3. **Updated Actuarial Valuation.** The Employees Retirement System shall contract with an actuary to perform a limited actuarial valuation of the assets and liabilities of the Employees Retirement System as of February 28 in those years when the Legislature meets in regular session. The purpose of the valuation shall be to determine the effect of investment, salary, and payroll experience on the unfunded liability, the amortization period, and the state contribution rate, which results in a 30-year amortization period of the Retirement System.

4. **State Contribution to Employees Retirement Program.** The amount specified above in A.1.1, ERS Retirement Program, is based on a state contribution of 9.5 percent of payroll for each fiscal year of the 2022-23 biennium, including annual membership fees of \$3 for contributing members for each fiscal year.

5. **State Contribution to the Law Enforcement and Custodial Officer Supplemental Retirement Fund (LECOS).** The amount specified above in A.1.2, LECOS Retirement Program, is based on 0.5 percent of covered payroll each fiscal year of the 2022-23 biennium for LECOS members.

6. **State Contribution to Judicial Retirement Program (JRS-2).** The amount specified above in A.1.3, Judicial Retirement System - Plan 2, is based on a state contribution of 15.663 percent of payroll for each fiscal year of the 2022-23 biennium for contributing members.

7. **State Contribution to Group Insurance for General State Employees.** Funds identified above for group insurance are intended to fund:
 - a. the total cost of the basic life and health coverage for all active and retired employees;
 - b. fifty percent of the total cost of health coverage for the spouses and dependent children of all active and retired employees who enroll in coverage categories which include a spouse and/or dependent children; and
 - c. the incentive program to waive participation in the Group Benefits Plan (Opt-Out).

In no event shall the total amount of state contributions allocated to fund coverage in an optional health plan exceed the actuarially determined total amount of state contributions that would be required to fund basic health coverage for those active employees and retirees who have elected to participate in that optional health plan.

During each fiscal year, the state's monthly contribution shall be determined by multiplying (1) the per capita monthly contribution as certified herein by (2) the total number of full-time active and retired employees, subject to any adjustment required by statute, enrolled for coverage during that month.

For each employee or retiree that waives participation in the Group Benefit Program and enrolls in allowable optional coverage, the Employees Retirement System shall receive \$60 per month in lieu of the "employee-only" state contribution amount, and such amounts are included above in Strategy B.1.1, Group Benefits Program. The waived participant may apply up to \$60 per month towards the cost of the optional coverage.

Each year, upon adoption of group insurance rates by the Board of Trustees, the Employees Retirement System must notify the Comptroller, the Legislative Budget Board, and the Governor of the per capita monthly contribution required in accordance with this rider for each full-time active and retired employee enrolled for coverage during the fiscal year.

It is the intent of the Legislature that the Employees Retirement System control the cost of the group insurance program by not providing rate increases to health care providers participating in HealthSelect during the 2022-23 biennium.

- 13. Notification of Contracts Greater than \$10 Million.** It is the intent of the Legislature that the agency shall submit notice to the Legislative Budget Board at least ten business days prior to issuing a request for proposals for a contract, as defined in Article IX, Section 7.04 of this Act, with a value reasonably expected to exceed \$10 million. The notice shall be provided consistent with the agency's fiduciary duties. The notice shall be provided on a form prescribed by the Legislative Budget Board. The notice shall include:
- a. a brief description of the request for proposals; and

- b. guidelines for evaluators;
- c. methodology for evaluating additional factors not anticipated during planning; and

15. Health Related Institutions Savings. It is the intent of the legislature that the HealthSelect of Texas network administered under the Employees Retirement System of Texas Group Benefits Program shall maintain competitive and favorable contracted provider rates with Health Related Institutions receiving appropriations under this Act. The Employees Retirement System may initiate and continue innovative value-based plan design models and partnerships with Health Related Institutions.

16. Right to Shop Incentive. It is the intent of the Legislature that the Employees Retirement System incentivize participants to shop for lower cost care within the health plan in order to achieve shared savings. In accordance with existing laws, the agency may contract with one or more third-party vendors for this purpose.

(b) Not later than September 1, 2022, the Health and Human Services Commission shall prepare and submit to the legislature a written report that includes the results of the study conducted under Subsection (a) of this section.

152. Utilization of Federal Relief Dollars for Medicaid Home and Community Based Services Programs. It is the intent of the Legislature that any Federal Funds provided to the Health and Human Services Commission (HHSC) for the provision of home and community-based services (HCBS) in the Families First Coronavirus Relief Act (FFCRA), Coronavirus Aid, Relief, and Economic Security (CARES) Act, the American Rescue Plan Act of 2021, or any other federal COVID-19 relief bill be subject to the following conditions:

(a) HHSC shall only expend such funds on Medicaid initiatives that:

(1) directly increase access to care, including direct service provisions, rate increases for all providers of direct services, supplies, and equipment;

(2) increasing waiver and emergency diversion slots and decreasing interest lists;

(3) funding of new and existing state laws governing the operation or implementation of the Medicaid program;

(4) exploring opportunities to draw additional federal funding provided by the Advancing Care for Exceptional (ACE) Kids Act; and

(5) achieving full compliance with federal law and regulations governing HCBS, including federal HCBS settings rules.

(b) HHSC shall ensure funds identified for provider rate increases are directly reimbursed to providers of direct services, supplies, and equipment;

(c) HHSC shall ensure that managed care organizations reimburse the full amount of funds referenced under subsection (a)(1) to providers of direct services, supplies, and equipment;

(d) HHSC shall not use or expend funds directly or indirectly for payroll of any kind, contract administration, or administrative services provided by managed care organizations. Funds identified for provider rate increases may not be used directly or indirectly for administrative services, payroll, bonuses, or costs unallowable under state or federal law or regulation or the Uniform Managed Care Contract; and

(e) HHSC shall only use these funds for the purposes set out in this provision to supplement, not supplant, state dollars appropriated for the operation of the Medicaid program.

153. Medicaid Provider Rate Increases. It is the intent of the Legislature that when Medicaid provider rates are increased as a result of a legislative appropriation, change in the Federal Medical Assistance Percentage, or other action, the Health and Human Services Commission shall ensure managed care organizations (MCO) reimburse the full amount of funds that equate to the difference between the state Medicaid fee-for-service rate and the percentage increase associated with the causal event, regardless of the pre-existing rate in place between the provider and the MCO.

154. Postpartum Depression Screening and Treatment Report. The Health and Human Services Commission (HHSC), in coordination with the Department of State Health Services, shall submit a report on prevalence, screening, and treatment of postpartum depression. **SPECIAL PROVISIONS RELATING TO
ALL HEALTH AND HUMAN SERVICES AGENCIES**

(Continued)

- (1) an evening or night shift salary differential, not to exceed 15 percent of the monthly pay rate, to personnel who work the 3:00 p.m. to 11:00 p.m. or the 11:00 p.m. to 7:00 a.m. shift or the equivalent; and
- (2) a weekend shift salary differential, not to exceed 5 percent of the monthly pay rate, to persons who work weekend shifts.

The evening or night shift salary differential may be paid in addition to the weekend shift salary differential for persons working evening or night shifts on the weekend.

Sec. 3. Services to Employees. The Department of State Health Services, Department of Family and Protective Services and Health and Human Services Commission may expend funds for the provision of first aid or other minor medical attention for employees injured in the course and scope of their employment and for the repair and/or replacement of employees' items of personal property which are damaged or destroyed in the course and scope of their employment so long as such items are medically prescribed equipment. Expenditures for such equipment may not exceed \$500 per employee per incident.

Sec. 4. Federal Match Assumptions and Limitations on Use of Available General Revenue Funds.

- a. **Federal Match Assumptions.** The following percentages reflect federal match assumptions used in Article II of this Act.

Federal Medical Assistance Percentage (FMAP)

	<u>2022</u>	<u>2023</u>

State Fiscal Year	60.88%	60.95%

- b. **Enhanced Match Assumptions and Reporting.** Health and human services agencies listed in Article II of this Act shall submit to the Legislative Budget Board and the Governor the monthly number of clients receiving services eligible for any enhanced federal match as well as the amount of eligible expenditures subject to an enhanced match, by strategy. The data shall be submitted on a monthly basis in a format specified by the Legislative Budget Board. For purposes of this section, enhanced federal matches are defined as an increase to the usual matching rate (regardless of what the usual match is) that are, or become, available under Medicaid or another federally-matched program. Enhanced federal matches include, but are not limited to, those made available through the Money Follows the Person demonstration and the Community First Choice Program. Whether or not a match meets the definition of enhanced federal match for purposes of this section will be at the discretion of the Legislative Budget Board.

Appropriations to the Health and Human Services Commission in Article II of this Act have been adjusted to reflect \$151,242,730 increased Federal Funds and reduced General Revenue Funds due to enhanced matches under the Community First Choice program.

**SPECIAL PROVISIONS RELATING TO
ALL HEALTH AND HUMAN SERVICES AGENCIES**
(Continued)

Any other Article II agency is still subject to the requirements of subsections (b) and (c) of this provision if any agency expenditures receive an enhanced federal match.

- c. **Limitations on Use of Available General Revenue Funds.** Notwithstanding the limitations of Article IX, Section 13.02(a), in the event the actual FMAP and EFMAP should be greater than shown in subsection (a), or the amount of increased Federal Funds and reduced General Revenue Funds due to enhanced matches should be greater than shown in subsection (b), or if any other matching rate becomes more favorable than the rate assumed in the General Appropriations Act, the health and human services agencies in Article II of this Act are authorized to expend the General Revenue Funds thereby made available only with the prior written approval of the Legislative Budget Board and Governor.

To request approval to expend available General Revenue Funds, an agency shall submit a written request to the Legislative Budget Board and the Governor. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts. The request shall include the following information, by fiscal year:

- (1) a detailed explanation of the proposed use(s) of the available General Revenue Funds and whether the expenditure(s) will be one-time or ongoing;
- (2) the amount available by strategy;
- (3) the strategy(ies) in which the funds will be expended and the associated amounts, including any matching Federal Funds;
- (4) an estimate of performance levels and, where relevant, a comparison to targets included in this Act; and
- (5) the capital budget and/or full-time equivalent impact.

Additional information requested by the Legislative Budget Board or the Governor should be provided in a timely manner. The request and information provided subsequently shall be prepared in a format specified by the Legislative Budget Board.

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issue a written disapproval within 30 business days of the date on which the staff of the Legislative Budget Board concludes its review of the proposal to expend the funds and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor. Any requests for additional information made by the Legislative Budget Board shall interrupt the counting of the 30 business days.

The Comptroller of Public Accounts shall not allow the expenditure of General Revenue Funds made available if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

Sec. 5. Attorney General Representation. The Attorney General and the respective head of the Health and Human Services Commission or a health and human services agency listed in Article II of this Act are authorized to use the funds appropriated above to jointly select one or more Assistant Attorneys General to be assigned to the respective agency.

Sec. 6. Limitations on Transfer Authority. Notwithstanding the limitations of Article IX, §14.01, Appropriation Transfers, of this Act, the Executive Commissioner of the Health and Human Services Commission is authorized to make transfers of funding and full-time equivalents (FTEs) between the Department of State Health Services and the Health and Human Services Commission (HHSC), subject to the following requirements. Transfers that exceed \$1,000,000 in General Revenue or FTE adjustments of more than 10.0 FTEs are subject to the prior written approval of the Legislative Budget Board and the Governor. Transfers below these thresholds require written notification to the Legislative Budget Board and Governor within 30 days of the transfer. The total of all transfers from a strategy may not exceed \$1,000,000 without the prior written approval of the Legislative Budget Board and the Governor.

**SPECIAL PROVISIONS RELATING TO
ALL HEALTH AND HUMAN SERVICES AGENCIES**
(Continued)

- d. the capital budget impact.

Additional information requested by the Legislative Budget Board or the Governor should be provided in a timely manner. The request and information provided subsequently shall be prepared in a format specified by the Legislative Budget Board.

In the case of disaster or other emergency, this provision is superseded by the emergency-related transfer authority in Article IX of this Act.

Notwithstanding other provisions of this Act, the use of appropriated funds for a rate paid by the Health and Human Services Commission (HHSC) or the Department of State Health Services (DSHS) shall be governed by the specific limitations included in this provision.

For purposes of this provision, "rate" is defined to include all provider reimbursements (regardless of methodology), including for medications, that account for significant expenditures. - (e) all documentation submitted to the Centers for Medicare and Medicaid Services (CMS) pursuant to 42 C.F.R. §438.7.
 - (iii) an estimate of the fiscal impact, by agency, method-of-financing, and fiscal year, for each rate change listed for subsection (1).
 - (2) The Executive Commissioner of HHSC shall submit all available information identified in subsection (1) if the preliminary rates are changed and shall also submit the reason for these changes. The Executive Commissioner of HHSC shall submit the final proposed rates along with the information listed in subsection (1) no later than 45 calendar days prior to implementation.
 - (3) Within seven days of the submission requirements listed above in subsections (i) through (iii), the Executive Commissioner of HHSC shall submit a schedule identifying an estimate of the amount by which expenditures at such rate levels would exceed appropriated funding, by method-of-financing.
- b. **Orphan Drug Notification.** HHSC shall provide notification of a new or increased rate for an orphan drug within 60 calendar days following the addition of the drug as a payable benefit if managed care capitation rates are to be adjusted or the annual fiscal impact to fee-for-service expenditures is expected to exceed \$500,000 in General Revenue Funds. HHSC may allocate expenses between fee-for-service and managed care using a methodology that reflects the anticipated distribution of the client population eligible for the drug. An orphan drug must meet criteria specified in the federal Orphan Drug Act and regulations at 21 C.F.R. §316, and be required to be covered by the Medicaid program under federal law. With the notification, HHSC shall provide the fiscal impact by fiscal year and method-of-financing, the amount of drug rebates projected, and an estimate of the population to be served.
- c. **Semi-Annual Notification.** With the exception of statutorily required pricing updates on oral medications, HHSC shall provide notice on October 1 and April 1 of changed rates for:
- (1) new procedure codes required to conform to Federal Healthcare Common Procedure Coding System (HCPCS) updates;
 - (2) revised rates occurring as a result of a regularly scheduled rate review;
 - (3) any rate change or new rate for which managed care capitation rates will not be adjusted and estimated to have an annual fiscal impact of less than \$500,000 in General Revenue Funds; and
 - (4) any orphan drug not subject to the requirements of subsection (b).
- d. **Limitation on Rates that Exceed Appropriated Funding.** With the exception of those rates specified in subsections (b) or (c), HHSC and DSHS may not pay a rate that would result in expenditures that exceed, in any fiscal year, the amounts appropriated by this Act to a strategy for the services to which the rate applies without the prior written approval of the Legislative Budget Board and the Governor.

To request authorization for such a rate, the Executive Commissioner of HHSC shall submit a written request to the Legislative Budget Board and the Governor. At the same time, the agency shall provide a copy of the request to the Comptroller of Public Accounts. The request shall include the following information:

- (1) a list of each new rate and/or the existing rate and the proposed changed rate;
- (2) an estimate of the fiscal impacts of the new rate and/or rate change by agency, method-of-financing, and fiscal year; and
- (3) the amount by which each rate would exceed appropriated funding for each fiscal year by method-of-financing.

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 15 business days of the date on which the staff of the Legislative Budget Board concludes its review of the request for authorization for the

rate and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor. Any requests for additional information made by the Legislative Budget Board shall interrupt the counting of the 15 business days.

- e. Additional information requested by the Legislative Budget Board or the Governor should be provided in a timely manner. Notifications, requests, and information provided subsequently shall be prepared in a format specified by the Legislative Budget Board.
- f. The Office of the State Auditor may review the fiscal impact information provided under sections (a) through (d) along with supporting documentation, supporting records, and justification for the rate increase provided by HHSC and report back to the Legislative Budget Board and the Governor before the rate is implemented.
- g. The Comptroller of Public Accounts shall not allow the expenditure of funds for a new or increased rate if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the requirements of this provision have not been satisfied.

Sec. 13. Locality Pay. Out of funds appropriated above, the health and human services agencies listed in Article II of this Act are authorized to pay a salary supplement, not to exceed \$1,200 per month, to agency-determined employees whose duty station is located in an area of the state in which the high cost of living is causing excessive employee turnover, as determined by the agency. This salary supplement shall be in addition to the maximum salary rate authorized for that position elsewhere in this Act. In the event that an employee so assigned works on a less than full-time basis, the maximum salary supplement shall be set on a basis proportionate to the number of hours paid.

Sec. 14. Limitation: Expenditure and Transfer of Public Health Medicaid Reimbursements.

(a) **Appropriations.** Included in the amounts appropriated to the Department of State Health Services (DSHS) and the Health and Human Services Commission (HHSC) are the following amounts of Public Health Medicaid Reimbursements (Account No. 709):

(1) Department of State Health Services:

- (A) Strategy A.4.1, Laboratory Services: \$37,105,294 in fiscal year 2022 and \$37,197,270 in fiscal year 2023;
- (B) Strategy B.2.2, Texas Primary Care Office: \$225,576 in each fiscal year; and
- (C) Strategy E.1.1, Central Administration: \$366,935 in each fiscal year.

(2) Health and Human Services Commission:

- (A) Strategy A.4.1, Non-Full Benefit Payments: \$10,911,889 in fiscal year 2022 and \$37,401,897 in fiscal year 2023; and
- (B) Strategy G.2.1, Mental Health State Hospitals: \$47,303,996 in each fiscal year.

Revenue from Account No. 709 shall be distributed first to the item in subsection (a)(1) and then to the item in subsection (a)(2)(B) until the full amount of those appropriations is satisfied. Revenue from Account No. 709 shall be distributed to the appropriate agency within ten business days of receipt.

Appropriations from Account No. 709 shall be expended prior to utilization of General Revenue or General Revenue-Dedicated Funds in strategies identified in this subsection. In the event General Revenue or General Revenue-Dedicated Funds have been expended prior to the receipt of appropriations from Account No. 709, DSHS or HHSC shall reimburse General Revenue or General Revenue-Dedicated on a monthly basis.

HHSC may temporarily utilize funds identified in subsection (a)(2)(B) in Strategy A.4.1, Non-Full Benefit Payments, in August of 2023 if amounts identified in subsection (a)(2)(A) are expected to be available but have not yet been distributed.

(b) **Limitation on Use of Public Health Medicaid Reimbursements (Account 709).**

(1) In the event that Public Health Medicaid Reimbursement revenues exceed the amounts noted above, DSHS or HHSC may expend the Public Health Medicaid Reimbursement funds thereby made available only upon prior written approval from the Legislative Budget Board and the Governor. Notwithstanding Article IX, §14.01, Appropriation Transfers, and Special Provisions Relating to All Health and Human Services Agencies, §6, Limitations on Transfer Authority, transfers of Public Health Medicaid Reimbursement revenues may be made only upon prior written approval from the Legislative Budget Board and the Governor. A request to expend additional Public Health Medicaid Reimbursement funds or transfer Public Health Medicaid Reimbursement funds shall include the following information:

- (A) the reason for and the amount of Public Health Medicaid Reimbursement revenue that exceeds the amounts in subsection (a) above, and whether this additional revenue will continue in future years;
- (B) the reason for and the amount of any transfer of Public Health Medicaid Reimbursement revenue;
- (C) a detailed explanation of the purpose(s) of the expenditure and whether the expenditure will be one-time or ongoing;
- (D) the name of the strategy or strategies affected by the expenditure and the FTEs for each strategy by fiscal year;
- (E) the impact of the expenditure on performance levels, and, where relevant, a comparison to targets included in this Act for the affected strategy or strategies; and
- (F) the impact of the expenditure on the capital budget.

The request shall be considered to be approved unless the Legislative Budget Board or the Governor issues a written disapproval within 30 business days after the date the Legislative Budget Board staff concludes its review of the proposal to expend the funds and forwards the review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor. Any requests for additional information made by the Legislative Budget Board shall interrupt the counting of the 30 business days.

(2) In the event that Public Health Medicaid Reimbursement revenues and balances are insufficient to support the appropriations amounts identified in subsection (a), a reduction shall be made in HHSC Strategy A.4.1, Non-Full Benefit Payments.

Sec. 15. Use of Trauma Fund Receipts. In an effort to maximize the availability of Federal Funds under Medicaid for the purposes of providing reimbursement for uncompensated trauma care at designated facilities and providing increases in Medicaid inpatient provider rates, the Department of State Health Services (DSHS) and the Health and Human Services Commission (HHSC) shall enter into an interagency contract to allow for the transfer of funds from General Revenue-Dedicated Designated Trauma Facility and EMS Account No. 5111, from DSHS to HHSC for this purpose.

Appropriations include \$112,802,252 in each fiscal year out of the General Revenue-Dedicated Designated Trauma Facility and EMS Account No. 5111 to the Department of State Health Services, Strategy B.2.1, EMS and Trauma Care Systems. Of that amount, \$98,978,587 in each fiscal year is to be transferred through the interagency contract to HHSC to provide add-on payments for trauma care and safety-net hospitals in Medicaid.

If funds are not available in the amount appropriated from General Revenue-Dedicated Designated Trauma Facility and EMS Account No. 5111 in this Act, the amounts identified for transfer through interagency contract to HHSC shall be reduced by the amount that funds are less than appropriations and an equal amount of General Revenue Funds is appropriated to HHSC.

Sec. 16. Prohibition on Use of Appropriations for the Private Operation of a State Hospital. No funds appropriated by this Act shall be used to solicit bids for the private operation of a state hospital or for the private operation of a state hospital, without approval from the Legislative Budget Board.

Sec. 17. Charges to Employees and Guests. Collections for services rendered to employees and guests at the state supported living centers, state mental health hospitals, Rio Grande State Center, or the Texas Center for Infectious Disease ("facilities") shall be made by a deduction from the recipient's salary or by cash payment in advance. Such deductions and other receipts for these services from employees and guests are appropriated to the facilities. Refunds of excess collections shall be made from the appropriation to which the collection was deposited.

As compensation for services rendered, facilities may provide free meals for food service personnel and volunteer workers, and may furnish housing, meals, and laundry service in exchange for services rendered by interns, chaplains in training, and student nurses.

Sec. 18. New or Additional Facilities. No funds appropriated by this Act may be spent for constructing new or additional facilities or for the purchase of sites without specific authorization of the Legislature. All facilities shall be kept where they are located by the Legislature, and all new buildings to be constructed shall be on these sites unless otherwise specifically authorized by the Legislature. For the purpose of this section, specific authorization may be granted either by basic statute or special authorization in this Act.

Sec. 19. Revolving Petty Cash Funds. Each state mental health hospital, each state supported living center, the Rio Grande State Center, and the Texas Center for Infectious Disease may establish a petty cash fund to be maintained in cash or at a local bank. The petty cash fund, not to exceed \$25,000, shall be used only for making emergency payments and small purchases which will increase the efficiency of the operation; for payments to client workers on a regular payday basis; for use as change funds in specific locations where financial activities of the agency require a change fund; and for supplies and equipment purchases for on-campus work centers.

Sec. 20. Transfers of Appropriation - State Owned Hospitals. The Health and Human Services Commission (HHSC) and the Department of State Health Services (DSHS) shall transfer from non-Medicaid state appropriated funds the following amounts from HHSC Strategy G.2.1, Mental Health State Hospitals, and DSHS Strategy A.2.5, TX Center of Infectious Disease, to HHSC Goal B, Medicaid and CHIP Support, for the Disproportionate Share Hospital Reimbursement Program:

	<u>2022</u>	<u>2023</u>
State Mental Health Hospitals	\$157,897,928	\$157,897,928
Texas Center for Infectious Disease	<u>5,292,067</u>	<u>5,292,067</u>
	\$163,189,995	\$163,189,995

The timing and form of such transfers shall be determined by the Comptroller of Public Accounts in consultation with HHSC. The Legislative Budget Board may adjust the amounts of such transfers as necessary to match available federal funds. HHSC and DSHS shall also transfer non-Medicaid state appropriated funds as necessary for other qualifying state-funded community hospitals including mental health community hospitals. HHSC and DSHS shall monitor Medicaid utilization rates at these state-owned hospitals to ensure their qualification for the Disproportionate Share Hospital Reimbursement Program.

Sec. 21. Payment for Compensatory Time. The Health and Human Services Commission (HHSC) and the Department of State Health Services (DSHS), to the extent permitted by law, may pay FLSA non-exempt employees of state hospitals and state supported living centers on a straight-time basis for work on a holiday or for regular compensatory time hours when the taking of regular compensatory time off would be disruptive to normal business functions. In addition, HHSC and DSHS, with the explicit approval of the Health and Human Services Executive Commissioner, and the Department of Family and Protective Services (DFPS), with the explicit approval of the DFPS Commissioner, to the extent permitted by law, may pay FLSA non-exempt employees required to provide support during a federally declared disaster on a straight-time basis for work on a holiday or for regular compensatory time hours when the taking of regular compensatory time off would be disruptive to normal business functions.

Sec. 22. Appropriation of Local Funds. All unexpended balances of local funds received from counties, cities, and other local sources as of August 31, 2021, (estimated to be \$0) by an agency named in this Article, are appropriated to that agency for the same purposes for use during the fiscal biennium beginning September 1, 2021.

Sec. 23. Reporting of Child Abuse. All health and human services agencies listed in Article II of this Act may distribute or provide appropriated funds only to recipients who show good faith efforts to comply with all child abuse reporting guidelines and requirements set forth in Chapter 261 of the Texas Family Code.

Sec. 24. Federal Funds Requirements.

- (a) **Reporting Requirements.** All agencies listed in Article II of this Act shall submit the following information to the Legislative Budget Board and the Governor no later than the date the respective report is submitted to the federal government:
- (1) Notification of proposed State Plan amendments or waivers for any federal grant requiring a state plan, which shall also be provided to the permanent standing committees of the House and Senate with jurisdiction over health and human services;
 - (2) A copy of each report or petition submitted to the federal government relating to a federal grant requiring a state plan including petition disapprovals, expenditure reports, cost allocation revisions, and any loss of federal funding due to noncompliance with federal regulations; and
 - (3) Reports associated with Maintenance of Effort (MOE) for federal grants.
- (b) **Loss of Federal Funds.** All agencies listed in Article II of this act shall notify the Legislative Budget Board and the Governor on a timely basis about emerging issues that could result in the loss of more than \$1,000,000 in federal funds assumed in this Act.
- (c) **General Revenue Associated with MOE.** The agencies listed in Article II of this Act shall not increase the state's MOE requirement for any federal grant without prior written approval of the Legislative Budget Board and the Governor. To request approval, the agency shall submit a written request to the Legislative Budget Board and the Governor that includes the following information:
- (1) a detailed explanation of the need to increase the state's MOE requirement; and
 - (2) the impact the increase will have on future MOE requirements.

Sec. 25. Increase to Federal Medical Assistance Percentage (FMAP). It is the intent of the Legislature that the Health and Human Services Commission and the Department of Family and Protective Services utilize the 6.2 percentage point increase to FMAP to the extent allowable by the federal government throughout the duration of the COVID-19 public health emergency.

3. Foundation School Program Funding. In addition to funds appropriated above, the Foundation School Program is funded with local school district tax revenue. Local school district tax rates are adopted by locally elected school board trustees. Local school property tax rates are not set by the Legislature.

Out of the funds appropriated above, and any other funds appropriated for the Foundation School Program during the 2022-23 biennium, a total of \$26,234,400,000 in fiscal year 2022 and \$26,753,100,000 in fiscal year 2023 shall represent the sum-certain appropriation to the Foundation School Program. The total appropriation may not exceed the sum-certain amount. This appropriation includes allocations under Chapters 46, 48 and 49 of the Texas Education Code.

Formula Funding: The Commissioner shall make allocations to local school districts under Chapters 46, 48 and 49 based on:

- (a) estimates of average daily attendance provided by the Texas Education Agency in March 2021;

TEXAS EDUCATION AGENCY

(Continued)

- (b) local district tax rates as determined by the Legislative Budget Board;
- (c) final tax year 2020 property values; and
- (d) assumed increases in property values, and the estimates of local tax collections on which they are based, as estimated by the Comptroller of Public Accounts, of 0.29 percent for tax year 2021 and by 3.92 percent for tax year 2022.

The estimates identified in subsections (a) - (d) are projections provided by the Comptroller of Public Accounts and Texas Education Agency and used solely to determine initial state aid payments to school districts, and do not factor into the calculations of local tax base changes. Actual property value changes are determined by local appraisal districts.

To the extent that estimates provided for in subsections (a) - (d) above differ from a school district's actual average daily attendance, tax rates, property values, or local tax collections, the Commissioner shall settle-up with local school districts pursuant to Rider 7, Appropriation of Audit Adjustments, Settle-Up Funds and Attendance Credit Revenues and applicable provisions in Chapters 46, 48, and 49 of the Education Code.

For purposes of distributing the Foundation School Program basic tier state aid appropriated above and in accordance with §48.051 of the Texas Education Code, the Basic Allotment is established at \$6,160 in fiscal year 2022 and \$6,160 fiscal year 2023.

For purposes of distributing the Foundation School Program enrichment tier state aid appropriated above and in accordance with §48.202(a-1)(1), the Guaranteed Yield is \$98.56 in fiscal year 2022 and \$98.56 in fiscal year 2023, and in accordance with §48.202(a-1)(2), the Guaranteed Yield is \$49.28 in fiscal year 2022 and \$49.28 in fiscal year 2023.

Included in amounts appropriated above and allocated by this rider to the Foundation School Program, \$100,000,000 in each fiscal year of the biennium out of the Foundation School Fund No. 193 is for the New Instructional Facilities Allotment under §48.152 of the Texas Education Code.

Included in amounts appropriated above and allocated by this rider to the Foundation School Program, and pursuant to Education Code Sec. 42.168, the School Safety Allotment is set at \$9.72 per student in average daily attendance, estimated to be \$50,000,000 in each fiscal year.

From the amount appropriated above to the Texas Education Agency for Strategy A.1.1, FSP - Equalized Operations, in each year of the 2022-23 biennium, the Commissioner may not spend more than the amount that, together with all other amounts appropriated from the Foundation School Fund or another source of the Foundation School Program or for paying the costs of school property tax relief, is necessary to achieve a tax rate compression percentage, as defined by Sections 48.255, 48.2551, and 48.2552, Texas Education Code, and fully fund the school funding formulas under Chapters 48 and 49, Texas Education Code, without the prior approval of the Legislative Budget Board.

Notwithstanding any other provision of this Act, the Texas Education Agency may:

- (a) make transfers as appropriate between Strategy A.1.1, FSP - Equalized Operations, and Strategy A.1.2, FSP - Equalized Facilities; and
- (b) transfer Foundation School Program funds from fiscal year 2023 to 2022 to the extent necessary to avoid reductions in state aid as authorized by Texas Education Code §48.266(f).

The TEA shall notify the Legislative Budget Board and the Governor of any such transfers at least 15 days prior to the transfer.

The Texas Education Agency shall submit reports on the prior month's expenditures on programs described by this rider no later than the 20th day of each month to the Legislative Budget Board and the Governor's Office in a format determined by the Legislative Budget Board in cooperation with the agency.

TEXAS EDUCATION AGENCY
(Continued)

Contingent on the Commissioner of Education identifying a budget surplus of Foundation School Program funds appropriated above in either fiscal year of the 2022-23 biennium, the Commissioner shall notify the Legislative Budget Board and the Office of the Governor in writing no later than 30 calendar days before taking any action pursuant to the Education Code §§7.062, 48.258, 48.259, 48.260, 48.261, or 48.265.

Appropriations provided above in Strategy A.1.1, FSP-Equalized Operations, fully fund an estimated \$3,130,000,000 in projected student enrollment growth.

- 4. Foundation School Program Set-Asides.** The programs and their funding levels identified in this rider represent all programs at the Texas Education Agency and other state agencies that are funded with amounts set aside from the Foundation School Program. The Commissioner of Education shall allocate \$54,259,259 in fiscal year 2022 and \$54,259,258 in fiscal year 2023 to the Windham Schools based on contact hours for the best 180 of 210 school days in each year of the biennium. The contact hour rates for the 2022-2023 biennium are estimated to be: \$4.69807 for academic education, \$3.87648 for vocational education.

The Windham School District shall use funds appropriated above to serve those students whose participation will help achieve the goals of reduced recidivism and the increased success of former inmates in obtaining and maintaining employment. To achieve these goals, younger offenders with the lowest educational levels and the earliest projected release or parole eligibility dates should receive high priority. This policy shall not preclude the Windham School District from serving other populations according to needs and resources. For students who successfully complete the district's program during the 2020-21 biennium, the Windham School District shall report to the Eighty-eighth Legislature on the following: recidivism rates, employment rates, and attainment of GEDs, high school diplomas, professional certifications, and adult education literacy levels.

- 7. Appropriation of Audit Adjustments, Settle-Up Funds and Attendance Credit Revenues.** When reviews and audits of allocations to school districts reveal the allocations previously made were greater or less than the amounts found to be due, the Texas Education Agency may recover or pay the sums necessary to adjust to the correct amounts. All such amounts recovered shall become a part of the Foundation School Fund or General Revenue Fund, and the amounts necessary to make such additional payments to the school districts are appropriated from the Foundation School Fund or General Revenue Fund.

All funds received from local school districts as recovery for overpayment pursuant to the provisions of §48.272 of the Texas Education Code are appropriated to the Texas Education Agency for distribution to local school districts for Foundation School Program purposes.

All unexpended balances and all funds received from the payment of school districts for attendance credits in excess of the amounts appropriated above pursuant to the provisions of §49.154 of the Texas Education Code, are appropriated to the Texas Education Agency for distribution to school districts for Foundation School Program purposes.

A transfer of funds from the Available School Fund to the State Instructional Materials and Technology Fund is authorized in an amount which, together with other revenues of the State Instructional Materials and Technology Fund, is sufficient to finance the sum-certain appropriation from the State Instructional Materials and Technology Fund for each fiscal year. Penalties assessed by the State Board of Education shall be deposited to the credit of the State Instructional Materials and Technology Fund.

In accordance with Texas Education Code §31.0211 and §31.0214, the Commissioner shall allocate the funds available in the State Instructional Materials and Technology Fund to school districts and charter schools for each student enrolled in the district or charter school on a date during the preceding year specified by the Commissioner and shall adjust the technology and instructional materials allotment of school districts and charter schools experiencing high enrollment growth according to rules adopted by the Commissioner.

It is the intent of the Legislature that for any state fiscal biennium, the State Board of Education issue proclamations for instructional materials in which the total projected cost of instructional materials under the proclamations does not exceed 75 percent of the total technology and instructional materials allotment under Section 31.0211, Education Code, for the most recent biennium for which the allotment has been determined.

It is the intent of the Legislature that the State Board of Education consider the cost of all instructional materials and technology requirements when determining the disbursement of money to the available school fund and the amount of that disbursement that will be used, in accordance with Section 43.001(d), Education Code, to fund the technology and instructional materials allotment under Section 31.0211, Education Code.

It is the intent of the legislature that the State Board of Education ensure that any instructional materials and technology purchased using funds disbursed from the State Instructional Materials and Technology Fund meet the requirements for certification under 47 U.S.C. Sections 254(h)(5)(B) and (C) to the extent the certification is applicable to those materials.

From funds appropriated from the State Instructional Materials and Technology Fund, the Commissioner may set aside an amount not to exceed \$2,500,000 for the 2022-23 biennium for the continued support and delivery of online college readiness materials in English language arts and reading, mathematics, science, and social studies.

The Commissioner shall provide juvenile justice alternative education programs with instructional materials necessary to support classroom instruction in those programs. The cost of the instructional materials shall be funded with Technology and Instructional Materials Funds appropriated to the agency for the 2022-23 biennium.

Revenue from fees collected under the authority of Texas Education Code §31.0221 pertaining to the midcycle review and adoption of textbooks are appropriated to the Texas Education Agency for the purpose of administering the midcycle review and adoption process.

The Texas Education Agency is appropriated any balances held in the State Instructional Materials and Technology Fund on August 31, 2021, for use in fiscal year 2022 for the same purposes.

Any unexpended balances as of August 31, 2022, are appropriated for fiscal year 2023 for the same purposes.

- 3. Updated Actuarial Valuation.** The Teacher Retirement System shall contract with an actuary to perform a limited actuarial valuation of the assets and liabilities of the Teacher Retirement System as of February 28 in those years when the Legislature meets in regular session. The purpose of the valuation shall be to determine the effect of investment, salary, and payroll experience on the unfunded liability, the amortization period, and the state contribution rate which results in a 30-year amortization period of the retirement system.
- 4. State Contribution to Teacher Retirement Program.** The amounts specified above in Strategy A.1.1, TRS-Public Education Retirement, \$2,197,737,143 in fiscal year 2022 and \$2,336,690,846 in fiscal year 2023, and A.1.2, TRS-Higher Education Retirement, \$264,706,647 in fiscal year 2022 and \$279,477,398 in fiscal year 2023 are based on a state contribution of 7.75 percent of payroll in year 2022 and 8 percent in year 2023 of the biennium, estimated.

The retirement system shall notify the Legislative Budget Board, the Governor, and its membership prior to establishing premiums, regarding the impact such premiums will have on retiree costs for TRS-Care insurance.

It is the intent of the Legislature that the Teacher Retirement System control the cost of the retiree insurance program by not providing rate increases to health care providers and pharmacy providers during the 2022-23 biennium without providing 60 days notice to the Legislative Budget Board.
- 6. Excess Benefit Arrangement Account.** There is hereby appropriated to the Teacher Retirement System all funds transferred or deposited into the Excess Benefit Arrangement Account established in the General Revenue Fund for the purpose of paying benefits as authorized by Government Code §825.517.
- 7. Transfer of Other Educational and General Income.** The Comptroller of Public Accounts is hereby authorized to transfer the necessary appropriations made above in Strategy A.1.2, TRS-Higher Education Retirement from Other Educational and General Income to institutions of higher education to meet their obligations and comply with the proportionality policy as expressed in the Article IX provision entitled Benefits Paid Proportional by Method of Finance.

the beginning of the period for which any additional compensation is paid. Such amounts as may be necessary to make performance incentive payment under the plan approved by the Board are hereby appropriated from the Teacher Retirement System Pension Trust Fund Account Fund No. 960.

The Teacher Retirement System Board of Trustees shall notify the Legislative Budget Board and the Governor at least 45 days prior to the execution of any performance incentive payment based on the Retirement Trust Fund's investment performance. Funds shall be appropriated pursuant to this rider for performance incentive payments only in a fiscal year following a year in which the Retirement Trust Fund experiences a positive return.

- 13. Settle-Up Dollars Directed to TRS-Care.** Any settle-up payments made in the fiscal year ending August 31, 2023, from the Teacher Retirement System of Texas pension fund or from the TRS-Care program are appropriated to the TRS-Care program. Settle-up funds are all estimated General Revenue appropriations for fiscal year 2022 in excess of the state's actual statutory obligations for retirement and retiree insurance contributions, and those funds are re-appropriated to the TRS-Care program, for deposit to the Texas Public School Retired Employees Group Insurance Trust Fund. For the purposes of this section, settle-up payments from the pension fund include any net payments made in excess of the state's total obligation to both Public Education Retirement and Higher Education Retirement.
- 14. Appropriation Transfers between Fiscal Years for TRS-Care.** In addition to the transfer authority provided elsewhere in this Act and in order to provide for benefits through the Texas Public School Retired Employees Group Benefits Program (TRS-Care), the Teacher Retirement System is authorized to transfer General Revenue funds appropriated to Strategy A.2.1, Retiree Health - Statutory Funds, in fiscal year 2023 to fiscal year 2022 and such funds are appropriated for fiscal year 2022. Such transfers may only be made subject to the following:
 - a. Transfers under this section may be requested only upon a finding by the TRS Board of Trustees that the fiscal year 2022 costs associated with providing retiree health benefits will exceed the funds appropriated for these services for fiscal year 2022.
 - b. A transfer is not authorized by this section unless it receives the prior written approval of the Governor and the Legislative Budget Board.
 - c. The Comptroller of Public Accounts shall cooperate as necessary to assist the completion of a transfer and spending made under this section.
- 15. Contingent Appropriation of Pension Trust Funds for GASB Statement Implementation.** Upon a finding of fact by the Teacher Retirement System Board of Trustees that additional resources are necessary to implement accounting guidelines related to Governmental Accounting Standards Board statements and pronouncements, the Teacher Retirement System is appropriated such additional funds as approved by the Board from the Teacher Retirement System Pension Trust Fund Account No. 960 to communicate such guidelines to affected members and employers, and to acquire additional audit and actuarial services as needed for implementation.

Within thirty days of such a finding, the Teacher Retirement System Board of Trustees shall provide written notification to the Legislative Budget Board and the Governor of the amounts anticipated to be necessary to achieve these purposes.
- 16. TRS-Care Shortfall.** It is the intent of the Legislature that resolving the long-term solvency of TRS-Care be a shared fiscal responsibility between the state, school districts, employees, and retirees.
- 17. Medicare Enrollment for Eligible Members of TRS-Care.** Out of funds appropriated above, TRS shall identify members of TRS-Care who are eligible for Social Security Disability or Medicare benefits, and provide information and assistance necessary for eligible members to enroll in the programs to help ensure the solvency of the TRS-Care fund.
- 18. Right to Shop Incentive.** It is the intent of the Legislature that the Teacher Retirement System incentivize members of TRS-Care and TRS-ActiveCare to shop for lower cost care within the health plans in order to achieve shared savings. Pursuant to the provisions of Insurance Code §1575.109, §579.052, and Article IX, Sec. 7.11, Notification of Certain Purchases or Contract Awards, Amendments, and Extensions, the agency may contract with a third-party vendor for this purpose.

19. Exception to FTE Limitation for Board Fiduciary Finding.

- (a) In addition to the funding and "Number of Full-Time Equivalents (FTE)" appropriated above, the Teacher Retirement System (TRS) is authorized to employ additional FTEs and contract workers under a Fiduciary Finding of the TRS Board of Trustees (the Board) if the Board determines the additional staff are necessary to perform the fiduciary duties of the Board, pursuant to Government Code §825.313.
- (b) It is the intent of the Legislature that the Board approve a statement of justifications and objectives for adopting the additional FTEs, contract workers, and any additional funding related to those staff. No later than 30 business days following the adoption of a Fiduciary Finding pursuant to subsection (a), TRS shall submit to the Legislative Budget Board (LBB) and the Governor:
 - (1) A statement of the justifications and objectives for the additional funding and staff;
 - (2) The current operating budget, as approved by the Board, for each fiscal year of the 2022-23 biennium that is amended by the Fiduciary Finding described in subsection (a);
 - (3) Performance metrics proposed by TRS to evaluate the impact of additional staff on the Board's objectives in approving the additional staff; and
 - (4) Any additional information requested by the LBB or the Governor regarding the Fiduciary Finding described in subsection (a).
- (c) No later than October 31 following a fiscal year for which the TRS Board has adopted a Fiduciary Finding described in subsection (a), TRS shall provide a report to the LBB and the Governor on:
 - (1) The actual number of additional FTEs and contract workers hired during the preceding fiscal year pursuant to subsection (a);
 - (2) The actual total expenditures for the preceding fiscal year related to additional FTEs and contract workers described in subsection (c) (1); and
 - (3) A report on the agency's actual performance on metrics described in subsection (b)(3) for the preceding fiscal year.

20. Supplemental Annuity Payment to Retirees of Teacher Retirement System.

- (a) To the extent possible and out of general revenue funds appropriated to the Teacher Retirement System under this Act, the board of trustees of the retirement system may provide a one-time supplemental payment to each retiree of the retirement system who is eligible for an annuity payment in the calendar month in which the retirement system issues the payment. Except as provided by Subsection (b), the amount of the supplemental payment must equal the gross amount of the regular retirement benefit payment to which the retiree is otherwise entitled for that calendar month.
- (b) If the board of trustees of the Teacher Retirement System determines that providing a supplemental payment in the amount required by Subsection (a) is prohibited under Section 821.006, Government Code, because, as a result of providing the supplemental payment, the time required to amortize the unfunded actuarial liabilities of the retirement system would be increased to a period that exceeds 30 years by one or more years, the board of trustees shall reduce the amount of the supplemental payment to the maximum amount that would otherwise be permitted by that section.

1. Distribution to Eligible Institutions. There is appropriated to each eligible institution of higher education for the biennium ending August 31, 2023, an annual distribution amount from the Permanent Fund Supporting Military and Veterans Exemptions to offset the cost to each institution of higher education of the exemptions required by Education Code, Sec. 54.341(k). The annual distribution total from the fund shall be determined by the Texas Treasury Safekeeping Trust Company. The annual distribution from the fund shall be distributed to eligible institutions in proportion to each institution's respective share of the aggregate cost to all institutions of the exemptions required by Education Code, Sec. 54.341(k), as determined and approved by the Legislative Budget Board. The determined distribution allocations shall be considered approved unless the Legislative Budget Board issues a written disapproval within 30 business days after the date the Legislative Budget Board staff concludes its distribution calculations and forwards the distribution calculations to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor. Any requests for additional information made by the Legislative Budget Board interrupt the counting of the 30 business days.

Pursuant to Education Code, Sec. 54.341(h), each institution of higher education shall report information required for determining the distribution allocations. The appropriations made in Strategy B.1.1, Reimbursement for Hazlewood Exempts, may not be distributed without the prior written approval of the Legislative Budget Board.

- 3. Rates, Donations and Gifts.** The Board of Regents of The University of Texas System shall fix reasonable rates to be charged and collected by hospitals, and may make and enter into contracts for the hospitalization of the indigent sick and accept donations and gifts for the support and maintenance of the hospitals and may utilize up to \$5 million per annum of local income to match any gift made to endowments provided, however, such match will not result in any reduction in the level of services for patients or any requirement for General Revenue replacement. Any project initiated under this authorization shall not be structured in such a manner that will require future specific appropriation of General Revenue. Provided, however, that this provision shall not be construed so as to authorize, without the prior and specific approval of the Legislature, the acceptance of real property which would require an appropriation by the Legislature for maintenance, repair, or construction of buildings.

Notwithstanding any other provision of this Act, contract services funds appropriated to TDCJ and provided to the University are eligible to receive state-paid General Revenue benefits support for Retirement, Group Insurance, and Social Security from funds appropriated elsewhere in this Act. For purposes of the requirements of Article IX, Sec. 6.08 Benefits Proportional by Method of Finance of this Act, contract services funds appropriated to TDCJ and provided to the University for correctional health care services shall be treated as if the funds received are appropriated by this Act and are not required to be held in the state treasury.

The above reports shall be certified to the Comptroller of Public Accounts no later than the date required by the Coordinating Board, and each term copies of the above certified enrollment reports shall be sent to the Coordinating Board, Legislative Budget Board, Governor, State Auditor and Legislative Reference Library.

The State Auditor may consider an audit of enrollment data at Texas State Technical College, subject to analysis and risk assessment.

The Texas State Technical College shall offer only such courses as are economically justified in the considered judgment of the Board of Regents. The Board of Regents shall adopt policies specifying the conditions under which classes of less than 10 students by headcount are to be considered necessary and justifiable. The Board of Regents shall direct the chancellor or other officials to review enrollment data prior to the designated Coordinating Board census date and take all necessary actions to ensure that the small classes offered on each campus are only those that conform with established policies on small classes.

4. Certification of Compliance. Expenditure of the funds appropriated herein above is contingent upon annual certification by the chancellor of the Texas State Technical College to the Comptroller of Public Accounts that the Texas State Technical College is in compliance with these provisions regarding budgets, accounting procedures and enrollment.

5. Approved Geographic Locations. None of the funds appropriated above to the Texas State Technical College shall be expended in promoting, developing or creating a campus or extension center at any other location in the state except as specified in Education Code §135.02.

6. Temporary Special Courses. Out of funds appropriated herein above to the Texas State Technical College in pre-apprenticeship, related training for apprentices and specialized training for journeymen and compensatory training for pre-apprenticeship and apprenticeship enrollees, and plant expansion and new plant start-up training program no more than \$50,000 per year may be spent wherever the need exists within the state in conjunction with curriculum approval by the Texas Higher Education Coordinating Board. Such expenditure of funds for these special courses are temporary in nature and outside the provision of Education Code §135.04.

7. Aircraft Pilot Training Programs. Funds may be used for the operation, maintenance or lease of aircraft for use in the Aircraft Pilot Training programs subject to the requirement that excess costs of flight instruction be recovered by an assessment of charge to student pilots. This income shall be separately accounted for and credited as a reduction in expenditure in the Aircraft Pilot Training Program.

8. Approval of Plans by Foundations. Any use of the Texas State Technical College's assets or facilities including, but not limited to, buildings, equipment or employees by existing foundations or for the promotion of foundations shall require prior approval of the Board of Regents. Approval is contingent upon receipt by the Board of Regents of a satisfactory annual plan of operation. At a minimum, this plan must specify the proposed use of any Texas State Technical College facilities, equipment, and personnel; payments made directly to Texas State Technical College personnel for services provided or expenses incurred; and donations of funds to the Texas State Technical

College for designated purposes. All funds donated by foundations to the Texas State Technical College shall be received and accounted for in the same manner as all other Texas State Technical College funds. After Board of Regents approval, the plan shall be filed with the Legislative Budget Board.

9. Campus President Salaries. Out of the funds appropriated to each campus of Texas State Technical College, an amount not to exceed \$63,654 in 2022 and \$63,654 in 2023 may be expended for the salary of a president. All presidents may receive in addition to the above amounts a house, utilities, and/or supplement from private sources. If an institutionally owned house is not available an amount not to exceed \$7,200 per year from the appropriations above, and additional funds from gifts and grants where required, may be provided in lieu of house and utilities.

10. Chancellor Salary. Out of the funds appropriated, transferred, or contracted to the system office, an amount not to exceed \$70,231 in 2022 and \$70,231 in 2023 may be expended for the salary of a chancellor. The chancellor may receive in addition to the above amount a house, utilities, and/or supplement from private sources. If a system owned house is not available an amount not to exceed \$7,200 per year from the system office appropriation and additional funds from gifts and grants where required, may be provided in lieu of house and utilities.

11. Returned Value Funding Model for Texas State Technical Colleges. Funding is recommended for and allocated among Texas State Technical Colleges (TSTCs) based on the additional direct and indirect state tax revenues generated as a result of the education provided to students by the TSTCs. The funding methodology is based on the following components:

- a. The model includes the cohort of TSTC graduates (earning an associate's degrees or certificate), transfers, and leavers (students who were not found in Texas higher education for two years following the last time they were enrolled in the TSTC) with a minimum completion of nine semester credit hours from 2012 and 2013.
- b. The cohorts were matched with Unemployment Insurance wage records for employment and wage information for five years after the students graduated from or left the TSTC to establish annual wages for each student. Direct value-added was defined as the incremental state tax revenue attributable to former TSTC students' jobs, based on the difference between former TSTC students' annual wages and a base wage representing a full-time employee earning minimum wage (7 percent of the wage delta). Indirect value-added was defined as the direct value-added multiplied by 1.5, an economic multiplier derived from a U.S. Bureau of Economic Analysis study. Total direct and indirect values-added were summed for each group of students by campus across five years.
- c. Values-added were reduced by a certain percentage, based on the assumption that the benefits would accrue both to the state and TSTCs but with only a portion of the added value included in the formula calculations.
- d. Values-added by campus were divided into the total TSTC value added to define each institution's proportional share of overall formula funding.

The Texas State Technical College System shall continue to work with the Texas Higher Education Coordinating Board, the Legislative Budget Board and other relevant agencies to refine the new Returned Value Funding Formula for the TSTCs. It is the intent of the Legislature that recommended adjustments to the formula shall be ready for implementation in the 2024-25 biennium and shall further the goal of rewarding job placement and graduate earnings projections, not time in training or contact hours.

The governing boards are authorized to establish accounts from which salaries and expenses for the administration and supervision of the units of the system or institution may be paid and to require the units, including any other agency the administration of which it may be charged with by law, to pay into this account from any general revenue, local, or institutional funds their proportionate share as determined by the board for the expense of such administration and supervision. The Comptroller of Public Accounts is authorized to set up an account for each of the systems or institutions and to deposit in the account funds to the amount authorized by the governing boards and executive heads of the respective units, from funds appropriated by the Legislature to the units for noninstructional salaries and general operating expenses. The Comptroller is authorized to draw warrants against such accounts based on vouchers submitted by the systems or institutions in payment of salaries, maintenance, equipment, or travel incidental to the administration and supervision of the respective units.

b. The systems and institutions whose governing boards and component units are subject to the above are authorized to establish the following accounts:

Texas A&M University System Central Services Account
The University of Texas System Central Services Account
University of Houston System Central Services Account
Texas Tech University System Central Services Account
University of North Texas System Central Services Account
Texas State University System Central Services Account

c. Travel expense incurred by a person employed by one unit of an above system or institution in connection with service to the other units may be reimbursed by the unit for which such services are performed or proportionately if more than one such unit is involved.

7. **Utility Revolving Funds.** The governing boards of Texas Woman's University, West Texas A&M University, all components of the University of Houston System, Texas State University System, Texas Tech University System, University of North Texas System, and The University of Texas System are authorized to use appropriated funds, except funds expressly identified for salaries, to make payments of debt service and other payments in connection with utility plant revenue bonds and utility plant operation and maintenance expenses, and/or to reimburse any revolving fund now or hereafter established in connection with providing utility services to any building or facility of the college or university, in accordance with the general principles established in Education Code, §55.11, and the creation and maintenance of any such revolving fund is hereby authorized.

8. **Appropriation Expenditure Authorization.**

a. The educational and general appropriations made in this Act to the general academic teaching institutions, health related institutions, and Texas State Technical College may be expended for the following purposes, including, but not limited to: Instruction; Research; Public Service; Academic Support; Student Services; Institutional Support; Operation and Maintenance of Plant; Scholarships; Staff Benefits; Organized Activities; and Patient Care. Major repairs and rehabilitation of buildings and facilities may be purchased from appropriated funds, but may not be purchased from general revenue funds that are not expressly identified or allocated for such purposes.

b. No educational and general funds appropriated to any institution or agency named in this article may be expended on auxiliary enterprises, unless specifically authorized in this Act.

9. **Tuition Revenue Bonds and Revenue Bonds.** Funds clearly identified in separate informational strategies to the general academic teaching institutions and health sciences centers for revenue or tuition revenue bond retirement may be expended only to reimburse institutions or centers for debt retirement authorized by Education Code §55.17 through §55.17892 and §55.19. Any funds in

excess of the amount expended for regularly scheduled principal and interest for debt service reimbursements due each year shall be lapsed to the General Revenue Fund at the end of each fiscal year. Funds may be used for bond and commercial paper debt service payments, which can include principal, interest and fees.

Sec. 7. Recruitment of Students. No funds appropriated by this Act may be expended for travel expenses incurred outside the boundaries of the State of Texas for the purpose of direct recruitment of students.

Sec. 8. Television Stations Prohibited. None of the educational and general funds appropriated in this Article may be expended for the acquisition, construction, or operation of television transmitter stations; provided, however, this prohibition shall not be construed so as to prevent the institutions of higher education named in this Article from using closed-circuit television for purely instructional purposes, or to prevent institutions with existing public broadcasting or transmitter stations to use them for educational purposes, or to prevent the continuance of operating arrangements with existing transmitter stations for purely educational purposes; or to prevent cooperative arrangements with public broadcast stations.

Sec. 9. Intercollegiate Athletics. The special and general provisions of Articles III and IX of this Act shall not apply to intercollegiate athletics. The governing boards of the respective institutions of higher education shall use the appropriations in this Act to make such necessary rules and adjustments as may be deemed advisable for the management and operation of such activities; however, no funds under control of intercollegiate athletics may be used to purchase alcoholic beverages; no educational and general funds appropriated may be used for the operation of intercollegiate athletics; such rules and adjustments shall be designed to complement the rules applicable to other departments of the respective institution; and finally, such rules and adjustments shall specifically prohibit violation of National Collegiate Athletic Association (NCAA) or other governing body rules with respect to recruitment of athletes.

Sec. 10. Prohibition Against Additional Museums. None of the educational and general funds appropriated in this Article shall be used for establishing additional museums or for the maintenance and operation of museums unless the language of this Act or of other acts and resolutions of the Legislature specifically authorizes such use of educational and general funds. As an exception to this provision, in order to encourage and promote gifts, grants, or donations to institutions of higher education, it is specifically provided that an institution which receives such gifts, grants, or donations for the construction or establishment of a museum, which is added to an institution's building inventory after September 1, 1997, may use educational and general funds appropriated by this Article for the maintenance and operation of such a museum. This exception applies only to the authority to spend appropriated funds for these purposes; such museum space shall not be included in formula calculations for purposes of determining the amounts of appropriations due for maintenance or operations of institutional facilities.

Sec. 11. Method of Financing Scholarships.

1. Out of the funds identified by this Article in the informational items described as "Other Educational and General Income," the respective governing boards of the general academic teaching institutions and of the health centers, health science centers, or technical colleges may allocate and expend the actual receipts in such informational item for student scholarships pursuant to the provisions of Education Code §56.031 to §56.039, cited as the Texas Public Educational Grants Program.
2. Copies of such approved allocations together with copies of rules and regulations adopted by the respective governing boards concerning the award of such scholarships shall be filed with the Coordinating Board and with the Comptroller prior to the disbursement of any moneys for scholarships. Copies of any subsequent changes in such allocations or rules shall be similarly filed with the Coordinating Board and with the Comptroller.
3. No educational and general funds appropriated in this Act for scholarships to institutions of higher education may be used to provide athletic scholarships.
4. Out of the additional funds appropriated for the 2022-23 biennium for the informational strategy described as "Scholarships," the respective governing boards shall allocate and expend such funds for need-based student scholarships regardless of the race, sex, color, or ethnicity of the student recipient.

SPECIAL PROVISIONS RELATING ONLY TO STATE AGENCIES OF HIGHER EDUCATION

Sec. 12. Use of Educational and General Funds for Alumni Activities Prohibited. None of the educational and general funds appropriated by this Article may be expended by institutions of higher education for the support or maintenance of alumni organizations or activities.

Sec. 13. Limitation of Nonresident Enrollment in Certain State-supported Professional Schools.

1. None of the funds appropriated by this Act may be expended for the establishment, operation, or maintenance, or for the payment of any salaries to the employees in, any wholly or partially state-supported medical, dental, or law school which: (a) imposes a limitation on the number of students that it admits, (b) in an academic semester denies admission to one or more Texas residents who apply for admission and who reasonably demonstrate that they are probably capable of doing the quality of work that is necessary to obtain the usual degree awarded by such school, and (c) in the same academic semester admits, as either class, nonresidents of the State of Texas in a number greater than 10 percent of the class of which such nonresidents are a part. Limitation of nonresident enrollment at The University of Texas Law School, Texas Tech University School of Law, and the University of Houston Law Center may be increased to 35 percent of the class of which nonresidents are a part provided that the admission of such nonresident students is on the basis of academic merit alone. By the provisions of this paragraph it is intended to withhold funds appropriated by this Act from state-supported medical, dental, and law schools which limit their enrollments and which fill more than 10 percent of their classes with non-resident students in the case of medical and dental schools, and 35 percent in the case of The University of Texas Law School, Texas Tech University Law School, and the University of Houston Law Center, when the result of admitting a nonresident denies admission to a qualified Texas applicant. This provision shall not apply to the funds appropriated to the Coordinating Board for the funding of Baylor College of Medicine or to funds appropriated for tuition equalization grants for students attending private colleges.
2. In addition, The University of Texas Southwestern Medical Center may admit up to 25 competitively recruited medical students in each entering class for a specialized six-year program of clinical and research training designed to lead to the MD and PhD degrees irrespective of whether those students are Texas residents.
3. Texas medical schools may enroll up to 6 competitively recruited medical students, who already possess the DDS degree, in each second year medical school class for a specialized six-year program in oral and maxillofacial surgery comprised of the last three years of medical school and a three year residency program irrespective of whether those students are Texas residents.
4. The University of Texas Health Science Center at Houston may admit up to 25 competitively recruited medical students in each entering class for a specialized program of clinical and research training designed to lead to the MD and PhD degrees irrespective of whether those students are Texas residents.
5. The Texas A&M University System Health Science Center may admit up to 25 competitively recruited nonresident medical students in each entering class for specialized programs of clinical and research training designed to lead to the MD and MS in Engineering degrees or MD degrees for students from military academies or recipients of military health professions scholarships.

Sec. 14. Off-campus Instruction. General academic institutions may use the funds appropriated in this Act to teach courses off campus with the following restrictions:

1. At the conclusion of each fiscal year, the Coordinating Board shall file a report with the Governor and the Legislative Budget Board on all general academic institutions concerning off-campus semester credit hours for that fiscal year.
2. Semester credit hours generated at upper level centers authorized by the Legislature or by the Coordinating Board, as well as at Prairie View A&M University's Houston nursing program and Texas Woman's University nursing programs in Dallas and Houston, are not considered to be off-campus.
3. All courses taught off campus must be taught by a regular faculty member or administrator who is employed at least half-time on the main campus of the institution. The Commissioner of Higher Education may waive this requirement in special cases where institutions can justify the use of a uniquely qualified individual. Allied health and vocational instructors are exempted from this requirement.

SPECIAL PROVISIONS RELATING ONLY TO STATE AGENCIES OF HIGHER EDUCATION

Sec. 15. Tuition and Other Educational and General Local Fee Collection. No institution of higher education shall receive appropriations through formula funding in this Act unless it collects from each student whose semester credit hours are to be included in formula funding calculations all tuition and all fees in accordance with the installment tuition and fee payment plan provided for by the Education Code, (Chapter 54, as amended) on or before the end of the 20th class day for each regular semester and the 15th class day for each summer session. Valid contracts with the United States Government for instruction of eligible military personnel and valid contracts with private business and public service-type organizations or institutions such as hospitals may be considered as collections thereunder but subject to adjustments after final payment thereof. Financial aid awards processed by the financial aid office but not yet issued to the student may be considered as collections thereunder but subject to adjustments after final payment thereof.

Sec. 16. Formula Variable and Educational and General Income Audits. The Texas Higher Education Coordinating Board in consultation with the State Auditor's Office and the Legislative Budget Board shall clearly define all variables used by the Eighty-sixth Legislature in arriving at formula appropriations for fiscal years 2022 and 2023. According to an audit plan developed in consultation with the Coordinating Board and Legislative Budget Board, all variables of selected formulas used in making fiscal years 2022 and 2023 formula appropriations are subject to audit by the State Auditor. The State Auditor shall report any differences from data submitted by the institutions to the Coordinating Board, the Legislative Budget Board, and the Governor. The Coordinating Board shall then calculate a new appropriations amount for each institution that reported data in conflict with that verified by the Auditor. These calculations shall then be reported to the Legislative Budget Board, Governor, and the Comptroller of Public Accounts and may be used to revise appropriation authority accordingly. The calculation of revised appropriation amounts shall allow each institution an error rate of up to 2 percent of the biennial appropriations related to the variables audited at that institution.

In addition, components of educational and general income reported in the institutional requests for legislative appropriations for fiscal years 2022 and 2023 are subject to audit by the State Auditor.

The State Auditor may request the assistance of an institution's internal auditor in performing the audits described in this section.

Sec. 17. System Offices Funding Authorized. Educational and general funds appropriated to components of The University of Texas, Texas A&M University, University of Houston, Texas Tech University, University of North Texas, Texas State University System, and Texas State Technical College Systems may be transferred or contracted to system offices to provide support for coordination, administration, and other related services.

Sec. 18. Annual Reports of Health Related Institutions Practice Plans. As a limitation and restriction upon appropriations made by this Act, all agencies that have a public health related institution covered under Article III shall not expend funds after a period of 120 days following the close of the fiscal year, unless there has been filed with the Governor, the State Auditor, the Legislative Budget Board, the Legislative Reference Library, and the Comptroller of Public Accounts an annual report as of August 31 of the preceding fiscal year showing the use of practice plan funds. The annual report shall conform to a uniform reporting system developed by the State Auditor's Office for all financial data concerning the health related institutions practice plans.

Sec. 19. Self-insurance Funds. Any funds of an institution of higher education used for or allocated to a self-insurance fund authorized by Government Code, Chapter 2259, for a risk otherwise insurable by the institution of higher education, including a reserve account for lump sum payments of vacation and sick leave, shall be treated by the Comptroller of Public Accounts as an expenditure of the respective funds. The self-insurance funds so created shall be considered designated funds as that term is used in §51.008(b) of the Education Code. Any self-insurance fund reserves so created shall not exceed in amount the maximum value determined to be actuarially sound for each such self-insurance program.

Sec. 20. Uncompensated Care Reporting Requirement. The public health-related institutions shall use the appropriations in this Act to include in their biennial legislative appropriations request information including the actual amount of uncompensated care provided through each institution's respective physician practice plan, and if applicable, hospital or clinic using the uncompensated care reporting requirement established by the Health and Human Services Commission.

Uncompensated care includes the unreimbursed costs for the uninsured (those with no source of third party insurance) and the underinsured (those with insurance who after contractual adjustment and third party payments have a responsibility to pay for an amount they are unable to pay). Uncompensated care

also includes the unreimbursed cost from governmental sponsored health programs. To calculate uncompensated care, charges will be converted to costs by application of a standard, auditable ratio of cost to charge and providers will recognize appropriate patient specific funding and lump sum funding available to offset costs. Any amounts received by the Physician Practice Plan from Upper Payment Limit shall be counted as payments received for uncompensated care.

Sec. 21. County Indigent Care Contracts.

1. **Contracts Required.** It is the intent of the Legislature that all institutions of higher education providing indigent health care contract with relevant counties in their service area to recover the costs associated with treating those counties' indigent patients.
2. **County Indigent Care Contracts Reporting.** The University of Texas Medical Branch at Galveston, The University of Texas M.D. Anderson Cancer Center, and The University of Texas Health Science Center at Tyler shall submit to the Legislative Budget Board and the Governor at the end of each fiscal year a list of counties whose indigent residents have been served by each institution; the total amount of reimbursement received by each institution from each county pursuant to the Indigent Health Care and Treatment Act; and the total cost, by county, of services provided by each institution for which counties are liable pursuant to the Indigent Health Care and Treatment Act. In addition, each institution shall report annually (no later than March 1st) to the Legislative Budget Board and Governor on the status of contract agreements or negotiations with each county whose indigent residents have been served by the institution.

Sec. 22. Ethics Policy.

1. None of the funds appropriated by this Act may be expended by an institution of higher education until its governing board has adopted an ethics policy which includes the requirements of Texas Government Code Section 572.051. The ethics policy shall apply to the board of regents and its staff, the administration, staff, and faculty of the institutions under the board's governance.
2. The ethics policy adopted by each board of regents shall also include specific provisions regarding sexual harassment.

Sec. 23. Driscoll Children's Hospital. No funds appropriated to a health-related institution of higher education shall be used to replace or duplicate the Driscoll Children's Hospital in caring for children with special health-care needs, including pediatric cardiovascular diseases, or in assuming the direct care of those children. This rider language shall not restrict the traditional referral patterns utilized by physicians to refer patients to health related institutions.

Sec. 24. Participation in Drug Development Research Projects. A public university may not expend funds appropriated by this Act, including appropriations of grants or gifts, to conduct a drug development research protocol involving a person who is receiving mental health services under a protective custody order, pursuant to Chapter 574, Health and Safety Code. This rider is not intended to limit or prohibit provisions for treatment established under §576.022, Health and Safety Code.

Sec. 25. Post Tenure Review. None of the funds appropriated by this Act may be expended by an institution of higher education until its governing board has filed with the Texas Higher Education Coordinating Board policies and procedures regarding post tenure review which have been adopted by the board of regents. Post tenure policies shall include review procedures to determine that a tenured faculty member is performing consistently at an acceptable, professional level and a mechanism whereby a faculty member is informed of any deficiencies and provided opportunities to effectively improve his or her performance.

Sec. 26. General Academic Funding. Appropriations made in this Act for formula funding for general academic institutions will consist of four formulas and supplemental items.

1. **Instruction and Operation Formula.** The Instruction and Operations Formula shall provide funding for faculty salaries, including nursing, departmental operating expense, library, instructional administration, research enhancement, student services, and institutional support. These funds are distributed on a weighted semester credit hour basis. The rate per weighted semester credit hour for the 2022-23 biennium is \$53.17 in fiscal year 2022 and fiscal year 2023.

2. **Teaching Experience Supplement.** For the 2022-23 biennium, an additional weight of 10 percent is added to lower division and upper division semester credit hours taught by tenured and tenure-track faculty. Furthermore, it is the intent of the Legislature that the weight shall increase by 10 percent per biennium, up to 50 percent.
3. **Infrastructure Support.** Funding associated with plant-related formulas and utilities shall be distributed by the infrastructure support formula which is driven by the predicted square feet for universities' educational and general activities produced by the Space Projection Model developed by the Coordinating Board. The portion of the formula related to utilities is adjusted to reflect differences in unit costs for purchased utilities, including electricity, natural gas, water and wastewater, and thermal energy. The average rate per square foot is \$5.38 in fiscal year 2022 and fiscal year 2023.
4. **Supplemental Non-formula Items.** Institutions shall receive a direct reimbursement as applicable for staff group insurance (other educational and general income portion), workers' compensation insurance, unemployment compensation insurance, public education grants, organized activities, scholarships, tuition revenue bond payments, and facility lease charges. Institutions may receive an appropriation for non-formula support items. Revenue derived from board authorized tuition would still be appropriated to the institutions levying the additional charges.
5. The General Academic Instruction and Operations and Infrastructure formulas shall incorporate the Higher Education Coordinating Board's October 2006 recommendations for mission-specific formula funding for Texas A&M University at Galveston.
6. **Small Institution Supplement.** The Small Institution Supplement shall provide funding to general academic institutions with headcounts of fewer than 10,000 students. For the 2022-23 biennium, general academic institutions with a headcount of fewer than 5,000 students shall receive a small institution supplement of \$2,633,132. For institutions with headcounts that range from 5,000 to 10,000 students, the small institution supplement shall decrease from the base amounts above with each additional student.

These formulas and supplemental items shall be reviewed and updated by study committees appointed by the Higher Education Coordinating Board and recommended changes forwarded to the Legislature, Legislative Budget Board, and Governor by June 1, 2022.

**SPECIAL PROVISIONS RELATING ONLY TO
STATE AGENCIES OF HIGHER EDUCATION**

Sec. 27. Health Related Institutions Funding. Appropriations made in this Act for formula funding for health related institutions shall consist of four formulas plus supplemental non-formula items.

1. **Instruction and Operations Support Formula.** The Instruction and Operations Support Formula shall provide funding on a per student or full-time equivalent basis. Funding for each instructional program is based on the following funding weights per student, with a base value per weighted student of \$9,469 in fiscal year 2022 and fiscal year 2023:

<u>Program</u>	<u>Weight Per Student</u>
Allied Health	1.000
Biomedical Science	1.018
Nursing	1.138
Pharmacy	1.670
Public Health	1.721
Biomedical Informatics	1.750
Dental	4.601
Medical	4.753

Instructional programs at remote locations and the main campus at The University of Texas Health Science Center at Tyler with enrollments of less than 200 students at individual campuses shall receive additional funding to compensate for the diseconomies of scale. The minimum formula shall generate additional funding per student, on a sliding scale, with programs with small enrollments receiving more additional funding per student.

2. **Infrastructure Support Formula.** Funding to the health related institutions for plant support and utilities shall be distributed by the infrastructure support formula which is driven by the predicted square feet for the health related institutions produced by the Space Projection Model developed by the Texas Higher Education Coordinating Board. The rate per square foot is \$5.95 in fiscal year 2022 and fiscal year 2023 for all health related institutions.

Because the Space Projection Model does not account for hospital space, separate infrastructure funding for hospital space at The University of Texas Medical Branch at Galveston, The University of Texas M.D. Anderson Cancer Center, and The University of Texas Health Science Center at Tyler shall be included in the total funding for hospital and center operations.

3. **Research Funding.** The health related institutions shall retain 100 percent of indirect research costs recovered on grants. Each institution also receives research enhancement funding of \$1,412,500 plus 1.07 percent in fiscal year 2022 and fiscal year 2023 of its research expenditures as reported to the Texas Higher Education Coordinating Board.
4. **Research at Clinical Partners.** Research conducted by faculty of a health related institution under a contract with a clinical partner shall be considered in the formula calculations for the Research Enhancement and E&G Space Support strategies as defined under Article III, Special Provisions Relating Only To State Agencies of Higher Education, Section 27, subsection (2) Infrastructure Support Formula and Sec. 27, subsection (3) Research Funding.
5. **Graduate Medical Education Formula.** The Graduate Medical Education Formulas shall provide funding on a per medical resident basis. Funding is based on a base value of \$11,359 per medical resident in an accredited program. Appropriations for Graduate Medical Education for fiscal year 2022 and fiscal year 2023 are \$5,679 per resident.
6. **Health Related Institution Graduate Medical Education.** The funds appropriated above in each of the health related institutions bill pattern titled Graduate Medical Education (GME) shall be spent to increase the number of resident slots in the State of Texas as well as faculty costs relating to GME. In addition, each health related institution shall work with the Higher Education Coordinating Board to develop new performance measures relating to increasing the number of resident slots in the State of Texas.
7. **Supplemental Non-formula Items.** Institutions shall receive a direct reimbursement as applicable for staff group insurance, workers' compensation insurance, unemployment insurance, public education grants, medical loans, tuition revenue bond payments, and facility lease charges. Institutions may receive an appropriation for non-formula support items and hospital and clinic operations.

**SPECIAL PROVISIONS RELATING ONLY TO

(Continued)

8. **Formula Study Committees.** These formulas shall be reviewed and updated by study committees appointed by the Texas Higher Education Coordinating Board and recommended changes forwarded to the Legislature, Legislative Budget Board, and Governor by June 1, 2022.
9. **Mission Specific Support.** The University of Texas M.D. Anderson Cancer Center and The University of Texas Health Science Center at Tyler do not provide formal medical education which qualifies for instruction support under subsection 1 above. Therefore, funding allocated to these institutions shall be based on the following criteria:
 - a. The General Revenue Operations formula funding provided to The University of Texas M.D. Anderson Cancer Center in Strategy A.2.1, Cancer Center Operations, shall be based on the total number of Texas cancer patients served at The University of Texas M. D. Anderson Cancer Center. General Revenue appropriations for fiscal year 2022 and 2023 shall be based on the number of total Texas cancer patients served in 2020. The rate per patient shall be \$1,657 in fiscal year 2022 and fiscal year 2023 for Strategy A.2.1, Cancer Center Operations. For formula funding purposes, the amount of growth in total funding from one biennium to another may not exceed the average growth in funding for Health Related Institutions in the Instruction and Operations formula for the current biennium.
 - b. The University of Texas Health Science Center at Tyler has a statutory mission to conduct research, develop diagnostic and treatment techniques, provide training and teaching programs, and provide diagnosis and treatment of inpatients and outpatients with pulmonary, respiratory and other diseases of the chest. General Revenue funds appropriated to The University of Texas Health Science Center at Tyler in Strategy A.1.4, Chest Disease Center Operations, shall be based on the number of cases in which disease diagnoses are treated by The University of Texas Health Science Center at Tyler. General Revenue appropriations for fiscal year 2022 and 2023 shall be based on the number of such cases treated in fiscal year 2020. The rate per case for fiscal year 2022 and 2023 shall be \$166. For formula funding purposes, the amount of growth in total funding from one biennium to another may not exceed the average growth in funding for Health Related Institutions in the Instruction and Operations formula for the current biennium.
 - c. The University of Texas M.D. Anderson Cancer Center and The University of Texas Health Science Center at Tyler shall submit to the Legislative Budget Board, Governor, and Texas Higher Education Coordinating Board a copy of the appropriate reports discussed above and supporting documentation which provides the necessary information to calculate the formula allocations in subsections (a) and (b) above.
10. **Mission Specific Support - Performance Based Research Operations Formula.** The University of Texas Southwestern Medical Center has a mission that is research intensive. To enhance research capacity, assist the institution in leveraging research grants and gifts, and support expansion of the institution's research operations, additional research formula funding shall be provided based on the following criteria:
 - a. General Revenue Research Operations Formula funding provided to The University of Texas Southwestern Medical Center in Strategy B.1.2, Performance Based Research Operations Formula, shall be allocated to the institution through two mechanisms.
 - 1) Base Match allocations shall be based on the institution's average annual research expenditures for the previous three-year period as reported to the Higher Education Coordinating Board, excluding research expenditures from state appropriations. The Base Match rate shall be 8.69 percent for each fiscal year of the 2022-23 biennium.
 - 2) Performance Incentive Tiered Match allocations shall be based on the increase of the institution's average annual research expenditures since the prior biennium. The calculation of this increase shall be based on the average annual research expenditures for the two-year base period preceding each biennium, as reported to the Higher Education Coordinating Board, excluding research expenditures from state appropriations. The Tiered Match shall allocate funding in three tiers that increase on a sliding scale. Tier 1 shall provide matching General Revenue funds at a rate of 25.0 percent for any increase in the institution's average annual research expenditures between \$0 and \$10,000,000. Tier 2 shall provide matching General Revenue funds at a rate of 50.0 percent for any

**SPECIAL PROVISIONS RELATING ONLY TO
STATE AGENCIES OF HIGHER EDUCATION**

(Continued)

increase in the institution's average annual research expenditures between \$10,000,000 and \$20,000,000. Tier 3 shall provide matching General Revenue funds at a rate of 75.0 percent for any increase in the institution's average annual research expenditures greater than \$20,000,000.

The institution's Performance Based Research Operations Formula shall be expended for the purpose of research operations, expanding research capacity, and pursuing excellence in its research mission. Any unexpended balances as of August 31, 2022, are hereby appropriated for the same purpose for the fiscal year beginning September 1, 2022.

For formula funding purposes, the amount of growth in total funding for the Performance Based Research Operations Formula from one biennium to another may not exceed 5.0 percent of the institution's total General Revenue appropriations in the prior biennium, excluding tuition revenue bond debt service. The Legislative Budget Board shall implement the funding in accordance with this limitation.

11. **Mission Specific Support - Performance Based Research Operations Formula.** To enhance research capacity at The University of Texas Health Science Center at Houston, assist the institution in leveraging research grants and gifts, and support expansion of the institution's research operations, additional research formula funding shall be provided based on the following criteria:
- a. General Revenue Research Operations Formula funding provided to The University of Texas Health Science Center at Houston in Strategy B.1.2, Performance Based Research Operations Formula, shall be allocated to the institution through two mechanisms.
 - 1) Base Match allocations shall be based on the institution's average annual research expenditures from federal sources for the previous three-year period as reported to the Higher Education Coordinating Board. The Base Match rate shall be 9.0 percent for each fiscal year of the 2022-23 biennium.
 - 2) Performance Incentive Tiered Match allocations shall be based on the increase of the institution's average annual research expenditures from federal sources since the prior biennium. The calculation of this increase shall be based on the average annual research expenditures from federal sources for the two-year base period preceding each biennium, as reported to the Higher Education Coordinating Board. The Tiered Match shall allocate funding in three tiers that increase on a sliding scale. Tier 1 shall provide matching General Revenue funds at a rate of 20.0 percent for any increase in the institution's average annual research expenditures from federal sources between \$0 and \$5,000,000. Tier 2 shall provide matching General Revenue funds at a rate of 40.0 percent for any increase in the institution's average annual research expenditures from federal sources between \$5,000,000 and \$10,000,000. Tier 3 shall provide matching General Revenue funds at a rate of 60.0 percent for any increase in the institution's average annual research expenditures from federal sources greater than \$10,000,000.

- 5. Revolving Funds.** The Juvenile Justice Department may establish out of any funds appropriated a revolving fund not to exceed \$10,000 in the Central Office, and \$10,000 in each institution, field office, or facility under its direction. Payments from these revolving funds may be made as directed by the department. Reimbursement to such revolving funds shall be made out of appropriations provided for in this Article.
- 6. Student Employment.** Subject to the approval of the Juvenile Justice Department (JJD), students residing in any JJD facility may be assigned necessary duties in the operations of the facility and be paid on a limited basis out of any funds available to the respective institutions or facility not to exceed \$50,000 per year for each institution and \$10,000 per year for any other facility.
- 7. Appropriation and Tracking of Title IV-E Receipts.** The provisions of Title IV-E of the Social Security Act shall be used in order to increase funds available for juvenile justice services. The Juvenile Justice Department (JJD) shall certify to the Texas Department of Family and Protective Services that federal financial participation can be claimed for Title IV-E services provided by counties. JJD shall direct necessary general revenue funding to ensure that the federal match for the Title IV-E Social Security Act is maximized for use by participating counties. Such federal receipts are appropriated to JJD for the purpose of reimbursing counties for services provided to eligible children. In accordance with Article IX, Part 13 of this Act, when reporting Federal Funds to the Legislative Budget Board, JJD must report funds expended in the fiscal year that funds are disbursed to counties, regardless of the year in which the claim was made by the county, received by JJD, or certified by JJD.
- 8. Federal Foster Care Claims.** Out of appropriations made above, the Texas Department of Family and Protective Services and the Juvenile Justice Department shall document possible foster care claims for children in juvenile justice programs and maintain an interagency agreement to implement strategies and responsibilities necessary to claim additional federal foster care funding; and consult with juvenile officials from other states and national experts in designing better foster care funding initiatives.
- 9. Support Payment Collections.** The Juvenile Justice Department shall annually report to the Governor and to the Legislative Budget Board the number of active accounts, including the amounts owed to the state pursuant to the Texas Family Code, §54.06 (a) court orders, and the total amount of funds collected.
- 10. For the purpose of this section, "hazardous position" shall mean one for which the regular and normal duties inherently involve the risk or peril of bodily injury or harm. Appropriations made in this Act not otherwise restricted in use may also be expended for medical tests and procedures on employees that are required by federal or state law or regulations when the tests or procedures are required as a result of the employee's job assignment or when considered necessary due to potential or existing litigation.
- 11. Safety.** In instances in which regular employees of facilities operated by the Juvenile Justice Department are assigned extra duties on special tactics and response teams, supplementary payments, not to exceed \$200 per month for team leaders and \$150 per month for team members, are authorized in addition to the salary rates stipulated by the provisions of Article IX of this Act relating to the position classifications and assigned salary ranges.
- 12. Charges to Employees and Visitors.**

 - a. Collections for services rendered to Juvenile Justice Department (JJD) employees and visitors shall be made by a deduction from the recipient's salary or by cash payment in advance. Such deductions and other receipts for these services from employees and visitors are appropriated to the facility. Refunds of excess collections shall be made from the appropriation to which the collection was deposited.

JUVENILE JUSTICE DEPARTMENT

- b. As compensation for services rendered and notwithstanding any other provision in this Act, any facility under the jurisdiction of JJD may provide free meals for food service personnel and volunteer workers and may furnish housing facilities, meals, and laundry service in exchange for services rendered by interns, chaplains in training, student nurses, and juvenile correctional officers.

13. Juvenile Justice Alternative Education Program (JJAEP). Funds transferred to the Juvenile Justice Department (JJD) pursuant to Texas Education Agency (TEA) Rider 27 and appropriated above in Strategy A.1.6, Juvenile Justice Alternative Education Programs, shall be allocated as follows: Fifteen percent at the beginning of each fiscal year to be distributed on the basis of juvenile age population among the mandated counties identified in Chapter 37, Education Code.

The remaining funds shall be allocated for distribution to the counties mandated by §37.011(a) Education Code, at the rate of \$96 per student per day of attendance in the JJAEP for students who are required to be expelled as provided under §37.007, Education Code. Counties are not eligible to receive these funds until the funds initially allocated at the beginning of each fiscal year have been expended at the rate of \$96 per student per day of attendance. Counties in which populations exceed 72,000 but are 125,000 or less, may participate in the JJAEP and are eligible for state reimbursement at the rate of \$96 per student per day.

JJD may expend any remaining funds for summer school programs. Funds may be used for any student assigned to a JJAEP. Summer school expenditures may not exceed ten percent of appropriation.

Unexpended balances in fiscal year 2022 shall be appropriated to fiscal year 2023 for the same purposes in Strategy A.1.6.

The amount of \$96 per student per day for the JJAEP is an estimated amount and not intended to be an entitlement. Appropriations for JJAEP are limited to the amounts transferred from the Foundation School Program pursuant to TEA Rider 27. The amount of \$96 per student per day may vary depending on the total number of students actually attending the JJAEPs. Any unexpended or unobligated appropriations shall lapse at the end of fiscal year 2023 to the Foundation School Fund No. 193. If the daily mandatory attendance reimbursement rate falls below \$86 per day due to increased days of attendance (the rate established for the 2014-15 school year), TEA will increase appropriated funds to JJD to provide a minimum reimbursement of \$86 per attendance day.

JJD may reduce, suspend, or withhold JJAEP funds to counties that do not comply with standards, accountability measures, or Texas Education Code Chapter 37.

14. Funding for Additional Eligible Students in JJAEPs. Out of funds appropriated above in Strategy A.1.6, Juvenile Justice Alternative Education Programs, a maximum of \$500,000 in each fiscal year (for a maximum of 90 attendance days per child), is allocated for counties with a population of at least 72,000 which operate a JJAEP under the standards of Chapter 37, Texas Education Code. The county is eligible to receive funding from the Juvenile Justice Department at the rate of \$96 per day per student for students who are required to be expelled under §37.007, Education Code, and who are expelled from a school district in a county that does not operate a JJAEP.

15. JJAEP Accountability. Out of funds appropriated above in Strategy A.1.6, Juvenile Justice Alternative Education Programs (JJAEP), the Juvenile Justice Department (JJD) shall ensure that JJAEPs are held accountable for student academic and behavioral success. JJD shall submit a performance assessment report to the Legislative Budget Board and the Governor by May 1, 2022. The report shall include the following:

- a. an assessment of the degree to which each JJAEP enhanced the academic performance and behavioral improvement of attending students;
- b. a detailed discussion on the use of standard measures used to compare program formats and to identify those JJAEPs most successful with attending students;
- c. student passage rates on the State of Texas Assessments of Academic Readiness (STAAR) in the areas of reading and math for students enrolled in the JJAEP for a period of 75 days or longer;

Out of funds appropriated above in Strategy B.1.1, Central Administration, the agency shall report annually the testing performed at the State-Federal Laboratory for TAHC programs and how the testing was deemed more cost effective than utilizing testing services at the TVMDL. The agency shall provide the Legislative Budget Board the annual report regarding laboratory testing within 60 days after the close of each fiscal year.

Furthermore, the TAHC will use funds appropriated by this Act to enter into an interagency memorandum of understanding to work with TVMDL to reduce duplication and ensure that all testing is performed in Texas to the extent possible.

4. Unexpended Balances Within the Biennium. The unobligated and unexpended appropriation balances of the Texas Animal Health Commission for the fiscal year ending August 31, 2022, are appropriated to the Texas Animal Health Commission for the same purposes for the fiscal year beginning September 1, 2022.

5. Testing and Immunization of Employees. Amounts appropriated above in Strategy A.1.1, Field Operations, may be expended for any immunization or testing (estimated to be \$51,000 in General Revenue in each fiscal year of the 2022-23 biennium), which may be required of at-risk employees (estimated to be 110.0 full-time equivalents in each fiscal year of the 2022-23 biennium) in the performance of their duties.

6. Allowance for Personally-Owned Horses. The Animal Health Commission may expend any amounts necessary out of appropriations above in Strategy A.1.1, Field Operations, (estimated to total \$3,000 in General Revenue in each fiscal year) for the purpose of providing an allowance not to exceed seventy-five dollars (\$75) per employee per day for each Commission employee whose duties require the use of a personally-owned horse.

7. Contingency Appropriation: Cost Recovery for Animal Health Programs.

- a. Amounts appropriated above out of the General Revenue Fund in Strategy A.1.1, Field Operations, include \$585,102 in each fiscal year of the 2022-23 biennium from revenues collected and deposited to the credit of the General Revenue Fund from the assessment of fees pursuant to Agriculture Code §§161.0411, 161.060, and 161.0601. These appropriations are contingent upon the Animal Health Commission assessing fees during the 2022-23 biennium sufficient to generate revenue (Object Code 3420) necessary to cover the General Revenue appropriations made above in Strategy A.1.1, Field Operations, identified in this rider. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified in this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided above to be within the amount of revenue expected to be available.
- b. In addition to the amounts identified in this rider and appropriated above in Strategy A.1.1, Field Operations, any revenues received during the 2022-23 biennium from fees deposited to the credit of the General Revenue Fund pursuant to Agriculture Code §§161.0411, 161.060, and 161.0601 (Object Code 3420) in excess of the amount of \$585,102 each fiscal year included in the Comptroller's Biennial Revenue Estimate for 2022-23 are appropriated for the same purposes.
- c. None of the funds identified in subsections (a) or (b) of this rider may be used for salaries and wages or other personnel expenditures.

8. Information Technology, Reporting Requirement. Out of amounts appropriated above in Strategy B.1.1, Central Administration, the Texas Animal Health Commission shall report annually the agency's efforts to improve information technology capabilities. The report shall include information on database systems utilized by agency staff, information technology limitations encountered by agency staff and the public, agency resource allocations undertaken to improve information technology capabilities, and recommendations to enhance the agency's information technology capabilities with associated estimated costs and project duration. The recommendations shall include details regarding improved data analytics, status of data silos, and transparency initiatives. The Texas Animal Health Commission shall provide the Legislative Budget Board and Governor an annual report regarding the agency's information technology capabilities and recommendations within 60 days after the close of each fiscal year.

9. Sunset Contingency. Funds appropriated above for fiscal year 2023 for the Texas Animal Health Commission are made contingent on the continuation of the Texas Animal Health Commission by the Eighty-seventh Legislature, Regular Session, 2021. In the event that the agency is not continued, the funds appropriated for fiscal year 2022, or as much thereof as may be necessary are to be used to provide for the phase out of agency operations.

These funds shall be used for operating costs of the watermaster offices.

This appropriation is contingent upon the TCEQ and the watermaster offices assessing fees sufficient to generate, during the 2022-23 biennium, revenue to cover the appropriations out of the Watermaster Administration Account No. 158. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Comptroller of Public Accounts shall reduce the appropriation authority provided above to be within the amount of revenue expected to be available. The TCEQ and the watermaster offices, upon completion of necessary actions to assess or increase additional fees, shall furnish copies of minutes and other information supporting the estimated revenues to be generated for the 2022-23 biennium under the revised fee structure to the Comptroller of Public Accounts. Notwithstanding this provision, in prioritizing sites the TCEQ shall consider the risks associated with all sites requiring remediation and monitoring, as well as the availability of funds. In selecting contractors to perform remediation services at these transferred sites, the Executive Director of the TCEQ may make direct awards to existing contractors who are otherwise eligible for award to ensure that the continued remediation of these sites progresses in the most efficient and cost-effective manner which presents the least risk of disrupting ongoing remediation and monitoring activities.

- c. Assess any other factors the TCEQ deems relevant.

Nothing in this rider shall be construed to limit the TCEQ's authority to develop a permit by rule or other authorization for planned maintenance, startup, and shutdown emissions from oil and gas sources located outside the Barnett Shale Region.

27. Expedited Processing of Permit Applications.

- (a) Included in amounts appropriated above out of the Clean Air Account No. 151 in Strategy A.2.1, Air Quality Permitting, is \$2,250,000 for the biennium from surcharges assessed in accordance with Health and Safety Code, §382.05155 for the expedited processing of air permit applications for the biennium for contract labor, overtime and compensatory pay, or other costs incurred to support the expedited processing of permit applications. In the event that revenues collected in the General Revenue-Dedicated Oil and Gas Regulation and Cleanup Account No. 5155 for each fiscal year of the biennium are less than 90.0 percent of the amounts appropriated in this Act including other direct and indirect costs and repayment of the additional General Revenue, the Legislative Budget Board and the Governor may direct the transfer of sufficient amounts of General Revenue funds to the Railroad Commission from appropriations made elsewhere in this Act.

Contingent upon the receipt of revenue in the General Revenue-Dedicated Oil and Gas Regulation and Cleanup Account No. 5155, the Railroad Commission may temporarily utilize additional General Revenue funds, pending receipt of revenue, in an amount not to exceed \$25.0 million per fiscal year. The General Revenue amounts transferred above the General Revenue method of finance shall be utilized for the purpose of temporary cash flow needs. These transfers and repayments shall be credited to the fiscal year being reimbursed and shall be in accordance with procedures established by the Comptroller of Public Accounts.

15. Study on the Oil and Gas Regulation and Cleanup Fund Revenue Streams. On or before September 1, 2022, the Commission shall conduct a review of the different sources that contribute revenues into the Oil and Gas Regulation and Cleanup Fund, as well as expected revenues going forward through 2025 based on its existing fee and fine structure, and review both their rules and statutory caps that determine the amount of those fees and fines. The Commission shall present the information to the Legislative Budget Board and make recommendations about any regulatory or statutory changes needed to assure adequate revenues for the Commission. The assessment must examine both well bonding and fine levels, as well as permit fees.

16. Strategic Plan on Flaring Data. Out of funds appropriated above in Strategy D.1.1, Public Information and Services, the Railroad Commission shall develop a strategic plan to evaluate the discrepancy in natural gas flaring data reported to the commission compared to satellite data on natural gas flaring acquired from the National Centers for Environmental Information at the National Oceanic and Atmospheric Administration, and evaluate solutions to remedy the discrepancy in agency flaring data.

The Department of Transportation shall submit to the Legislative Budget Board a plan to comply with the provisions of Article IX, §6.10, of this Act, in the event the number FTEs paid from funds appropriated by this Act exceeds the FTE figure indicated above for the Department of Transportation by an amount of 50.0 FTEs or greater in a fiscal quarter.

- (b) A request submitted by the Department of Transportation pursuant to subsection (a) shall be considered to be approved unless the Legislative Budget Board issues a written disapproval within 30 business days after the date the Legislative Budget Board staff concludes its review of the request and forwards the review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor.
- (c) Additional information requested by the Legislative Budget Board regarding a request submitted by the Department of Transportation pursuant to subsection (a) shall be provided in a timely manner. - (b) At the discretion of each chief administrator of a state agency, a state employee whose duties require the employee to travel outside the employee's designated headquarters without an overnight stay away from the employee's headquarters may be reimbursed for the actual cost of the employee's meals not to exceed \$36.
- (c) A state employee may receive reimbursements for the employee's actual expenses for meals and lodging when traveling outside the continental United States.
- (d) A state agency or institution may reimburse a state employee for a meal expense the employee incurs while traveling outside the employee's designated headquarters for less than six consecutive hours if the reimbursement:
 - (1) receives the written approval by the chief administrator of the state agency or institution;
 - (2) meets the rules adopted by the Comptroller regarding reimbursement for traveling outside the employee's designated headquarters for less than six consecutive hours; and
 - (3) complies with §660.206, Government Code.

Sec. 5.06. Special Provisions Regarding Travel Expenses. Reimbursement for meals and lodging as authorized by Subchapter H, Chapter 660, Government Code, on an "actual expenses" or "actual amount of" basis may not exceed twice the maximum rates specified in §5.05 of this Article.

Sec. 5.07. Travel and Per Diem of Board or Commission Members.

- (a) As authorized by §659.032, Government Code, the per diem of state board and commission members consists of:

- (c) A full-time employee paid from funds appropriated by this Act may not be paid both a salary and compensatory per diem for concurrent service as a state employee and as a board or commission member.

Sec. 5.08. Travel of Advisory Committee Members.

- (a) For the purpose of this section, the term "advisory committee" has the meaning assigned by §2110.001, Government Code.
- (b) In addition to the limits placed on reimbursement of advisory committee member expenses by this section and to the extent not otherwise limited by this Act or other law, a member of a state agency advisory committee may be reimbursed, at the rates specified in this Act for a state employee, for actual expenses for meals, lodging, transportation, and incidental expenses.
- (c) The funds appropriated by this Act may not be expended to reimburse a member of a state agency advisory committee for expenses associated with conducting committee business, including travel expenses, unless the expenditures for an advisory committee are within the limits provided by this section and other law and are specifically authorized by this Act.
- (d) The limitations provided by this section do not apply to an advisory committee established by the governing board of a retirement system trust fund.
- (e) The limitations provided by this section apply only to an advisory committee that is subject to Chapter 2110, Government Code.

Part 6. GENERAL LIMITATIONS ON EXPENDITURES

Sec. 6.01. Unexpended Balance.

- (a) In this Act "unexpended balance" or the abbreviation "UB" means the unobligated balance remaining in an appropriation, i.e., only that part of an appropriation, if any, that has not been set apart by the incurring of an obligation, commitment, or indebtedness by the state agency authorized to spend the appropriation. A reference in this Act to "unexpended balance" or "UB" is a reference to the unobligated balance of an amount appropriated by this Act for the fiscal year ending August 31, 2022, unless another meaning is clearly indicated.
- (b) For any estimated UB appropriated by this Act, should the actual amount of the UB be different than the estimate identified in this Act, the appropriation is adjusted to equal the actual UB, subject to any other restrictions to that appropriation made elsewhere in this Act.

Sec. 6.02. Interpretation of Estimates. In the event the amounts of federal funds, local funds, or funds other than appropriations from the General Revenue Fund, have been estimated in this Act in sums greater than are actually received by the respective agencies of the state, this Act may not be construed as appropriating additional funds from General Revenue to make up such differences. Wherever the language of this Act appropriates federal funds, local funds, or funds other than appropriations from the General Revenue Fund but uses an estimated amount to inform the Legislature and the public, the estimated figure is not to be construed as a limitation on the amount appropriated.

Sec. 6.03. Excess Obligations Prohibited.

- (a) An agency specified in this Act may not incur an obligation in excess of the amounts appropriated to it for the respective objects or purposes named.
- (b) As a specific exception to Subsection (a) the Comptroller of Public Accounts may determine that a proposed installment purchase arrangement is cost effective and certify this finding in response to an agency request.
- (c) A determination made by the Comptroller of Public Accounts under Subsection (b) may be made for obligations incurred for the purchase or lease of automated information system equipment only if the agency has on file with the Legislative Budget Board a Biennial Operating Plan, including any amendments to the Biennial Operating Plan, and the plan has been approved by the Legislative Budget Board.

GENERAL LIMITATIONS ON EXPENDITURES

(Continued)

- (d) If this section is violated, the State Auditor shall certify the fact of the violation and the amount of over-obligation to the Comptroller, and the Comptroller shall deduct an amount equivalent to the over-obligation from the salary or other compensation due the responsible disbursing or requisitioning officer or employee, and apply the amount to the payment of the obligation.
- (e) This provision is specified pursuant to §10, Article XVI, Texas Constitution.

Sec. 6.04. Interpretation of Legislative Intent. Funds appropriated by this Act shall be expended, as nearly as practicable, for the purposes for which appropriated. In the event an agency cannot determine legislative purpose from the pattern of appropriations, the agency shall seek to determine that purpose from the proceedings of the legislative committees responsible for proposing appropriations for this state.

Sec. 6.05. Comptroller's Duty to Pay. The Comptroller may not refuse to pass for payment a legal claim, factually justified, for which a valid appropriation has been made.

Sec. 6.06. Last Quarter Expenditures.

- (a) A state agency or other governmental unit using funds appropriated by this Act may not expend during the last quarter of a fiscal year more than one-third of the funds appropriated for that fiscal year.
- (b) Specifically exempted from Subsection (a) are:
 - (1) expenditures contracted for in previous quarters;
 - (2) funds required by statute, rule or regulation to be expended on a different time frame;
 - (3) seasonal employment of personnel;
 - (4) construction contracts;
 - (5) contracts dealing with purchases of food, medicines, or drugs;
 - (6) expenditures related to the Children with Special Health Care Needs program operated by the Department of State Health Services; and
 - (7) expenditures occasioned by disaster or other Act of God.
- (c) The funds exempted, under Subsection (b) may not be considered in the computation of the total funds appropriated in a fiscal year for the purpose of applying Subsection (a).

Sec. 6.07. Employee Benefit and Debt Service Items.

- (a) Funds appropriated in the various Articles of this Act for Retirement and Group Insurance, Social Security and Benefit Replacement Pay, Texas Public Finance Authority-G.O. Bond Debt Service Payments, and Lease-Payments to the Texas Public Finance Authority may be transferred between Articles to a like appropriation item without limitation as to the amount of such transfer.
- (b) An agency to which an appropriation listed under Subsection (a) is made may pool such appropriations, made in the various Articles for a common purpose, into a single cost pool for the purpose of administering the appropriation.

Sec. 6.08. Benefits Paid Proportional by Method of Finance.

- (a) Unless otherwise provided, in order to maximize balances in the General Revenue Fund, payment for benefits paid from appropriated funds, including "local funds" and "education and general funds" as defined in §51.009 (a) and (c), Education Code, shall be proportional to the method of finance except for public and community junior colleges. Any financing sources subject to restrictions that prevent their expenditure on salaries and wages, as directed by legislative intent or established in policies by the Comptroller governing the calculation of benefits proportionality by method of finance, shall not be subject to this proportional requirement.

GENERAL LIMITATIONS ON EXPENDITURES

(Continued)

- (b) Funds not subject to this proportionality requirement may include, but are not limited to certain: appropriations for capital purposes, appropriations with salary restrictions, deficiency grant appropriations, emergency appropriations, or statutorily restricted funds that restrict or limit the use of funds to certain programs. The Comptroller shall make the final determination on the exclusion of funds from this proportionality requirement in conjunction with the policies developed under subsection (f) of this section.
- (c) For institutions of higher education, in determining the proportional allocation between the General Revenue Fund and other appropriated funds, an adjustment for local funds benefits shall be made to equitably distribute costs between General Revenue and other appropriated funds.
- (d) If the Comptroller determines that achieving employee benefits proportionality at the time the benefits payment is made would be impractical or inefficient, then the General Revenue Fund shall be reimbursed for any such payment made out of the General Revenue Fund.
- (e) For purposes of this Act, a public community or junior college may expend funds appropriated for employee benefit costs for any employee if the employee is: (1) otherwise eligible to participate in the group benefits program; and (2) an instructional or administrative employee whose salary may be fully paid from funds appropriated under the General Appropriations Act, regardless of whether the salary is actually paid from appropriated funds.
- (f) The Comptroller, after consulting with the Legislative Budget Board and the State Auditor's Office, shall develop and maintain policies to provide for the administration of this section.
- (g) Each agency or institution of higher education (excluding a community or junior college) having General Revenue Fund appropriations and other sources of financing shall file with the Comptroller and the State Auditor a report demonstrating proportionality. The report shall be filed before November 20 following the close of the fiscal year for the salaries, wages, and benefits of the preceding year which ended August 31. The report shall be in a format prescribed by the Comptroller in collaboration with the Legislative Budget Board and the State Auditor's Office.
- (h) State Auditor shall at least biennially review agency and institution compliance with the requirements of this section if the agency or institution (excluding a community or junior college) receives funds appropriated under this Act. Subject to a risk assessment, the State Auditor shall audit the expenditure transfers and payments for benefits by an agency or institution. The State Auditor shall send the audit report to the Comptroller and the Legislative Budget Board upon completion of the audit, along with any recommendations for changes or refunds. The Comptroller, on receipt of notification from the State Auditor of amounts disproportionately paid from General Revenue Fund appropriations, shall reduce current year General Revenue Fund appropriations of the agency or institution until such time as such amounts are repaid from sources other than the General Revenue Fund.
- (i) Should cash balances in appropriated funds prohibit an account or fund from absorbing additional expense related to proportionality requirements, an agency or institution may be allowed to adjust benefit expenses accordingly. An agency or institution must notify the Comptroller and Legislative Budget Board of any requested adjustment. The Comptroller shall make the final determination on the allowance of any benefit expense adjustment but shall ensure General Revenue is reimbursed to the maximum extent possible.
- (j) For institutions of higher education, excluding public community or junior colleges, funds appropriated by this Act may not be expended for employee benefit costs, or other indirect costs, associated with the payment of salaries or wages, if the salaries and wages are paid from funds not appropriated by this Act.
- (k) The limitation in Subsection (j) shall not apply to the:
 - (1) funds appropriated to the Texas Department of Criminal Justice and provided to The University of Texas Medical Branch at Galveston or to the Texas Tech University Health Sciences Center for correctional health care services, and
 - (2) funds appropriated to the Health and Human Services Commission and provided to The University of Texas Health Science Center at Houston for the operation of the Harris County Psychiatric Center.

GENERAL LIMITATIONS ON EXPENDITURES (Continued)

In accordance with the policies developed under subsection (f) of this section, institutions identified in this subsection shall disclose information on the amount of interagency contract proceeds used to pay salaries and wages as well as the associated general revenue benefits for programs identified in this subsection.

Sec. 6.09. Appropriations from Special Funds. Notwithstanding other provisions of this Act, appropriation amounts from special funds or special or dedicated accounts in the General Revenue Fund (as those terms are defined by §403.001, Government Code) are specifically limited to amounts not to exceed the actual balances and revenues available to each such fund or account.

Sec. 6.10. Limitation on State Employment Levels.

- (a) (1) (A) A state agency that is subject to the requirements of Subsection (c) may not use funds appropriated by this Act to pay all or part of the salaries or benefits of a number of employees which would cause the number of full-time equivalent employees (FTEs) paid from funds appropriated by this Act by the state agency for a fiscal quarter to exceed the figure indicated by this Act for that state agency without reporting that use of funds to the Governor and the Legislative Budget Board at a time not later than the last day of the first month following each quarter of the fiscal year, for which the FTEs exceed the figure indicated by this Act for that state agency.
- (B) A state agency that is subject to the requirements of Subsection (c) may not expend funds appropriated by this Act to pay all or part of the salaries or benefits of a number of employees which would cause the number of FTEs paid from funds appropriated by this Act by the state agency for a fiscal quarter to exceed the lesser of either:

 - (ii) one hundred percent (100%) of the figure indicated by this Act for that state agency plus fifty (50) FTEs.
- (2) (A) A state agency or institution of higher education that is subject to the requirements of Subsection (d) may not use funds appropriated by this Act to pay all or part of the salaries or benefits of a number of employees which would cause the number of FTEs paid from funds appropriated by this Act by the state agency or institution of higher education for a fiscal year to exceed the figure indicated by this Act for the state agency or institution of higher education for a fiscal year without reporting that use of funds to the Governor and the Legislative Budget Board at a time not later than the last day of the first month following the last quarter of the fiscal year, for which the FTEs exceed the figure indicated by this Act for that state agency or institution.
- (B) A state agency or institution of higher education that is subject to the requirements of Subsection (d) may not expend funds appropriated by this Act to pay all or part of the salaries or benefits of a number of employees which would cause the number of FTEs paid from funds appropriated by this Act by the state agency or institution of higher education for a fiscal year to exceed the lesser of either:
 - (i) one hundred and ten percent (110%) of the FTE figure indicated by this Act for that state agency or institution; or
 - (ii) one hundred percent (100%) of the figure indicated by this Act for that state agency or institution plus fifty (50) FTEs.
- (b) A report by a state agency or institution of higher education of exceeding the FTE limitations established by subsection (a)(1)(A) or (a)(2)(A) must be submitted by the governing board of the state agency or institution of higher education (if the agency has a governing board) or by the chief administrative officer (if the agency does not have a governing board or the governing board has not met) and must include at a minimum:
 - (1) the date on which the board (if the agency has a governing board) or the chief administrative officer (if the agency does not have a governing board or the governing board has not met) approved the report;

GENERAL LIMITATIONS ON EXPENDITURES

(Continued)

- (2) a statement justifying the need to exceed or reduce the limitation;
 - (3) the source of funds to be used to pay any additional salaries; and
 - (4) an explanation as to why the functions of any proposed additional FTEs cannot be performed within current staffing levels.
- (c) For the purpose of Subsections (a) and (b), the number of FTEs employed by a state agency (not including the agencies and institutions listed under Subsection (d) of this section) for a fiscal quarter:
- (1) shall be determined in accordance with the report filed pursuant to §2052.103, Government Code;
 - (2) shall include only employees paid with funds appropriated through this Act;
 - (3) shall not include overtime hours; and
 - (4) shall include a position filled by temporary or contract workers for more than half of the work days of the year preceding the final day of the reporting period. Temporary or contract workers shall include workers employed under contract to fill specific positions customarily filled by state employees. The State Auditor may provide interpretations of this provision.

Temporary or contract workers shall include workers employed under contract to fill specific positions customarily filled by state employees. The State Auditor may provide interpretations of this provision.
- (e) This section shall not apply to appropriations made by this Act to the:
- (1) Office of the Governor; or
 - (2) Comptroller.
- (f) The limitations on FTEs under this section do not apply to a state agency or institution in instances of employment, including employment of temporary or contract workers, directly associated with events declared disasters by the Governor. Each state agency or institution shall annually notify the State Auditor, Comptroller, Legislative Budget Board, and Governor of FTEs exempted under this section.
- (g) (1) The limitations on FTEs under this section do not apply to a state agency or institution in an instance of employment for a project, including employment of a temporary or contract worker, if the FTEs associated with that project are not included in the number of FTEs allowed in the agency's bill pattern and the employees are associated with:

GENERAL LIMITATIONS ON EXPENDITURES

(Continued)

- (A) implementation of a new, unanticipated project that is 100 percent federally funded;
or
 - (B) the unanticipated expansion of an existing project that is 100 percent federally funded.
- (2) With regard to the exemption from the FTE limitations provided by this Subsection (g), a state agency or institution is exempt from the FTE limitations only for the duration of the federal funding for the employment related to the project and all salaries, benefits, and other expenses incurred related to employment must be paid from federal funds.
- (3) This Subsection (g) does not exempt any employees associated with existing projects (with "existing projects" including those projects existing at the time of the preparation of this Act by a legislative conference committee and therefore included in the number of FTEs allowed in the agency's bill pattern) that are 100 percent federally funded and included in the number of FTEs allowed in the agency's bill pattern.
- (4) Each state agency or institution shall notify the State Auditor, Comptroller, Legislative Budget Board, and Governor of FTEs exempted under this Subsection (g).
- (h) If a program is transferred from a state agency or institution of higher education, then at any time during the biennium, the Legislative Budget Board and the Governor may agree to reduce the number of FTEs paid from funds appropriated by this Act by the state agency or institution of higher education for one or more fiscal quarters to a figure below that indicated by this Act for that agency or institution.
- (i) The limitations on FTEs under this section do not apply to a state agency or institution of higher education in an instance of employment of:

 - (2) a worker who is paid from appropriations of gifts and grants under Section 8.01 of this Article.
- (j) The requirements of reporting under this section do not apply to a state agency or an institution of higher education with fewer than 50 FTEs allowed in the agency's or institution's bill pattern.

- (b) The amount received by an agency as a refund of postage used by the agency shall be deposited in the fund to the credit of the appropriation from which postage for the agency is paid and is appropriated to the agency for postage use.

Sec. 6.12. Expenditures for State-Federal Relations.

GENERAL LIMITATIONS ON EXPENDITURES

(Continued)

- (3) the name of a contact person for additional information.
- (c) Under Subsection (b) the term "travel" is limited to only activities:

Sec. 6.13. Performance Standards.

- (a) It is the intent of the Legislature that appropriations made by this Act be utilized in the most efficient and effective manner possible to achieve the intended mission of each state agency and institution. In order to achieve the objectives and service standards established by this Act, agencies and institutions shall make every effort to attain the designated key performance target levels associated with each item of appropriation.
- (b) To support and encourage the achievement and maintenance of these appropriated annual performance levels, continued expenditure of any appropriations in this Act shall be contingent upon compliance with the following provisions:
 - (1) Agencies and institutions, in coordination with the Legislative Budget Board, shall establish performance milestones for achieving targets within each annual budget and performance period; time frames for these milestones and the related performance reporting schedule shall be under guidelines developed and maintained by the Legislative Budget Board.
 - (2) Agencies and institutions shall provide testimony as to the reasons for any performance variances to the Senate Finance Committee and the House Appropriations Committee, as determined to be necessary by those committees; assessments of agency and institution performance shall be provided to the committees under guidelines and procedures developed and maintained by the Legislative Budget Board.

Sec. 6.14. Bookkeeping Entries. Should clerical or bookkeeping errors result in any monies being expended, transferred, or deposited into incorrect funds in or with the state treasury or any monies being cleared from a trust and suspense fund to other than the proper fund, such erroneously expended, transferred, deposited, or cleared monies may be transferred to the correct funds or accounts or trust and suspense account within the state treasury on request of the administering department with the concurrence of the Comptroller, and so much as is necessary for said transfer is appropriated.

Sec. 6.15. Accounting for State Expenditures.

- (a) Notwithstanding the various patterns of appropriation established in this Act, the Comptroller shall account for the expenditure of funds appropriated by this Act in a manner that allows for the reporting of expenditures attributable to each strategy in each agency's respective Strategic Planning and Budget Structure as approved by the Governor and the Legislative Budget Board. The information shall be recorded and maintained systematically in the state accounting system in a manner that provides for the integration of the state's budget data and the state's accounting data and to facilitate the state's budget development process.
- (b) This section does not require the deposit into and subsequent disbursement of funds from the state treasury that relate to Texas Public Education Grants, or "local funds" defined in §51.009, Education Code, except for tuition and lab fees.

Sec. 6.16. Fee Increase Notification. None of the funds appropriated by this Act may be expended by an agency which increases the rate of a fee assessed by that agency unless the agency provides a notice to the payer of the fee that the fee rate was set by the agency or its governing board and not mandated by the Legislature.

Sec. 6.17. Consolidated Funds. Contingent on the enactment of legislation relating to the dedication of funds, the Comptroller, on approval of the Legislative Budget Board, may change an applicable agency's method of financing source name as provided in this Act to reflect changes made by the other legislation that affects the status of the funding source. No change in the amount of the appropriation would be affected by this change.

GENERAL LIMITATIONS ON EXPENDITURES

(Continued)

Sec. 6.18. Demographic and Statistical Studies. Before expending funds appropriated by the Act for the purpose of contracting for a consultant or other private assistance in performing a study required by the Legislature that includes statistical or demographic analysis of data, the agency conducting the study shall determine if the resources of the Texas Legislative Council or the Office of the State Demographer and the Texas Demographic Center (previously known as the Texas State Data Center) located at The University of Texas at San Antonio are available to assist the agency in designing or conducting that component of the study.

Sec. 6.19. Cost Allocations. For the purpose of more effective and efficient identification and allocation of costs, and to effect timely payments to employees and vendors, agencies may temporarily charge salary and/or operating costs to appropriations most applicable for the expense being incurred. Upon receipt of more specific information such as personnel-time allocation information for payrolls, or allocation of office supplies or other goods and services, agencies may reimburse the original paying appropriations by transfer from the appropriation to which the expenditure should have been charged. Such transfers must be accomplished within twelve months in a manner which records appropriate expenditures to the borrowing appropriation and negative expenditures to the lending appropriation. These transfers may be in summary amounts in a manner approved by the Comptroller. Each agency must maintain adequate detailed records to support summary transfer amounts.

Sec. 6.20. Use of Appropriations to Contract for Audits.

- (a) Notwithstanding any other law, or other sections of this Act, none of the funds appropriated in this Act shall be used by the agencies or institutions of higher education to enter into a contract with an independent audit entity for audit services, except as specified by this section.
- (b) An agency or institution appropriated funds in this Act may use funds appropriated in this Act to:
 - (1) enter into an interagency contract with the State Auditor's Office (SAO) for the SAO to provide audit services to the agency or institution. At the discretion of the State Auditor and the Legislative Audit Committee, the SAO may conduct the audit or the SAO may enter into a contract with an independent audit entity to conduct the audit; or
 - (2) enter into a contract with an independent audit entity for the provision of audit services pursuant to §321.020, Government Code, if:
 - (A) the SAO has reviewed the scope of the proposed audit and has issued a written approval for the scope of the proposed audit, and
 - (B) the SAO has delegated the authority to enter into the proposed audit to the agency or institution, in the event the agency or institution does not have a specific statutory delegation of authority to enter into a contract for audit services.

Sec. 6.21. Limitations on Use of Appropriated Funds. Funds appropriated by this Act, other than those appropriated to an institution of higher education, may be expended only for items set out in the expenditure classifications of the Comptroller's Manual of Accounts insofar that an agency expending the appropriated funds has existing statutory authority for making the expenditures and the expenditures are not otherwise limited or prohibited in this Act or by other law.

Sec. 6.22. Informational Items. Object of expense (OOE) listings contained in this Act, and other informational listings are not appropriations, and are merely informational listings that are intended to qualify or direct the use of funds appropriated in agency strategies, or are incidental to the appropriation made in the agency strategies.

Sec. 6.23. Appropriations from State Tax Revenue. The appropriations from state tax revenue not dedicated by the Constitution for the 2022-23 biennium shall not exceed the Texas Constitution's Article VIII, §22 limit established by the Legislative Budget Board pursuant to §316.002, Government Code. The limit on appropriations that can be made for the 2022-23 biennium is subject to adjustments resulting from revenue forecast revisions or subsequent appropriations certified by the Comptroller to the 2021-22 biennial appropriations from state tax revenue not dedicated by the Constitution. The Comptroller may adjust the composition of fund and account balances without any net change in balances or change in appropriations so as to ensure compliance with the limit set forth in Article VIII, §22 Texas Constitution.

GENERAL LIMITATIONS ON EXPENDITURES

Part 7. REPORTING REQUIREMENTS

Sec. 7.01. Budgeting and Reporting.

- (a) As a limitation and restriction upon appropriations made by this Act, agencies and institutions of higher education appropriated funds by this Act may expend appropriated funds only if there is compliance with the following provisions:
 - (1) On or before December 1 of each year, an itemized budget covering the operation of that fiscal year shall be filed with the Governor, the Legislative Budget Board, and the Legislative Reference Library in the format prescribed jointly by the Legislative Budget Board and the Governor.
 - (2) All subsequent amendments to the original budget shall be filed with the Governor and the Legislative Budget Board within 30 days of approval of such amendments unless such reporting requirement is waived.
 - (3) Under guidelines developed by the Legislative Budget Board, each agency shall file a report with the Legislative Budget Board, the Governor, the Legislative Reference Library, the state publications clearinghouse of the Texas State Library, State Auditor's Office, and the appropriate substantive committees of the House and Senate. The report shall analyze the agency's performance relative to the attainment of stated outcome, output and efficiency targets of each funded goal and strategy. The report shall be submitted at such intervals required by the Legislative Budget Board. The report shall contain a comparison of actual performance for the reporting period with targeted performance based on the level of funding appropriated. In developing guidelines for the submission of agency performance reports, the Legislative Budget Board (in consultation with the Governor) shall:
 - (A) specify the measures to be reported including the key performance measures established in this Act;
 - (B) approve the definitions of measures reported; and
 - (C) establish standards for and the reporting of variances between actual and targeted performance levels.
 - (4) The Legislative Budget Board (in consultation with the Governor) may adjust projected performance target levels, develop new measures, modify or omit existing measures and measure definitions, and/or transfer measures between agencies, goals or strategies to reflect appropriation changes made by riders or other legislation subsequent to passage of this Act, invocation of budget execution authority by the Governor and the Legislative Budget Board, or as unforeseen circumstances may warrant during the biennium.
 - (5) To ensure that the Program and Cost Accounting functions of the Uniform Statewide Accounting System (USAS) are maximized, it is the intent of the Legislature that the Legislative Budget Board and the Governor:

 - (C) determine the frequency of reporting cost accounting data needed; and
 - (D) provide for the integration of cost accounting data into the budget development and oversight process.
- (6) The determinations to be made should be based upon due consideration of the relative benefits and cost-effectiveness of applying cost accounting requirements to a given state operation.
- (b) It is further the intent of the Legislature that the Comptroller develop and provide USAS training modules and support for state agencies and institutions to activate the cost accounting requirements addressed above.

Sec. 7.02. Annual Reports and Inventories.

- (b) **Statewide Behavioral Health Coordinating Council.** Each agency identified in subsection (a) of this provision, with the exception of the Texas Higher Education Coordinating Board and Article VIII, shall designate an individual to serve as a member of the statewide behavioral health coordinating council, established by Article IX, Section 10.04(b), 2016-17 General Appropriations Act (GAA), Eighty-fourth Legislature, 2015, and may use funds appropriated by this Act to support that council. In addition to the agencies identified in subsection (a) of this provision, the Texas Department of Housing and Community Affairs, the Texas Workforce Commission, and the Texas Education Agency shall each designate an individual to serve as a representative on the council. The Texas Mental Health Care Consortium shall designate an individual to serve as a representative on the council. Any other state agency or institution that receives funding in this Act and provides specific behavioral health services may participate in the meetings and discussions of the coordinating council. The Mental Health Statewide Coordinator at the Health and Human Services Commission (HHSC) shall serve as chair of this council. The coordinating council shall meet at least once quarterly during fiscal years 2022 and 2023, or more frequently if determined necessary by the Mental Health Statewide Coordinator at HHSC.

HHSC shall require certain community collaboratives that receive state grant funding to present twice annually on the impact each collaborative has had on project implementation and mental health outcomes on the population served by the grant funding. These community collaboratives shall include community collaboratives as defined by Government Code, Chapter 539; community recipients of a grant for veterans' mental health pursuant to Government Code, Section 531.0092; recipients of a grant through the Mental Health Grant Program for Justice-Involved Individuals; and recipients of a grant through the Community Mental Health Grant Program. It is the intent of the Legislature that these presentations serve as an opportunity to increase collaboration for the effective expenditure of behavioral health funds between state and local entities. No provision of this Act may be construed as granting the statewide behavioral health coordinating council authority over local projects implemented by the collaboratives listed above.

- (c) **Statewide Behavioral Health Strategic Plan.** The purpose of the statewide behavioral health coordinating council shall be to implement the five-year Statewide Behavioral Health Strategic Plan published May 1, 2016, per Article IX, Section 10.04(b), 2016-17 GAA, Eighty-fourth Legislature, 2015. The Statewide Behavioral Health Coordinating Council shall submit an annual report to the Governor, and the Legislative Budget Board including the progress of the strategic plan's implementation no later than December 1 of fiscal years 2022 and 2023. The report shall include coordinating council agency participation and how the strategic plan's implementation serves to coordinate programs and services to eliminate redundancy, utilize best practices in contracting standards, perpetuate identified, successful models for mental health and substance abuse treatment, ensure optimal service delivery, and identify and collect comparable data on results and effectiveness. The coordinating council shall annually update the inventory of behavioral health programs and services. The inventory shall describe how the identified programs,

HEALTH-RELATED PROVISIONS

services, initiatives, and expenditures further the goals of the Statewide Behavioral Health Strategic Plan. HHSC shall make available the five-year strategic plan update and the inventory of programs on HHSC's website no later than December 1 of each year.

The Council shall also collaborate with the Board of Pharmacy and the Medical Board to create a sub-plan related to substance abuse. The sub-plan shall include challenges of existing prevention, intervention, and treatment programs, evaluation of substance use disorder prevalence, service ability, gaps in current services, and strategies for working with state agencies to expand treatment capacity.

- (d) **Coordination of Behavioral Health Expenditures.** The coordinating council shall submit to the Executive Commissioner of HHSC for approval a coordinated statewide expenditure proposal for each agency, which shall include the appropriation amounts identified in subsection (a) of this provision. The expenditure proposal shall describe how the identified appropriations at each agency or institution would be spent in accordance with, and to further the goals of the approved statewide behavioral health strategic plan. HHSC shall submit the coordinated statewide behavioral health expenditure proposal to the Legislative Budget Board by September 1, 2021, for fiscal year 2022 and by July 1, 2022, for fiscal year 2023. The plan shall be considered to be approved unless the Legislative Budget Board issues a written disapproval by November 1, 2021, for fiscal year 2022, or by September 1, 2022, for fiscal year 2023.

Notwithstanding any other appropriation authority granted by this Act, the Comptroller of Public Accounts shall not allow the expenditure of General Revenue-Related funds identified in subsection (a) by a particular agency if the Legislative Budget Board provides notification to the Comptroller of Public Accounts that the agency's expenditure proposal has not satisfied the requirements of this provision. If fiscal year 2022 or fiscal year 2023 General Revenue-Related funds are used to provide services required by federal law, are related to court-ordered treatment, or required as the result of administrative proceedings, the funding for these services shall still be included in the proposal, but these funds shall not be contingent upon approval.

The coordinated expenditure proposal shall be developed in a format specified by the Legislative Budget Board, and shall, at a minimum, include expenditures related to each program identified in the program inventory required by subsection (c) of this provision, identified by fund type. Behavioral health-related Medicaid expenditures shall also be included as a separate line item for each agency.

Sec. 10.05. Funding for Autism Services. Appropriated elsewhere in this Act for autism services is \$22,197,870 in General Revenue Funds for the 2022-23 biennium, which is allocated to the following agencies for the following purposes:

- (a) Health and Human Services Commission (HHSC): General Revenue Funds totaling \$14,292,870 for the biennium for focused Applied Behavior Analysis (ABA) treatment services.
- (b) Texas Higher Education Coordinating Board (THECB): General Revenue Funds totaling \$7,410,000 for the 2022-23 biennium to distribute to autism research centers at institutions of higher education that currently provide evidence-based behavioral services and training, in the amounts and for the purposes as follows:
- (1) Parent-directed Treatment: \$2,055,000 per fiscal year to serve 750 children per year;

 - (4) Administrative support of the programs in subsections (b)(1) through (b)(3): \$150,000 per fiscal year may be expended by the Higher Education Coordinating Board;

HEALTH-RELATED PROVISIONS

(Continued)

- (5) If funds appropriated under Subsections (b)(1), (2), or (3) exceed the funds that can be expended in accordance with the requirements of that subsection, the Higher Education Coordinating Board may expend the excess funds on any purpose described in Subsections (b)(1), (2) or (3); and
- (6) Any unexpended balances on hand at the end of fiscal year 2022 are appropriated for the same purpose for fiscal year 2023.
- (c) THECB shall gather data on the above programs from each institution's autism research center and submit an annual report on the effectiveness of each program, including the number of children served, the number of parents and/or teachers/paraprofessionals trained, and the results of the research on innovative treatment models. The report shall be submitted no later than September 1 of each year to the Legislative Budget Board, Office of the Governor, the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House, and Lieutenant Governor.

Sec. 10.06. Cross-Agency Coordination on Healthcare Strategies and Measures.

- (a) Out of funds appropriated elsewhere in this Act, the Health and Human Services Commission shall coordinate with the Department of State Health Services, the Employees Retirement System of Texas, the Texas Department of Criminal Justice, and the Teacher Retirement System to compare healthcare data, including outcome measures, to identify outliers and improvements for efficiency and quality that can be implemented within each healthcare system. To administer the data comparison, HHSC shall expend \$2.5 million per year with the Center for Healthcare Data at the University of Texas Health Science Center at Houston (UT Data Center) for data analysis, including individual benchmark and progress data for each agency. As applicable, agencies shall collaborate on the development and implementation of potential value-based payment strategies, including opportunities for episode-based bundling and pay for quality initiatives.
- (b) The agencies shall meet quarterly to carry out coordination activities as described above.
- (c) The agencies shall submit a report to the Legislative Budget Board and the Governor no later than September 1, 2022, describing coordination activities, efficiencies identified, individual agency policies and practices that have been improved due to the application of the data, and recommendations on future ways to reduce cost and improve quality of care in each healthcare system.

Sec. 11.03. Statewide Capital Planning.

- (a) An agency or institution of higher education appropriated funds by this Act shall supply to the Bond Review Board capital planning information relating to projects subject to this section and financing options for the 2024-25 fiscal biennium in a format and according to guidelines developed by the Bond Review Board. Such information shall include:
 - (1) a description of the project or acquisition;
 - (2) the cost of the project;
 - (3) the anticipated useful life of the project;
 - (4) the timing of the capital need;
 - (5) a proposed source of funds (method of financing);
 - (6) a proposed type of financing; and
 - (7) any additional related information requested by the Bond Review Board.
- (b) The Bond Review Board shall compile a statewide capital expenditure plan for the 2024-25 fiscal biennium from the information submitted by agencies and institutions in accordance with the capital planning guidelines. Copies of the guidelines shall be filed with the Governor and the Legislative Budget Board no later than December 31, 2021. The Bond Review Board shall file copies of the capital expenditure plan for the period beginning September 1, 2023, with the Governor and the Legislative Budget Board no later than September 1, 2022.
- (c) The statewide capital plan required by this section shall identify the state's capital needs and alternatives to finance these needs. The Bond Review Board shall review input from all state agencies and institutions regarding the agencies' and institutions' current and future capital needs as part of the strategic planning process. The Bond Review Board shall inform the Legislature on the possible budget impact of the capital plan on the state's debt capacity.
- (d) This section applies to each anticipated state project requiring capital expenditures for:
 - (1) land acquisition;
 - (2) construction of buildings and other facilities;
 - (3) renovations of buildings and other facilities estimated to exceed \$1 million in the aggregate for a single state agency or institution of higher education; or
 - (4) major information resources projects estimated to exceed \$1 million.
- (e) The Higher Education Coordinating Board and the Bond Review Board shall eliminate redundant reporting by consolidating this report and the Higher Education Coordinating Board's Master Plan report, to the greatest extent possible.

Sec. 11.04. Efficient Use of State Owned and Leased Space.

- (a) In the event that an agency moves from leased space to state owned space subsequent to the passage of this Act, the Comptroller shall reduce funds appropriated to each affected agency, by an amount equal to the lease costs that would have been incurred for the remainder of the

PROVISIONS RELATED TO REAL PROPERTY

(Continued)

biennium had the agency remained in leased space, less the costs the agency incurs for moving and the agency's tenant finish-out expenses as defined by the Texas Facilities Commission. Required moving and tenant finish-out costs incurred by an agency moving from leased space to state owned space in fiscal year 2021 may be paid from fiscal year 2022 appropriations and costs incurred in 2022 may be paid from fiscal year 2023 appropriations as necessary to facilitate the move. The Comptroller shall transfer to the Texas Facilities Commission from the special funds or accounts, including dedicated General Revenue Fund accounts (as those terms are defined by §403.001, Government Code), of those agencies that move into a state facility funded from Texas Public Finance Authority revenue bond proceeds, each agency's proportional share of the lease payments made for the facility as determined by the Texas Facilities Commission. The Comptroller shall reduce the amounts appropriated to the Texas Facilities Commission out of the General Revenue Fund for Lease Payments, in the appropriate Article of this Act, by an amount equal to the sum of the transfers from the special funds or accounts. The funds so transferred are appropriated to the Texas Facilities Commission for the purposes of making lease payments to the Texas Public Finance Authority.

- (b) In the event that an agency obtains a lease at a rate lower than existing lease amounts, subsequent to the passage of the Act, the Comptroller shall reduce funds appropriated to each affected agency by an amount equal to the lease costs that would have been incurred for the remainder of the 2022-23 biennium, as determined by the Comptroller. If obtaining a reduced lease rate requires the agency to move its location, the Comptroller shall reduce the agency's appropriations less costs the agency incurs for moving and the agency's tenant finish-out expenses as defined by the Texas Facilities Commission. Required moving and tenant finish-out costs incurred by an agency moving from leased space in fiscal year 2022 may be paid from fiscal year 2023 appropriations as necessary to facilitate the move.

Sec. 11.05. State Agency Emergency Leases.

- (a) It is the intent of the Legislature that all emergency leases held by state agencies be eliminated. To ensure better planning on the part of state agencies and response from the Texas Facilities Commission Leasing Division, state agencies are directed to adhere to the provisions of this section.
- (b) A state agency that is in an emergency lease agreement on September 1, 2021, shall have its appropriation in each fiscal year in which it is in the emergency lease agreement reduced by the dollar amount charged to the agency in addition to its base level rent.
- (c) At least one year before an agency's lease expires, an agency must notify the Texas Facilities Commission in writing of its intent to renew its existing lease or relocate its offices.
- (d) If an agency fails to notify the Texas Facilities Commission in writing at least one year prior to a lease expiration, and is subsequently forced to initiate an emergency lease agreement, the agency shall have its appropriation in each fiscal year in which it is in an emergency lease agreement reduced by the dollar amount charged to the agency in addition to its base level rent. This Subsection (d) applies in addition to the reduction of Subsection (b) of this section.
- (e) If an agency notifies the Texas Facilities Commission in writing one year prior to a lease expiration in accordance with Chapter 2167, Government Code, and the Texas Facilities Commission fails to renew/initiate a lease agreement for the agency by the lease expiration date, and an agency is forced to initiate an emergency lease agreement, the Texas Facilities Commission shall have its appropriation reduced in each fiscal year in which the affected agency is in an emergency lease agreement by the dollar amount charged to the agency in addition to the agency's base level rent. If this Subsection (e) applies, then the reduction of Subsection (d) of this section does not apply.
- (f) The Comptroller will make all necessary reductions established in this provision each month of an emergency lease agreement. Funds lapsed by agencies for violation of this provision shall be deposited into the fund in the State Treasury from which they were originally appropriated.
- (g) Additionally, the Texas Facilities Commission shall provide quarterly reports to the Legislative Budget Board and the Governor detailing the number of state agencies holding emergency leases, and providing the status on the progress of terminating the emergency lease agreement.
- (h) In addition to the requirements of this section, emergency leases for health and human services agencies are also governed by §2167.004, Government Code.

PROVISIONS RELATED TO REAL PROPERTY

Sec. 11.06. Prepayment of Annual Lease Costs.

- (a) The Texas Facilities Commission may enter into an agreement, on behalf of a state agency, with a landlord for prepayment of the annual lease costs in exchange for an early payment discount.
- (b) A report regarding the amount of savings realized as a result of an early payment discount shall be provided to the Legislative Budget Board by the Texas Facilities Commission no later than 30 days subsequent to the date of the duly executed agreement with the landlord. After approval by the Legislative Budget Board, the Comptroller shall reduce the appropriations of the affected agency for each year of the biennium in an amount identified by the Texas Facilities Commission and submitted to the Comptroller.

Sec. 11.07. Efficient Use of State Property to House State Facilities. In accordance with Government Code §2167.002, prior to leasing privately owned space, state agencies, or the Texas Facilities Commission on behalf of state agencies, shall identify and prioritize state-owned property with available capacity for relocation, upon expiration of a current lease, or when opening new locations. Agencies shall consider all reasonably available state-owned space, and prioritize utilizing state owned property if cost effective and consistent with the designated use of the property.

Part 12. PROVISIONS RELATED TO PROPERTY

 - (1) Texas A&M University System;
 - (2) Texas Department of Criminal Justice;
 - (3) Texas Department of Transportation;
 - (4) Parks and Wildlife Department;
 - (5) Department of Public Safety of the State of Texas;
 - (6) University of Texas System;
 - (7) Texas State Technical College; and
 - (8) Texas Forest Service.
- (c) Notwithstanding any other provision of this Act, all state-owned aircraft (including aircraft forfeited to or seized by a particular agency) are subject to the authority of the Texas Department of Transportation.
- (d) Expenditure of appropriated funds for replacement of aircraft with aircraft of comparable quality may be made contingent upon approval of the Texas Department of Transportation and a finding of fact by the Governor that a report has been filed with the Governor showing that:
 - (1) the aircraft to be replaced has been destroyed or has deteriorated to an extent that continued operation presents a serious hazard or that the aircraft to be replaced can no longer meet the mission requirements of the principal user state agency; and
 - (2) other state-owned aircraft cannot be effectively utilized in lieu of a replacement aircraft.

PROVISIONS RELATED TO PROPERTY

(Continued)

- (e) Expenditures necessary to purchase liability insurance pursuant to §2205.045(a), Government Code, shall be made on a pro rata basis, as determined by the Texas Department of Transportation, from appropriations authorized to each agency operating a state-owned aircraft. The Comptroller shall transfer such necessary amounts from agencies operating aircraft to the Texas Department of Transportation for the purchase of liability insurance and expenditure of such funds by the Department is authorized.
- (f) Any reimbursements received by a state agency for authorized aircraft services rendered to another state agency are appropriated to the agency receiving the reimbursements, and shall be credited to the agency's appropriation item from which the cost of aircraft operation is paid.

Sec. 12.02. Publication or Sale of Printed, Recorded, or Electronically Produced Matter or Records.

- (a) Funds appropriated by this Act may not be used for the publication, recording, production, or distribution of any item or matter, including lists, notices, pamphlets, video recordings, audio recordings, microfiche, films or other electronically produced information or records unless such publication, recording, or production is:
 - (1) essential to accomplish or achieve a strategy or outcome target established by this Act; or
 - (2) required by law.
- (b) Any funds received and collected from any charges specifically authorized by statute for the productions, publications, or records are appropriated to the agency issuing the productions, publications, or records for use during the year in which the receipts are collected. The Comptroller shall credit such receipts to the like appropriation item from which the original costs are paid.

Sec. 12.03. Limitation on Expenditures for Purchases and Conversions of Alternative Fuel Vehicles. A state agency, including an institution of higher education, that is required to meet the percentage requirements for vehicles capable of using alternative fuels under Chapter 2158, Government Code, may expend funds appropriated by this Act for the purpose of meeting the percentage requirements only if the agency purchases or converts a vehicle that uses the most cost-effective, fuel efficient and mechanically efficient alternative fuel source.

Sec. 12.04. Transfer of Master Lease Purchase Program Payments.

- (a) The Texas Public Finance Authority may transfer each agency's share of administrative fees and lease payments pursuant to the Master Lease Purchase Program from each agency's appropriations made elsewhere in this Act to the Texas Public Finance Authority Master Lease Purchase Program cost of issuance funds and the State Lease Fund Account, respectively. Transfers for administrative fees and lease payments may not be made earlier than 15 days prior to the date that debt service payment is required. The Texas Public Finance Authority may transfer funds necessary for Master Lease Purchase Program debt service payments from the State Lease Fund Account to the Texas Public Finance Authority Master Lease Purchase Program interest and sinking funds.
- (b) The Comptroller shall assist the Texas Public Finance Authority in the transfer of lease payments. State agencies participating in the Master Lease Purchase Program shall cooperate in the timely transfer of lease payments to the Texas Public Finance Authority. The absence of specific Master Lease payment appropriations, identified in an agency's capital budget, does not release an agency from lease payment obligations.

Sec. 12.05. Vehicle Fleet Maintenance and Repair. State agencies and institutions of higher education should use the most cost effective means available to maintain and repair state vehicles, including entering into interagency agreements for services with agencies or institutions of higher education who operate vehicle maintenance shops when feasible. This does not prohibit state agencies or institutions of higher education from receiving services from private vehicle maintenance shops when necessary.

PROVISIONS RELATED TO PROPERTY
(Continued)

Any such interagency agreement for vehicle maintenance and repair services shall include interagency transfers of funds in an amount to offset any increased costs state-owned maintenance shops may incur from the increase number of vehicles serviced, and shall not restrict the ability of state agencies or institutions of higher education from selecting alternatives for vehicle maintenance and repair services, unless restricted by other law.

Part 13. FEDERAL FUNDS

Sec. 13.01. Federal Funds/Block Grants. Funds received from the United States government by a state agency or institution named in this Act are appropriated to the agency or institution for the purposes for which the federal grant, allocation, aid, payment, or reimbursement was made subject to the provisions of this Act.

The agency or institution shall also provide notice of the receipt to the Comptroller. Both the request and the notification shall specify the amount of federal funds received and the proposed use of the funds.

Sec. 13.05. Reimbursements from Federal Funds. As applicable, federal reimbursements received for expenditures previously made or services performed on behalf of federal programs from state funds shall be credited by the Comptroller to the fund from which the expenditure was originally made. The credit shall be to the agency's current appropriation item or accounts from which the expenditures of like character were originally made and are appropriated. Reimbursements received from employee benefits paid from General Revenue Fund appropriations of other administering agencies shall be deposited to the unappropriated General Revenue Fund.

Sec. 13.06. Limitations on Classified Positions.

- (a) A classified position created for administration of federal grant programs shall be phased out upon discontinuance of the particular federal grant for which it was authorized.
- (b) Agencies subject to Chapter 654, Government Code (the Position Classification Act) will make federal grant employment in accordance with the provisions of that Act in positions listed in, or otherwise authorized by, this Article IX.

Sec. 13.07. Funding Reductions. In the event that federal programs that authorize federal funds included in this Act are eliminated, consolidated, or replaced with new federal programs and funding authorization or block grants, or the federal funds appropriated to agencies are reduced, any reduction or reallocation of federal funds will be distributed across affected agencies and programs to pattern the strategies and programs included in this Act to the extent possible without restricting the state's ability to receive federal funds, in accordance with a plan adopted by the designated single state agency or otherwise by each affected agency. An agency shall provide a copy of the plan to the Legislative Budget Board and the Governor.

If the Comptroller finds the information sufficient to support the revenue stream as a new collection, a finding of fact shall be issued and the additional EFF collections are appropriated subject to the notification requirements in Subsections (c) and (d).

This §14.04 provides an exception to any other provision of this Act which might otherwise limit transfers of appropriations such as by imposing a limit on the amount of a transfer or which might otherwise limit transfers of appropriations by causing a delay in making a transfer because of the need to take actions such as preparing reports or obtaining approvals prior to transferring appropriations necessary for responding to a disaster. No part of this §14.04 shall be read to limit, modify, or abridge the authority of the Governor to proclaim an emergency, disaster, or martial law or exercise any other powers vested in the governor under the constitution or other laws of this state.
- (b) Health and Human Services Agencies: For a health and human services agency appropriated funds under Article II of this Act, that directly responds to the disaster, the Commissioner of Health and Human Services may transfer funds from another health and human services agency appropriated funds under Article II of this Act, to the responding agency, and may transfer funds between the strategies of each agency for the purpose of funding the disaster response subject to the prior notification of the Legislative Budget Board and Governor as provided by Subsection (g) of this §14.04.
- (c) Other Agencies: An agency, other than a health and human services agency appropriated funds under Article II of this Act, that directly responds to a disaster may transfer appropriations within the agency, without regard to any limits on transfer of appropriations between strategies, subject to the prior notification of the Legislative Budget Board and Governor as provided by Subsection (g) of this §14.04.

The excess returned to the agencies by SORM is appropriated to the agencies for expenditures consistent with the original funding source. Any funding less than 110 percent of collections in Strategy B.1.1, Workers' Compensation Payments, not used for workers' compensation payments shall be used by SORM to lower the cumulative assessments to agencies the following fiscal year.

Any additional general revenue funds will be utilized only for the purpose of temporary cash flow and must be repaid upon receipt of the following year's assessments in accordance with procedures established by the Comptroller.
- (j) The reimbursement requirements established by this section may be waived or delayed, either in whole or in part, by the Legislative Budget Board.

 - (h) If the Attorney General initiates legal action against another state governmental entity on behalf of the Attorney General rather than another state governmental entity, the Legislature determines that a conflict of interest exists and the state governmental entity against which the Attorney General takes action may expend appropriated funds for outside legal counsel to represent that state governmental entity without the prior approval or consent of the Attorney General.

 - (1) pursuant to this section; or
 - (2) where it is specifically provided in an item of appropriation that the funds appropriated or expenditures authorized may be used for the payment of judgments or settlements.
- (b) State agencies appropriated funds by this Act may expend funds appropriated elsewhere in this Act for the purposes of paying settlements and judgments against the state for causes brought in a federal court or a court in this state under specific statutory authority. Payments made pursuant to this subsection are subject to the following processes and limitations:

On verification that an agency has not obtained the Attorney General's approval prior to payment of a judgment or settlement, the State Auditor may certify such fact to the Comptroller. The Comptroller may withhold all appropriations for administrative expenses for the involved agency, until the Legislative Audit Committee notifies the Comptroller that the agency's non-compliance has been reviewed and necessary recommendations or changes have been made.

- (c) Agencies shall make a good faith effort to identify and execute savings and efficiencies in their use of contracted goods and services. An agency or institution of higher education may not use funds appropriated elsewhere in this Act to pay for a contract for goods or services unless it:
- (1) Seeks competitive bids before renewing or extending a contract that has been in effect more than five fiscal years as of August 31, 2021, and is valued at the lesser of \$10,000,000 or 10 percent of the agency's All Funds budget for the 2022-23 biennium. - (d) An agency or institution may request, with regards to a contract, an additional exemption from the requirements of Subsection (c)(1) of this §17.10 by submitting a request to the Legislative Budget Board (LBB) which outlines the justification for requesting the exemption. The request shall be considered to be approved unless the Legislative Budget Board issues a written disapproval within 30 business days of the date on which the staff of the Legislative Budget Board concludes its review of the proposal to exempt the contract and forwards its review to the Chair of the House Appropriations Committee, Chair of the Senate Finance Committee, Speaker of the House of Representatives, and Lieutenant Governor.

The request shall state that the agency or institution agrees to enhanced oversight of the contract upon LBB approval of the exemption. The LBB shall determine the level of enhanced oversight that is necessary or may choose to waive oversight. - (1) The extension is limited in duration and cost to not more than one additional option period, as defined in the contract, to address the immediate operational or service delivery needs. If a contract does not contain a defined option period, the extension is limited to one year.
 - (2) The agency or institution provides notice of the extension, at least 30 days prior to execution of the extension, by uploading required information to the LBB contracts database on a form prescribed by the LBB. Required information includes, but is not

- (3) The agency or institution shall ensure, prior to providing notice pursuant to Subsection (e)(2), that all information and documents specified in Article IX, Section 7.11(d) have been uploaded to the LBB contracts database regardless of whether the information and documents are otherwise required to be uploaded under Article IX, Section 7.11.
- (f) Each agency and institution of higher education that receives appropriations in this Act, shall provide a report to the Legislative Budget Board and the Governor that details the steps taken to ensure compliance with state procurement requirements and any other information required by the Legislative Budget Board. A state agency shall supply any documents necessary to perform the assessment. The state agency shall report to the Legislative Budget Board on the results of the assessment.
- (c) If the results of an assessment performed under Subsection (b) of this section show estimated utility cost savings of at least 10 percent, the state agency shall have the Energy Systems Laboratory at Texas A&M Engineering Experiment Station or another qualified provider prepare a plan for implementation of continuous commissioning or existing building commissioning practices and monitoring of the implementation for the state agency.

ARTICLE XII. SAVINGS CLAUSE

If any section, sentence, clause or part of this Act shall for any reason be held to be invalid, such decision shall not affect the remaining portions of this Act; and it is hereby declared to be the intention of the Legislature to have passed each sentence, section, clause, or part thereof irrespective of the fact that any other sentence, section, clause or part thereof may be declared invalid.

ARTICLE XIII. EMERGENCY CLAUSE

The importance of the legislation to the people of the State of Texas and the crowded condition of the calendars in both Houses of the Legislature create an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three separate days in each House be suspended, and said Rule is hereby suspended; and this Act shall take effect and be in force from and after its passage, and it is so enacted.
