#### Reimbursements to the Unemployment Compensation Benefit Account Selected Fiscal and Policy Issues - House

1. **Program Overview.** Reimbursements to the Unemployment Compensation Benefit Account (RUCBA) provides unemployment compensation benefits to former employees from state agencies and institutions of higher education and is managed by the Texas Workforce Commission (TWC). RUCBA is funded through two Methods of Finance: General Revenue- Dedicated (GR-D) Unemployment Compensation Special Administration Account No. 165 (GR-D Fund 165) and Interagency Transfers to GR-D Fund 165. GR-D Fund 165 collects penalties and interest under the Unemployment Compensation Act and is used to reimburse the Unemployment Compensation Trust Fund for benefits paid to former state employees.

State agencies reimburse GR-D Fund 165 for each employee formerly employed at that agency proportionate to the funding source. Agencies that are funded by General Revenue reimburse GR-D Fund 165 for one-half of the unemployment benefits paid to former employees; the remaining half is paid from GR-D Fund 165. Agencies that are funded through GR-D, Federal Funds, or Other Funds reimburse GR-Fund 165 for the full unemployment benefits amount for former employees.

Reimbursements for unemployment compensation benefits paid to former state employees have remained relatively constant over the last five years and the agency projects this trend to continue through the next biennium.

2. **Program Funding.** The beginning fund balance for GR-D Fund 165 in fiscal year 2024 is estimated to be approximately \$50.7 million and revenue is projected to generate approximately \$40.2 million over the 2024-25 biennium. Appropriations are made from this account to TWC primarily for the Labor Law Enforcement program and administration costs totaling \$4.6 million and GR-D appropriations to RUCBA are estimated to be \$11.6 million in the 2024-25 biennium.

Appropriations from GR-D Fund 165 and Interagency Transfers to GR-D Fund 165 are estimates of state unemployment compensation obligations and the recommendations for the 2024-25 biennium are in alignment with TWC's request.
