**Trusteed Programs Within the Office of the Governor
Selected Fiscal and Policy Issues - House**

1. **Funding Overview.** Recommendations for the 2024-25 biennium reduce the 2022-23 base amount by \$2,308.7 million in General Revenue related funds, as noted in Section 2, primarily related to the removal of one-time funding items. Recommendations, in general, reflect the following approaches:
 - Reductions of unexpended balances and additional revenues included in base budget.
 - Reductions of depleted disaster funds and Texas Enterprise Funds.
 - Reductions of border security appropriations due to funds being reallocated towards border security activities at other state agencies.
 - Reduction of all American Rescue Plan Act funds appropriated as part of Senate Bill 8, 87th Third Called Session.
 - Reductions of funding reallocated to the Trusteed Programs via budget executive order.
 - Addition of funding for various criminal justice grants, as requested by the agency.
 - Continuation of 2022-23 appropriation levels out of GR 5003 Hotel Occupancy Tax; excludes funding of additional revenues as requested by the agency.
2. **Disaster Funding.** Recommendations include a total reduction of \$1,765.4 million in General Revenue for disaster funding. The authority to carry forward unexpended balances into the 2024-25 biennium is provided. The agency expects to have no remaining balances in disaster grants at the end of the 2022-23 biennium.
3. **Economic Development and Tourism Goal.** Recommendations include \$267.1 million in All Funds in the 2024-25 biennium for Strategy C.1.1, Create Jobs and Promote Texas. Funding for this strategy primarily comes out of General Revenue related accounts. These include General Revenue (\$98.7 million), Hotel Occupancy Tax (\$69.5 million), the Economic Development Bank (\$10.0 million), Texas Enterprise Fund (\$0), and Governor's University Research Initiative (\$40.0 million) accounts. Statutory restrictions concerning certain funds are outlined in Rider 27, Create Jobs and Promote Texas. Recommendations continue this rider and have updated the allocated funding amounts based on 2024-25 recommendations.

Texas Military Preparedness Commission. The agency has authority to issue general obligation bonds for the Texas Military Revolving Loan Program (Article III, Sec. 49(n) of the Texas Constitution) for loans to defense communities for economic development projects of the Texas Military Preparedness Commission. No new loans were issued out of the program in the 2022-23 biennium. As of December 2022, the general obligation bond authority for the Military Revolving Loan Program to provide infrastructure improvement loans to military communities anticipated to be affected by a Base Realignment and Closure (BRAC) stands at about \$202.3 million.

In the 2022-23 biennium, the agency was appropriated \$30.0 million in General Revenue within Strategy C.1.1. for Defense Economic Adjustment Assistance Grants (DEAAG) to fund infrastructure improvements and potentially prevent Texas from being negatively impacted in the event of a BRAC by the Department of Defense. In fiscal year 2022, \$15.4 million in grants were awarded to defense communities. Recommendations continue General Revenue funding for DEAAG at \$30.0 million.

Texas Enterprise Fund (TEF)

The \$205.1 million estimated in the 2022-23 biennium for TEF included:

- \$200.4 million in unexpended balances carried forward from fiscal year 2021;
- \$4.7 million in revenues, interest earnings, and clawbacks of funding from grant terminations.

According to the agency, as of December 2022, 12 TEF grants have been announced, totaling \$47.4 million, which are projected to create an estimated 5,007 jobs in the 2022-23 biennium. The agency indicated the remaining \$157.7 million will be awarded in fiscal year 2023. Recommendations do not include the agency's exceptional item request for \$150.0 million in GR-Dedicated Enterprise Fund Account No. 5107 in the 2024-25 biennium. This request would require funding from an external source, such as General Revenue or Economic Stabilization Funds, to be deposited into the dedicated account.

Governor’s University Research Initiative (GURI)

The \$67.2 million estimated and budgeted in the 2022-23 biennium for GURI included unexpended balances carried forward from fiscal year 2021.

According to the agency, in fiscal year 2022, GURI made three awards to institutions of higher education: Texas A&M University (3), totaling \$12.0 million. Recommendations include \$40.0 million in GR-Dedicated Governor’s University Research Initiative No. 5161 in the 2024-25 biennium from unexpended balances remaining and carried forward from the 2022-23 biennium.

4. **Border Security Funding.** The Eighty-seventh Legislature appropriated \$1,296.2 million in General Revenue for programs related to border security. Of this amount, \$42.1 million is identified by riders in the agency’s bill pattern. This amount includes \$1,254.1 million provided in supplemental appropriations to the Trusteed Programs for border security activities. During the interim, the Governor’s Office also directed an additional \$1,585.6 million in General Revenue transfers from other state agencies towards border efforts, pursuant to Article IX, Section 14.04, Disaster Related Transfer Authority, and Texas Government Code, Sec. 317.055(b). The agency has indicated that all supplemental and disaster transfer appropriations are expected to be expended by the end of the 2022-23 biennium. Recommendations include \$1,043.7 million in the 2024-25 biennium for border security activities. All border security funding recommendations for the 2024-25 biennium are identified as a new method of finance, GR for Border Security.

Border Security Appropriations	Appropriated 2022-23	Req./Rec. 2024-25
Border Prosecution Grants. Grants for border prosecutions.	\$18,891,000	\$16,671,273
Grants for Local Border Security. Grants to local law enforcement agencies to support Operation Lonestar. This funding may also be used to assist with the humane processing of the remains of undocumented migrants.	\$110,490,860	\$110,200,000
Anti-Gang Programs. Grants for anti-gang programs	\$195,800,000	\$15,800,000
Grants to Border Zone Fire Departments. Grants to fire departments in the border region to assist in the acquisition of specialized equipment, maintenance, and medical supplies to support emergency services associated with border security activities.	\$1,000,000	\$1,000,000
Border Surge. Support of border security surge operations.	\$1,385,566,869	\$0
Border Wall. Support of interagency grants for border wall construction.	\$1,000,000,000	\$650,000,000
Processing Centers. Support for the creation of a new border processing center.	\$170,000,000	\$125,000,000
Transportation. Support for transportation needs.	\$0	\$125,000,000
Total	\$2,881,748,729	\$1,043,671,273

Please note that the \$1,385.6 million amount included for “Border Surge” in the table above is not reflective of the amount that the agency included in their estimated and budgeted figures for the 2022-23 biennium. According to the Office of the Governor, \$18.9 million in General Revenue of the transfer to be provided by the Department of State Health Services was never received.

5. **American Rescue Plan Act (ARPA) Funding.** The Eighty-seventh Legislature appropriated \$341.2 million in Coronavirus State Fiscal Recovery Funds included as part of Senate Bill 8, Third Called Session, for the following items:
- \$180.0 million for Tourism, Travel and Hospitality Grants;
 - \$1.2 million for Children’s Advocacy IT case management system improvements; and
 - \$160.0 million for Victims of Crime Act grants

In addition to ARPA funding appropriated by the Legislature as part of Senate Bill 8, the Trusteed Programs Within the Office of the Governor has received \$13.2 million for additional tourism grants provided by the Economic Development Administration. The agency is also expecting to receive \$134.5 million in ARPA funding for the State Small Business Credit Initiative.

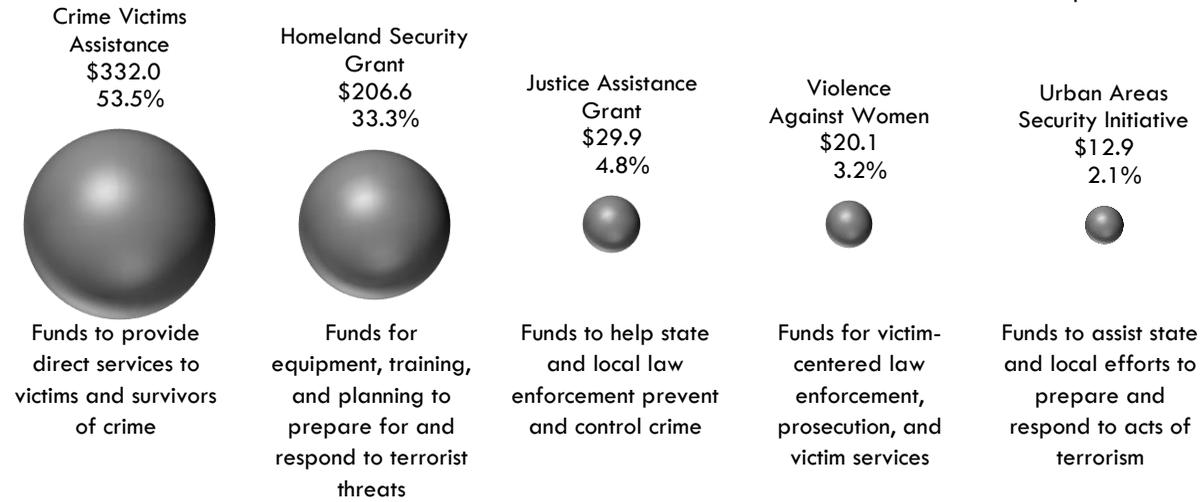

In total, the Trusteed Programs Within the Office of the Governor received \$488.9 million in ARPA funding for the 2022-23 biennium. The agency has indicated that they fully expect to expend all ARPA funding by the end of the 2022-23 biennium. Recommendations do not continue appropriation authority for this funding through the 2024-25 biennium.

6. **Bullet-Resistant Shields and Training.** Pursuant to Section 317.005(b) of the Texas Government Code, a budget execution order dated June 28, 2022, transferred from the Texas Education Agency \$100.6 million in General Revenue appropriated in fiscal year 2022 to various state agencies for school public safety related programs. This includes \$53.0 million transferred to the Trusteed Programs Within the Office of the Governor for the purchase of bullet-resistant shields (\$50.0 million) and grants to local law enforcement agencies to offset expenditures associated with travel for Advanced Law Enforcement Rapid Response Training (\$3.0 million). As of December 2022, the agency has started awarding grants with the funds received through the order. Recommendations include the addition of a rider that would provide the agency authority to carryforward any unexpended balances related to this appropriation into the 2024-25 biennium.

Summary of Federal Funds (2024-25)

Total \$620.2M

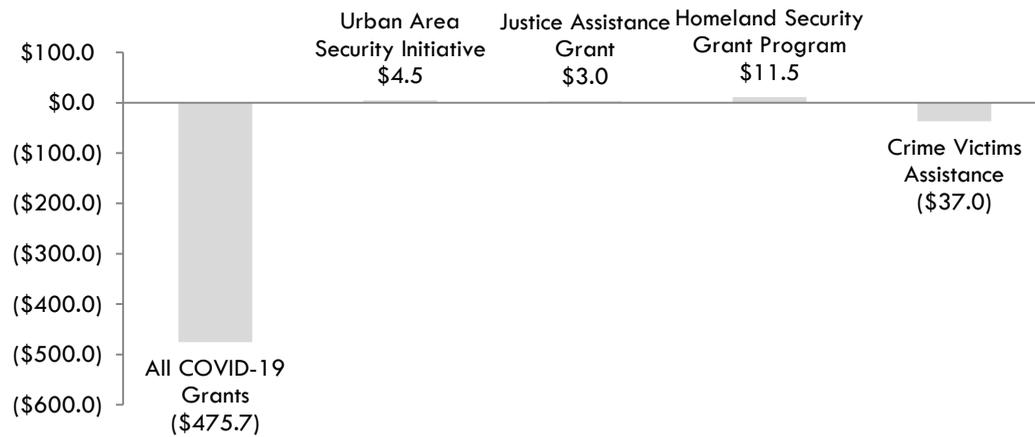

Selected Federal Fiscal and Policy Issues

Federal funds estimates decreased by \$506.4 million from 2022-23 to 2024-25. This is primarily attributable to the expiration of one-time COVID-19 funding and formula grant adjustments.

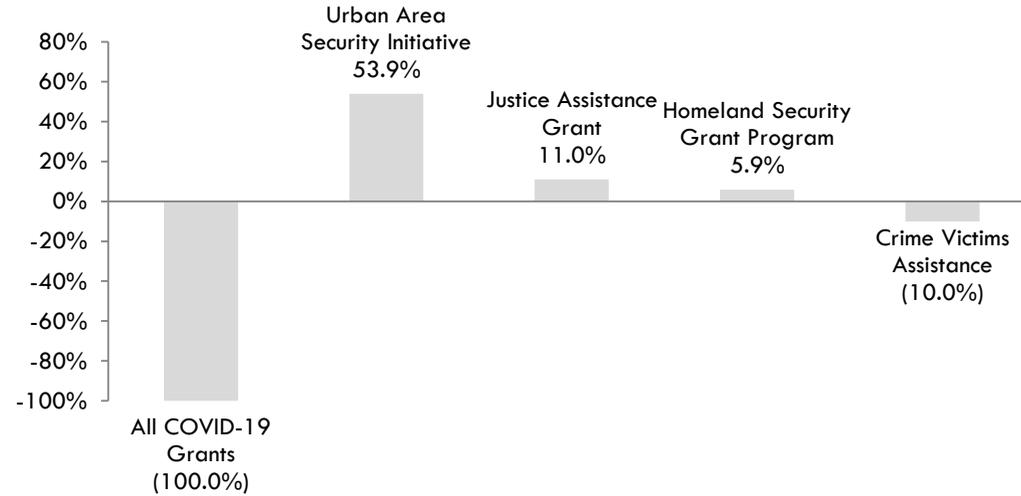

Crime Victims Assistance grants decreased by \$37.0 million from 2024-25 compared to 2022-23. This is due to a decline in federal allocations to this program.

23. **Child Sex Trafficking Team.** Recommendations revise the appropriated General Revenue amount in fiscal year 2025 from \$1,830,650 to \$1,837,650.
25. **Grants to Technology Infrastructure.** Recommendations add rider language that appropriates \$5.0 million in General Revenue-Dedicated Emergency Radio Infrastructure Account No. 5153 per fiscal year of the 2024-25 biennium.
27. **Create Jobs and Promote Texas.** Recommendations include a change of All Funds appropriations for Strategy C.1.1, Create Jobs and Promote Texas, from \$322.0 million to \$267.1 million. Recommendations also include the revision of estimated General Revenue – Dedicated Texas Enterprise Fund Account No. 5107 unexpended balance amounts in subsection (c) from \$100.0 million to \$0. Also, recommendations include the removal of subsection (f) relating to the deposit of General Revenue into the Spaceport Trust Fund.
34. **Sexual Assault Survivor’s Task Force.** Recommendations revise rider language to delete the allocation of 3.0 FTEs to this program.

Deleted Riders

- 36. **Update IT Case Management System.** Recommendations include the deletion of this this rider as the funding is one-time and the project to update the case management system for Children’s Advocacy Centers is expected to be completed within the 2022-23 biennium.
- 37. **Study Economic Impact of an Additional Top 50 Ranked Public University.** Recommendations include the deletion of this rider since the study has been completed.

New Riders

- 38. **Grants for Bullet-Resistant Shields and Training.** Recommendations include the addition of a rider that provides the agency UB authority for \$53.0 million in General Revenue for bullet-resistant shields and training received via budget execution order on June 28, 2022.

Notes:

a) The State Auditor's Office is the source for the FY 2021 and FY 2022 annual average (actual) FTE levels. Actual FTE figures are below the FTE cap primarily due to staff vacancies and turnover.

b) The State Auditor's Office Report, Executive Compensation at State Agencies (Report 22-706, August, 2022), indicates a market average salary of \$139,151 for the Executive Director of the Office of State-Federal Relations (OSFR).

c) The effective salary cap for the Executive Director is \$160,000 due to a salary supplement that the position is authorized to receive, pursuant to Rider 13, Cost of Living Salary Supplement, of the agency's bill pattern.
