**Historical Commission  
Selected Fiscal and Policy Issues - House**

1. **One-Time Discretionary Grants and Facility Repairs.** Recommendations reflect a decrease of \$24.2 million in one-time funding from the Economic Stabilization Fund (ESF) and \$1.0 million in General Revenue for the following capital projects in the 2018-19 biennium:

- Courthouse Grants** - Recommendations include a decrease of \$19.2 million in ESF and \$1.0 million in General Revenue for the 2020-21 biennium for the removal of funding provided in the 2018-19 biennium for courthouse preservation grants. The agency estimates that there are 72 historic courthouses, at a project cost of \$3.0 million to \$5.0 million each, which require grants for restoration and preservation. In the 2016-17 agency budget, \$20.0 million in General Revenue funds was appropriated to fund courthouse preservation grants. Prior to the 84<sup>th</sup> session, the program had been funded through eight rounds with all but the first round funded with General Obligation (GO) Bond proceeds. The agency is currently requesting an exceptional item of \$36.0 million in the biennium for this purpose. Historically, funding for this discretionary grant program was determined on a biennial basis by the Legislature. The chart below shows the ten round of grant awards for Historic Courthouse Preservation from FY 2000 to FY 2018. To date, \$292.5 million has been awarded in 201 grants since 2000.

**TOTAL GRANT AWARDS**

- National Museum of the Pacific War** - Recommendations include a decrease of \$2.0 million in ESF for the 2020-21 biennium for the removal of funding provided in the 2018-19 biennium to fund ongoing repair needs at the National Museum of the Pacific War. Additionally, recommendations continue to fund operations at this site as part of Strategy A.1.4 at an annual cost of \$200,000. Other costs are paid through site fees held outside the treasury by the Museum foundation. According to the agency, remaining capital needs for the National Museum of the Pacific War/Nimitz Museum are projected to be approximately \$2.0 million for fiscal years 2020-21.

- **San Felipe De Austin Historic Site** - Recommendations include a decrease of \$0.8 million of ESF for the 2020-21 biennium for the removal of funding provided to complete a visitor center at the San Felipe de Austin Historic Site. Since 2008, \$8.8 million in All Funds have been appropriated to this project for construction of a visitor center and education center. This project is projected to be complete by the end of 2019.
  - **Mission Dolores Historic Site** - Recommendations include a decrease of \$1.9 million of ESF for the 2020-21 biennium for the removal of funding provided for renovation of the current facilities, construction of a maintenance facility, and construction of exhibits at the Mission Dolores Historic Site. Additionally, these funds provide for 3.0 FTEs at the site. This project will be completed by the end of FY 2019 and requires no additional capital funding.
  - **Historic Sites Deferred Maintenance** - Recommendations include a decrease of \$0.3 million of ESF for the 2020-21 biennium for the removal of funding provided for deferred maintenance needs at the agency's 22 state historic sites. According to the agency, there is an outstanding need of \$33 million to complete deferred maintenance and repairs at historic sites. The agency is currently requesting an exceptional item of \$2.9 million in General Revenue for this purpose in the 2020-21 biennium.
2. **Sporting Goods Sales Tax.** Recommendations include \$18.0 million in Sporting Goods Sales Tax (SGST) in the 2020-21 biennium to be used for the administration, operation, preservation, repair and maintenance of historic sites. This recommendation is equal to 2018-19 appropriations. Beginning in the 2008-09 biennium, the Historical Commission became eligible to receive up to 6.0% of SGST revenue, with the remaining 94.0% available to the Parks and Wildlife Department. In the 2018-19 biennium, a method of finance swap was made to replace all remaining General Revenue in the agency's Strategy A.1.4., Historic Sites, with SGST. This appropriation was 90% of the amount available to the agency in the biennium.
3. **Sunset Review.** The Texas Historical Commission (THC) is abolished on September 1, 2019 unless continued by the Eighty-sixth Legislature. The Sunset Advisory Commission has recommended continuation of the agency for 12 years. Other recommendations adopted by the Sunset Advisory Commission include:
- Directing the THC to establish a working group with membership also including the Texas Parks and Wildlife Department (TPWD), State Preservation Board, and General Land Office, to begin development of a statewide historic sites master plan;
  - Direct THC to work with the Facilities Commission to sell unneeded curatorial collection items and to explore options for a joint curatorial facility for storage of collections;
  - Amend statute to clearly establish the Heritage Trails program, require THC to adopt rules for the program, and direct THC to work with the attorney general's office on a single, performance based contract to provide stronger oversight over Heritage Trails related contracts;
  - Transfer the remaining eight historic sites from TPWD to THC that are not attached to a state park; and
  - Direct THC to adopt rules providing a process for stakeholders to challenge the accuracy of existing historical markers.

**Historical Commission  
Rider Highlights - House**

**Modification of Existing Riders**

2. **Capital Budget.** Recommendations revise this rider to remove capital projects including the San Felipe de Austin historic site capital project and Historic Sites Deferred Maintenance; capital budget authority from unexpended balances is included for courthouse grants and National Museum of the Pacific War and Mission Dolores historic sites. Recommendations revise capital budget authority of \$47,416 in FY 2020 and \$47,453 in FY 2021 to maintain current obligation for Data Center Consolidation (DCS) related costs.
15. **Unexpended Balances: National Museum of the Pacific War.** Recommendations revise this rider to include unexpended balance authority for Economic Stabilization Funds appropriated for the National Museum of the Pacific War in the 2018-19 biennium.
19. **Unexpended Balances: Courthouse Grants.** Recommendations revise this rider to include unexpended balance authority for Economic Stabilization Funds appropriated for the Courthouse Grants Program in the 2018-19 biennium.

**New Riders**

23. **Unexpended Balances: Mission Dolores.** Economic Stabilization Funds were provided in the 2018-19 biennium to the agency for construction and maintenance projects at the Mission Dolores historic site. Unexpended balance authority has been provided for this project as all funds are not projected to be obligated by the end of fiscal year 2019.
24. **Sunset Contingency.** Rider identifies funding in fiscal year 2021 as being contingent on the continuation of the agency by the Eighty-sixth Legislature and directs the agency to utilize fiscal year 2020 funding for phase-out of agency operations in the event the agency is not continued.

**Deleted Riders**

15. **Appropriation of License Plate Receipts.** The agency currently receives revenue for El Paso Mission Valley and Juneteenth license plate sales. Article IX, Section 8.13 Appropriation of Specialty License Plate Receipts provides the agency authority to collect revenues and interest from the sale of license plates.
17. **Unexpended Balances: San Felipe de Austin Historic Site.** All funds related to this project are expected to be obligated in fiscal year 2019 and unexpended balance authority is no longer need.
22. **Texas Historical Commission Volunteer Services.** This rider currently allows to agency to provide meals and beverages for volunteers when volunteers are on site and providing labor and/or services for historical site reenactments, archeological work, and other agency programs. According to the Comptroller of Public Accounts' state purchase policies, a state agency is prohibited from purchasing food for employees or for visitors to the agency.
26. **Facilities-Related Funding and Staff for Historic Sites.** This rider currently identifies amounts that were appropriated to the agency in the 2018-19 biennium for deferred maintenance at multiple historic sites. Where appropriate, unexpended balance authority has been provided for these projects in other riders.
