#### Office of the Governor Selected Fiscal and Policy Issues - Senate

1. Unexpended Balances (UB). Recommendations include continuation of authority to carry forward UB within and between biennia. The agency reported in its 2018-19 base reconciliation carry forward of approximately \$6.6 million in General Revenue from fiscal year 2017 into the 2018-19 biennium. The agency estimated the UB at the end of fiscal year 2019 to be \$0.

A result of this estimated expenditure of \$6.6 million in UB in the 2018-19 biennium is the growth of the base, which serves as the basis of the 2020-21 request. The agency request for the 2020-21 biennium does not include this additional UB amount and is in line with 2018-19 appropriated amounts.

2. Transfer of Appropriations and Full-Time Equivalents (FTEs). Recommendations continue the authority to allow the transfer of appropriations and FTEs between the Office of the Governor and Trusteed Programs Within the Office of the Governor, and the transfer of appropriations and FTEs from the Office of the Governor and Trusteed Programs Within the Office of the Governor to other agencies, within limits established by Article IX, Section 14.01, Appropriation Transfers.
