### Board of Veterinary Medical Examiners Selected Fiscal and Policy Issues - Senate

- 1. Sunset Review. The agency is currently undergoing Sunset review (see Rider Highlights, #3 Sunset Contingency). The Sunset Commission staff reported concerns with the agency's administration and operation. The Sunset Commission adopted the following recommendations: require the agency to establish a risk-based approach to onsite inspections with a goal to inspect each licensee every eight years, allow the board to contract with licensed veterinarians to conduct medical reviews, require licensees to report dispensing and prescribing data to the Texas Prescription Monitoring Program and update and improve the agency's database. The Sunset Commission recommends to continue the agency for four years with quarterly reporting on the implementation of the Sunset Commission recommendations.
- 2. Peer Assistance Funding. The agency's Peer Assistance Program was identified as behavioral health funding and included in the 2016-17 Statewide Behavioral Health Coordinated Expenditure Proposal and Plan. The Peer Assistance Program provides referrals to treatment providers, tracks compliance agreements, and provides education and support to impaired licensees. The agency's program, totaling \$60,000 for the 2016-17 biennium, was exempt from the four percent General Revenue reduction. Recommendations continue \$60,000 in funding for this program in the 2018-19 biennium (see Rider Highlights, #2 Contingency for Behavioral Health Funds and Items Not Included in Recommendations, #7).
