**Veterans Commission  
Selected Fiscal and Policy Issues - House**

1. **Veteran Mental Health Department.** The Texas Veterans Commission (TVC) receives funding through Interagency Contract from the Health and Human Services Commission (HHSC) for the Veteran Mental Health Department. Recommendations include a method of finance swap to reduce \$2,088,000 in Interagency Contracts from HHSC and an increase of the same amount in General Revenue to provide the direct appropriation to TVC. The swap additionally results in an increase of \$298,976 in funds for that program to align with 2020-21 funding levels. General Revenue funding to HHSC has been reduced by the same amount to reflect the appropriation being shifted to TVC.

This funding recommendation incorporates the agency's request for the direct appropriation for the Mental Health Department. However, recommendations do not increase the agency's FTE cap as requested by the agency. The agency's estimated fiscal year 2022 and budgeted fiscal year 2023 FTEs (see Appendix C) already reflects the inclusion of these FTEs.

2. **Hazlewood Database Improvements.** Included in recommendations is the agency's request for \$1,088,458 in General Revenue to replace or refurbish the existing Hazlewood Act Database. The database houses individual records of the Hazlewood Act tuition exemption benefits for veterans, their dependents, and spouses. The database is accessed by students and institutions of higher education. The existing database was created internally by the agency approximately 10 years ago. The system currently has limited accessibility, minimal ability to export proper data, and inability to provide upgrades to meet certain data requirements.

Rider Highlights - House**

**Modification of Existing Riders**

2. **Capital Budget.** Recommendations replace the eGrant Management System with the Legacy Modernization project and provide \$350,000 in General Revenue funding as requested by TVC. Funding will be used for upgrades to the system and will support the cost of licenses.  
  
Recommendations also modify the capital budget to include the Legacy Modernization project to improve the Hazlewood Database.
3. **Program for the Visitation of Wounded and Disabled Veterans.** Recommendations modify this rider to reflect the update made to the title of Strategy A.1.1, Claims Benefits and Assistance.
4. **Cash Flow Contingency.** Recommendations modify this rider to reflect the update made to the title of Strategy A.1.1, Claims Benefits and Assistance.
5. **Fund for Veterans' Assistance.** Recommendations modify this rider to reflect the update made to the title of Strategy A.1.1, Claims Benefits and Assistance. Recommendations also modify this rider to include Strategy B.1.3, Veterans Treatment Courts, where grants are also provided through the Fund for Veterans' Assistance.
6. **Interagency Contract with the General Land Office and Veterans Land Board.** Recommendations modify this rider to correctly reflect the method of finance as General Revenue.
7. **PARIS Data Review.** Recommendations modify this rider to reflect the update made to the title of Strategy A.1.1, Claims Benefits and Assistance.
13. **Veteran Hospital Billing.** Recommendations modify this rider to reflect the update made to the title of Strategy A.1.1, Claims Benefits and Assistance.
