Selected Fiscal and Policy Issues - House**

1. **Sunset Review.** The Sunset Advisory Commission reviewed the agency in fiscal year 2018. Although Sunset staff found state regulation of geoscientists does not protect the public and recommended abolishing the board, the Sunset Commission voted to continue the current board for six more years, with a shortened Sunset date of September 1, 2025. The commission also adopted 12 new recommendations to remove unnecessary barriers into the geoscience profession and refocus the board's enforcement efforts on complaints that present an actual risk of harm to the public instead of low-risk, administrative violations.
