
 - (2) Funds appropriated by this Act may not be used by a state governmental entity for retaining outside legal counsel before the state governmental entity requests the Attorney General to perform such services.
 - (3) If the Attorney General determines that outside legal counsel is in the best interest of the State, the Attorney General shall so certify to the Comptroller and to the requesting a state governmental entity which may then utilize appropriated funds to retain outside legal counsel.
 - (4) Funds appropriated by this Act may not be used to contract with an outside legal counsel who represents clients before the state governmental entity or who has, during a six month period preceding the initiative of the contract and a six month period following the termination of the contract, represented clients before the state governmental entity.
 - (5) A state governmental entity may not initiate the process of selecting outside legal counsel prior to receiving the approval of the Attorney General to retain outside legal counsel.
- (b) Funds appropriated by this Act may not be expended by a state governmental entity to initiate a civil suit or defend itself against a legal action without the consent of the Attorney General. Absent this consent, the state governmental entity shall be represented in that particular action by the Attorney General.
- (c) On receipt of a request by a state governmental entity to retain outside legal counsel, the Attorney General shall make a determination on the request as expeditiously as possible, but in no event later than 10 working days after receiving such request.
- (d) Funds appropriated by this Act may not be used to pay compensation to outside legal counsel for representing a state governmental entity in the trial of a civil suit if the Attorney General, district attorney, criminal district attorney, county attorney, or other lawyer is required by constitutional or statutory provision to represent a state governmental entity except in those cases where the Attorney General consents to such representation or the district attorney, criminal district attorney, county attorney, or other lawyer has requested that the attorneys employed by the particular state governmental entity assist with the trial of the particular civil suit.
- (e)
 - (1) This section does not restrict a state governmental entity in the investigation and assembling of evidence in connection with a pending or prospective civil suit.
 - (2) This section does not prohibit a state governmental entity or its employees from investigating, filing, or presenting to any person a claim, owing to the State.
- (f) This section does not restrict the Attorney General from employing special assistants to assist in the trial of civil suits to be paid from the appropriations therefore made to the Attorney General.
- (g) If a state governmental entity requests the Attorney General to take legal action in court against another state governmental entity, the Attorney General shall give special consideration to permitting one of the state governmental entities to employ, from the permitted state governmental entity's funds, outside legal counsel to represent that state governmental entity in that action, in order to avoid a conflict of interest by the Attorney General in the representation of both state governmental entities.
- (h) If the Attorney General initiates legal action against another state governmental entity on behalf of the Attorney General rather than another state governmental entity, the Legislature determines that a conflict of interest exists and the state governmental entity against which the Attorney General takes action may expend appropriated funds for outside legal counsel to represent that state governmental entity without the prior approval or consent of the Attorney General.

LEGAL REPRESENTATION AND JUDGMENTS PROVISIONS

(Continued)

- (i) Subsections (a) - (h) do not apply to funds appropriated to:
 - (1) the Office of the Governor;
 - (2) Comptroller;
 - (3) Department of Agriculture;

 - (B) under which recoveries from more than one entity are contemplated and the expected amount of each recovery and the actual amount of each recovery do not exceed \$100,000.
- (l) Any litigation that results in settlement, court order or other arrangement providing revenues or financial benefits to the State of Texas shall be structured to require the entire amount due to be paid to the treasury.
- (m) (1) None of the money paid to a state governmental entity (as a result of a settlement of litigation, or other arrangement providing revenues or financial benefits as a result of litigation) may be expended by any state government entity unless the Legislative Budget Board is notified in writing by the Attorney General regarding the terms of the settlement or other arrangement and by the state governmental entity receiving the money regarding the plans for the use of the money. The written notice must be delivered to the Legislative Budget Board as soon as practicable, but no later than the 20th day of the month following approval of the settlement or arrangement by a court.

Sec. 16.02. Judgments and Settlements.

- (a) The funds appropriated by this Act, including appropriations made in Article X of the Act, may not be expended for payment of a judgment or settlement prosecuted by or defended by the Attorney General and obtained against the State or a state agency, except:
 - (1) pursuant to this section; or
 - (2) where it is specifically provided in an item of appropriation that the funds thereby appropriated or expenditures therein authorized may be used for the payment of such judgments or settlements.
- (b) The authorization provided by this subsection does not apply in those cases where the judgment order of the trial court was entered, or a settlement agreement was executed, prior to September 1, 1995. State agencies appropriated funds by this Act may expend funds appropriated elsewhere in this Act for the purposes of paying settlements and judgments against the state for causes brought in a federal court or a court in this state under specific statutory authority. Payments made pursuant to this subsection are subject to the following processes and limitations:

 - (3) the payment of a settlement or judgment may not exceed \$250,000;
 - (4) the payment of the settlement or judgment would not cause the total amount of payments made by the payer agency for that fiscal year to exceed 10 percent of the total amount of funds available for expenditure by that agency for that fiscal year; and
 - (5) the payment of a settlement or judgment may be made only with a complete release from any and all related claims and causes against the State, and in the case of a judgment, the payment may be made only in full satisfaction of that judgment.
- (c)
 - (1) A state agency shall report a claim for property damage to the Attorney General not later than the second working day after the date the agency receives the claim.
 - (2) A state agency shall prepare a voucher for payment of a claim not later than the 10th working day after the date an agreement to settle the claim has been reached.
- (d) Payment of all judgments and settlements prosecuted by or defended by the Attorney General is subject to approval of the Attorney General as to form, content, and amount, and certification by the Attorney General that payment of the judgment or settlement is a legally enforceable obligation of the State. This subsection applies equally to funds appropriated for expenditure through the state treasury, as well as funds appropriated for expenditure from funds held in local banks.

On verification that an agency has not obtained the Attorney General's approval prior to payment of a judgment or settlement, the State Auditor may certify such fact to the Comptroller. The Comptroller may withhold all appropriations for administrative expenses for the involved agency, until the Legislative Audit Committee notifies the Comptroller that the agency's non-compliance has been reviewed and necessary recommendations or changes have been made.

Sec. 16.03. Expenditures for Representatives of Grievants Prohibited.

Sec. 18.01. Informational Listing General Obligation Bond Proceeds. The following is an informational listing of funds appropriated elsewhere in this Act, for the 2012-13 biennium to the agencies listed below for projects out of general obligation bond proceeds. All projects funded with bond proceeds listed below are subject to approval by the Legislative Budget Board prior to the issuance of the bond proceeds by the Texas Public Finance Authority.

Proposition 4 Article by Agency by Project ARTICLE V Texas Department of Criminal Justice	2012-13 Biennial Total	
	Bond Proceeds	Debt Service
	\$ 50,000,000	\$2,835,000

Sec. 18.02. Interagency Contract to Coordinate Use of PARIS Data to Assist Veterans and Achieve Savings for State. Out of the funds appropriated elsewhere in this Act, the Health and Human Services Commission, the Department of Aging and Disability Services, the Texas Veterans Commission, and the Veterans Land Board shall enter into an interagency contract to establish an ongoing staff workgroup between the agencies to coordinate the use and to investigate and analyze the data received from the federal Public Assistance Reporting Information System (PARIS) and develop new strategies to use PARIS data that could generate savings for the state. Each agency (the Health and Human Services Commission, the Department of Aging and Disability Services, the Texas Veterans Commission, and the Veterans Land Board) shall utilize their expertise to work with other workgroup members to improve communication and services to veterans. The workgroup shall also submit a report to the Legislative Budget Board and the Governor describing the state's use of the PARIS data and include any savings or cost avoidance amounts resulting from PARIS information from the previous biennium, as well as recommendations regarding its future use. The report is due October 15, 2012.

Sec. 18.03. Pension Plan Changes Study. Out of funds appropriated elsewhere in this Act, the Employees Retirement System and the Teacher Retirement System shall each individually report on the actuarial and fiscal impacts from potential changes to the state, university and school district pension plans as of August 31, 2011, including but not limited to: retirement eligibility; final average salary; benefit multiplier; and the creation of a hybrid plan that includes defined benefit and defined contribution features such as a two-part plan or a cash balance plan. The report shall be submitted to the Legislative Budget Board and the Governor no later than September 1, 2012. A pension plan study is required of the Employees Retirement System and the Teacher Retirement System only if the legislature does not otherwise implement actuarially significant changes that increase the total plan contribution rate for the pension plans; make plan design changes to the current defined benefit plan structure for the pension plans; or establish a new plan structure for the pension plan in the form of a hybrid pension plan. The Legislative Budget Board will confirm for each agency by September 1, 2011 whether or not these conditions have been met, and if a pension plan study is required.

Sec. 18.04. Report on Efforts to Draw Down Discretionary Federal Funds for Transportation. The Texas Department of Transportation, Texas Department of Public Safety, and Texas Department of Motor Vehicles shall jointly submit a report to the Office of the Governor and the Legislative Budget Board on efforts to identify, coordinate, and implement methods to maximize discretionary sources of federal funding no later than December 1 of each even numbered year.

ARTICLE XII. SAVINGS CLAUSE

If any section, sentence, clause or part of this Act shall for any reason be held to be invalid, such decision shall not affect the remaining portions of this Act; and it is hereby declared to be the intention of the Legislature to have passed each sentence, section, clause, or part thereof irrespective of the fact that any other sentence, section, clause or part thereof may be declared invalid.

ARTICLE XIII. EMERGENCY CLAUSE

The importance of the legislation to the people of the State of Texas and the crowded condition of the calendars in both Houses of the Legislature create an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three separate days in each House be suspended, and said Rule is hereby suspended; and this Act shall take effect and be in force from and after its passage, and it is so enacted.
