**Agency Budget and Policy Issues and/or Highlights**

Texas A&M AgriLife Extension Service (TAES) provides educational and training programs through a network of county extension agents across the state. The program areas include health and safety, agriculture and natural resources, and leadership development. The agency also provides wildlife and insect management services.

The bill pattern for this agency (2020-21 Recommended) represents an estimated 58.5% of the agency's estimated total available funds for the 2020-21 biennium.

Selected Fiscal and Policy Issues - House**

1. **Infrastructure Support.** Funding to Texas A&M System agencies for infrastructure support within Brazos County is calculated using the General Academic Institutions' infrastructure formula rate, but is adjusted for 2020-21 for each respective agency based on updated space data. Texas A&M System agricultural agencies (includes TAES) also receive funding for infrastructure support outside Brazos County which is proportionally allocated to those agencies by their percentage of total actual square footage, and the 2020-21 funding recommendations are maintained at 2018-19 total appropriations.

Rider Highlights - House**

**Modification of Existing Riders**

1. **Delete Appropriation of License Plate Receipts Rider.** Recommendations include deletion of Appropriation of License Plate Receipts Rider due to redundancy. Article IX, Section 8.13 already grants the authority stated in the Rider in the TAES bill pattern.

			GR & GR-D	All Funds	FTEs				
1)	Reduce Indirect Administration	2.5% increment - Position reductions would reportedly impact the agency's ability in timely processing and meeting deadlines in areas of fiscal services, financial reporting, risk and compliance, and human resource operations. Decreased capacity would reportedly increase the vulnerability of the agency in areas such as disbursement processing incurring late payment fees, background checks, export controls and areas for internal control.	\$137,616	\$137,616	1.5	\$0	2.3%	\$5,988,370	No
2)	Reduce Programmatic Salaries & Wages	2.5% increment - Extension maintains a delivery network of professionals who develop and conduct targeted education and technology transfer programs in the areas of agriculture and natural resources, wildlife services, family community health, and youth development for Texas communities and citizens. The loss of programming capacity would reportedly diminish the agency's outreach to citizens. Direct loss of County Commissioners Court funding that support extension educators is estimated at \$292,500.	\$1,997,328	\$1,997,328	26.5	\$585,000	1.5%	\$130,183,940	No
