**Office of Court Administration  
Selected Fiscal and Policy Issues – House**

1. **Article-Wide 6.0 Percent Salary Increase for Non-Judicial Staff.** Recommendations do not include \$9.8 million in All Funds, including \$9.6 million in General Revenue and \$0.2 million in Other Funds, requested by all Article IV agencies to provide a 6.0 percent salary increase for non-judicial staff.

The total portion of this request for the Office of Court Administration (OCA) totals \$2.9 million in General Revenue funding for the 2026-27 biennium (See also, Items Not Included in Recommendations #2).

2. **Business Courts.** House Bill 19, Eighty-eighth Legislature, Regular Session, appropriated \$9.8 million in General Revenue to establish the 1<sup>st</sup>, 3<sup>rd</sup>, 4<sup>th</sup>, 8<sup>th</sup>, and 11<sup>th</sup> business courts, each operational as of September 1, 2024. Pursuant to the bill, the establishment of six additional courts are contingent on future legislative action and funding. According to OCA, cost estimates provided by the agency last legislative session for the first five courts did not include funding necessary for certain operational, leasing, staffing (court reporters and law clerks), and security personnel.

**Recommendations include the agency's request for \$3.3 million in General Revenue and 6.0 FTEs for unanticipated costs associated with the original five business courts.**

Recommendations do not include the agency's request for \$7.4 million in General Revenue and 8.0 FTEs for the creation of an additional six business courts (See also, Items Not Included in Recommendations #1).

3. **Court Text Reminder Program.** The Eighty-eighth Legislature, Regular Session, appropriated \$2.2 million in General Revenue for creating and maintaining a Court Text Reminder Program authorized by the enactment of House Bill 4293, Eighty-seventh Legislature, Regular Session, 2021. The program allows clerks to send reminder text message notifications to criminal defendants scheduled for a hearing.

According to the agency, ongoing costs for contracted text message services are unknown and dependent on historical spending patterns not yet established. Costs are based on jurisdiction implementation, quarterly production services, and market rates per text/email. As of September 2024, there are 21 counties interested in the program and one county (Hidalgo) fully implemented.

Recommendations continue funding for contracted texting services at 2024-25 levels.

4. **15th Court of Appeals.** Senate Bill 1045, Eighty-eighth Legislature, Regular Session, created the 15th Court of Appeals and provided \$2.4 million in General Revenue funds and 17.0 FTE's each fiscal year in the 2024-25 biennium. Under the provisions of the bill, the 15th Court of Appeals was statutorily established at the beginning of fiscal year 2025 (September 1, 2024). As a result, fiscal year 2024 appropriations were transferred to the OCA to aid in the construction of facilities and hiring of court personnel.

Recommendations remove \$2.4 million in one-time funding and 17.0 FTEs provided to OCA for the establishment of the court.

5. **Specialty Court Case Management IT System.** House Bill 2955, Eighty-sixth Legislature, Regular Session, transferred oversight of Specialty Court programs from the Office of the Governor to OCA. As such, OCA is responsible for ensuring best practice standards and offering support and technical assistance to all seven specialty court types, including Family Treatment Courts (14), Adult Treatment Courts (93), Veterans Treatment Courts (33), Mental Health Courts (29), Commercially or Sexually Exploited Persons Courts (5), Public Safety Employees Treatment Courts (1) and Juvenile Family Treatment Courts (26).

Counties with populations greater than 200,000 are statutorily required to establish an Adult Drug Court, a Mental Health Court, and a Commercially or Sexually Exploited Persons Court.

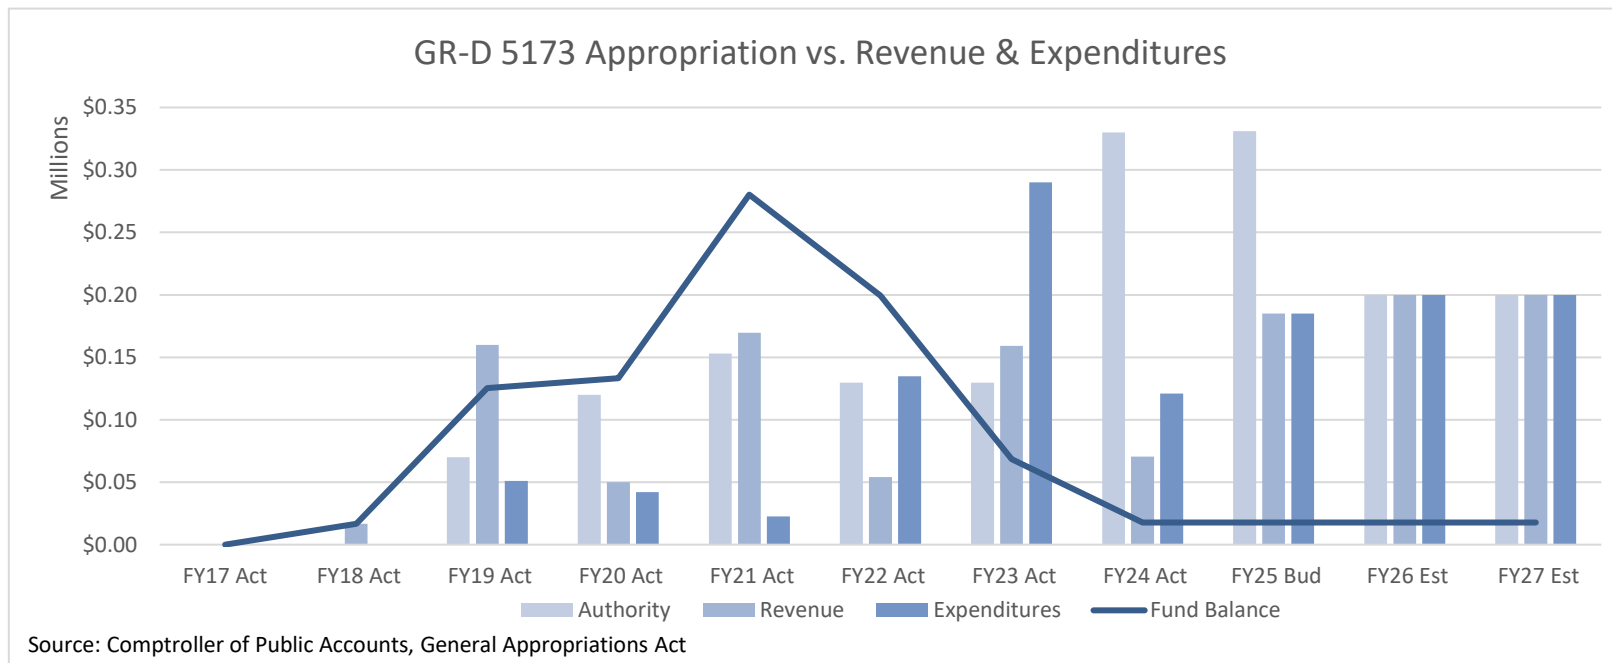

The agency is currently conducting a high-level data collection and management survey of all 201 specialty courts. As of September 2024, 27 respondents have indicated they do not collect specific information requested. Additionally, agency findings show that specialty courts use a wide variety of reporting systems to track actions and to provide statistical reports regarding outcomes. As a result, collection and interpretation of case data is inconsistent and indeterminable.

Recommendations do not include the agency’s request for \$3.9 million in General Revenue and 1.0 FTE Director position for the implementation of a new court case management IT system to be utilized by all specialty courts (See also, Item Not Included In Recommendations #4).

- 6. **General Revenue - Dedicated Texas Forensic Science Commission Account No. 5173.** Recommendations include \$0.4 million in General Revenue – Dedicated Texas Forensic Science Commission Account No. 5173 (GR-D 5173) for the Texas Forensic Science Commission, a decrease of \$0.3 million, or 39.5 percent, from 2024-25 spending levels.

Eighty-fifth Legislature, Regular Session, established GR-D 5173 when the Texas Forensic Science Commission was transferred from Sam Houston State University to OCA. The account is funded by fees from forensic analyst licensing and testing fees, which support the administration and enforcement of forensic analyst licensing, crime lab accreditation, and other forensic programs. Forensic analyst relicensing is required every two years, resulting in revenue fluctuations during the biennium. Revenue projections are based on estimates of new hires, including out-of-state analysts and recent graduates.

As seen in the figure below, revenue collections have fallen below the spending authority, leading to a decrease in the fund balance.

Additionally, OCA has indicated additional funding needs to meet updated requirements from the American National Standards Institute - National Accreditation Board. These changes include mandates for accredited labs to disclose nonconformities and non-consensuses proficiency results to the Texas Forensic Science Commission, creating additional operational needs.

Recommendations include the agency’s request for \$0.5 million in General Revenue and 1.0 FTE for the creation of a new cross-discipline training program (\$0.3 million) and an additional scientist position (\$0.2 million) to address the new requirements.

- 7. **Exemption from Appropriations Limited to Revenue Collections for the Judicial Branch Certification Commission.** Administratively attached to OCA, the Judicial Branch Certification Commission (JBCC) oversees the certification, registration, and licensing of court reporters, guardians, process servers, and licensed court interpreters. Rider 6 of OCA’s bill pattern, Appropriations Limited to Revenue Collections, limits General Revenue appropriations in Strategy C.1.1, Judicial Branch Certification Commission, and Other Direct and Indirect Costs (ODIC) to fees and revenues generated through the collection of license registration fees and test fees.

According to data provided by the agency, of the 21 states that charge an initial application fee or exam fee for court reporters, Texas ranks approximately 6<sup>th</sup> and 10<sup>th</sup> in cost, respectively. Current fees for court reporters include \$200 for an initial application and \$100-175 for testing. The Commission is considering restructuring the current fee metric but must consider prohibitive increases in cost that may create barriers to entry for court reporters for which there is currently a statewide shortage.

Recommendations do not include the agency’s request for exemption from Appropriations Limited to Revenue Collections. Appropriations for administration of the JBCC for the 2026-27 biennium total \$1.3 million in All Funds.

- 8. **Texas Indigent Defense Commission.** Recommendations include \$145.1 million in All Funds, including \$80.1 million in General Revenue and \$65.0 million in General Revenue – Dedicated Fair Defense Account No. 5073 (GR-D 5073), a decrease of \$20.3 million from 2024-25 spending levels. The decrease includes \$10.0 million in GR-D Fund 5073 due to an anticipated decrease in court costs fee revenue and \$10.3 million in General Revenue due to the expiration of Unexpended Balance Authority provided by Senate Bill 30, Eighty-eighth Legislature, Regular Session, to provide indigent defense associated with Operation Lone Star as required by House Bill 9, Eighty-seventh Legislature, 2nd Called Session.

TIDC programs provide support for indigent defense through various initiatives, including:

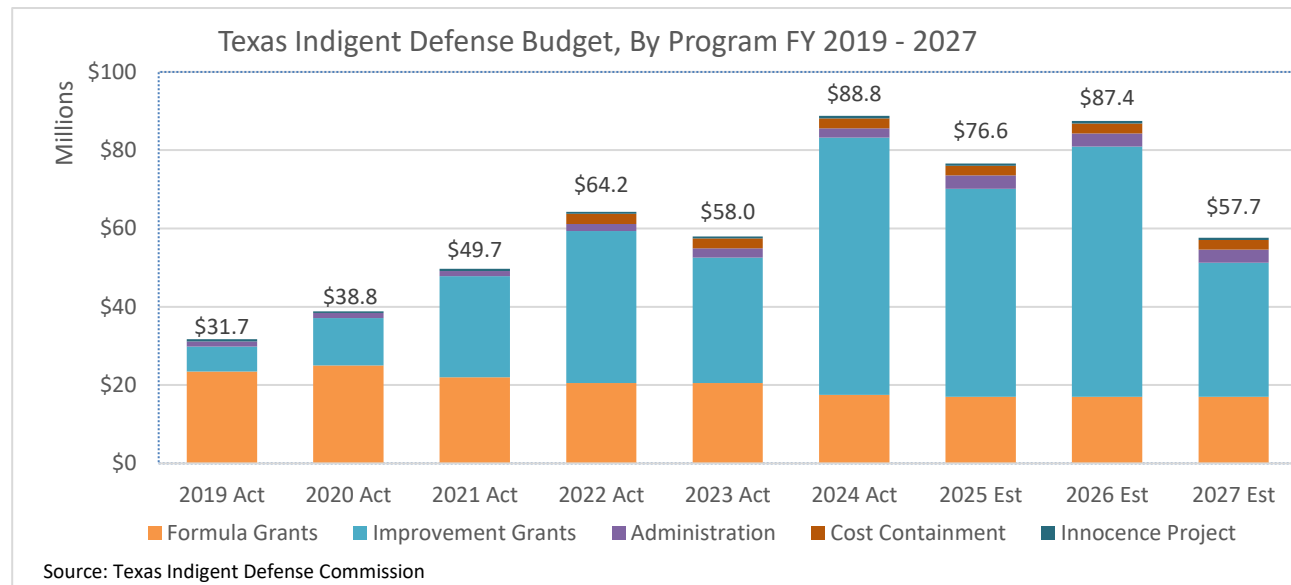

**Administration:** Supports the Commission’s staff and internal operations.

**Formula Grants:** Distributes grants to all Texas counties for indigent defense.

**Improvement Grants:** Awards competitive grants to counties for defense program enhancements.

**Cost Containment Initiative:** Assists counties in implementing cost-saving measures.

**Innocence Projects:** Allocates \$0.2 million per biennium to six law schools to fund innocence projects.

According to TIDC, certain revenue collections to GR-D Fund 5073 have recovered to pre-pandemic levels but others, specifically jury service fee revenue, have not. Senate Bill 346, Eighty-sixth Legislature, Regular Session, restructured the Consolidated Court fee paid by defendants convicted under certain sections of the Penal Code and redirected jury service fee revenue to a newly created Jury Service Fund (Other Fund). The bill requires amounts exceeding \$10.0 million in the Jury Service Fund to be transferred to GR-D Fund 5073. To date, GR-D Fund 5073 has not received any transfers from the Jury Service Fund, resulting in a decline in revenue of approximately \$6.0 million per fiscal year.

Recommendations include restructuring GR-D Fund 5073 appropriations so that the Office of Capital and Forensic Writs (OCFW) is fully funded with General Revenue Funds. Previously, GR-D Fund 5073 supported both TIDC and OCFW operations, including benefits costs. The method of finance swap totals \$7.7 million, including \$6.5 million for agency salaries and operations and \$1.2 million for benefit costs. The effect of this decision positively impacts the provision of indigent defense services by TIDC by reducing the impact of the \$10.0 million shortfall in revenue collections.

Recommendations do not include TIDC's request for \$111.2 million in General Revenue for (See also, TIDC Items Not Included in Recommendations #1-4):

- \$19.7 million to supplement revenue shortfalls to GR-D Fund 5073;
- \$47.5 million for grants supporting legal representation in Department of Family and Protective Services cases;
- \$35.0 million to expand formula and discretionary grants for public defender offices; and
- \$8.9 million and 1.0 FTE to establish an attorney pipeline program to address public defender shortages.

9. **Border Security.** Total appropriations to OCA for Operation Lone Star (OLS) equal \$44.9 million in General Revenue. House Bill 9, Eighty-seventh Legislature, 2<sup>nd</sup> Called Session, appropriated \$32.5 million in General Revenue to assist with OLS functions, including the provision of indigent legal representation, foreign language interpreters, increased staff functions, equipment purchases, and administrative costs. The Eighty-eighth Legislature, Regular Session, appropriated an additional \$12.4 million in General Revenue for in-person adjudication of OLS felony cases.

Rider Highlights - House**

**Modification of Existing Riders**

1. Recommendations modify Rider 7, Mileage Reimbursement for Children's Courts Staff, to include the newly created business courts as entities eligible for travel reimbursements.
2. Recommendations modify Rider 5, Texas Indigent Defense Commission, to allow the commission to grant funds to establish and operate a regional public defender office to serve Wharton and Matagorda counties.
3. The following riders include recommendations to remove obsolete language, make conforming changes such as updating fiscal years and amounts to reflect funding recommendations, and clarify deadlines: Rider 2, Capital Budget, Rider 5, Texas Indigent Defense Commission, Rider 6, Appropriations Limited to Revenue Collections, Rider 8, Forensic Science Commission Operating Account, Rider 9, Statewide eFiling System Account Estimated Appropriation, Rider 11, Protective Order Enforcement Study, Rider 13, Costs for Court Text Reminder Program, Rider 16, Lump Sum Annual Leave Payout, and Rider 19, Public Defender Offices in Rural Areas.

**Deleted Riders**

1. Recommendations delete Rider 10, Contingency for Behavioral Health Funds, as all provisions are currently covered in Article IX, Section 10.04, Statewide Behavioral Health Strategic Plan and Coordinated Expenditures.
2. Recommendations delete Rider 11, Protective Order Enforcement Study, and Rider 19, Public Defender Offices in Rural Areas, due to the completion of the assessment.
3. Recommendations delete Rider 14, Guardianship Associate Judges, and Rider 15, District and County Personnel Workload Analysis, due to the removal of one-time funding to establish a specialty guardianship court pilot program and to conduct a study of the court personnel workload of district and statutory county courts.
4. Recommendations delete contingency Rider 17, Contingency for Senate Bill 1318 and Rider 18, Contingency for Senate Bill 27, due to the enactment of the legislation in the 88<sup>th</sup> Legislature, Regular Session, 2023.

Notes:

a) Agency FTEs for FY24 include 17.0 FTEs provided by the enactment of Senate Bill 1045, Eighty-eighth Legislature, Regular Session, and 1.0 FTEs provided by the enactment of Senate Bill 1318, Eighty-eighth Legislature, Regular Session. Senate Bill 1045 established the 15th Court of Appeals. Following the creation of the court on September 1, 2024, 17.0 FTE's and funding for fiscal year 2025 were transferred to the 15th Court of Appeals bill pattern.

b) Section 8, Schedule of Exempt Positions, of the Special Provisions-Judiciary, authorizes the Chief Justice of the Supreme Court of Texas to set the salary for the Administrative Director of the Office of Court Administration in an amount within the salary group for the position. Written notification was provided to the Governor's Office, the Legislative Budget Board, and the Comptroller of Public Accounts, in alignment with the provision on August 22, 2023 to increase the Administrative Director's to \$230,535. Another written notification dated August 30, 2024 increased the Administrative Director's salary from \$230,535 to \$240,062.

c) State Auditors Office is the source for the fiscal year 2023 and 2024 annual average (actual) FTE level.
