Veterans Commission
Selected Fiscal and Policy Issues - House

1. **FTE Reductions.** Recommendations reduce FTE cap authority by 18.0 each fiscal year. Of those 18 FTEs, 15 FTEs are related to Claims Representation and Counseling and 3 FTEs are related to Central Administration for CAPPs implementation completed in the 2018-19 biennium.

The 85th Legislature approved funding to support 410.5 FTEs for the agency. However, in fiscal year 2018, the Veterans Commission decided to leave 25.5 positions unfilled and increase salaries for the remaining Claims Representation and Counseling staff to create parity with similar positions in the U.S. Veterans Administration. Additionally, the agency used a portion of salary savings created by unfilled positions to implement the new eManagement system for claims filing and tracking. As a result, the agency lacks the funding necessary to fill the 25.5 vacancies in Claims Representation and Counseling. Not included in the recommendations is the agency's request for \$2,336,630 in General Revenue funds to fill the vacancies in this strategy. The recommended reduction to the FTE cap of 18 FTEs would bring the cap closer to current FTE levels.

2. **Sunset Review.** The Sunset Advisory Commission (SAC) recommends continuation of the Texas Veterans Commission for another 12 years and identified five issues for which it made recommendations. The five identified issues require management action to improve its claims, grants, and training programs by adjusting processes and planning to find efficiencies. In its Claims Counseling program, the SAC recommends the agency better maximize its resources, requiring better tracking, analysis, and strategic placement of its counselors. Finally, a recommendation was adopted by the Commission which would require TVC to create and provide grant-writing training for veterans county service officers. The SAC report indicates that its recommendations would not have a fiscal impact to the state and can be achieved using existing agency resources.

2. **Sunset Contingency.** Funds appropriated above for fiscal year 2021 for the Texas Veterans Commission are made contingent on the continuation of the Texas Veterans Commission by the Eighty-sixth Legislature, Regular Session, 2019. In the event that the agency is not continued, the funds appropriated for fiscal year 2020, or as much thereof as may be necessary, are to be used to provide for the phase out of agency operations.

Deleted Riders

3. **Appropriation of License Plate Receipts.** The agency receives revenue from the sale of Air Force Association of Texas and American Legion license plates. Article IX, Section 8.13 Appropriation of Specialty License Plate Receipts provides the agency authority to collect revenues from the sale of license plates.
