Note: During April 2020, TDCJ temporarily suspended the transfer of individuals into state custody as part of the effort to contain the spread of COVID-19. The transfers resumed in July 2020. Release policies and decisions were not modified during this time period. Individuals are discharged when sentences are completed and released as eligible.

On-line bed capacity reflects the total number of TDCJ beds available for the permanent assignment of individuals incarcerated within state correctional institutions. As of August 2022, 10,018 beds were temporarily removed from on-line bed capacity (572 due to maintenance projects and 9,446 due to staffing shortages). Also at this time, on-line bed capacity did not include 2,223 temporary placement beds, which include medical (hospital beds and unit-based infirmary beds), transfer holding, and pre-hearing detention beds. Individuals who've received a temporary placement bed also have a permanent bed assigned to them. The total number of Intermediate Sanction Facility (ISF) beds at the end of the month was 2,581.

**Recent Capacity Adjustments and Other Notes:**

- During August 2022, 432 beds were added to the Stiles Unit due to current inmate population trends, bed utilization efforts and agency needs.
- During July 2022, a trusty camp was idled at Memorial Unit (321) due to staffing shortages.
- During June 2022, agency capacity was decreased at the Glossbrenner Unit (204 beds) due to a maintenance project.
- During May 2022, agency capacity was decreased at the Telford Unit (432 beds) due to staffing shortages.
- During April 2022, agency capacity was increased at the Bradshaw Unit (256 beds) due to Operation Lone Star.
- During March 2022, agency capacity was reduced by a net of 1,728 beds. Capacity increased at the Bradshaw Unit (256 beds) due to Operation Lone Star and decreased at the Clements Unit (864 beds), Daniel Unit (504 beds), Lindsey Unit (384 beds), and Plane State Jail (232 beds) due to staffing shortages.
- During December 2021, agency capacity was reduced by 1,094 beds. The completion of a sheltered housing project and the beginning of a maintenance project permanently reduced capacity at the Lewis Unit (94 beds) and temporarily reduced capacity at the Clemens Unit (368 beds). To better meet the needs of the population, prison beds at the Henley Unit (64 beds) were converted to ISF beds and 568 beds (432 at the Telford Unit and 136 at the Rudd Unit) were temporarily removed from capacity due to staff shortages.
- During October 2021, agency capacity was increased by 256 beds when the Bradshaw Unit was reopened to adjust for beds dedicated to Operation Lone Star.
- During September 2021, agency capacity was temporarily reduced by 1,224 beds at the Segovia Unit. The beds removed from capacity are being used to house confinees charged with offenses related to Operation Lone Star.

Capacity Adjustments and Other Notes:

- In June 2022, TJJD temporarily halted intakes to its secure facilities, citing an inability to maintain compliance with PREA staff ratios and to meet basic supervision needs. No anticipated end date was given.
- As of October 2020, TJJD residential operating capacity includes all online and offline beds in state facilities, and all beds occupied in contract facilities.
- In August 2019, TJJD operating capacity decreased by 24 beds due to the closure of the Cottrell halfway house.
- In June 2018, TJJD operating capacity decreased by 149 beds. This was due to the transfer of the ownership of the Corsicana facility to the City of Corsicana.
- In September 2013, TJJD operating capacity decreased by 319 beds. This was due to the reduction in capacity at the Corsicana facility (49 beds), Giddings facility (46 beds), McLennan facility (120 beds), Ron Jackson I facility (16 beds), halfway houses (40 beds), and contract residential placements (48 beds).

<sup>4</sup>Unavailable FTE includes staff in pre-service training and staff on FMLA or other leave.

**Supplemental Definition and Classification**

**Texas Department of Criminal Justice Community Supervision (Adult Probation) Populations**

- <sup>1</sup> Supervision placements include adjudicated probation, deferred adjudication, and return from shock incarceration.
- <sup>2</sup> Successful supervision terminations include early terminations and those with expired terms.
- <sup>3</sup> Unsuccessful supervision terminations include revocation to county jail, state jail, prison, and other revocations.
- <sup>4</sup> Total terminations in this graph include successful terminations, unsuccessful terminations, and terminations due to death.

**Texas Juvenile Justice Department: State Correctional Populations**

- <sup>1</sup> Historical numbers in this report may be updated to reflect current information.
- <sup>2</sup> A new commitment is a juvenile committed to the Texas Juvenile Justice Department (TJJD) for the first time.
- <sup>3</sup> A determinate sentence is a commitment for a specified period of time that is set by the juvenile court and can last up to 40 years in length; those who have not completed their sentence length by their 19th birthday are transferred to the adult system to complete the sentence.
- <sup>4</sup> An indeterminate sentence is a commitment for an unspecified length of time up to the individual's 19th birthday; TJJD has sole discretion over the commitment length.
- <sup>5</sup> Since January 2016, a youth is said to have multiple commitments when there is more than one lawful court order committing him/ her to the TJJD simultaneously. This differs from a recommitted youth, which is a youth who has been *discharged* from a TJJD commitment, usually due to positive completion of the program before age 17, only to reoffend and be *committed again* ("recommitted") by a judge with jurisdiction over juvenile court. Prior to January 2016, the term recommittal was used in lieu of multiple commitments.
- <sup>6</sup> The information in this column reflects the level associated with the alleged offense initiating the parole revocation process.
- <sup>7</sup> Other commitments (also referred to as negative movements) are juveniles who are returned to a state residential facility for medical care, mental health care, or other non-disciplinary reasons. Other commitments can also include juveniles moved to a secure facility for a court hearings.
- <sup>8</sup> Total admissions is the sum of total new commitments, total multiple and commitments, total revocations, and other.
- <sup>9</sup> This calculation included a juvenile who had an unusually long length of stay.
- <sup>10</sup> Numbers may not sum exactly due to rounding.
- <sup>11</sup> As of October 2020, TJJD residential operating capacity includes all online and offline beds in state facilities, and all beds occupied in contract facilities.

**Texas Juvenile Justice Department: Juvenile Probation Department Supervision Populations**

- <sup>1</sup> A formal referral occurs when: 1) delinquent conduct, conduct indicating a need for supervision (CINS), or a violation of probation was allegedly committed; 2) the local juvenile probation department has jurisdiction and venue; and 3) face-to-face contact occurs with the department or official designated by the local juvenile board. Juveniles are typically referred to juvenile probation departments by schools and law enforcement but may also be referred by social workers, parents, and others. Historical numbers in this report may be updated to reflect current information.
- <sup>2</sup> Misdemeanor Offenses include contempt of magistrate orders in addition to class A and B misdemeanor offenses.
- <sup>3</sup> Conduct in Need of Supervision (CINS) is a non-criminal offense for a juvenile and includes public intoxication, truancy, running away from home, fine-only offenses transferred to a juvenile court from a municipal or justice court, inhalant abuse, and expulsion from an alternative school setting for persistent misconduct.
- <sup>4</sup> Dispositions reflect the outcomes of referrals to juvenile probation departments. The dispositions listed do not include consolidated or transferred cases. Adjudicated probation includes all adjudicated dispositions of probation and modifications of probation. Dismissed dispositions include dismissals, findings of not guilty, and findings of no probable cause. Supervisory caution is a non-judicial disposition that may involve such actions as referring the child to a social service agency or a community-based first offender program operated by law enforcement, contacting parents to inform them of the child's activities, or simply warning the child about his or her activities. Historical numbers in this report may be updated to reflect current information. Figures in the table represent the number of cases, not the number of juveniles. A juvenile may have more than one case in a quarter.
- <sup>5</sup> Juveniles under conditional predisposition, deferred prosecution, or adjudicated probation supervision may also be on Intensive Supervision (ISP) and/or placed in a secure or nonsecure residential facility. ISP is a form of supervision that typically involves smaller caseloads supervised by specially trained probation officers and more frequent contacts between the juvenile and his or her probation officer. Juveniles under deferred prosecution or adjudicated probation supervision may be placed in a secure or nonsecure residential facility.
- <sup>6</sup> The Juvenile Justice Alternative Education Program (JJAEP) table and graph include information associated only with those students receiving a mandatory placement, those for whom the state provides reimbursement, though JJAEPs may accept students referred for discretionary reasons. The number of mandatory attendance days in June and July are low because many schools close in May and others only operate for part of June. The counts in summer school are also typically low because operating a summer school is optional. Historical numbers in this report may be updated to reflect current information.
- <sup>7</sup> Mandatory Attendance Days reflect the sum of the number of days mandatory students attended JJAEPs within the month.
- <sup>8</sup> The graph reflects the number of juveniles certified as an adult and the number of cases sent to TJJD state residential facilities.
- <sup>9</sup> The Juvenile Justice Alternative Education Program graph reflects mandatory attendance days accrued during the regular school year and does not include those accrued during summer school. Since summer school is optional and reimbursement is only available when sufficient funding exists, including only the regular school year renders year-to-year results that are comparable over time.
