Agency Budget and Policy Issues and/or Highlights

The Permanent Fund Supporting Military and Veterans Exemptions (MVE) is authorized by Education Code, Section 54.3411. The MVE was established to assist public institutions of higher education to offset the waived tuition and fee revenue from the Hazlewood Legacy Program (HLP). In accordance with HLP, qualifying veterans may assign up to 150 unused semester credit hours of their state tuition exemption to dependents that meet certain eligibility requirements.

The bill pattern for this agency (2026-27 Recommended) represents an estimated 100.0% of the agency's estimated total available funds for the 2026-27 biennium.

Selected Fiscal and Policy Issues - House**

1. **Basis for the Estimated Appropriations from MVE.** Pursuant to Education Code, Section 54.3411 requirements, the Texas Treasury Safekeeping Trust Company (TTSTC) administers the Permanent Fund Supporting Military and Veterans Exemptions (MVE) and determines the amount available for distribution from the fund. For fiscal year 2025, TTSTC determined the MVE distribution amount based on 3.5 percent of the 20-quarter moving average value of the MVE. The current value of the MVE as of July 31, 2024 is \$338.4 million (see page 5 for historical values of the MVE corpus).
2. **Maintain General Revenue Appropriations.** In addition to the MVE distributions, the legislature has also appropriated General Revenue for the Hazlewood Legacy Program (HLP) since the 2018-19 biennium through the MVE bill pattern. The General Revenue support totaled \$30.0 million for the 2018-19 biennium but was reduced to \$28.5 million for the next two biennia due to a 5% budget reduction in General Revenue appropriations. The Eighty-eighth Legislature, 2023, increased the HLP appropriation for the 2024-25 biennium to \$214.9 million as part of a package related to higher education affordability. **Recommendations maintain the 2024-25 biennium funding level of \$214.9 million in General Revenue.**
3. **Distribution of MVE and General Revenue Appropriations.** The distribution requirements for MVE appropriations are set in Education Code, Section 54.3411(e), which indicates MVE funds may be appropriated only to offset the cost to institutions for the HLP exemptions. The amount appropriated to eligible institutions must be in proportion to each institution’s respective share of the aggregate cost to all institutions for the HLP exemptions, as determined by the Legislative Budget Board using HLP data provided by the Texas Veterans Commission.

Total appropriations, including both MVE and General Revenue, to eligible institutions for HLP for fiscal years 2018-27 are as follows:

Notes: *FY 24-26 data is not yet available for FY25-27 distributions.
**FY 26-27 MVE distribution is estimated.

From fiscal years 2018 to 2023, annual HLP appropriations, including both MVE and General Revenue support, covered approximately 14.0 percent of the institutions' waived tuition and fee revenue. Due to the increase in General Revenue provided by the Eighty-eighth Legislature, annual HLP appropriations increased to cover 73.9 percent of waived tuition and fee revenue in fiscal year 2024.
