<p>1. <b>Ensure TRS-Care Solvency and Accountability (page 367 of Government Effectiveness and Efficiency Report).</b> This report has three recommendations:</p> <p>1. Amend statute to adjust contribution rates and include a contingency rider appropriating General Revenue to TRS for the increase in the state contribution rate that provides 50 percent of the TRS-Care projected solvency cost and to delete reference to the school district contribution rate in the General Appropriations Bill.</p> <p>2. Delete a rider in the 2016-17 General Appropriations Bill expressing legislative intent that TRS not increase retiree premiums.</p> <p>3. Amend statute and include a contingency rider requiring TRS take appropriate actions to offset 25 percent of the TRS-Care fund's projected solvency cost for the 2016-17 biennium. TRS shall also submit a report to the Governor and the Legislative Budget Board prior to implementing premium and/or plan design changes.</p> <p>The anticipated 2016-17 cost of these recommendations would be \$384,000,000 in General Revenue Funds. Note that the estimated impact of the recommendation is subject to change because it is based on a projected shortfall which is dynamic.</p>	\$ 384,000,000	\$ 384,000,000
